1. Declaration of Meeting

The Presiding Member declared the meeting open at 7.00pm.

"Kaya, Wanju Wadjuk Budjar" which means "Hello, Welcome to Wadjuk Land"

The Presiding Member acknowledged the Whadjup Peoples of the Nyungar Nation who are the traditional custodians of the land on which the meeting was being held, and paid respect to their Elders both past and present, and extended that respect to First Nations Peoples who were present.

The Presiding Member advised the following:

- In accordance with Standing Orders Clause 8.8, mobile phones and all other electronic devices that may distract from the procedures at tonight's meeting are required to be turned off.
- This meeting is being recorded and streamed live on the Council's website, in accordance with Council's Live Streaming of Council Meetings Policy, which can be viewed on Council's website.

All reasonable care is taken to maintain your privacy, however, as a visitor in the public gallery, your presence may be recorded, not only verbally but also on camera. By remaining in the public gallery, it is assumed your consent is given if your image is broadcast.

The Presiding Member welcomed Cr Carol Reeve-Fowkes who is joining the meeting electronically.

2. Appointment of Presiding Member (If required)

8. Public Question Time

Jodie Goodman, Coolbellup

Subject: Mayors for Peace Initiative

As Ms Goodman was not present at the meeting, her questions were not included in Public Question Time. The following response has been provided:

The City of Cockburn joined the Mayors for Peace initiative in 2011 and signed up to the International Coalition Abolition of Nuclear Weapons in 2019. As a member City of these initiatives a commemorative tree was planted in 2020.

Q1. Can you please highlight any additional actions or initiatives that have been implemented by the City of Cockburn as part of the Mayors for Peace Action Plan 2021-2025?

And would you consider passing a motion in line with the action plan which calls for initiatives to promote peace, that calls on the State and Federal governments to take immediate action, through economic, military and diplomatic sanctions to ensure that Israel complies with the ICJ provisional orders in relation to its finding of plausible genocide, and previous numerous UN resolutions relating to its illegal occupation of Palestine and apartheid government?

A1. The City of Cockburn is a member of the Mayors for Peace.

Mayors for Peace was created following the Hiroshima bombing and aims to eliminate nuclear weapons and peaceful co-existence between the whole of humanity.

In realising the Mayors for Peace Action Plan, Mayor Howlett and the City have been working towards promoting a local culture of peace, where differing views are respected and society has the resilience to realise peaceful coexistence.

This is delivered through the City's various local Community Development programs as well as through our organisational culture.

The City recently completed a \$166,000 upgrade of Peace Park (established in 1986) in Spearwood and on completion the Consul General of Japan in Perth was invited to tour the upgrades – he was very impressed.

The City also commemorates Hiroshima Day on the 6 August each year with school children across the district planting trees in the presence of the Consul General of Japan and other members of the consulate in attendance.

Speeches are made and white doves released to symbolise peace. Following this a morning tea reception is held where the school children make peace cranes, a student recites the peace crane story (Sadako Sasaki's story) and a video is shown outlining the atrocities that occurred in Hiroshima and Nagasaki.

Mayor Howlett and councillors attend the annual Hiroshima Day planting along with other Mayors for Peace events and when liaising with State and Federal Ministers they reflect on the importance of this membership.

Mayor Howlett has built strong relationships with many members of the diplomatic corps in Western Australia and Canberra. He attends various Mayors for Peace events including those involving the City of Fremantle and other 'member' local governments in metropolitan Perth.

The City works in alignment with the Australian Commonwealth Government to supports Australia's humanitarian programs and aim to promote peace in our region and internationally.

Joan Di Sabato, Coolbellup

Subject: Audio Visual Facilities for Deputations

- Q1. In the near future, are there any plans for the provision for audio visual facilities that would enable members of the public to share brief audio visual presentations when they are making a Deputation at a Council meeting?
- A1. The Chief Executive Officer thanked Ms Di Sabato for the suggestion and advised he would take her question on notice and look into the options available.

9. Confirmation of Minutes

Officer Recommendation/Council Decision

MOVED Cr T Widenbar SECONDED Cr T Dewan

That Council:

- (1) AMENDS the City of Cockburn Town Planning Scheme No.3, pursuant to Section 75 of the *Planning and Development Act 2005*, by:
 - Rezoning various lots within 'Development Area 26' and 'Development Area 27' from 'Development' to 'Residential (R20)', 'Residential (R25)', 'Residential (R30)', 'Residential (R35)', 'Residential (R40)', 'Residential (R50)' and 'Residential (R60)', as depicted on the Scheme Amendment Map;
 - 2. Rezoning Lot 46 Woodrow Avenue from 'Development' to 'Special Use 31' as depicted on the Scheme Amendment Map, and inserting the following into 'Table 8 Special Use Zones' of the Scheme Text:

| No. | Description of Land | Special Use | Conditions |
|------|---|--|--|
| SU31 | Lot 46 Woodrow Avenue, Hammond Park | Educational Establishment, Place of Worship | Development approval. An updated Masterplan is required to be submitted with all future applications for development approval. A Traffic Impact Assessment, is required to be submitted and implemented to the satisfaction of the local government as part of all future applications for development approval. |

3. Reclassifying land within 'Development Area 26' and 'Development Area 27' from the 'Development' zone to a local reserve for 'Parks and Recreation', 'Lakes and Drainage' and/or 'Local Road', as depicted on the

Item 14.1.1 OCM 14/05/2024

Scheme Amendment Map.

4. Reducing the extent of the 'Development Area 26' and 'Development Area 27' Special Control Area boundaries, as depicted on the Scheme Amendment Map.

- (2) DETERMINES that the Amendment is 'basic' under the provisions of the Planning and Development (Local Planning Schemes) Regulations 2015 as it satisfies the following criteria in Part 5, Division 1, Regulation 34:
 - an amendment to the local planning scheme that involves zoning land consistent with an approved structure plan for the same land; and/or
 - it is an amendment that corrects minor anomalies/administrative errors.

and PROVIDE the Amendment to the Western Australian Planning Commission, pursuant to Part 5, Division 1, Regulation 58 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, for its consideration:

- (3) REFERS the Amendment to the Environmental Protection Authority (EPA) pursuant to Section 81 of the *Planning and Development Act 2005*, by giving the EPA written notice of this resolution and such written information about the Amendment as is sufficient to enable to the EPA to comply with Section 48A of the *Environmental Protection Act 1986* in relation to the proposed scheme amendment:
- (4) Upon compliance with Section 81 and 82 of the Planning and Development Act 2005, DELEGATES authorisation and submission of the amendment documentation to the Western Australian Planning Commission along with a request for the endorsement of final approval by the Hon. Minister for Planning; and
- (5) NOTES the intention to revoke the following structure plans, pursuant to Part 5, Division 1, Regulation 35A of the *Planning and Development (Local Planning Schemes) Regulations 2015*, upon approval of Amendment No.170:

| Structure Plan # | Address | Latest WAPC Endorsement | WAPC Reference |

CARRIED 10/0

Background

Structure plans are important planning instruments, regularly used to coordinate the subdivision and development of land, particular in new, greenfield locations.

Reflective of its rapid urbanisation over the past 20+ years, the City currently has over 150 local structure plans (LSP) operating within its scheme area, many of which are substantially subdivided and/or have been built out.

When the *Planning and Development (Local Planning Schemes) Regulations* came into effect on 19 October 2015, a key change involved the introduction of a 10-year time limit to the validity period of structure plans.

Structure Plans approved prior to this date were automatically given a 10-year timeframe for approval, from when the Regulations came into effect.

Under the State Planning Framework, once a structure plan has served its purpose (typically once all the lots have been subdivided and physically created), the zones and reserves are to be transferred into the Scheme and the structure plan revoked.

This process, commonly referred to as a structure plan 'rationalisation', ensures the City retains appropriate planning mechanisms to guide and control future use and/or redevelopment of the land (including the same range of permissible land uses and associated development standards as currently apply) into the future, consistent with community expectations.

This proposal is part of a series of Scheme Amendments required to rationalise large portions of the City's urban areas, ahead of several structure plans expiring on the 10-year anniversary of the Regulations coming into effect (19 October 2025).

Submission

N/A

Item 14.1.1 OCM 14/05/2024

Report

The following structure plans have been fully implemented:

| Structure Plan # | Structure Plan Name | | |
|---------------------|--|--|--|
| | DEVELOPMENT AREA 26 – HAMMOND PARK | | |
| 26A | Lots 36, 37, 45 and 101 Gaebler Road, Frankland Avenue and Barfield Road, Hammond Park | | |
| 26B | Lot 40 Gaebler Road, Hammond Park | | |
| 26C | Lots 43 and 44 Frankland Avenue, Hammond Park | | |
| 26D | Lots 9001 and 35 Gaebler Road, Hammond Park | | |
| 26E | Lots 39 Frankland Avenue, Hammond Park | | |
| 26F | Lot 46 Woodrow Avenue, Hammond Park | | |
| 26H | Lot 126 Frankland Avenue, Hammond Park | | |
| 26J | Lot 8 Barfield Road, Hammond Park | | |
| 26K | Lot 33 Barfield Road, Hammond Park | | |
| 26L | Lot 47 Frankland Avenue, Hammond Park | | |
| 26N | Lot 31 Barfield Road, Hammond Park | | |
| 260 | Lot 29 Barfield Road, Hammond Park | | |
| | DEVELOPMENT AREA 27 – WATTLEUP | | |
| 27C | Lots 1,111 and 810 Wattleup Road, Hammond Park | | |

The purpose of this amendment is simply to:

- Transfer the zones and reserves shown on the approved structure plans into Town Planning Scheme No.3 (TPS3)
- Revoke the above structure plans
- Adjust the boundary of the Development Area 26 (DA 26) and Development Area 27 (DA 27) Special Control Areas to match the above outcome (i.e. to only include those portions that still require a structure plan to guide further subdivision and development).

Development Areas 26 and 27

Development Area 26 previously formed part of Development Area 9 (DA9 – Gaebler Road) which was expanded to cover this area when TPS3 was first gazetted in December 2002. At the same time a new (unnamed) Development zone was also created west of the future Hammond Road Other Regional Road extension.

In 2005 the City adopted the Southern Suburbs Stage 3 District Structure Plan (DSP) over the land south of Gaebler Road.

The DSP was updated in 2012 to reflect the outcome of State Government strategic decisions in and around the area and remains the key planning instrument that guides the local planning framework.

OCM 14/05/2024 Item 14.1.1

In particular, the DSP informed lifting of the land's Urban Deferred status in the Metropolitan Region Scheme in 2008, and Scheme Amendment 28, which adjusted the extent of DA9 back to its original configuration (north of Gaebler Road) and introduced two new Special Control Areas (DA 26 – Rowley Road and DA 27 – Wattleup Road), either side of Hammond Road.

Gazetted in December 2014, Scheme Amendment 28 also introduced two new Development Contribution Areas over the same precincts (DCA 9 – Hammond Park and DCA 10 - Wattleup), to proportionately divide the costs of enabling regional drainage infrastructure, and the widening and construction of Hammond Road (between Gaebler and Rowley Roads).

The special provisions for both DA 26 and DA 27 in Table 9 of TPS3 simply reinforce the need for structure plans to first be prepared to guide future subdivision and development, for residential and compatible land uses.

As there remain large portions of DA 26 and DA 27 yet to be structure planned, or that involve structure plans in various stages of physical completion, deletion of DA 26 and/or DA 27 and their special provisions are not proposed at this time, rather just a reduction to the extent of both special control area boundaries to reflect the outcomes of this proposal.

Local Structure Plans

There are currently 23 operative structure plans across the combined DA26/27 areas, that collectively identify a local road, public open space and drainage network servicing a range of low-to-medium density (R20-R60) residential housing, educational and commercial facilities.

Of those structure plans, 13 have all been fully subdivided and/or developed and are now ready to be rationalised into TPS3.

Of those being rationalised, all the proposed zonings and reserves detailed on the structure plan maps directly correlate to zonings and reserves that exist in TPS 3.

All the public roads have been constructed, and all other public reserves embellished to the required standard and transferred into public ownership, in accordance with the applicable subdivision approvals.

Further detail on Development Area 26 and 27, and the structure plans proposed to be rationalised into TPS3 are included in the Draft Scheme Amendment No.170 Report (refer Attachment 1).

Type of Amendment

This scheme amendment is considered a 'Basic' Amendment under the provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*, on the basis it is an amendment to the local planning scheme that involves zoning land consistent with an approved structure plan for the same land.

| | |

Item 14.1.1 OCM 14/05/2024

Strategic Plans/Policy Implications

Local Economy

A sustainable and diverse local economy that attracts increased investment and provides local employment.

· A City that is 'easy to do business with'.

Listening and Leading

A community focused, sustainable, accountable, and progressive organisation.

Best practice Governance, partnerships and value for money.

Budget/Financial Implications

Not applicable – the Scheme Amendment documentation has been prepared, and the proposal will be progressed by the administration under its FY24 budget allocation.

Legal Implications

- Planning and Development Act 2005
- Planning and Development (Local Planning Schemes) Regulations 2015

Community Consultation

Part 5 (Division 1, Regulation 34) of the *Planning and Development (Local Planning Schemes) Regulations 2015* identifies three scheme amendment types: basic, standard and complex.

The changes proposed by Scheme Amendment No.170 meet the definition of a 'Basic' scheme amendment. Such proposals do not typically require public advertisement.

Advertising will only occur if the Western Australian Planning Commission disagrees with the City's determination of the 'type' of Scheme Amendment (i.e. that it is should be processed as a 'standard' or 'complex' scheme amendment, pursuant to r.59 of the *Regulations*), or the Minister for Planning subsequently directs the City to do so (on the basis the Amendment is considered significant, pursuant to r.61 of the *Regulations*).

Amendments to the *Regulations* that took effect on 1 March 2024 clarified that as there is no need for Basic Amendments to be advertised, there is no need to seek the Minister's Approval to do so pursuant to s.83A of the *Act*.

OCM 14/05/2024 Item 14.1.1

Risk Management Implications

The officer recommendation considers the relevant planning matters associated with the proposal. It is considered the officer recommendation is appropriate.

If the Scheme Amendment does not proceed (or is ultimately refused by the Minister for Planning):

- an opportunity will be missed to simplify the planning framework and remove additional layers of planning (structure plans) that have served their purpose; and
- the City will need to consider alternatives to ensure an appropriate local planning framework is in place to guide future land use and/or redevelopment proposals in the affected areas ahead of many of the structure plans expiring on 19 October 2025.

Town Planning Scheme No.3

Amendment No.170

(Basic)

Rationalisation of various Structure Plans
Development Area 26 and 27 (Hammond Park)

APRIL 2024

Planning and Development Act 2005 RESOLUTION TO AMEND A TOWN PLANNING SCHEME

City of Cockburn Town Planning Scheme No.3 Amendment No.170

RESOLVED that the Council, in pursuance of Section 75 of the Planning and Development Act 2005, amend the City of Cockburn Town Planning Scheme No.3 by:

- 1. Rezoning various lots within 'Development Area 26' and 'Development Area 27' from 'Development' to 'Residential (R20)', 'Residential (R25)', 'Residential (R30)', 'Residential (R35)', 'Residential (R40)', 'Residential (R50) and 'Residential (R60)', as depicted on the Scheme Amendment Map.
- Rezoning Lot 46 Woodrow Avenue from 'Development' to 'Special Use 31' as depicted on the Scheme Amendment Map, and inserting the following into 'Table 8 – Special Use Zones' of the Scheme Text:

| No. | Description of Land | Special Use | Conditions |
|------|--|---|---|
| SU31 | Lot 46 Woodrow Avenue, Hammond Park | Educational Establishment, Place of Worship | 1. Development approval. 2. An updated Masterplan is required to be submitted with all future applications for development approval. 3. A Traffic Impact Assessment, is required to be submitted and implemented to the satisfaction of the local government as part of all future applications for development approval. |

- 3. Reclassifying land within 'Development Area 26' and 'Development Area 27' from the 'Development' zone to a local reserve for 'Parks and Recreation', 'Lakes and Drainage' and/or 'Local Road', as depicted on the Scheme Amendment Map.
- 4. Reducing the extent of the 'Development Area 26' and 'Development Area 27' Special Control Area boundaries, as depicted on the Scheme Amendment Map.

The Amendment is 'basic' under the provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* for the following reason(s):

- It is an amendment the local planning scheme that involves zoning land consistent with an approved structure plan for the same land; and/or
- It is an amendment that corrects minor anomalies/administrative errors.

Pursuant to Regulation 35A of the *Planning and Development (Local Planning Schemes)* Regulations 2015, the amendment to the above Local Planning Scheme affects the following structure plan(s):

| Structure Plan # | Address | Latest WAPC Endorsement | WAPC Reference |
|---------------------|---|----------------------------|-------------------|
| 26A | Lots 36, 37, 45 and 101 Gaebler Road, Frankland Avenue and Barfield Road, Hammond Park | 4/3/2010 | 801/2/23/0045P |
| 26B | Lot 40 Gaebler Road, Hammond Park | 7/3/2012 | SPN/0327 |
| 26C | Lots 43 and 44 Frankland Avenue, Hammond Park | 3/02/2012 | SPN/0181 |
| 26D | Lots 9001 and 35 Gaebler Road, Hammond Park | 29/10/2012 | SPN/0361 |
| 26E | Lots 39 Frankland Avenue, Hammond Park | 17/7/2013 | SPN/0400 |
| 26F | Lot 46 Woodrow Avenue, Hammond Park | N/A (use only) | N/A |
| 26H | Lot 126 Frankland Avenue, Hammond Park | 22/05/2014 | SPN/0549 |
| 26J | Lot 8 Barfield Road, Hammond Park | 23/7/2015 | SPN/0724 |
| 26K | Lot 33 Barfield Road, Hammond Park | 10/8/2015 | SPN/0751 |
| 26L | Lot 47 Frankland Avenue, Hammond Park | 27/11/2015 | SPN/0739 |
| 26N | Lot 31 Barfield Road, Hammond Park | 22/3/2016 | SPN/0663 |
| 260 | Lot 29 Barfield Road, Hammond Park | 12/12/2017 | SPN/2101 |
| 27C | Lots 1,111 and 810 Wattleup Road, Hammond Park | 22/10/2015 | SPN/0675 |

Upon the amendment taking effect, the above structure plans are to be revoked.

| | CHIEF EXECUTIVE OFFICER |

AMENDMENT REPORT

1.0 INTRODUCTION

Structure Plan No.'s 26A, B, C, D, E, F, H, J, K, L, N, O and 27C have all been fully implemented.

The purpose of this 'basic' scheme amendment is to transfer the zones and reserves shown on the applicable structure plans into Town Planning Scheme No.3 (TPS3), to ensure the City of Cockburn (the City) maintains appropriate development controls upon expiration of the structure plans on (or shortly after) they expire on 19 October 2025.

