4. PROPOSAL:                                      Deletion of Development Contribution Plan 7 'Aubin Grove'

# AMENDMENT REPORT

## 1.0 Introduction

This amendment seeks to remove Development Contribution Plan 7 'Aubin Grove' from the scheme text and map.

## 2.0 Background:

The City of Cockburn Town Planning Scheme No. 3 ("the Scheme") contains a number of smaller, area specific development contribution plans. Many have been in place for a number of years, and the land parcels which were in place when the contribution plans were set up, has now been fully subdivided.

This means there is no further 'trigger' under the Scheme to require a development contribution payment from this land towards the infrastructure items the contribution plan was set up for. The infrastructure has also been constructed. This means the development contribution plan is effectively redundant.

There is also the overarching development contribution plan for community infrastructure ("DCA13") which will continue to apply as any properties are redeveloped.

## 3.0 Amendment Type

As per Part 5 of the Regulations, there several amendment types: basic, standard and complex. These are defined in Part 5, Division 1, Regulation 34.

Regulation 35(2) requires the local government to specify in their resolutions to prepare or adopt an amendment what type of amendment it is, as well as the explanation for forming that opinion.

This proposed amendment is considered to be a complex amendment, which Regulation 34 describes as:

*complex amendment means any of the following amendments to a local planning scheme —*

- a) an amendment that is not consistent with a local planning strategy for the scheme that has been endorsed by the Commission;*
- b) an amendment that is not addressed by any local planning strategy;*
- c) an amendment relating to development that is of a scale, or will have an impact, that is significant relative to development in the locality;*

- d) *an amendment made to comply with an order made by the Minister under section 76 or 77A of the Act;*
- e) *an amendment to identify or amend a development contribution area or to prepare or amend a development contribution plan;*

This proposed amendment satisfies one of the above criteria. In particular, it is:

*an amendment to identify or amend a development contribution area or to prepare or amend a development contribution plan;*

## **4.0 Proposal**

Development Contribution Plan 7 relates to the area known as 'Aubin Grove' and the content of this plan is detailed in Table 10 of the Scheme as shown in the attachments.

It is designated on the Scheme map as Development Contribution Area 7 ("DCA7").

The subdivision of the area is now complete and there are no further contributions to be collected. The larger lots in the area are strata developments, a school and the City's clubroom/playing field. The infrastructure related to the plan has now been delivered. The final audit of the transactions and reserve account have been finalised.

Removing this now redundant plan will alleviate confusion for purchasers in the area who may note the DCA7 annotation on the Scheme map. It will also assist in 'cleaning up' the Scheme in preparation for the new local planning scheme which is soon to enter the drafting phase.

## **5.0 Conclusion**

There is a slight risk that leaving the plan within the Scheme will add unnecessary complications to the creation of a new local planning scheme.

There is a medium risk of confusion to ratepayers or prospective purchasers in the development contribution area by the designation remaining on the Scheme map.

Particularly where those customers view information on the website and mapping system and do not discuss with City staff, who are able to clarify there are no further contributions to be levied.

In the interests of clarity and transparency, the amendment to delete the development contribution plan from the scheme text and the development contribution area from the scheme map should be supported.

**CITY OF COCKBURN  
TOWN PLANNING SCHEME NO 3

1. Delete Development Contribution Plan 7 'Aubin Grove' from Table 10 Development Contribution Plans of the Scheme.
2. Delete the annotation of Development Contribution Area 7 from the Scheme map.

The Amendment is complex under the provisions of the Planning and Development (Local Planning Schemes) Regulations 2015 for the following reason(s):

*an amendment to identify or amend a development contribution area or to prepare or amend a development contribution plan;*
