

## **Share the Space – be predictable**

Hey Perth, we all like to walk, cycle and drive, but we all know a Stevie who needs some help to share the space. Woah! Hey Stevie, ringing your bell lets others know you're coming past. When you're riding on a path, ring your bell to past. There you go Stevie, staying left lets others pass. That's better Stevie, now everyone can see you. Great job, everyone is looking out for each other. If you know a Stevie, go to [ShareTheSpace.com.au](http://ShareTheSpace.com.au)