This process is referred to as the rationalisation of structure plans.

2.0 BACKGROUND

Development Area 26 previously formed part of Development Area 9 (DA9 – Gaebler Road) which was expanded to cover this area when TPS3 was first gazetted in December 2002. At the same time a new (unnamed) Development zone was also created west of the future Hammond Road Other Regional Road extension.

In 2005 the City adopted the Southern Suburbs Stage 3 District Structure Plan (DSP) over the land south of Gaebler Road. The DSP was updated in 2012 to reflect the outcome of State Government strategic decisions in and around the area and remains the key planning instrument that guides the local planning framework.

In particular, the DSP informed lifting of the land's Urban Deferred status in the Metropolitan Region Scheme in 2008, and Scheme Amendment 28, which adjusted the extent of DA9 back to its original configuration (north of Gaebler Road) and introduced two new Special Control Areas (DA 26 – Rowley Road and DA 27 – Wattleup Road), either side of Hammond Road.

Gazetted in December 2014, Scheme Amendment 28 also introduced two new Development Contribution Areas over the same precincts (DCA 9 – Hammond Park and DCA 10 – Wattleup), to proportionately divide the costs of enabling regional drainage infrastructure, and the widening and construction of Hammond Road (between Gaebler and Rowley Roads).

As summarised in the following table, DA 26 currently includes 18 operative structure plans, of which:

- 12 are ready to be rationalised into the scheme;
- 2 are incomplete and require an extension of time; and
- 6 are incomplete but are not due to expire for several years.

| Structure Plan # | Address | Latest Approval (& Expiration Dates) | Proposed Action |
|---------------------|---|---|--------------------------------|
| 26A | Lots 36, 37, 45 and 101 Gaebler Road, Frankland Avenue and Barfield Road, Hammond Park | WAPC: 4/3/2010 (Expires: 19/10/2025) | Included in this Amendment |
| 26B | Lot 40 Gaebler Road, | WAPC: 7/3/2012 | Included in this |
| | Hammond Park | (Expires: 19/10/2025) | Amendment |
| 26C | Lots 43 and 44 Frankland | City Modified: 1/7/2013 | Included in this |
| | Avenue, Hammond Park | (Expires: 19/10/2025) | Amendment |
| 26D | Lots 9001 and 35 Gaebler | City Modified: 1/7/2015 | Included in this |
| | Road, Hammond Park | (Expires: 19/10/2025) | Amendment |
| 26E | Lot 39 Frankland Avenue, | City Modified: 11/9/2014 | Included in this |
| | Hammond Park | (Expires: 19/10/2025) | Amendment |
| 26F | Lot 46 Woodrow Avenue, Hammond Park | City Approval Only: 12/9/2013 (Expires: 19/10/2025) | Included in this Amendment |
| 26G | Lots 114, 123-125 Wattlelup Road, Hammond Park | WAPC Modified: 3/8/2023 (Expires: 19/10/2025) | Extension Request being sought |
| 26H | Lot 126 Frankland Avenue, | City Modified: 22/7/2015 | Included in this |
| | Hammond Park | (Expires: 19/10/2025) | Amendment |
| 261 | Barfield Road / Frankland Avenue, Hammond Park | WAPC Modified: 6/5/2022 (Expires: 19/10/2025) | Extension Request being sought |
| 26J | Lot 8 Barfield Road, | WAPC: 23/7/2015 | Included in this |
| | Hammond Park | (Expires: 19/10/2025) | Amendment |
| 26K | Lot 33 Barfield Road, | WAPC: 10/8/2015 | Included in this |
| | Hammond Park | (Expires: 19/10/2025) | Amendment |
| 26L | Lot 47 Frankland Avenue, | WAPC: 27/11/2015 | Included in this |
| | Hammond Park | (Expires: 27/11/2025) | Amendment |
| 26M | Lot 32 Barfield Road, | WAPC: 7/2/2017 | No Current Action |
| | Hammond Park | (Expires: 7/2/2027) | (valid until 2027) |
| 26N | Lot 31 Barfield Road, | WAPC Modified: 5/1/2016 | Included in this |
| | Hammond Park | (Expires: 19/10/2025) | Amendment |
| 260 | Lot 29 Barfield Road, | WAPC: 12/12/2017 | Included in this |
| | Hammond Park | (Expires: 12/12/2027) | Amendment |
| 26P | Lot 9008 Frankland Ave, | WAPC: 16/9/2021 | No Current Action |
| | Hammond Park | (Expires: 16/9/2021) | (valid until 2031) |
| 26Q | Lot 50 Barfield Road, | WAPC: 10/2/2022 | No Current Action |
| | Hammond Park | (Expires: 10/2/2022) | (valid until 2032) |
| 26R | Lot 28 Barfield Road, | WAPC: 23/1/2024 | No Current Action |
| | Hammond Park | (Expires: 23/1/2034) | (valid until 2034) |

DA 27 currently includes five (5) operative structure plans of which:

- 1 is ready to be rationalised into the scheme;
- 1 is incomplete and require an extension of time; and
- 3 are incomplete but are not due to expire for several years.

| Structure Plan # | Address | Latest Approval (& Expiration Dates) | Proposed Action |
|---------------------|--|--|---|
| 27C | Lots 1,111 and 810 Wattlelup Road, Hammond Park | WAPC: 22/10/2015 (Expires: 19/10/2025) | Included in this Amendment |
| 27D | Lots 109-110 Wattlelup Road, Hammond Park | WAPC: 3/11/2015 (Expires: 3/11/2025) | Extension Request being sought |
| 27E | Hammond Park West – Lots 71, 74-76 and 303-305 Wattlelup Road, Hammond Park | WAPC Modified: 28/9/2022 (Expires: 28/9/2027) | No Current Action (valid until 2027) |
| 27F | Lots 107, 150, 9159 Wattlelup Road, Hammond Park | WAPC: 11/6/2019 (Expires: 11/6/2029) | No Current Action (valid until 2029) |
| 27G | Hammond Quarter – Lots 816, 1000, 803, 805, 200, 9001, 817, 1001 and 9002 Wattleup Road, Hammond Park | WAPC: 14/2/2024 (Expires: 14/2/2034) | No Current Action (valid until 2034) |

The extent of DA 26 and 27 (thick black dotted line), this scheme amendment proposal (red solid line), and the relevant Structure Plans are depicted on **Figures 1 and 2**.

As Structure Plans 26G, I, M, P, Q, R and 27D, E, F and G are still undergoing development they are not being rationalised by this proposal and will retain their existing 'Development' zoning.

Many of the structure plans include Local Development Plans (LDPs). This amendment has no effect on the operation of those instruments which will remain in effect until they expire on (or after) 19 October 2025.

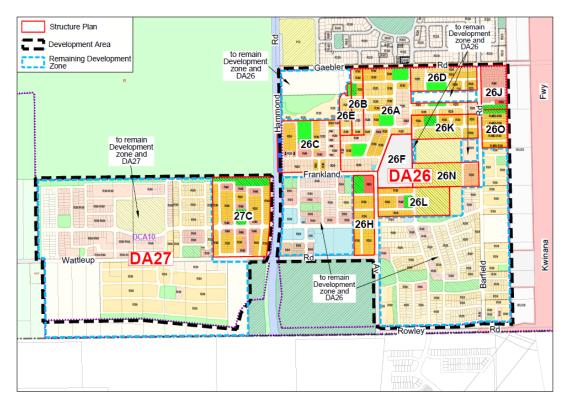

Figure 1 – DA27, Amendment Extent and endorsed Structure Plans

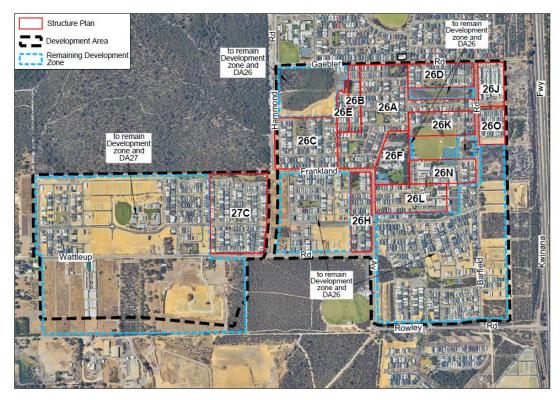

Figure 2 – Aerial Photograph showing extent of completed subdivision and development

3.0 AMENDMENT TYPE

Part 5, Division 1, Regulation 34 of the *Planning and Development (Local Planning Schemes)* Regulations 2015, identifies different amendment types: basic, standard and complex.

Regulation 35(2) requires the local government to specify in their resolutions to prepare or adopt an amendment what type of amendment it is, as well as the explanation for forming that opinion.

This proposed amendment is considered a 'basic' amendment, which Regulation 34 describes as any of the following:

- a) an amendment to correct an administrative error;
- b) an amendment to the scheme so that it is consistent with the model provisions in Schedule 1 or with another provision of the local planning scheme;
- c) an amendment to the scheme text to delete provisions that have been superseded by the deemed provisions in Schedule 2;
- d) an amendment to the scheme so that it is consistent with any other Act that applies to the scheme or the scheme area;
- e) an amendment to the scheme so that it is consistent with a State planning policy;
- f) an amendment to the scheme map to include a boundary to show the land covered by an improvement scheme or a planning control area;
- g) an amendment to the scheme map that is consistent with a structure plan, activity centre plan or local development plan that has been approved under the scheme for the land to which the amendment relates if the scheme currently includes zones of all the types that are outlined in the plan;
- h) an amendment that results from a consolidation of the scheme in accordance with section 92(1) of the Act;
- i) an amendment to the scheme so that it is consistent with a region planning scheme that applies to the scheme area if the amendment will have minimal effect on the scheme or landowners in the scheme area.

This proposed amendment satisfies part g) of the above criteria.

Specifically, it is an amendment to the local planning scheme map that involves zoning/reserving land consistent with approved structure plans for the same land.

4.0 TOWN PLANNING CONTEXT:

4.1 State Planning Framework

The entirety of DA 26 and DA 27 are identified under the South Metropolitan Peel Sub-Regional Planning Framework and zoned 'Urban' under the Metropolitan Region Scheme.

4.2 City of Cockburn Local Planning Framework

Under TPS3, the amendment area is zoned 'Development' and identified on the Scheme Map and in Table 9 as 'Development Area 26' and 'Development Area 27'.

The purpose of the 'Development' zone is to trigger the requirement for a Structure Plan to guide further subdivision and/or development.

Table 9 allows specific 'provisions' to then be applied to defined Development Areas, to inform the subsequent structure planning, subdivision and development processes. For DA 26 and DA 27, it includes the following:

| TABLE 9 – DEVELOPMENT AREAS | | | |
|-----------------------------|--------------------------------------|---|--|
| REF. NO. | AREA | PROVISIONS | |
| DA 26 | Rowley Road (Development Zone) | An approved Structure Plan together will all approved amendments shall be given due regard in the assessment of application for subdivision, land use and development in accordance with clause 27(1) of the Deemed Provisions. | |
| | | 2. To provide for residential development and compatible land uses. | |
| DA 27 | Wattlelup Road (Development Zone) | An approved Structure Plan together will all approved amendments shall be given due regard in the assessment of application for subdivision, land use and development in accordance with clause 27(1) of the Deemed Provisions. To provide for residential development and compatible land uses. | |

The land also forms the subject of Development Contribution Areas 9, 10 and 13 (DCA 9, DCA 10 & DCA 13 – Community Infrastructure) under TPS3. This amendment has no impact on the operation of these DCA's.

5.0 PROPOSAL

Subdivision and development of substantial portions of Hammond Park is now complete, meaning that many structure plans have served their purpose and are no longer required.

This amendment therefore seeks to remove these areas from DA 26 and DA 27 and transfer the identified zonings and reservations for the land into TPS 3, ahead of the structure plans expiring on (or shortly after) 19 October 2025.

Development Areas 26 & 27:

As there remain large portions of DA 26 and DA 27 yet to be structure planned, or that involve structure plans in various stages of physical completion, deletion of DA 26 and/or DA 27 and their special provisions are not proposed at this time, rather just a reduction to the extent of both special control area boundaries to reflect the outcomes of this proposal.

Local Structure Plans (LSP):

Details on each structure plan (including the LSP map and a recent aerial of the area) are provided in this section to demonstrate the reasoning for rationalisation.

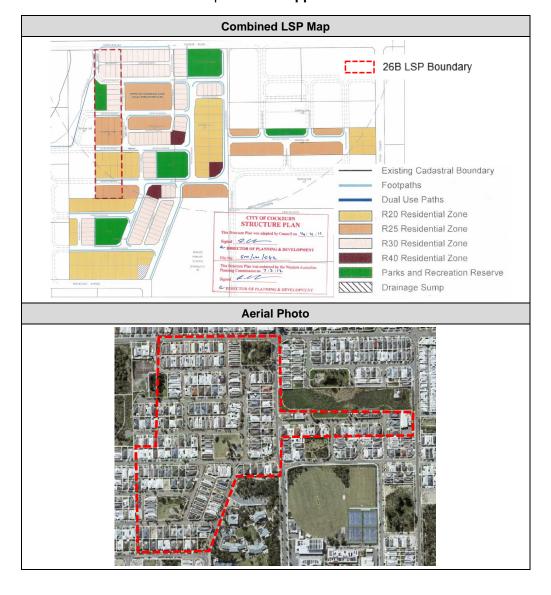

Unless otherwise stated, all the approved structure plan designations directly correlate to zonings and reserves pursuant to TPS 3. All the public roads have been constructed and ceded, and all other public reserves embellished to the required standard and transferred into either public or utility operator ownership, in accordance with the applicable subdivision approvals.

Lots 36, 37, 45 & 101 Gaebler Road, Frankland Avenue & Barfield Road (26A) and Lot 40 Gaebler Road, 17 & 18 Hammond Road, Hammond Park (26B)

Located centrally within the northern portion of DA 26, these consolidated structure plans identify an interconnected local road and public open space (POS) network and one fenced drainage reserve, primarily servicing low (R20 to R30) density single residential housing.

The R30 coding is restricted to laneway typologies throughout, with pockets of medium (R40) density, accommodating single and grouped housing in higher amenity locations near POS. With exception to two vacant R20 coded single house lots, subdivision and development of both structure plans is complete.

All the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the consolidated Structure Plan Map shown in **Appendix A**.

Lots 43 and 44 Frankland Avenue, Hammond Park (26C)

Located mid-way along the western boundary of DA 26 north of Frankland Avenue, this structure plan identifies an interconnected local road network radiating out from one large area of POS (Serventy Park), primarily servicing a range of low (R20 to R30) density single residential housing.

Pockets of medium (R40) density, accommodating laneway and squat-lot single house typologies are located on street-block corners and directly adjacent the POS. With exception to the land ceded for future widening of Hammond Road (in accordance with the MRS), the area is completely subdivided and developed.

McIntosh Street and Packer Rise currently terminate at temporary cul-de-sac heads that will be removed and replaced with connections to Neilson Street, Weetman Toad and Serventy Crescent upon development of land to the north (LSP 26P).

All the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the consolidated Structure Plan Map shown in **Appendix B**.

Lots 9001 and 35 Gaebler Road, Hammond Park (26D)

Located along the northern boundary of DA 26 towards the eastern end of Gaebler Road, this structure plan identifies an interconnected local road network radiating out from one large area of POS (Voyageurs Park), servicing a range of low (R25 to R30) density single residential housing.

The R30 coding is generally located in higher amenity locations based on proximity or direct access to the POS. With exception to five single dwelling lots currently held in balance title primarily to accommodate temporary roads/access easements pending structure planning and development of Lot 100 (#116) Barfield Road to the south, development of the structure plan area (in particular, the provision and construction/embellishment of all public reserves) is effectively complete.

Tie-in works relating to the extension of the carriageway and paths along Gorringe Street, Pratley Street and Bischoff Road can be addressed via subdivision of the balance lot without the need for the structure plan to be retained.

All the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the Structure Plan Map shown in **Appendix C**.

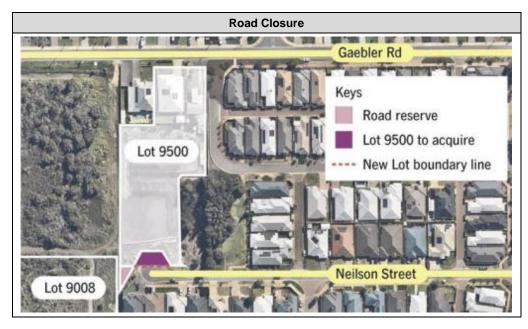

Lot 39 Frankland Avenue, Hammond Park (26E)

Located within the northern portion of DA 26, this structure plan basically involves a small western extension of structure plan 26B. It includes westward extension of Neilson Street, Weetman and Bellingham Roads and a small POS expansion (Neilson Park), servicing low (R25) density single residential housing.

With exception to the Neilson Street extension (and the POS for which the City received a bond), development of the structure plan area is complete.

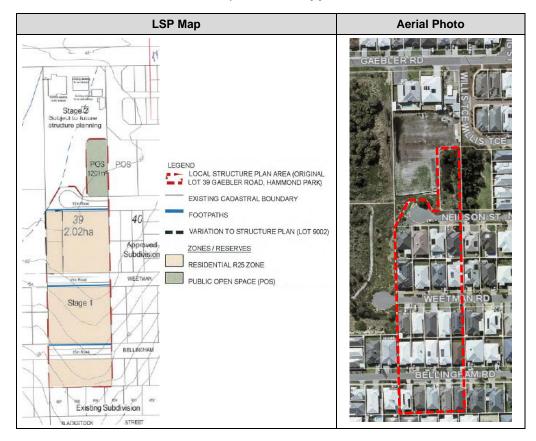

The northern portion of the original parent lot (now #34 and #36 Gaebler Road) were deliberately excluded from the structure plan pending resolution of wetland buffer and bushfire planning requirements (from a neighbouring Conservation Category Wetland). Consequently, they will remain zoned 'Development'.

A portion of the existing Neilson Street reserve forms the subject of a road closure proposal supported by Council and submitted to the Department of Planning, Lands and Heritage for assessment in September 2023. The relevant portion was initially dedicated to accommodate a cul-de-sac head that will become redundant as a result of current works to extend Neilson Street westward to match the approved structure plan and subdivision approvals for Lot 9008 Frankland Avenue (LSP 26P). Pending agreement between Landgate and the applicant on valuation, the process is expected to be approved by the Minister for Lands and finalised later this year.

Should the road closure ultimately be approved by the Minister for Lands (under the *Land Administration Act 1997*), the resultant Unallocated Crown Land will likely be acquired and amalgamated with Lot 9500 (#36) Gaebler Road. To avoid the risk of causing injurious affection, it is proposed that this small portion of road reserve be excluded from this proposal and retained within the existing 'Development' zone and DA 26.

Otherwise, all the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the Structure Plan Map shown in **Appendix D**.

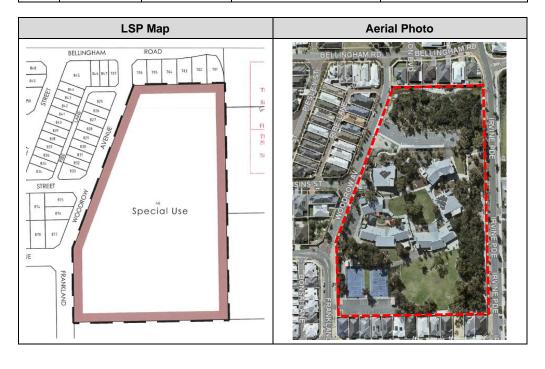

Lot 46 Woodrow Avenue, Hammond Park (26F)

Centrally located within DA 26, this structure plan applies to one landholding, which is currently occupied by the Hammond Park Catholic Primary School. Development of the existing primary school has occurred over several stages between 2012 and 2020. Further development is anticipated over the northern and eastern portions of the site but does not involve the creation of any new public reserves.

The structure plan (**Appendix E**) identifies the land as a 'Special Use' zone, limiting land use to 'Educational Establishment' and 'Place of Worship', subject to specific conditions. Consistent with how similar facilities are recognised in TPS3, it is proposed that the zoning and approvable land uses be directly transferred into 'Table 8 – Special Use Zones', but with adjusted conditions to reflect current practice.

| TABLE 8 – SPECIAL USE ZONES | | | | |
|-----------------------------|------------------------------|---|--|--|
| No. | Description of Land | Special Use | Conditions | Reason for Changes |
| SU31 | Lot 46 Woodrow Avenue, | Educational Establishment, Place of | Planning Development approval. | To reflect term used since release of the 2015 Regulations. |
| | Hammond Park | Worship | 2. Development shall generally accord with the layout depicted on the site-An updated Masterplan is required to be submitted with all future applications for development approval. | Requiring future development to be in accordance with the 2013 Master Plan may unnecessarily hinder future development. The adjusted wording provides greater flexibility whilst still ensuring development occurs in a coordinated manner. |
| | | | 3. A Traffic Impact Assessment, to the satisfaction of the local government, is required to be preparedsubmitted and implemented to the satisfaction of the local government as part of all future applications for plannngdevelopment approval. | To ensure future applications properly measure the collective impact of these potentially high traffic generating land uses on the surrounding road network, consistent with the intention of the original Special Use condition. |

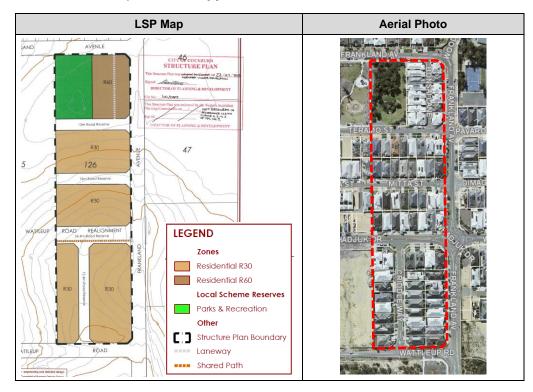

Lot 126 Frankland Avenue, Hammond Park (26H)

Centrally located within DA 26 west of Frankland Avenue, this structure plan identifies a local road network and a POS reserve in the northwest corner (eastern half of Teramo Park), servicing primarily low (R30) density single residential housing.

One pocket of medium (R60) density, accommodating laneway and squat-lot single house typologies is located directly adjacent the POS.

With exception to removal of a temporary cul-de-sac head that currently sits over the southwest corner of the POS at No.10 Teramo Street (for which the City took a bond and anticipates completing the works later this year), the area is completely subdivided and developed.

All the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the Structure Plan Map shown in **Appendix F**.

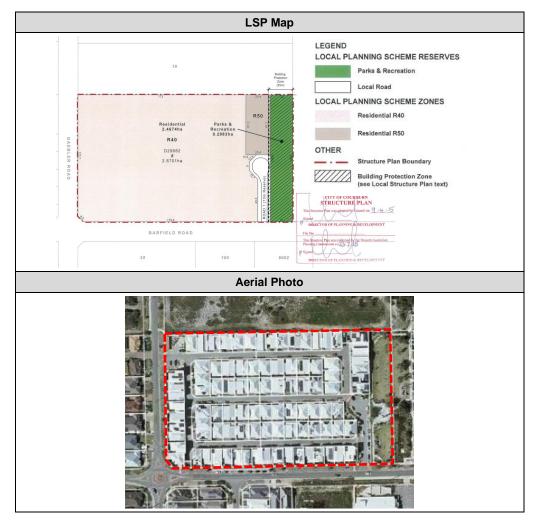

Lot 8 Barfield Road, Hammond Park (26J)

Located in the northeast corner of DA 26, this structure plan identifies one short culde-sac and a linear POS reserve (northern half of Minigwal Park) along the southern boundary, servicing medium (R40 to R50) density grouped housing.

A Local Development Plan was prepared to ensure comprehensive development occurred in accordance with Quiet House Design principles (due to the site's proximity to the Kwinana Freeway), bushfire management requirements, and lots with a direct interface to the POS. With exception to removal of the sales office and reinstatement of the communal parking facility in the northeast corner of the site, subdivision and development is complete.

Use of the POS as an asset protection zone is no longer necessary as a result of subdivision and development of Lot 19 to the south (LSP 26I).

All the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the Structure Plan Map shown in **Appendix G**.

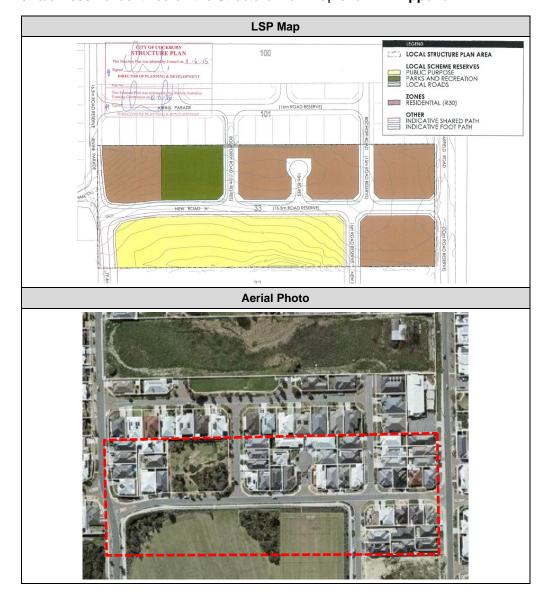

Lot 33 Barfield Road, Hammond Park (26K)

Located towards the northeast corner of DA 26 east or Irvine Parade, this structure plan basically involves a small southern extension of structure plan 26A. It identifies an interconnected local road network and a POS reserve (Alberod Park), servicing low (R30) density single residential housing.

The area is completely subdivided and developed, including the southwest portion as the northern-most portion of the Hammond Park Secondary College.

Aside from the school which has subsequently been reserved for 'Public Purposes – High School' under the MRS, all the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the Structure Plan Map shown in **Appendix H**.

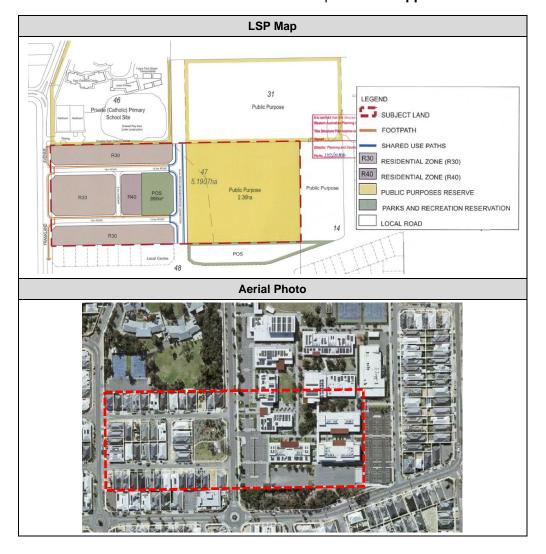

Lot 47 Frankland Avenue, Hammond Park (26L)

Centrally located in DA 26 east of Irvine Parade (and immediately south of LSP 26F), this structure plan identifies an interconnected local road network and a centrally located POS reserve (Dimago Park), primarily servicing low (R30) density single residential housing.

A pocket of medium (R40) density, accommodating single houses accessed via a rear laneway directly fronts and takes primary pedestrian access from the POS.

With exception to two vacant R30 coded single house lots, subdivision and development of structure plan is complete, including the eastern half as the southwest corner of the Hammond Park Secondary College.

Aside from the school which has subsequently been reserved for 'Public Purposes – High School' under the MRS, all the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the Structure Plan Map shown in **Appendix I**.

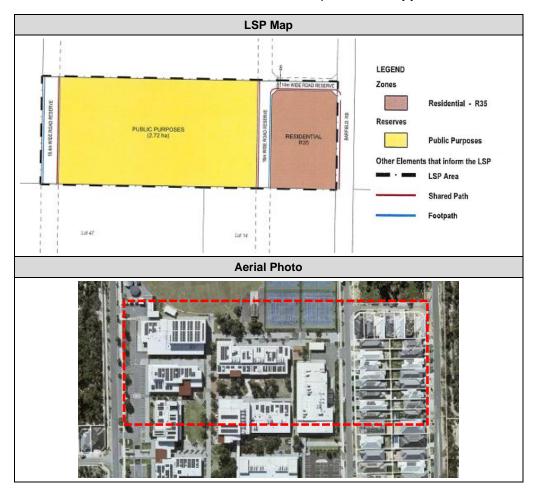

Lot 31 Barfield Road, Hammond Park (26N)

Centrally located in DA 26 east of Irvine Parade (and immediately south of LSP 26L), this structure plan identifies a local road network primarily servicing low (R35) density single residential housing.

Boota Way is currently an under-width road reserve, with the northern verge to be provided upon subdivision of Lot 9013 (#144) Barfield Road. Otherwise, the area is completely subdivided and developed, including the western half as the central portion of the Hammond Park Secondary College.

Aside from the school which has subsequently been reserved for 'Public Purposes – High School' under the MRS, all the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the Structure Plan Map shown in **Appendix J**.

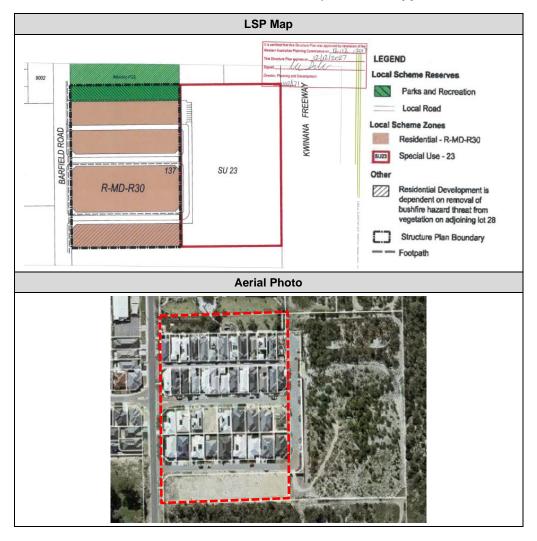

Lot 29 Barfield Road, Hammond Park (260)

Located along the eastern boundary of DA 26 east of Barfield Road, this structure plan identifies a simple loop local road (and laneway) network and a linear POS reserve (southern half of Minigwal Park) along the northern boundary, servicing low (R30) density single residential housing.

With exception to one vacant single house lot subdivision and development of structure plan is complete, including construction of the roads, parking embayments and a large drainage basin within the adjoining Special Use (SU23) zone, that contains Western Power operated high-voltage powerlines.

Identification of the Residential Medium Density Policy (R-MD) on a Structure Plan map reflects an outdated practice, corrected via Planning Bulletin 112/2016.

Aside from the R-MD codes, all the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the Structure Plan Map shown in **Appendix K**.

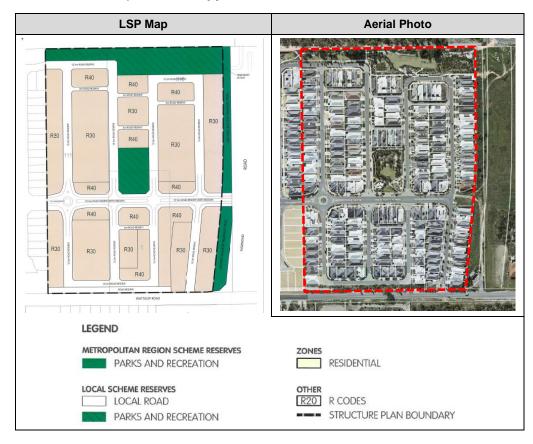

Lots 1, 111 and 810 Wattleup Road, Hammond Park (27C)

Located along the eastern boundary of DA 27 immediately west of the and historical Baldivis Tramway trail and future Hammond Road extension, this structure plan identifies an interconnected local road network, with a central POS reserve (Sayers Park) and two POS reserves (Dickerson and McPhee Parks) that act as a buffer to the Harry Waring Marsupial Reserve to the north.

The reserves primarily service low (R30) density single residential housing, with pockets of medium (R40) density accommodating laneway and squat-lot single house typologies generally in higher amenity locations adjacent, directly opposite or with direct access to POS.

All the structure plan area is completely subdivided and developed.

All the land within this Structure Plan is proposed to be rezoned and/or reclassified from the 'Development' zone to the correlating zone and/or reserve identified on the Structure Plan Map shown in **Appendix L**.

6.0 CONCLUSION

For the following reasons, it is now an appropriate time for the structure plans discussed above to be revoked, and the applicable zones and reserves rationalised into the scheme:

- all public reserves (including local roads, drainage, public open space and public purpose) have been suitably constructed/embellished and transferred into public or utility provider ownership;
- all zoned land on the endorsed structure plans has been substantially subdivided and/or developed for private education and/or residential purposes; and
- where further subdivision and/or development is still to occur on private landholdings, the proposed zoning is consistent with the designation that would have applied under the applicable structure plan.

Recognising these zones and reserves within TPS 3 will:

- avoid the future need to seek WAPC approval to extend the approval period of the existing structure plans; and
- remove a redundant layer of planning control; whilst still
- ensuring the City maintains appropriate mechanisms to guide and control future redevelopment of the land (including the same range of permissible land uses and associated development standards as currently apply), consistent with current community expectations.

The other changes proposed reflect good contemporary planning practice, and provide greater flexibility to the landowner in a manner that do not pose any significant adverse impact on surrounding development.

Planning and Development Act 2005

City of Cockburn Town Planning Scheme No.3 Amendment No.170

RESOLVED that the Council, in pursuance of Section 75 of the Planning and Development Act 2005, amend the City of Cockburn Town Planning Scheme No. 3 for the following purposes:

- 1. Rezoning various lots within 'Development Area 26' and 'Development Area 27' from 'Development' to 'Residential (R20)', 'Residential (R25)', 'Residential (R30)', 'Residential (R35)', 'Residential (R40)', 'Residential (R50) and 'Residential (R60)', as depicted on the Scheme Amendment Map.
- Rezoning Lot 46 Woodrow Avenue from 'Development' to 'Special Use 31' as depicted on the Scheme Amendment Map, and inserting the following into 'Table 8 – Special Use Zones' of the Scheme Text:

| No. | Description of Land | Special Use | Conditions |
|------|--|---|---|
| SU31 | Lot 46 Woodrow Avenue, Hammond Park | Educational Establishment, Place of Worship | 1. Development approval. 2. An updated Masterplan is required to be submitted with all future applications for development approval. 3. A Traffic Impact Assessment, is required to be submitted and implemented to the satisfaction of the local government as part of all future applications for development approval. |

- 3. Reclassifying land within 'Development Area 26' and 'Development Area 27' from the 'Development' zone to a local reserve for 'Parks and Recreation', 'Lakes and Drainage' and/or 'Local Road', as depicted on the Scheme Amendment Map.
- 4. Reducing the extent of the 'Development Area 26' and 'Development Area 27' Special Control Area boundaries, as depicted on the Scheme Amendment Map.

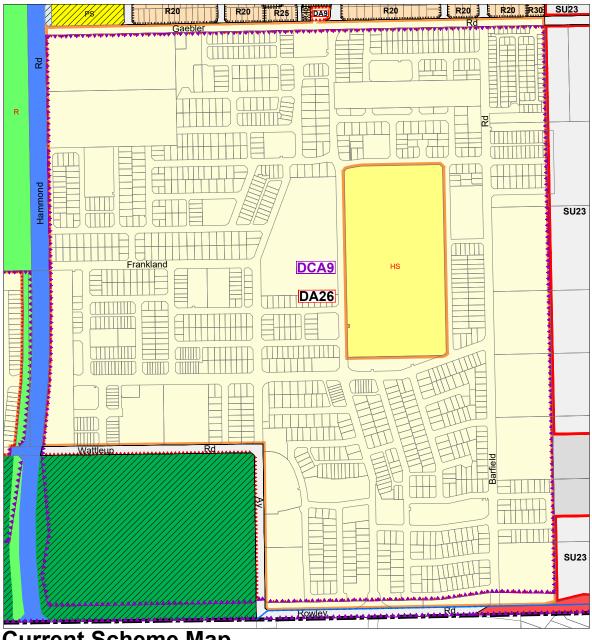

The Amendment is 'basic' under the provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* for the following reason(s):

- It is an amendment the local planning scheme that involves zoning land consistent with an approved structure plan for the same land; and/or
- It is an amendment that corrects minor anomalies/administrative errors.

Pursuant to Regulation 35A of the *Planning and Development (Local Planning Schemes)* Regulations 2015, the amendment to the above Local Planning Scheme affects the following structure plan(s):

| Structure Plan # | Address | Latest WAPC Endorsement | WAPC Reference |
|---------------------|---|----------------------------|-------------------|
| 26A | Lots 36, 37, 45 and 101 Gaebler Road, Frankland Avenue and Barfield Road, Hammond Park | 4/3/2010 | 801/2/23/0045P |
| 26B | Lot 40 Gaebler Road, Hammond Park | 7/3/2012 | SPN/0327 |
| 26C | Lots 43 and 44 Frankland Avenue, Hammond Park | 3/2/2012 | SPN/0181 |
| 26D | Lots 9001 and 35 Gaebler Road, Hammond Park | 29/10/2012 | SPN/0361 |
| 26E | Lots 39 Frankland Avenue, Hammond Park | 17/7/2013 | SPN/0400 |
| 26F | Lot 46 Woodrow Avenue, Hammond Park | N/A (use only) | N/A |
| 26H | Lot 126 Frankland Avenue, Hammond Park | 22/5/2014 | SPN/0549 |
| 26J | Lot 8 Barfield Road, Hammond Park | 23/7/2015 | SPN/0724 |
| 26K | Lot 33 Barfield Road, Hammond Park | 10/8/2015 | SPN/0751 |
| 26L | Lot 47 Frankland Avenue, Hammond Park | 27/11/2015 | SPN/0739 |
| 26N | Lot 31 Barfield Road, Hammond Park | 22/3/2016 | SPN/0663 |
| 260 | Lot 29 Barfield Road, Hammond Park | 12/12/2017 | SPN/2101 |
| 27C | Lots 1,111 and 810 Wattleup Road, Hammond Park | 22/10/2015 | SPN/0675 |

Upon the amendment taking effect, the above structure plans are to be revoked.

That Council:

- (1) ADOPTS the Schedule of Submissions prepared in response to proposed Scheme Amendment No.172 as set out in Attachment 2;
- (2) SUPPORTS final approval of Scheme Amendment No.172 as advertised (i.e. without the need for modification), for the purposes of:
 - 1. Rezoning various lots within 'Development Area 37' from 'Development' to 'Residential (R25)', 'Residential (R40)' and 'Residential (R80)', 'as depicted on the Scheme Amendment Map.
 - 2. Reducing the extent of the 'Development Area 37' special control area boundary, as depicted on the Scheme Amendment Map;
- (3) DELEGATES authorisation and submission of the amendment documentation to the Western Australian Planning Commission along with a request for the endorsement of final approval by the Hon. Minister for Planning; and
- (4) ADVISES those who made a submission of Council's decision accordingly.

CARRIED 10/0

Background

Initiated by Council at the 14 December 2023 Ordinary Council Meeting, Scheme Amendment No.169 (Item 14.1.3) and No.172 (Item 14.1.4) collectively propose to transfer the zones and reserves from several approved Structure Plans within Development Area 37 into Town Planning Scheme No.3 (TPS3).

This process, commonly referred to as Structure Plan 'rationalisation', ensures the City retains appropriate planning mechanisms to guide and control future use and/or redevelopment of the land (including a similar range of permissible land uses and

OCM 14/05/2024 Item 14.1.2

associated development standards as currently apply), consistent with community expectations.

Scheme Amendment No.172 predominantly concerns land in and around the Treeby Town centre.

Specifically, it seeks to zone single terrace and grouped housing (located either side of the Treeby Shopping Centre) and refine the residential density coding of two single houses south of Amethyst Park (adjacent to the Light and Service Industry zone) to match the developed outcome on the ground.

These areas were specifically excluded from Scheme Amendment No.169 as they did not meet the definition of a 'basic' amendment and required public advertising due to involving zones and/or coding not directly matching those depicted on the WAPC approved Banjup Quarry Local Structure Plan.

On 10 January 2024, the Environmental Protection Authority (EPA) determined formal environmental assessment was not required.

On 5 February 2024, the Department of Planning, Lands and Heritage (DPLH) under delegation from the Minister for Planning, approved advertising of the Scheme Amendment.

Status of Scheme Amendment No.169

On 11 March 2024, the City received advice that the Minister for Planning had granted final approval to Scheme Amendment No.169.

The proposal was subsequently gazetted on 15 March 2024.

Of note, the current Scheme Map depicted in the advertised Scheme Amendment Report (Attachment 1) reflects the zoning at time of initiation (14 December 2023), and therefore does not reflect the changes that have now been completed via Scheme Amendment No.169. Procedurally, this is the correct manner as the Scheme Amendment Report isn't changed following initiation (unless instructed by the Minister for Planning).

Report

A copy of the advertised Scheme Amendment, inclusive of the justification for the various zonings and reservations proposed, and consequential impact/revocation of the Structure Plans is attached (refer Attachment 1).

The purpose of this report is to consider submissions made during the advertising period and make a recommendation to the Minister for Planning on final determination.

Only one submission was received during the advertising period, advising of their support for the proposal.

| 64 of 393 | |
|-----------|--|
| | |

Item 14.1.2 OCM 14/05/2024

Nothing has arisen since initiation warranting any form of modification to the proposal prior to final determination.

If approved by the Minister, a consequence of the Amendment is the remaining portions of the Banjup Quarry Local Structure Plan (Calleya Estate) will be revoked.

Strategic Plans/Policy Implications

Local Economy

A sustainable and diverse local economy that attracts increased investment and provides local employment.

· A City that is 'easy to do business with'.

Listening & Leading

A community focused, sustainable, accountable and progressive organisation.

• Best practice Governance, partnerships and value for money.

Budget/Financial Implications

Not applicable – the Scheme Amendment documentation has been prepared, and the proposal will continue to be progressed by the administration under its FY24 budget allocation.

Legal Implications

- Planning and Development Act 2005
- Planning and Development (Local Planning Schemes) Regulations 2015

Community Consultation

The proposal was advertised for 42 days, in accordance with Part 5, Division 3, Regulation 47 of the *Planning and Development (Local Planning Schemes)*Regulations 2015, between 14 February and 27 March 2024.

Advertising consisted of a notice and electronic copies of the documentation being made available on the City's 'Comment on Cockburn' website, letters to directly affected landowners and/or occupiers, and relevant State Government Agencies.

Hard copies of the documentation were also available to view during work hours at the City's Administration Building, Spearwood for the duration of the advertising period.

The City received one (1) submission from a member of the public, advising of their support.

A copy of the Schedule of Submissions, including an officer response to the submission, is included (refer Attachment 2).

OCM 14/05/2024 Item 14.1.2

Risk Management Implications

The officer recommendation considers the relevant planning matters associated with the proposal. It is considered that the officer recommendation is appropriate.

If the Scheme Amendment does not proceed (or is ultimately refused by the Minister for Planning):

- an opportunity will be missed to simplify the planning framework and remove additional layers of planning (Structure Plans) that have served their purpose
- the City will need to consider alternatives to ensure an appropriate local planning framework is in place to guide future land use and/or redevelopment proposals in the area ahead of the Structure Plans expiring on 19 October 2025.

Advice to Proponent(s)/Submitters

The individual who lodged a submission on the proposal has been advised that this matter is to be considered at the 14 May 2024 Ordinary Council Meeting.

Implications of Section 3.18(3) Local Government Act 1995

Town Planning Scheme No.3

Amendment No.172
(Standard)

Partial Rationalisation of Development Area 37

Calleya Estate / Treeby Town Centre

DECEMBER 2023

Planning and Development Act 2005 RESOLUTION TO AMEND A TOWN PLANNING SCHEME

City of Cockburn Town Planning Scheme No.3 Amendment No.172

RESOLVED that the Council, in pursuance of Section 75 of the *Planning and Development Act 2005*, amend the City of Cockburn Town Planning Scheme No.3 by:

- 1. Rezoning various lots within 'Development Area 37' from 'Development' to 'Residential (R25)', 'Residential (R40)' and 'Residential (R80)', 'as depicted on the Scheme Amendment Map.
- 2. Reducing the extent of the 'Development Area 37' special control area boundary, as depicted on the Scheme Amendment Map.

The amendment is 'Standard' under the provisions of the *Planning and Development* (Local Planning Schemes) Regulations 2015 for the following reason(s). It is:

- an amendment to the scheme map that is consistent with a structure plan or local development plan that has been approved under the scheme for the land to which the amendment relates if the scheme does not currently include zones of all the types that are outlined in the plan;
- an amendment that would have minimal impact on land in the scheme area that is not the subject of the amendment; and
- an amendment that does not result in any significant environmental, social, economic or governance impacts on land in the scheme area.

Pursuant to Regulation 35A of the *Planning and Development (Local Planning Schemes)* Regulations 2015, the amendment to the above Local Planning Scheme affects the following structure plans:

| Structure Plan # | Address | Endorsement Date | WAPC Reference |
|------------------|------------------------------------|------------------|----------------|
| 37A | Banjup Quarry Local Structure Plan | 23/4/2020 | SPN/0521 |

|------------|--------|----|-------------------------|
| | | | |
| | | | CHIEF EXECUTIVE OFFICER |

AMENDMENT REPORT

1.0 INTRODUCTION

Local Structure Plan 37A has been fully implemented.

The purpose of this standard scheme amendment is to transfer the remaining zones and reserves shown for this structure plan into Town Planning Scheme No.3 (TPS3), to ensure the City maintains appropriate development control once the structure plan expires on 19 October 2025.

This process is referred to as the rationalisation of a structure plan.

2.0 BACKGROUND

Development Area 37 (DA37) was created in October 2013 via Scheme Amendment #95, in response to the gazettal of Metropolitan Region Scheme (MRS) Amendment 1221/41 which rezoned:

- Lots 9002 Armadale Road, 9004 Jandakot Road and 132 Fraser Road from the 'Rural-Water Protection' to the 'Urban' zone; and
- Lot 701 (former Lot 1) Armadale Road, from the 'Rural-Water Protection' to the 'Urban Deferred' zone.

The deferred zoning of Lot 701 was requested by Main Roads WA due to potential land requirements associated with the North Lake Bridge / Armadale Road realignment. Following finalisation of the regional road designs, the land's deferred status was lifted by the Western Australian Planning Commission in March 2014 via MRS Amendment 1269/27.

DA37 currently contains one endorsed structure plan, as per below:

| Structure | Address | Endorsement | Amendment |
|-----------|---|-------------|----------------|
| Plan # | | Date | Type Required |
| 37A | Banjup Quarry Local Structure Plan (Calleya Estate) | 23/4/2020 | Basic/Standard |

Rationalisation of most of this Structure Plan forms the subject of a separate 'Basic' Scheme Amendment (#169). This proposal seeks to rationalise the remaining portions of Structure Plan 37A that couldn't be included in that 'basic' amendment, based on a desire to adjust the Structure Plan zonings and/or residential density codings to match the development that has subsequently occurred on the ground.

The extent of DA37 (thick black dashed line) and this scheme amendment proposal (red solid line) are depicted on **Figures 1 and 2.**

Lot 701 Armadale Road and Lot 9056 Bluegrass Street (dashed light blue line) are currently undeveloped with Lot 701 yet to form the subject of an approved local structure plan and Lot 9056 still in private ownership, pending the development of Lot 701. As a result, these two lots are not being rationalised at this time and will retain their existing 'Development' zoning as the final remnant portions of DA37.

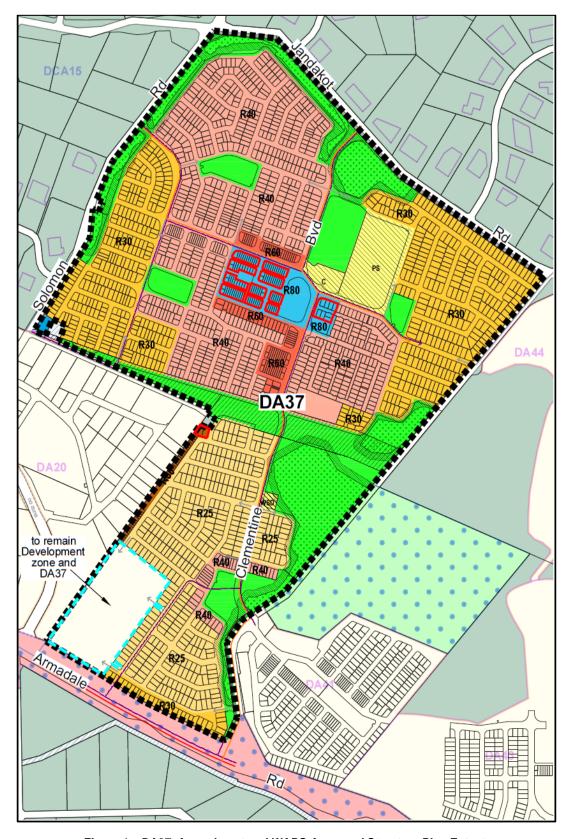

Figure 1 – DA37, Amendment and WAPC Approved Structure Plan Extents

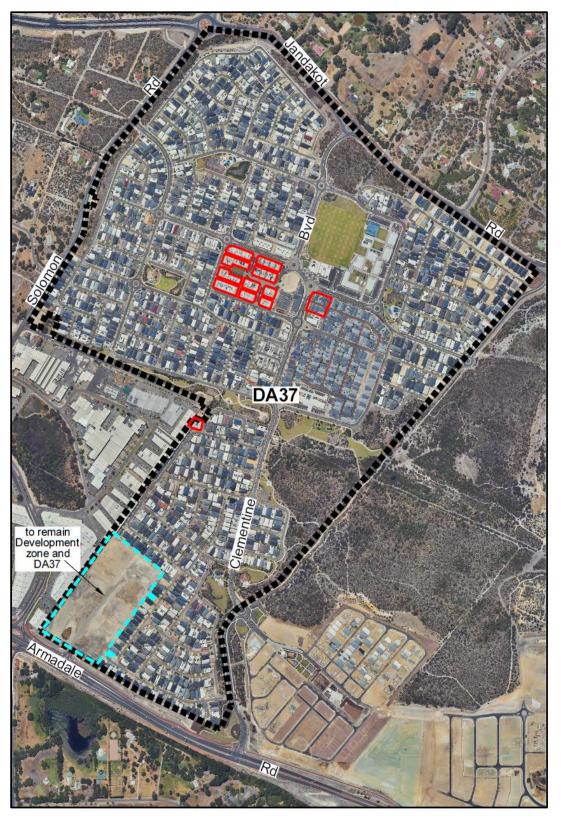

Figure 2 – Aerial Photograph showing extent of completed Subdivision and Development

The affected area is currently covered by Local Development Plans (LDP's). This amendment has no effect on the operation of those instruments which will remain in effect until they expire on (or after) 19 October 2025.

3.0 AMENDMENT TYPE

Part 5, Division 1, Regulation 34 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, identifies different amendment types: basic, standard and complex.

Regulation 35(2) requires the local government to specify in their resolutions to prepare or adopt an amendment what type of amendment it is, as well as the explanation for forming that opinion.

This proposed amendment is considered a 'standard' amendment, which Regulation 34 describes as any of the following amendments to a local planning scheme:

- a) an amendment relating to a zone or reserve that is consistent with the objectives identified in the scheme for that zone or reserve;
- b) an amendment that is consistent with a local planning strategy for the scheme that has been endorsed by the Commission;
- c) an amendment to the scheme so that it is consistent with a region planning scheme that applies to the scheme area, other than an amendment that is a basic amendment;
- an amendment to the scheme map that is consistent with a structure plan, activity centre plan or local development plan that has been approved under the scheme for the land to which the amendment relates if the scheme does not currently include zones of all the types that are outlined in the plan;
- e) an amendment that would have minimal impact on land in the scheme area that is not the subject of the amendment;
- f) an amendment that does not result in any significant environmental, social, economic or governance impacts on land in the scheme area;
- g) any other amendment that is not a complex or basic amendment.

This proposed amendment satisfies parts (d), (e) and (f) of the above criteria.

Specifically, it is an amendment that involves zoning land consistent with the intent and subsequent land use and built form outcome of approved structure plans for the same land, and/or other minor adjustments in a manner that do not have any significant environmental, social, economic or governance impact on surrounding land.

4.0 TOWN PLANNING CONTEXT

4.1 State Planning Framework

The entirety of DA37 is identified in the South Metropolitan Peel Sub-Regional Planning Framework and zoned 'Urban' under the Metropolitan Region Scheme.

4.2 City of Cockburn Local Planning Framework

Under TPS3, the area is zoned 'Development' and identified on the Scheme Map and in Table 9 of the Scheme Text as Development 37.

The purpose of the 'Development' zone is to trigger the requirement for a Structure Plan to guide further subdivision and/or development.

Table 9 allows specific 'provisions' to then be applied to defined Development Areas, to inform the subsequent structure planning and subdivision processes. For DA37 it includes the following:

| TABLE 9 – DEVELOPMENT AREA | | |
|----------------------------|--|--|
| AREA | PROVISIONS | |
| njup Quarry development | An approved Structure Plan together with all approved amendments shall be given due regard in the assessment of applications for subdivision, land use and development in accordance with clause 27(1) of the Deemed Provisions. The Structure Plan is to provide for an appropriate mix of residential and non-residential land uses, in order to support the objective for a mixed-use neighbourhood. Non-residential land uses may include compatible commercial and industrial (light and service industry) land uses, as a means to provide an appropriate interface and transition to the western adjoining Solomon Road Development Area 20. The Structure Plan is to provide for safe and efficient pedestrian connections between DA37 and the Cockburn Central Railway | |
| | njup Quarry | |

The land also forms the subject of Development Contribution Areas 13 and 15 (DCA13 & DCA15) under TPS3. This amendment has no impact of the operation of these DCA's

5.0 PROPOSAL

Subdivision and development of substantive portions of DA37 (in particular the entirety of the land covered by Structure Plan 37A) is complete, meaning it has served its purpose and is no longer required.

In combination with Scheme Amendment #169 this proposal therefore seeks to remove these areas from DA37 and insert appropriate zonings and reservations for the land into the Scheme, ahead of the structure plan expiring on 19 October 2025.

Development Area:

As there remain portions of DA37 yet to be developed (in particular, Lot 701 Armadale Road and Lot 9056 Bluegrass Street), complete deletion of DA37 and its special provisions is not proposed at this time, rather just a reduction to the extent of DA37 special control area boundary to reflect the outcome of this proposal.

Local Structure Plans (LSP):

Details of Structure Plan 37A (including the LSP map and an aerial of the area) are provided in this section to demonstrate our reasoning for rationalisation.

Treeby – Calleya Estate (37A)

Bounded by Solomon Road to the west, Jandakot Road to the north, Armadale Road to the south and Lot 5131 Jandakot Road and Lot 820 Ghostgum Avenue to the east, this Structure Plan identifies a comprehensive network of local roads and Public Open Space (POS), servicing primarily low residential density (R20) housing south of the 330kv powerline corridor that runs east-west through the middle of the estate, and medium residential density (R30 and R40) housing to the north.

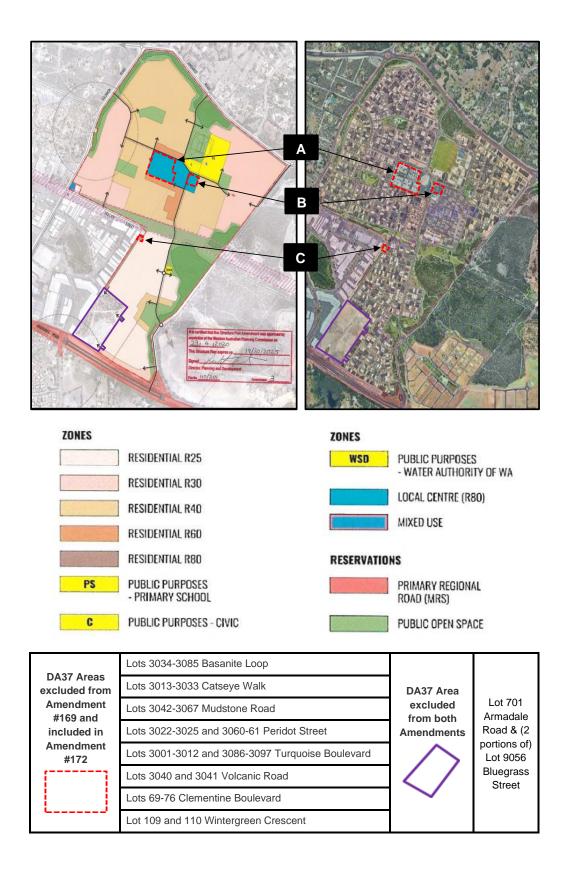

Pockets of higher density (R40, R60 and R80) housing are located in high-amenity locations that have a direct relationship to the POS, Primary School and the Local Centre, or form part of a specialist housing product that makes use of the parapet/boundary walls adjacent the 'Light and Service Industry' zone along Biscayne Way.

This proposal focuses on rationalising

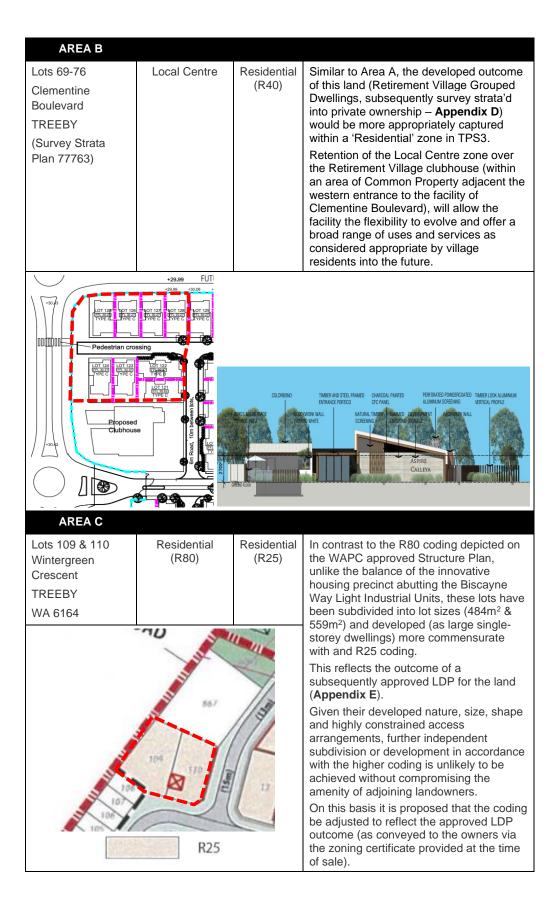

- The portion of the 'Local Centre' zone west of the IGA Supermarket;
- The 'Local Centre' zoned north-west corner of the retirement village (at the intersection of Torwood Avenue and Clementine Boulevard); and
- Lots 109 and 110 Wintergreen Crescent.

See red dashed line on the following figures and table for exact location.

A full copy of the approved Structure Plan Map, associated Master Plan and relevant Local Development Plans and Development Approvals are attached as **Appendices A-E**. The following table summarises how the City proposes to rationalise these areas in accordance with those outcomes.

| Property Address | Structure Plan Land Use Designation | Proposed TP3 Zoning | Reasoning | |
|---|---|---------------------------|--|--|
| AREA A Lots 3034-3085 Basanite Loop Lots 3013- 3033 Catseye Walk Lots 3042-3067 Mudstone Road Lots 3022-3025 & 3060-3061 Peridot Street Lots 3001-3012 & 3086-3097 Turquoise Boulevard Lots 3040-3041 Volcanic Road TREEBY | Designation Local Centre | Zoning Residential (R80) | The objective of a 'Local Centre' zone in TPS3 is: 'To provide for convenience retailing, local offices, health, welfare and community facilities which serve the local community, consistent with the local - serving role of the centre' The developed outcome of the land (Medium Density Terrace Housing) is more consistent with the objective of a 'Residential' zone in TPS3, which is: To provide for a range of housing and a choice of residential densities to meet the needs of the community. To facilitate and encourage high quality design, built form and streetscapes throughout residential areas. | |
| (Deposited Plan 414485) | | | To provide for a range of non-residential uses, which are compatible with and complementary to residential development. This outcome, which aligns with the refined Part 2 LSP Masterplan and subsequent Local Development Plan (Appendices B-C) outcomes, will help to focus core retail activities along the Clementine Boulevard mainstreet, whilst ensuring the scale of any supplementary commercial activities that want to move into the medium density housing precinct are tempered to protect the amenity of existing residents. | |
| THROUGISE BOULEVARD TO STANDARD AND AND AND AND AND AND AND AND AND AN | | | | |

6.0 CONCLUSION

For the following key reasons, it is suggested that now is an appropriate time for the structure plan to be revoked and its zones and reserves rationalised into the Scheme:

- All public reserves have been suitably constructed/embellished and transferred into public ownership; and
- all zoned land on the endorsed structure plans have been substantially subdivided and/or developed for private commercial and/or residential purposes.

Recognising these zones and reserves within TPS3 will:

- avoid the future need to seek WAPC approval to extend the approval period of the existing structure plans; and
- remove a redundant layer of planning control whilst still ensuring the City maintains appropriate mechanisms to guide and control future redevelopment of the land (including a similar range of permissible land uses and associated development standards as currently apply), consistent with current community expectations.

Planning and Development Act 2005

City of Cockburn Town Planning Scheme No.3 Amendment No.172

RESOLVED that the Council, in pursuance of Section 75 of the *Planning and Development Act 2005*, amend the City of Cockburn Town Planning Scheme No.3 by:

- 1. Rezoning various lots within 'Development Area 37' from 'Development' to 'Residential (R25)', 'Residential (R40)' and 'Residential (R80)', 'as depicted on the Scheme Amendment Map.
- 2. Reducing the extent of the 'Development Area 37' special control area boundary, as depicted on the Scheme Amendment Map.

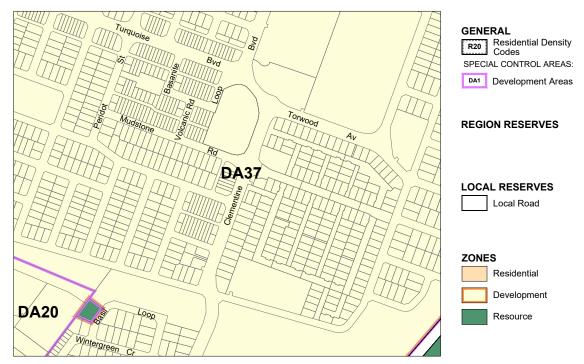

The amendment is 'Standard' under the provisions of the *Planning and Development* (Local Planning Schemes) Regulations 2015 for the following reason(s). It is:

- an amendment to the scheme map that is consistent with a structure plan or local development plan that has been approved under the scheme for the land to which the amendment relates if the scheme does not currently include zones of all the types that are outlined in the plan;
- an amendment that would have minimal impact on land in the scheme area that is not the subject of the amendment; and
- an amendment that does not result in any significant environmental, social, economic or governance impacts on land in the scheme area.

Pursuant to Regulation 35A of the *Planning and Development (Local Planning Schemes)* Regulations 2015, the amendment to the above Local Planning Scheme affects the following structure plans:

| Structure Plan # | Address | Endorsement Date | WAPC Reference |
|------------------|------------------------------------|------------------|----------------|
| 37A | Banjup Quarry Local Structure Plan | 23/4/2020 | SPN/0521 |

Upon the amendment taking effect the remaining portions of the approved structure plan are to be revoked.

The provisions below (and accompanying plan) relate to the WAPC approved Plan of subdivision for lots, 9016, 9025, 9026 and 9030 Jandakot Road, Treeby (WAPC Ref. 154836 & 155104).

Unless provided for below, the provisions of the City of Cockburn Local Planning Scheme No. 3 and State Planning Policy 3.1 - Residential Design Codes (R-Codes) apply, A Residential Density Code of R60 applies to lots 481-487 & 1085 and an R80 coding applies to the balance of the lots contained within this Local Development Plan unless otherwise

The following standards are deemed to represent variations to the R-Codes, and constitute Deemed-to-Comply requirements pursuant to the R-Codes and do not require consultation with the adjoining landowners. Development which complies with this LDP does not require a Development Application as per the regulations.

| | Average | N/A |
|---|---------|--|
| Lots 3022-3025, 3040, 3041, 3060, 3061, 3084 & 3085 | Minimum | Nil setback permitted to rear boundary behind nominated street setback (no maximum length or height). |
| Lots 3022-3025, 3040, 3 | | Side boundary |

- The garage setbacks for lots 3022-3025, 3040, 3041, 3060, 3061, 3084 & 3085, are permitted to be reduced to 2.5m provided the following criteria being met:
 - Clear sight lines are provided along the street;
- The garage does not occupy more than 45 percent of the frontage at the setback
- An upper floor element is being provided;

- At least one major opening to a habitable room of the dwelling is clearly visible from
 - Dwelling facades are to include a porch/verandah
- The setback for the comer truncations for lots 3001, 2012, 3022, 3023, 3024, 3025, 3040, 3041, 3041, 3042, 3060, 3041, 3082, 3056, 3074, 3044, 3084, 3085, 3086 are permitted to be reduced to 0.25m for projections such as balconies, porches, chimneys, roof everhangs, columns, louvers, architectural features and other minor building elements.

GARAGES

- Garages are to be located in accordance with the nominated location on the plan. Minor variations to garage locations may be applied.
 - The garages for lots 3012, 3013, 3042, 3062, 3068, 3074, 3097 & 3086 are permitted to be built up to the laneway truncation.

OPEN SPACE

- A minimum open space requirement of 25% applies to all lots contained within this LDP Outdoor living areas (OLA) may be reduced to $12 \mathrm{m}^2$, provided the OLA has a minimum dimension of $334 \mathrm{m}$.
- Lots 3019 & 3028 are required to provide an upper-floor balcony to provide surveillance APPEARANCE AND STREETSCAPE

over the adjoining PAW (Catseye Walk).

- Enclosed non-habitable structures, such as storage sheds visible from the public realm only permitted if attached to the dwelling and constructed of the same materials as the dwelling. All letter boxes and house numbers shall address the Primary Street
- 10.Clothes drying, refuse, general storage areas and ground based hot water storage tanks are to be screened from the public view.

NOISE MANAGEMENT

11. All lots are within the Jandakot Airport "Frame Area" and must incorporate 6.38mm laminated glazing to all habitable rooms, including kitchers. Paras accompanying the Building Permit applications must clearly demonstrate that 6.38mm laminated glazing is provided to all applicable rooms.

BUSHFIRE MANAGEMENT

12. The Calleya North Bushfire Attack Level (BAL) assessment (as amended) shall be provided with any Building Permit, in accordance with the requirements of State Planning Policy 3.7. Planning in Bushfire Prone Area and the Guidelines for Planning in Bushfire the bushfire management plan shall be completed and endorsed by the City prior to, or at the time of determination of any Building Permit. For any lots where the BAL rating requires a bushfire management plan under SPP3.7, Prone Areas (SPP3.7)

PRIVACY PROVISIONS

The privacy provisions of the R-Codes (Clause 5.4.1) do not apply to all lots contained within this LDP.

14. No maximum overshadowing regardless the height of the boundary wall.

UNIFORM FENCING

- 15. Uniform fencing shall be provided by the developer in accordance with the LDP.
- As a minimum fencing shall be a visually permeable above a height of 1200mm (measured from finished lot level) for passive surveillance.
- 17.Uniform fencing shall be maintained by the landowner, and shall not be modified without written consent from the City.

Officer Recommendation/Council Decision

MOVED Cr T Widenbar SECONDED Cr T Dewan

That Council:

RECEIVES the report;

- (2) NOTES concept design and cost estimates for the proposed Banjup 'Threshold Treatments' have been prepared by SMEC Engineering Consultancy;
- (3) ENDORSES the proposal and inclusion of the proposed "Threshold Treatments" for consideration in the 2024/25 Draft Budget for project delivery; and
- (4) REQUESTS the CEO to implement a comprehensive data acquisition and reporting program across the project area following completion of the project for a period of three years.

CARRIED 10/0

Background

At the 14 September 2023, Council resolved the following:

That Council:

- (1) RECEIVES the report;
- (2) NOTES that the City performed the traffic counts for roads in Banjup as follows:
 - 1. At the north and south ends of Liddelow and Beenyup Roads (on the main cross routes of Harper Road, Gibbs Road, and Coffey Road);
- (3) ENDORSES further engagement with Banjup residents and Main Roads WA to pursue a Local Area Speed Zone reduction via the introduction of "Threshold Treatments" and appropriate line marking and signage:
- (4) ACKNOWLEDGES an Investigation Report of Proposed Local Area Traffic Management – including concept designs and cost estimates for the initially proposed traffic treatments for Liddelow Road has been prepared by SMEC Engineering Consultancy but put on HOLD pending further instruction of Council;
- (5) ACKNOWLEDGES the City has submitted the latest traffic data for roads in Banjup to the WA Police and requested support for speed enforcement;

| 92 of 393 | |
|-----------|--|
| | |

Item 14.1.3 OCM 14/05/2024

(6) REQUESTS a further report to Council with proposed concepts and costings of the 'Threshold Treatments' and outcomes of engagement activities for further consideration by the December 2023 Ordinary Council Meeting.

Reason

The Banjup suburb is a low-density rural location with unique character. It is surrounded by medium density Urban Development and bounded by significant arterial roads (Rowley Road, Armadale Road, Nicholson Road, and the Kwinana Freeway to the west of the Aubin Grove and Atwell suburbs.

Due to this location, it has been subjected to significant traffic volumes on roads which are not constructed in a manner (Non Built up area standards) to deal with this significant transport task.

The nature of the roads and increasing congestion on the surrounding roads has encouraged additional traffic to utilise the roads and due to historic Speed Zoning. Practices in a manner which is both unsafe and impacts the amenity of the area.

Submission

N/A

Report

Matters relating to Banjup Local Area Traffic Management date back to FY20 with multiple reports put to Council across subsequent years to consider options intended to address issues in the local road network of Banjup associated with increasing urbanisation in areas surrounding the suburb.

To date a singular option has not been selected to proceed to delivery stage, with issues of treatment style and cost (when compared to competing demands in the City) often being barriers to addressing issues in a reasonable manner.

This proposed treatment aims to find a middle ground where the style and character of Banjup is not impacted in a major way (urban road treatments), whilst traffic issues are addressed with flow retained in the same manner as currently (no road closures proposed) to ensure problems are not transitioned unfairly from one residential street to another.

A reduction in speed is considered a suitable way to deter rat running and commercial vehicles from the local road network whilst broader issues in the surrounding transport network are addressed.

The introduction of the threshold treatments required to attain the local area speed limit whilst collectively expensive are considered reasonable as a Local Area Traffic Management treatment to address an area the size of Banjup.

Importantly they may be implemented in a manner that fits with the adopted preservation principles of Banjup.

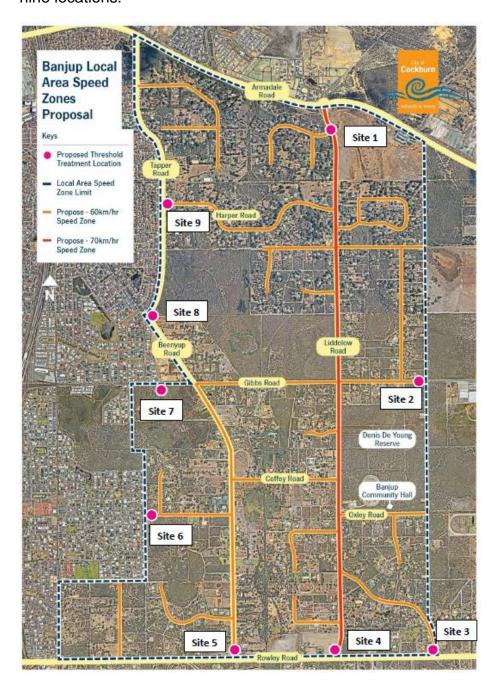

| 93 of 393 |
|-----------|
| |

It is important to note that this singular treatment will not address all issues raised by the community within the local road network but that it aims to work in conjunction with the proposed subsequent treatments proposed and discussed in this report (see Community Consultation).

In response to Part 6 of the September 2023 Council resolution, the City can advise:

Design and Cost Estimates

Further to receiving MRWA's in principle support for speed reduction on roads in Banjup the City has engaged SMEC Engineering Consultancy to prepare concept design plans and cost estimates for the proposed "Threshold Treatments" across the nine locations.

Item 14.1.3 OCM 14/05/2024

Currently, Liddelow Road is classified as a Local Distributor Road within the Road Hierarchy of the City, with the predominant purpose of movement of traffic within local areas and connecting access roads to higher order Distributors.

Liddelow Road connects Armadale Road and Rowley Road with a sign posted speed limit of 80km/hr, with the exception of a short section (approximately 700m) connecting Armadale Road with a sign posted speed limit of 70km/h.

Given that MRWA has supported speed reduction for roads within Banjup to receive a 60km/hr speed limit except for Liddelow Road, which would receive a speed reduction to 70km/hr, concept design and cost estimates have been prepared in line with this principle.

Key information:

- To receive a speed reduction to 60km/hr on all roads with the exception of Liddelow Road, which receives a speed reduction of 70km/hr
- Raised threshold treatments for seven locations within Banjup
- Shallow Raisesd threshold treatment for two locations on Liddelow Road
- SMEC Cost estimate \$398,064.55. (Civil Works)
- Threshold treatments to act as identifying/landmark features to highlight to motorists they are entering/exiting an area with differing character. These treatments are to highlight the presence in the change in speed zone and in themselves do not serve as traffic calming for the purpose of speed reduction.

Concept Design Plans are included in Attachment 2 and cost estimates are included in Attachment 3.

It should be noted that one important condition to achieve speed reduction would be the City proposing and having funding endorsed for the provision of the "Threshold Treatments". MRWA will not support the speed zone reduction in this manner without these treatments.

Community Engagement outcomes are covered within further sections of this report and the City have considered and responded to community concerns in reaching the below recommendation.

The City recommends the Council endorsing the proposed "Threshold Treatments" and speed reduction based on following reasons:

- Preservation of low-density rural character in Banjup. The proposed reduced speed limit and threshold treatment design has been chosen to align with the Council adopted Banjup Preservation Principles and they would discourage a portion of road users from other areas to travel with roads in Banjup.
- The previously considered traffic treatments (slow-point) for Liddelow Road have been proven to be infeasible in terms of project cost and in meeting the latest standards create a significant misalignment to the Council adopted Banjup Preservation Principles.

 Many concerns raised within the community engagement with the treatment related to an inability to enforce the new speeds with many residents believing peoples behaviour will not modify.

These concerns are unwarranted and not supported by industry evidence of speed zone compliance. Evidence suggests the operating speed (85th percentile) of the roads will reduce following the speed limit reduction, as with all roads a proportion of the population will elect to drive the road contrary to the rules. It is proposed with the implementation of monitoring and enforcement activities that this concern may be sufficiently mitigated.

Other concerns related to this include the lack of belief that people would take an
alternate route (mitigating rat running), with a speed zone reduction the
desirability of the route under normal operating conditions will reduce due to the
lower speed environment and prevalence of alternate options in the adjoining
network which generate shorter travel times.

This scenario has been modelled and confirmed in the City of Cockburn District Traffic Model.

In addition to this the City is investigating functionality of intersections within the network that give priority to rat running motorists and will work with MRWA on solutions which prioritise vehicle movements on the higher order roads (Liddelow Road/Armadale Road).

Should the Council support the City pursuing the area wide speed limit reduction and "Threshold Treatments," it is recommended to include this project in the 2024/25 Draft Budget for Council's consideration and the Concept Design Plans would be submitted to MRWA for assessment and approval.

The City would seek to deliver the "Threshold Treatments" and have Main Roads Western Australia implement the speed zone reduction by mid-2025.

Strategic Plans/Policy Implications

Community, Lifestyle and Security

A vibrant healthy, safe, inclusive and connected community.

City Growth and Moving Around

A growing City that is easy to move around and provides great places to live.

An integrated, accessible and improved transport network.

Listening and Leading

A community focused, sustainable, accountable, and progressive organisation.

- High quality and effective community engagement and customer service experiences.
- High quality and effective community engagement and customer service experiences.

Item 14.1.3 OCM 14/05/2024

Budget/Financial Implications

The cost for design, assessment and application to MRWA, along with signage and line marking, has been allocated within WC01790 - Banjup Traffic Management.

The cost for installation of signage and line marking is covered by MRWA.

The City recommends including this project in the 2024/25 Draft Budget to consider funding the "Threshold Treatments" proposed within this report.

Legal Implications

N/A

Community Consultation

In response to Part 3 of the September 2023 Council resolution, the City can advise:

Engagement with Banjup residents and Main Roads WA

To understand the community sentiment of the proposed reduction in speed and associated treatments for the Banjup area, the City has undertaken a community engagement activity with Banjup residents. Details of the Community Engagement process and results can be found in Attachment 1.

Key findings include:

- More than half of the respondents identified concerns regarding current traffic speeds on Banjup roads.
- More than half of respondents indicated concerns regarding current vehicle traffic numbers on Banjup Roads.
- Those that indicated concerns most commonly identified Liddelow Road, Gibbs Road, and Beenyup Road as roads with concerning traffic volumes.
- Fewer than half of the respondents believe that reducing speeds on Banjup roads would help address speed and volume issues.
- Almost three-quarters of respondents have concerns regarding rat-running on Banjup roads:
 - Those that indicated concerns regarding rat-running most commonly identified Liddelow Road, Beenyup Road and Gibbs Road as roads subject to ratrunning.

Further, the Banjup Residents Group provided a written submission voicing support for the proposed treatments and speed reduction sighting a 35 For and 5 Against vote of supporting the proposed treatment and speed reduction at their Annual General Meeting.

The City also notes a number of concerns raised within the engagement activity relating to separate matters in the road network and provides the following comments:

| 97 of 393 |
|-----------|
| |

Road Safety

Concerns at the intersection of Liddelow Road, Rowley Road and De Haer Road

The City can confirm it has prepared draft designs to address road safety issues at this intersection with a view to submission to the upcoming round of the State Blackspot program. Proposed form of treatment is a roundabout in a "peanut" configuration joining the intersections of Liddelow and De Haer Roads.

The City have received in principle support from the City of Kwinana and MRWA for this treatment.

Concerns at the intersection of Liddelow Road and Harper Road

Concerns are noted with an acknowledgment that three crashes have occurred in the three year period, the proposed speed limit reduction (lower operating speed) will assist in allowing motorists more time to safely use intersections within the project area and in the event of accidents should lessen the consequence of any accidents that occur.

Concerns at the intersection of Rowley Road and Lyon Road

The City can confirm it is working through the required process to gain approval for a signalised intersection at this location (MRWA). This treatment has in principle support of the City of Kwinana. It is hoped this proposal will be ready for submission to the State Blackspot program in the 24/25 FY.

Concerns at the intersection of Nicholson Road and Rowley Road

This intersection falls outside the area of control of the City of Cockburn. This concern will be referred to the appropriate agencies to consider.

Rat Running/Congestion

Concerns relating to rat running to Liddelow Road and congestion on Armadale Road at Liddelow Road

The City can confirm it is in discussion with MRWA relating to treatment options to address rat running associated with the roundabout at the intersection of Liddelow Road and Armadale Road.

Potential treatment options include metering the roundabout to ensure priority is provided to Armadale Road increasing the desirability and capacity of this intersection and detracting motorists from choosing Liddelow Road.

Concerns relating to congestion in Banjup related to Kwinana Freeway and Metronet

The State government have confirmed it is committed to the widening of Kwinana Freeway as part of the Westport program this is anticipated to occur by 2032.

| 98 of 393 | |
|-----------|--|
| | |

Item 14.1.3 OCM 14/05/2024

The City is also aware that additional traffic may well be traversing the area to gain access to the train stations at Aubin Grove and Cockburn Central due to the closure of the Armadale train line.

It is considered this treatment (speed reductions) appropriately retains priority to higher order roads to discourage use of Banjup roads whilst these important projects occur.

A shift to the fabric of the Banjup road network (road closures) would not be considered desirable for these "short term" issues as they will fundamentally shift problems to other parts of the network (within or outside of Banjup) which would not be reasonable for residents who the problems were shifted to.

Heavy vehicles

Residents remain concerned with heavy vehicle usage through parts of the Banjup road network (Liddelow Road).

It is anticipated that a combination of treatments, as noted previously put in place to place priority to surrounding "higher order" roads will be sufficient to attract heavy vehicles back to these roads as the preferential routes for their commercial activities.

The vehicles are considered as of right vehicles and are operating legally (they have a legal right to use the roads).

Whilst a speed reduction will act as a deterrent a lower general speed for these vehicles will also minimise the duration of acceleration and braking reducing vehicle noise where they do elect to take routes within Banjup.

Safety of non car uses

Residents have raised concerns with the ability for non car uses to occur safely within Banjup given the speed and volumes of vehicles on some roads.

A further body of work is planned to be completed in the 24/25 FY to update the City Walking and Cycling Plan.

Given the low density of Banjup it is not envisaged that all roads would end up with the provision of paths typically seen in urban areas.

Within the Long Term Cycling Network Liddelow Road, Beenyup Road and Tapper Road are all indicated as aspirational Cycling/Walking routes in determining the need for infrastructure upgrades the City will consider the mix of traffic (volume/speed/type) to determine if on road facilities are considered appropriate and demanded/warranted given the likely low usage of the paths in comparison to existing urban areas.

Risk Management Implications

Risk management within the City road reserves follows the "Safe Systems" principles consistent with the State and Federal Road Safety Strategies.

In relation to this proposal, Safe Systems considers the following:

Safe Speeds: Speed is at the very heart of road safety. It affects both the risk of being involved in a crash and the outcome should a crash occur.

With the community sentiment towards the proposal split this represents a 'moderate' risk to Brand and Reputation risks of the City irrespective of the decision of Council.

It is considered almost certain that the outcome of this decision will not appease all, with potential for local media coverage.

Should Council determine to support the proposal it could be considered that in comparison to the earlier proposed Local Area Traffic Proposals for Banjup that Finance risks have been mitigated from what would be considered 'extreme' to a level of 'high' and for Environmental Health from a level of 'substantial' to a level of 'low'.

This is due to the significant reduction in demand for unplanned (LTFP) financial requirements to implement the proposal.

Advice to Proponent(s)/Submitters

The Proponent(s) and those who lodged a submission on the proposal have been advised that this matter is to be considered at the 14 May 2024 Ordinary Council Meeting.

| Implications of Secti | on 3.18(3) <i>Local</i> | Government Act 1995 |

Acknowledgement of Country

The Mayor, Councillors and staff of the City of Cockburn acknowledge the Whadjuk Nyungar people of Beeliar boodja as the traditional custodians of this land. We pay our respect to the Elders, past and present.

Background

In September 2023, the Council endorsed further engagement with Banjup residents in relation to a proposed reduction in speed across the Banjup suburb at their <u>Ordinary Council Meeting</u>.

Banjup is a low-density rural location with a unique character. It is surrounded by low and medium density Urban Development and bounded by significant arterial roads, including Rowley Road, Armadale Road, Nicholson Road and the Kwinana Freeway. Due to this location, it has been subjected to significant traffic volumes on roads which are not constructed in a manner to deal with this significant transport task.

Following consultation with the community in 2019 and liaison with Main Roads WA, the City is recommending an approach which utilises a reduction in speed to disincentivise non-local traffic from traversing the suburb, however, further engagement is needed with the community to confirm community sentiment and expectations for this treatment.

Consistent with the earlier Strategic Briefing of the council and September OCM, alternative traffic treatments are not deemed financially viable (or warranted), nor are they in keeping with the council-adopted preservation principles for Banjup.

Key issues include:

- The roads within Banjup are being utilised as through roads when traffic is heavy on the freeway. Liddelow Road, in particular, is utilised by non-residents, to move north-south. There is increased traffic on the local roads, contributing to resident concerns regarding safety, traffic, and amenity.
- Previously proposed treatments were not reflective of the area and as such not accepted by the community. Treatment methodology must be in alignment with the Preservation Principles of Banjup (endorsed by Council).

This document summarises the consultation process and the feedback received.

| page 3 |
|--------|
| |

Process

Between Wednesday 28 February 2024 and Friday 15 March 2024, the City invited participants to provide feedback in the following ways:

- Online survey
- Hard copy feedback form (available on request)
- Phone call
- Email
- Community drop-in session.

To raise awareness and encourage input, the City distributed the following communications about the project:

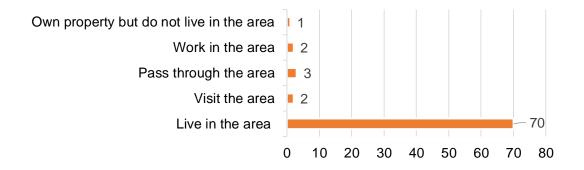

- Letters posted to residential letterboxes
- Early discussions with Banjup Residents Group (BRG)
- Project page on the City's Comment on Cockburn website.

During the comment period, the project page on the Comment on Cockburn website received 251 visits, 78 people provided feedback, and 31 people attended the community drop-in session.

The City's Manager Transport and Traffic attended the BRG Annual General Meeting (10 March 2024). The BRG subsequently provided a written submission on the project.

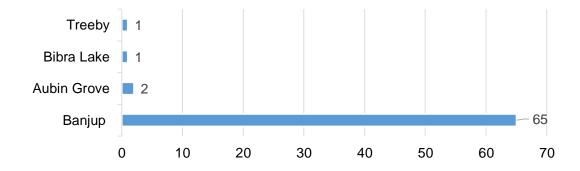

Response Demographics

Relationship to Banjup Area*

^{*}Some responders indicated more than one relationship to the area and therefore total responses does not equate to total submissions

Suburb of Residence

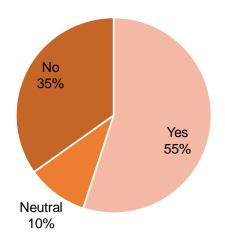

Feedback Summary

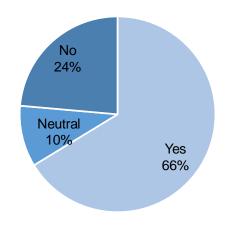

Key findings include:

- More than half of respondents identified concerns regarding current traffic speeds on Banjup roads.
- More than half of respondents indicated concerns regarding current vehicle traffic numbers on Banjup Roads
 - Those that indicated concerns most commonly identified Liddelow Road,
 Gibbs Road and Beenyup Rd Road as roads with concerning traffic volumes.
- Fewer than half of the respondents believe that reducing speeds on Banjup roads would help address speed and volume issues.
- Almost three-quarters of respondents have concerns regarding rat-running on Banjup roads.
 - Those that indicated concerns regarding rat-running most commonly identified Liddelow Road, Beenyup Road and Gibbs Road as roads subject to rat-running.

Do you have concerns regarding current vehicle traffic speed on Banjup roads?

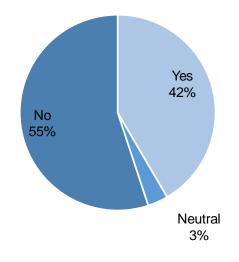

Do you have concerns regarding current vehicle traffic numbers on Banjup roads?

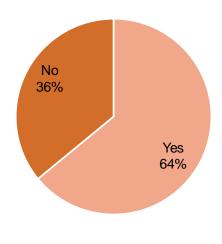

Do you think that reducing speeds will help to address speed and volume issues on Banjup roads?

Do you have concerns regarding rat running occurring in Banjup?

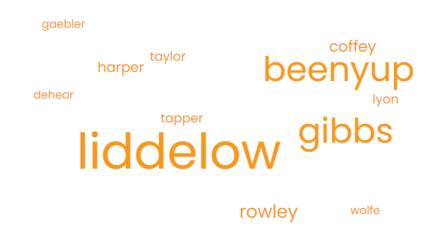

Do you have any other concerns regarding general transport issues in Banjup?

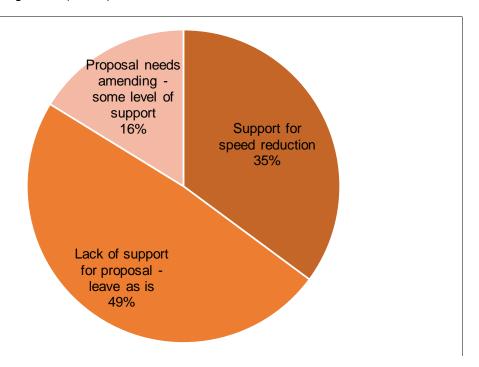

What roads are you concerned about rat running occurring on?

Do you have any other concerns regarding general transport issues in Banjup?

Some respondents used this question to show support or opposition for the Banjup Local Area Traffic Management (LATM).

Key themes identified when respondents indicated a level of support for the proposal but identified that amendments were required included:

- Liddelow Road should remain at current speed
- Only amend speed on minor roads
- Traffic assessments should occur 12 months after implementation to assess for continuation of reduced speeds
- Reassess locations of treatments where they are located adjacent to intersections traffic will already have slowed and therefore they are unnecessary and problematic for those towing.

Top five concerns respondents raised in response to this question:

- 1. Existing Intersections
 - Liddelow Road and Rowley Road intersection was raised as an issue by multiple respondents – suggestions for improvement included
 - Change to left turn only
 - Convert to roundabout
 - Align to De Haer Road
 - Liddelow Road and Harper Road intersection
 - Regularly requires hard breaking to avoid collisions.
 - Exiting Harper left onto Liddelow needs addressing concerns around overtaking and subsequently cars travelling on the wrong side of the road.
 - Consider a roundabout to reduce speed into and out of the intersection
 - o Rowley Road and Lyon Road
 - needs a set of traffic lights.
 - Rowley Road and Nicholson Road
 - is dangerous and creates congestion and extended wait times particularly in morning peak and afternoon peak
 - A high volume of trucks are making the turn into Nicholson Road from Rowley Road dangerous.
 - Rumble strips at the intersections onto Rowley Road would be useful to warn people of the approaching intersection.
 - Change the roundabout at Liddelow Road and Armadale Road to traffic signals to reduce risk and discourage rat running.
- 2. Roads external to Banjup are not flowing and encouraging people to use Banjup Roads
 - When the freeway is blocked it will always be faster to use Banjup to travel north-south regardless of proposed speed changes
 - The rat running has become worse with the temporary closure of the Armadale train line – this is only temporary and not worth making amendments for a non-permanent situation
 - o Address why Banjup is used for rat-running rather than amending Banjup.
- 3. Trucks and Heavy Vehicle use of Banjup Roads
 - Multiple reference to negative impacts on roads and subsequent requests to remove quarry trucks from Liddelow Road
 - Concerns regarding truck use included noise, speed of travel and not suited to the area
 - Heavy truck use prevents people feeling safe walking or cycling adjacent to roads
- 4. Safety of non-car users
 - o Residents do not feel safe walking or cycling along Banjup Roads
 - Footpaths are requested to increase safety of other transport modes
 - Pedestrian access to Armadale Road at Liddelow Road needs addressing to support bus use
 - Overgrown verge vegetation increases walking challenges as pushes pedestrians onto the road
 - Construct a footpath to provide non car use to nearby schools and shops

- 5. Driver behaviour
 - o Concerns that reducing speeds will encourage poor driver behaviour
 - Hooning is a regular occurrence and reducing speed limits will not improve this as the area is not policed
 - o Concerns that slower speed limits will lead to dangerous overtaking
 - Recommendations to introduce policing methods to area to reduce poor driver behaviour – including electronic speed signs or fixed speed cameras

Other themes raised were:

- Nature and environmental impacts
- Retention of current feel of the area
- Traffic impacts from slowing vehicles
- Impacts to emergency vehicle response times
- Lack of police presence in area
- Impacts from vehicles traversing raised pieces of road noise from braking and accelerating and impacts to animals being towed (eg horse floats).

Banjup Residents Group Submission

The Banjup Residents Group (BRG) held its AGM during the consultation period and discussed the Banjup Local Area Traffic Movement Project. The group subsequently provided a written submission voicing their support for the project. The submission was provided by the BRG secretary. The submission identifies that 40 individuals attended the AGM and 35 voted in support of the changes which were subject to community engagement as set out on Banjup Traffic Management - Tell us your views | Comment on Cockburn.

This analysis will identify the key themes presented, however, is being considered separate from other submissions as there are no individual names provided.

This submission is not considered to hold greater weight than other individual residents' submissions.

The BRG provided strong support for the proposed treatments as set out on <u>Banjup Traffic Management - Tell us your views | Comment on Cockburn</u>. They endorse the installation of entry statements and reduction of speed limits, viewing them as aligned with the City's Banjup Preservation Principles. However, they emphasize the importance of ongoing monitoring and evaluation to ensure these changes effectively reduce traffic volumes and speeds without unintended consequences.

The key issues identified by the BRG that they would like to see overcome are traffic volumes and speed.

The submission notes that the proposed measures aim to address issues such as ratrunning, particularly on roads like Liddelow Road, Beenyup Road, and Gibbs Road, which experience high volumes of through traffic. The BRG notes that these roads were not designed to handle such traffic levels. Additionally, the proposal seeks to align with the Banjup Preservation Principles outlined in the Local Planning Strategy, emphasising the intended function of roads for local traffic rather than serving as thoroughfares for outside areas. The BRG, through community support, seeks to realise a vision of Banjup as a safe and tranquil haven while defending against intrusive traffic and preserving its natural environment.

The BRG advised they have observed a significant increase in traffic over the years, with roads like Liddelow experiencing volumes well beyond what residential areas would typically generate. The inconsistency in speed limits and enforcement further exacerbates safety concerns. The proposed standardisation of speed limits across Banjup's roads is seen as a step towards addressing these issues.

Next Steps

The City of Cockburn would like to thank the community for their involvement in the community consultation process for Banjup Local Area Traffic Management Project

Community feedback will be taken into consideration, with next steps, as well as any outcomes or decisions about this project published on the Comment on Cockburn website when available.

For further information, please contact the City of Cockburn at 08 9411 3444 or email comment@cockburn.wa.gov.au.

| CONTINGENCY SUM (20%) | \$61,240.70 |
| GST (10%) | \$30,620.35 |
| TOTAL OF TENDER | \$398,064.55 |

SMEC DISCLAIMER:

The estimate shall be considered as indicative only and not purported to represent anything more than an The cost estimate provided is based on the past experiences, the estimate does not allow for:

- Staging of works
 Handling of site contaminated materials nor unsuitable material
- 3 Remediation works
- 4 Competitive market conditions
- 5 Latent conditions
- 6 Landtakes

In our cost estimate, we have made the following assumptions / rationale:

- 1 Pavement failure was evident in some focus areas. Rectification works has been excluded from this cost
- 2 New pavement is assumed to comprise of :

40mm Asphalt

100mm Crushed Rock Basecourse

200mm Crushed Limestone

Council Decision

MOVED Cr T Widenbar SECONDED Cr T Dewan

That Council:

(1) AWARDS the Contract for sand nourishment and dredging works at C.Y. O' Connor and Port Coogee to Maritime Constructions Pty Ltd at an estimated value of \$492,275 (ex GST).

CARRIED 10/0

Background

The City of Cockburn (The Principal) is seeking a suitably qualified and experienced contractor to undertake the extraction, transportation and deposition of approximately 20,000m³ (bank volume) of sand from the sand trap north of Port Coogee to C.Y. O'Connor Beach South.

The scope includes:

- Backpassing of approximately 20,000m³ of sand material from the sand trap north of Port Coogee to C.Y. O'Connor Beach South via a temporary pipeline, spanning a maximum distance of 1,900m
- Management of public access to the work sites and installation of temporary exclusion barriers, fencing and signage as per the Drawings and Specification.

Due to a growing deficit of beach-accessible sand for nourishment, the works require a floating dredging plant to reach sufficient volume of beach nourishment material, as opposed to the land-based excavation methods employed previously.

Previously the City issued Tender RFT19/2021 to perform similar works.

This led to the appointment of Hydraplant Dredging Pty Ltd as the main contractor for the works from a direct appointment as permitted under the regulations due to the Tender process not identifying a suitable contractor.

| 126 of 393 | |
|------------|--|
| | |

Item 14.1.4 OCM 14/05/2024

This was the result, given the specialised dredging plant required, based on suitable timing and availability.

In 2023, Hydraplant Dredging Pty Ltd was acquired by Maritime Constructions Pty Ltd who now own and operate the fleet of purpose-built dredging plant.

Maritime Constructions are the preferred contractor for the Department of Transport (DoT) maintenance dredging contract and performs work for DoT throughout the state.

In 2023, the City had informal discussions with another known contractor RN Dredging Pty Ltd (RN Dredging) to determine whether their vessel Modi-R, was able to access the sand from Chelydra Beach.

Unfortunately, the Modi-R is unable to source the sand at Chelydra Beach due to the shallow water depths and the presence of sea wreck. RN dredging Pty Ltd is currently contractually obligated to Cockburn Cement Limited.

Accordingly, the procurement market strategy to undertake the dredging and beach nourishment activity at C.Y. O'Connor Beach and Port Coogee resulted in a sole supplier procurement exemption. This was approved under delegation by the CEO in accordance with the City's Procurement Policy.

Submission

Quote MC1105/23SWA-A North Coogee Beach Renourishment 2021 – Bypass Proposal sought from Maritime Constructions Pty Ltd for the dredging and beach nourishment campaign at C.Y. O'Connor Beach and Port Coogee received on 14 December 2023 (refer Attachment 1). Further information was received from Maritime Constructions on 20 March 2024 (refer Attachments 1-6).

Report

The City requires a suitably qualified and experienced contractor to undertake the extraction, transportation and deposition of approximately 20,000m³ (bank volume) of sand from the sand trap north of Port Coogee to various nourishment sites to the north.

Coastal consultants MP Rogers recently completed an assessment on potential dredge operators in WA for works required at the Ocean Reef Marina.

This assessment confirmed that only two contractors are currently operating in WA: RN Dredging and Maritime Constructions (refer Attachment 7).

From the discussion with the contractors, the City has determined there is only one viable dredge operator at this time based in WA that has the capability to extract the required sand from the waters of Chelydra Beach.

It is proposed to appoint Maritime Constructions to undertake the dredging and beach nourishment campaign at C.Y. O'Connor Beach and Port Coogee.

The Modi R owned and operated by RN Dredging is unable to source the sand at Chelydra Beach due to the shallow water depths and the presence of sea wreck. RN Dredging is also currently contractually obligated to Cockburn Cement Limited.

| 127 of 393 |
|------------|
| |

OCM 14/05/2024 Item 14.1.4

Maritime Constructions has demonstrated adequate previous relevant experience, giving the highest confidence that the works can be executed and delivered as required.

Previous experience listed includes dozens of previous dredging and sand nourishment projects across Western Australia, many of these undertaken as the preferred contractor for DoT, including having undertaken the last sand bypassing works at Port Coogee in 2022 by accessing offshore sand from Chelydra Beach.

Maritime Constructions has supplied information that details it has 11 vessels, with five based in WA and two of those in Henderson.

Currently Maritime Constructions have adequate personnel and plant available to undertake the works.

Maritime Constructions have provided a sample methodology statement and details on how the contractor plans to undertake the required services.

This document is comprehensive and covers the key aspects of delivering and managing the works.

A more detailed methodology will be provided post award in the form of a Project Execution Plan.

The final Plan will be developed by the allocated project engineer to ensure compliance to the method, Integrated Management System (IMS) and client/contract requirements (refer Attachment 3).

Maritime Constructions performance of their Environment and Sustainability requirements is covered broadly by their IMS and compliance to ISO14001.

In addition, this included adopting additional management actions, monitoring and reporting against environmental outcomes (refer Attachments 4 and 5).

Maritime Constructions is a local regional business based in Fremantle and is therefore able to meet the City's local economy objectives.

Following meetings with and documentation supplied by Maritime Constructions, a proposal to undertake the required scope was provided via a floating dredging plant.

The availability of their equipment is key to delivering the works with the current Maritime Construction works program and plant availability.

The current accepted period of works is late winter/early spring 2024 with the potential to engage them again in April 2025 after the winter erosion has been assessed.

The pricing proposed by Maritime Constructions is in line with industry rates.

Their combined rate includes survey works and downtime of weather which is less than the direct dredging costs the City has paid in the last campaign.

It is therefore recommended that Maritime Constructions Pty Ltd be appointed to undertake the Contract in accordance with Part 4, Section Part 4, Section 11(2)(f) of the Local Government (Functions and General) Regulations 1996.

Item 14.1.4 OCM 14/05/2024

The recommendation is based on the contractor, having:

- Demonstrated experience in performing similar works
- Capacity in terms of plant and labour resources to undertaken the project within required timeframes
- Clear understanding of the methodology, procedures and occupation health ad safety requirements to undertake the services
- The most advantageous value for money to perform the scheduled activity.

Strategic Plans/Policy Implications

Local Economy

A sustainable and diverse local economy that attracts increased investment and provides local employment.

• Increased Investment, economic growth and local employment.

Environmental Responsibility

A leader in environmental management that enhances and sustainably manages our local natural areas and resources.

- · Address Climate Change.
- Protection and enhancement of our natural areas, bushland, parks and open spaces.

Community, Lifestyle & Security

A vibrant healthy, safe, inclusive and connected community.

• Accessible and inclusive community, recreation and cultural services and facilities that enrich our community.

Listening & Leading

A community focused, sustainable, accountable and progressive organisation.

Best practice Governance, partnerships and value for money.

Budget/Financial Implications

The draft FY25 budget has a \$500k allocation for this work. Additional funding would be sought at the mid-year budget review should additional works be required in April 25.

Legal Implications

Local Government Act 1995 Part 3, Division 2, Subdivision 1, section 3.57 and Local Government (Functions and General) Regulations 1996 Part 4, Division 2, regulation 11(2)(f) refer to the power of the Local Government to approve a company or their services as a sole supplier.

Specifically the Council not complying with *Local Government Act 1995* Part 3, Division 2, Subdivision 1, section 3.57 and *Local Government (Functions and General) Regulations 1996* Part 4, Division 2, regulation 11(1) which refer to Tenders to be publicly invited before a local government can enter into a contract for another person to supply goods or services if the consideration under the contract is, or is expected to be, more, or worth more, than \$250,000.

| |

OCM 14/05/2024 Item 14.1.4

Community Consultation

N/A

Risk Management Implications

If no action is taken in respect to this project there is a high risk of the loss of built and natural assets at the location, and operational expenditure to provide sand nourishment at the beach will continue to increase.

Maritime Constructions is the only known company with small dredging plant capable of undertaking the required works that is based in Western Australia, and the company currently has a full program of work.

If Maritime Constructions is not engaged at this time, there is a high risk that both the project will not be completed prior to October 2024, leading to heightened erosion damage risks and risk to existing infrastructure.

Further sand nourishment may be required in April 2025.

If the full program is not conducted in this timeframe, additional expense would be incurred to mobilise plant from out of state to complete any necessary works to protect the City infrastructure.

OCM 14/05/2024 Item 14.1.5

Council Decision

MOVED Cr T Widenbar SECONDED Deputy Mayor C Stone That Council:

(1) APPROVES the recommended changes to the current Economic Development Framework Action Plan as detailed in the report; and

(2) SUPPORTS AUKUS and the benefits it brings to Cockburn, including jobs, infrastructure, investment, and growth.

CARRIED 7/3

For: Mayor L Howlett, Deputy Mayor C Stone, Cr T Widenbar, Cr T Dewan, Cr

C Reeve-Fowkes, Cr K Allen and Cr M Separovich

Against: Cr P Eva, Cr C Zhang and Cr P Corke

Reason

We all know AUKUS is happening, and We are not the decision makers on this.

But we do have a choice. A choice to support jobs, infrastructure, investment, and growth in our City. A choice to be included in conversations and briefings as the agreement progresses. A choice to support increasing our nation's defence capacity and capabilities. Or we could choose to be an annoyance by not supporting, and risk losing infrastructure or investment to other local governments.

I want to see our City continue to flourish, AUKUS is a fantastic opportunity that we can't afford to miss.

Background

At the 8 July 2021 Ordinary Council Meeting, Council adopted the 2022-23 Economic Development Framework Action Plan (Plan).

The Plan set in place economic activities and reporting mechanisms covering four economic pillars, to be delivered over a five-year period (to 2027).

Key focus areas (Pillars):

| 2021 | Place-Based | Blue Economy | Visitor | Capacity Building and |
|------|---------------------------------|---------------|---|--|
| - | Economic | Build | Economy | Innovation Support |
| 2022 | Development | community and | Understand our | Identify and understand |
| | Define and understand our place | consensus | visitor economy and build network | local business/workforce. Foster networking and collaboration |

| 132 of 393 | |
|------------|--|
| | |

Item 14.1.5 OCM 14/05/2024

Pillar 1: Place-based local Economic Development:

- a) Place Strategy
- b) Investment Prospectus
- c) Retail and employment centres

Pillar 2: Blue Economy:

- a) Events to explore and articulate the City's role in the development of the Blue Economy
- b) Quantifying the opportunity / cost benefit analysis and stakeholder analysis
- c) Communications, Stakeholder Engagement and Advocacy Strategy
- d) Systems level and common understanding of what the Blue Economy is

Pillar 3: Visitor Economy:

- a) Delivery of the Bibra Lake Aboriginal Visitors and Cultural Centre
- b) Tourism Strategy Development
- c) Destination Brand Development

Pillar 4: Capacity building and Innovation support:

- a) Workforce Capability: Ensure business and large project workforce requirements are met through targeted programs, involving industry and training providers, such as a Specialist Shipbuilding Workforce Development Program
- b) Business Capacity and Transformation
- Facilitate and encourage knowledge creation among the business community through business support training and strengthen networks between businesses, entrepreneurs, government and investors

Submissions

N/A

Report

COVID19 adversely affected economic functionality of the local business community, necessitating the need for a more flexible approach in rolling out project deliverables.

To date, overall deliverables continue to be achieved and the Plan is on target to 2027, however, with the change in economic functionality it is the City's view that the four Pillars need to be amended to better align with the new economic environment that has evolved post COVID19.

The changes recommended better align with the evolved economic environment and core focus areas of the business communities within the Cockburn precinct.

| 133 of 393 |
|------------|
| |

OCM 14/05/2024 Item 14.1.5

Essentially these changes consist of a "re-allocation" of the Pillar themes and addition of a new focus area for council approval.

A change in the reporting process of the Plan is also recommended, leading to increases in reporting validity, transparency, and accountability.

These changes will provide better measurement of the Economic Development outcomes.

Recommendations

1) Summary of proposed change to Pillars

| 2024 | 3 | | | |
|------|---------------------------------------|---|--|---|
| to | Building capacity and Capability | | | |
| 2030 | Place-Based | Development | Planning for | International |
| | Economic | of Blue | Visitor | Engagement |
| | Development and | Economy and | Economy | Indonesia- |
| | Investment Attraction | Innovation support | Supported by the Destination | Industry Vietnam- Industry |
| | Establishing | Defence-AUKUS | Plan and | Singapore- Invest |
| | dialogue, | (US & UK | Investment | attraction |
| | opportunities, and | engagement | Attraction Plan | Developing |
| | networks for commercial growth | Maximising the capability of ocean orientated | Destination development and business | international engagement plan for bilateral trade |
| | Supported by the | industries | collaboration | opportunities |
| | Business Engagement Annual Plan | CBP 1.1.2a CBP 1.1.2d | CBP 1.1.2b CBP 1.1.2c | CBP 1.1.2e |
| | CBP 1.1 | | | |

Change 1

Partial re-allocation of current Pillar 4 "Capacity Building" to become an overarching theme for the whole Plan and broadening its meaning to include "Capability Building". This provides greater definition, clarity and transparency of the economic development activities undertaken by the City.

Change 2

Re-allocation of "Innovation support" from Pillar 4, to "The Blue Economy" Pillar 2. Significant innovative support has been directed toward the Cockburn Blue Maritime Technology Hub and the Blue Economy since commencement of the Plan and will continue to do so into 2027.

Item 14.1.5 OCM 14/05/2024

Change 3

Re allocation of "Investment attraction" from Pillar 4 to "Place Based Economic Development" Pillar 1. Categorising Investment attraction under this Pillar better aligns with the current and future activities for the whole business network in developing as a place to invest.

This change will also incorporate Pillar 4 activities of international engagement with Singapore. Singapore has long been a strong investor in property in Western Australia and looks to continue to do so. Aligning with Singapore investors will assist in the development of large-scale projects at Cockburn Central/Henderson and Coogee.

Change 4

With Pillar 4 now becoming vacant due to the reallocation process, it is recommended that this Pillar be titled "International Engagement".

Recent successes in:

1) The Indonesian Delegation visit,

Refer: <u>Document Properties - Indonesian Trade Delegation Report - Economic Development Corporate Affairs (cockburn.wa.gov.au)</u>

- 2) The Blue Economy sector: Both Indonesia and Malaysia (via the Australian High Commission) have entered discussions with the City on possible industry collaboration, with a number of projects recently commencing with Indonesia. This has established Cockburn as the leader in the Blue Economy completing an ED KPI for 2024/25.
- 3) Cockburn Global event is now an annual event, supporting the view that International Engagement will become an important Economic Value Add going forward for the City. The Consuls of both Indonesia and Vietnam along with the Singapore High Commissioner have expressed their desire to further the Economic connections with Cockburn and offered consular assistance in facilitation economic exchanges with Cockburn businesses.
- 4) The Malaysian Government has expressed a desire to send a delegation (Blue Economy focus) to Cockburn to explore collaboration and identify economic synergies for development. The delegation are due to arrive late May, early June.

With both State and Federal Government also increasing representation and trade cooperation with a number of countries via expanded FTAs and IA-CEPA, there exists significant opportunity for the City and its business community to capitalise on their efforts.

The recent Business Survey conducted by "Catalyse" confirmed (40% of businesses surveyed) that the local business community were interested in engaging with International markets.

OCM 14/05/2024 Item 14.1.5

2) Recommended reporting changes

General reporting contained within the Plan is considered appropriate, however there are a number of specific analysis variables that are considered a "value add" to measuring the effectiveness of the economic development activities and outcomes for the City.

These new variables will provide greater transparency and accountability as to ongoing performance.

These include:

 Employment Self-Sufficiency (ESS): a key indicator in the workforce development framework, measures the proportion of local jobs filled by residents. High ESS signifies a strong local job market, while low ESS suggests a need for job creation or skills development initiatives. ESS is benchmarked against State Government target forecasting.

City of Cockburn Employment Self-Sufficiency

| | City of Cockburn |
|---------------------------------------|------------------|
| Employment Self-Sufficiency (%) | 76% |
| Source: ABS Census 2021, Pracsys 2023 | |

| | Perth Southwest |
|--------------------------------------|-----------------|
| Employment Self-Sufficiency (%) | 70% |
| Source: RAC ESS Health Check for ESS | |

 Employment Self-Containment: measures the proportion of residents who work locally. It reflects the degree to which residents can access employment opportunities within their community. A high level of employment self-containment is dependent on a strong positive correlation between the skill sets of the local resident workforce and the types of employment opportunity. This is an area for the City to focus on going forward.

Item 14.1.5 OCM 14/05/2024

 Shift/Share analysis is a technique used to decompose regional economic growth or decline into components attributable to national economic trends, industry-specific growth patterns, and unique regional factors.
 This analysis helps local governments identify industries with competitive advantages and potential areas for targeted economic development initiatives.

These variables will be reported annually in table format along with a number of other key economic variables, to monitor the City's economic health.

Strategic Plans/Policy Implications

Local Economy

A sustainable and diverse local economy that attracts increased investment and provides local employment.

• Increased Investment, economic growth and local employment.

Listening & Leading

A community focused, sustainable, accountable and progressive organisation.

• Employer of choice focusing on equity, innovation and technology.

Budget/Financial Implications

All actions are accounted for within the FY24 Budget and draft FY25 Municipal Budgets.

Legal Implications

OCM 14/05/2024 Item 14.2.1

14.2 Corporate and System Services

14.2.1 (2024/MINUTE NO 0082) Monthly Financial Report - March 2024

Executive A/Director Corporate and System Services

Author A/Head of Finance

Attachments 1. Financial Activity Statement March 2024 &

Council Decision

MOVED Cr T Widenbar SECONDED Cr T Dewan That Council:

(1) ADOPTS the Monthly Financial Report containing the Statement of Financial Activity and other financial information for the month of March 2024, as attached to the Agenda.

CARRIED 10/0

Background

Local Government (Financial Management) Regulations 1996 prescribe that a Local Government is to prepare each month a Statement of Financial Activity.

Regulation 34(2) requires the Statement of Financial Activity to be accompanied by documents containing:

- Details of the composition of the closing net current assets (less restricted and committed assets)
- 2. Explanation for each material variance identified between year to date (YTD) budgets and actuals
- 3. Any other supporting information considered relevant by the Local Government.

Regulation 34(4)(a) prescribes that the Statement of Financial Activity and accompanying documents be presented to Council within two months after the end of the month to which the statement relates.

The regulations require the information reported in the statement to be shown either by nature or type, statutory program, or business unit.

The City has chosen to report the information according to nature or type and its organisational business structure.

Local Government (Financial Management) Regulations 1996 - Regulation 34 (5) states "Each financial year, a Local Government is to adopt a percentage or value, calculated in accordance with the Australian Accounting Standards, to be used in statements of financial activity for reporting material variances."

This regulation requires Council to annually set a materiality threshold for the purpose of disclosing budget variances within monthly financial reporting.

The materiality threshold has been set by Council at \$300,000 for the 2023-24 financial year (FY24).

| 138 of 393 | |
|------------|--|
| | |

Item 14.2.1 OCM 14/05/2024

Detailed analysis of budget variances is an ongoing exercise, with necessary budget amendments either submitted for Council approval through the Expenditure Review Committee or included in the City's mid-year budget review required by legislation.

Submission

N/A

Report

The attached Monthly Financial Report for March 2024 has been prepared in accordance with the Local Government Act and the associated Financial Management Regulations.

This was reviewed by management, with the following commentary addressing key financial results and the City's budgetary performance to the end of the month.

Statement of Financial Position

Due to amendments to the *Local Government (Financial Management) Regulations* 1996, Regulation 35 (1) requires the City to now include a Statement of Financial Position each month in the financial report.

This shows the City's financial position at the end of the month, compared to the end of the previous financial year. Net assets total \$1.835 billion at the end of the month (\$1.802 billion end of June), with the increase reflecting the impact of the City's year to date financial activities.

Opening Surplus

The audited opening surplus is \$9.79 million, and the amended budget now matches this following the mid-year budget review. The surplus includes \$8.76 million of municipal funding for the City's carry forward projects (adopted by Council in August 2023).

Closing Surplus

The City's YTD closing surplus to the end of March was \$53.94 million, compared to a YTD budget of \$41.95 million.

This represents a favourable variance of \$11.99 million, inclusive of variances across the FY24 operating and capital budgets reported in the following sections.

The full year surplus is currently budgeted at \$338,877, increased from Council's adopted budget surplus of \$262,844. This fluctuates throughout the year due to various budget amendments adopted by Council (e.g., Expenditure Review Committee recommendations).

Operating Revenue

Operating revenue of \$176.09 million was \$0.93 million ahead of YTD budget for March.

| 139 of 393 |
|------------|
| |

OCM 14/05/2024 Item 14.2.1

The following table summarises the operating revenue budget performance by nature:

| Revenue from | Amended | | YTD | YTD |
|-------------------------|-------------|-------------|-------------|-----------|
| operating | Full Year | YTD | Actual | Variance |
| activities | Budget | Budget | | |
| activities | \$ | \$ | \$ | \$ |
| Rates | 125,915,511 | 125,865,511 | 125,960,131 | 94,620 |
| Specified Area Rates | 601,000 | 601,000 | 603,582 | 2,582 |
| Operating Grants, | 10,100,986 | 6,943,355 | 7,159,945 | 216,590 |
| Subsidies, | | | | |
| Contributions | | | | |
| Fees and | 41,629,878 | 32,321,727 | 33,355,730 | 1,034,003 |
| Charges | | | | |
| Service charges | 1,200,000 | 1,140,000 | 1,118,488 | (21,512) |
| Interest Earnings | 11,145,106 | 8,555,963 | 8,875,277 | 319,314 |
| Fair value | 7,372 | 0 | 0 | 0 |
| adjustments to | | | | |
| financial assets | | | | |
| Profit/(Loss) | 1,281,988 | (272,509) | (985,958) | (713,449) |
| Asset Sale | | - | | |
| Total | 191,881,841 | 175,155,047 | 176,087,195 | 932,148 |

Material variances identified in the City's operating revenue were identified as follows:

- Fees and charges (\$1.38 million over YTD budget):
 - Royalty income from 1712 Russell Road was more than YTD budget by \$0.34 million.
- Interest earnings (\$0.32 million over YTD budget). The City investment strategy has proven to be successful as the earnings have gone over YTD budget again.
- Loss on asset sale (\$0.71 million over YTD budget) as the City had transferred all caravan parks located at the Coogee Caravan Park over to the lessees.

Item 14.2.1 OCM 14/05/2024

Operating Expenditure

Operating expenditure to the end of March of \$139.59 million was under YTD budget by \$6.41 million.

The following table summarises the operating expenditure budget variance performance by nature:

| | Ame | nded | YTD | YTD |
|---------------------------------------|---------------------------|---------------------|--------------|----------------|
| Expenditure from Operating Activities | Full Year Budget \$ | YTD Budget \$ | Actual \$ | Variance \$ |
| Employee costs | 78,476,126 | 57,164,235 | 56,176,343 | (987,892) |
| Materials & Contracts | 55,604,821 | 39,283,026 | 33,333,606 | (5,949,420) |
| Utility charges | 6,472,033 | 4,297,488 | 4,490,921 | 193,433 |
| Depreciation/Amortisation | 44,644,357 | 32,341,531 | 32,626,558 | 285,027 |
| Interest/Finance Costs | 320,884 | 33,748 | 149,062 | 115,314 |
| Insurance expenses | 2,647,970 | 2,647,970 | 2,529,546 | (118,424) |
| Other expenditure | 13,594,902 | 10,229,749 | 10,282,948 | 53,199 |
| Total | 201,761,093 | 145,997,747 | 139,588,984 | (6,408,763) |

Significant variances identified in the City's operating expenditure were identified as follows:

- Employee Costs (\$0.99 million under YTD budget):
 - Employee costs across the City are generally under budget due to underspending of \$0.51 million in training, conferences and professional development activities.
 - Salaries and wages for the Development and Compliance Business Unit were \$0.39 million under YTD budget, while on the contrary, salaries and wages for Library and Cultural Services were over the YTD budget by \$0.33 million.
- Materials and contracts were \$5.95 million under YTD budget:
 - General underspend across the Community Development & Services (\$1.05 million), with Cockburn Care having the highest underspend of \$0.35 million against its YTD budget.
 - General underspend within the operational projects under Environmental Management, Policy and Planning Service Unit, \$0.53 million behind its YTD budget.
 - General underspend across the Property Services Service Unit, mainly in its operational projects \$0.43 million.
 - Expenditure across all Cockburn ARC's activities were \$0.60 million under YTD budget.
 - Underspend within the COSAFE operational projects as majority of them have not started yet, \$0.33 million.
 - General underspend across operational projects within the Office of the CEO Business Unit, \$0.39 million.

OCM 14/05/2024 Item 14.2.1

Capital Expenditure

Council adopted a capital works program of \$43.87 million in the FY24 annual budget, that is now \$76.39 million following the addition of carry forwards adopted by Council in August and reductions included in the mid-year budget review.

The City has spent \$23.19 million on its capital program to the end of March, representing an underspend of \$3.74 million against YTD budget. A further \$37.07 million has been committed through contract to be spent within this year and into next financial year.

Several projects were reduced or handed back through the mid-year budget review due to an inability to be completed this financial year. This has reduced the value and size of the capital program, contributing to a reduced requirement for carry forwards at year end.

The following table shows the budget performance by asset class:

| | Ame | nded | | |
|--------------------------------|------------|------------|------------|-------------|
| Capital Acquisitions | | YTD | YTD | YTD |
| Capital Acquisitions | Budget | Budget | Actual | Variance |
| | \$ | \$ | \$ | \$ |
| Buildings | 19,714,139 | 6,393,533 | 5,168,012 | (1,225,521) |
| Furniture & Equipment | 1,085,000 | 262,500 | 227,661 | (34,839) |
| Plant and Equipment | 15,092,811 | 3,134,121 | 2,541,814 | (592,307) |
| Information Technology | 4,801,803 | 1,318,167 | 976,931 | (341,236) |
| Infrastructure - Roads | 10,069,797 | 5,791,656 | 5,403,786 | (387,870) |
| Infrastructure - Drainage | 6,556,569 | 1,155,122 | 1,010,433 | (144,689) |
| Infrastructure - Footpath | 2,122,392 | 1,380,107 | 1,147,839 | (232,268) |
| Infrastructure - Parks hard | 7,097,874 | 3,872,042 | 3,349,112 | (522,930) |
| Infrastructure - Landscaping | 1,257,799 | 839,920 | 813,759 | (26,161) |
| Infrastructure - Landfill site | 5,087,265 | 2,024,343 | 1,972,160 | (52,183) |
| Infrastructure - Marina | 1,452,102 | 436,765 | 393,579 | (43,186) |
| Infrastructure - Coastal | 2,050,873 | 319,278 | 185,114 | (134,164) |
| Total | 76,388,424 | 26,927,554 | 23,190,200 | (3,737,354) |

- Buildings were \$1.23 million under YTD budget mainly due to general underspend in all minor building improvements projects \$1.05 million under YTD budget.
- Plant and Equipment purchases were \$0.59 million under YTD mainly due to long lead time in securing stock.
- Parks constructions were \$0.52 million behind YTD budget as there have only been minor spending on these projects.

Item 14.2.1 OCM 14/05/2024

Non-Operating Grants, Subsidies and Contributions

The City's budget for capital grants and contributions is a net \$4.75 million. This includes \$6.84 million in funding to be received, less outgoing contributions of \$2.02 million for the underground power project in South Lake (Western Power).

Non-operating revenue of \$2.87 million was recognised to the end of March, \$0.06 million over YTD budget (only a timing issue).

Financial Reserves

A detailed schedule of the City's financial reserves is included in the financial report, showing a balance of \$213.78 million held at the end of March (\$219.96 million in February).

Council funded reserves made up \$180.58 million of the balance, \$13.31 million for restricted and legislated purposes, and another \$19.89 million for developer contribution plans.

Transfers in and out of financial reserves are made in accordance with budgetary requirements.

Cash and Financial Assets

The City's closing cash and financial assets investment holding at month's end totalled \$264.53 million (down from \$265.44 million in February).

This balance included financial assets (term deposits and investments) of \$260.79 million, and cash and cash equivalent holdings (cash at bank and at call deposits) of \$3.74 million.

\$214.57 million of these funds were internally and externally restricted, representing the City's financial reserves and liability for bonds and deposits held.

The remaining \$49.96 million represented unrestricted municipal funds for the City's operating activities and liabilities.

Investment Performance, Ratings and Maturity

The City's term deposit portfolio running yield was an annualised 5.05 percent as of 31 March (4.98 percent in December and January).

RBA announced no increases to the cash rate in March again. As a result, the City's portfolio running yield has outperformed the KPI target rate of 4.85 percent (cash rate of 4.35 percent plus 0.50 percent performance margin).

New investments placed during the month were at rates ranging between 4.90 and 4.96 percent for the duration of longer than 12 months period.

| 143 c | of 393 |
|-------|--------|
| | |

OCM 14/05/2024 Item 14.2.1

Current term deposit investments are fully compliant with Council's Investment Policy requirements, as indicated below:

| Investment Policy Compliance | | | |
|-------------------------------|---|-----------------|--|
| Legislative Requirements | ✓ | Fully compliant | |
| Portfolio Credit Rating Limit | ✓ | Fully compliant | |
| Institutional Exposure Limits | ✓ | Fully compliant | |
| Term to Maturity Limits | ✓ | Fully compliant | |

The portfolio also includes several reverse mortgage securities purchased under previous policy and statutory provisions.

These have a face value of \$2.364 million and market value of \$1.53 million, although the City currently carries them at a book value of \$0.79 million (net of a \$1.575 million impairment provision made several years ago).

The City continues receiving interest and capital payments, with \$0.636 million returned to date of the original \$3.0 million invested.

The City's investments were held with the following financial institutions as at 31 March (inclusive of accrued interest):

| Issuer | Market Value | % Total Value |
|---|----------------|---------------|
| AMP Bank Ltd | 14,952,745.35 | 5.66% |
| Auswide Bank Limited | 7,816,656.17 | 2.96% |
| Bank of Queensland Ltd | 24,768,243.85 | 9.37% |
| Commonwealth Bank of Australia Ltd | 71,490,584.46 | 27.04% |
| Credit Union Australia Ltd t/as Great Southern Bank | 28,084,256.96 | 10.62% |
| Defence Bank Ltd | 10,450,246.60 | 3.95% |
| Emerald Reverse Mortgage Trust | 1,542,464.85 | 0.58% |
| Heritage and People's Choice Limited t/as People's Choice Credit Union | 5,703,572.62 | 2.16% |
| ING Bank Australia Limited | 55,854,355.37 | 21.13% |
| Macquarie Bank Ltd | 0.01 | 0.00% |
| National Australia Bank Ltd | 13,378,606.05 | 5.06% |
| Suncorp-Metway Ltd | 21,237,447.38 | 8.03% |
| Westpac Banking Corporation Ltd | 9,065,217.54 | 3.43% |
| Portfolio Total | 264,344,397.18 | 100.00% |

Item 14.2.1 OCM 14/05/2024

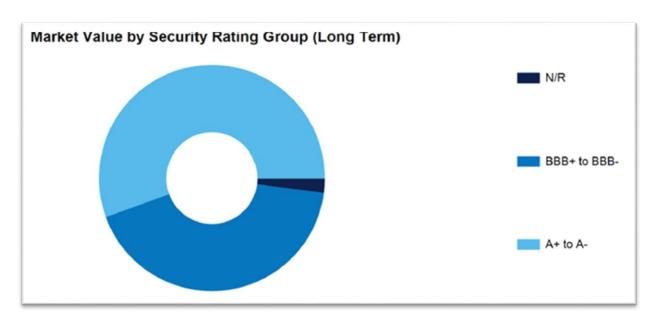

The City's short-term deposits (less than 12 months) made up 79.08 percent (\$208.30 million) of the City's portfolio, compared to 79.08 percent (\$208.30 million) in February.

These were classified under the following credit ratings:

Deposits invested between 1 and 3 years made up 28.31 percent (\$74.85 million) of the City's portfolio, compared to 20.92 percent (\$55.09 million) in February.

These were classified under following credit ratings:

OCM 14/05/2024 Item 14.2.1

Investment in Fossil Fuel Free Banks

At month end, the City held \$75.36 million (29.20 percent) of its investment portfolio with banks considered non-funders of fossil fuel related industries (\$85.86 million or 33.30 percent last month).

The amount invested with fossil fuel free banks fluctuates depending on the competitiveness of deposit rates being offered and the capacity of fossil fuel free banks to accept funds.

The City preferences fossil fuel free investments (given a similar deposit rate) in accordance with Council's Investment of Funds Policy.

Rates Debt Recovery

The collectible rates and charges for 2023-24 (comprising arrears, annual levies, and part year rating) totals \$151.34 million.

To the end of March, the City had collected \$142.72 million (94.30 percent), leaving a balance outstanding of \$8.62 million (5.70 percent). Prepayment of rates totalling \$1.64 million has also been received and will be applied to future year's rates accounts.

This year, underground power charges totalling \$3.076 million were raised against affected properties in South Lake, able to be paid either in full or over a ten-year payment plan.

To the end of March, the City had received full payment from 28.97 percent of these properties, exceeding conservative estimates for 10 percent.

The City is forecasting to collect between 40 and 45 percent of total charges in year one, with the balance to be collected over the remaining nine years of the payment plan.

In terms of overdue and delinquent rates accounts under formal or legal debt recovery processes, the City had 331 properties owing a total of \$1.30 million in combined rates and legal fees (327 properties or \$1.20 million in February).

These now include those properties that have fallen into arrears with their current year's rates and have not made any arrangements with the City.

Formal debt recovery activities are commenced when ratepayers have overdue rates and have not committed to instalment or other payment arrangements or sought relief under the City's Financial Hardship Policy.

| 146 of 393 | |
|------------|--|
| | |

Item 14.2.1 OCM 14/05/2024

Trade and Sundry Debtors

The City had \$3.02 million in outstanding trade and sundry debtors to the end of February (\$3.05 million in February).

Those debts overdue by more than 90 days made up \$217k or 7.20 percent of total debts outstanding (\$322k or 10.58 percent in February).

The 90-day debtors included lease monies owed by naval base tenants totalling \$99k, landfill commercial debtors owing \$46k and another \$20k in Cockburn Care arrears being actively managed.

Strategic Plans/Policy Implications

Listening & Leading

A community focused, sustainable, accountable and progressive organisation.

• Best practice Governance, partnerships and value for money.

Budget/Financial Implications

Budget amendments are initially referred to Council's Expenditure Review Committee for recommendation to Council. Changes adopted by Council at its December meeting have been included in this monthly financial report.

Council's adopted budget surplus for FY24 of \$262,844 has since increased to \$338,877 due to Council decisions made to the end of March 2024.

These budget surplus changes are listed at Note 8 in the financial report.

Legal Implications

 OR THE PERIOD CONDENS 12/0425-2026 Minor Review.

NATURE OR TYPE DESCRIPTIONS

EVENUE

\TES

I rates levied under the *Local Government Act 1995*. Includes neral, differential, specified area rates, minimum rates, terim rates, back rates, ex-gratia rates, less discounts and notessions offered. Exclude administration fees, interest on stalments, interest on arrears, service charges and werage rates.

PERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

efers to all amounts received as grants, subsidies and intributions that are not non-operating grants.

ON-OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

nounts received specifically for the acquisition, construction new or the upgrading of identifiable non financial assets paid to a cal government, irrespective of whether these amounts are ceived as capital grants, subsidies, contributions or donations.

EVENUE FROM CONTRACTS WITH CUSTOMERS

evenue from contracts with customers is recognised when the cal government satisfies its performance obligations under the intract.

ES AND CHARGES

evenues (other than service charges) from the use of facilities id charges made for local government services, sewerage tes, rentals, hire charges, fee for service, photocopying arges, licences, sale of goods or information, fines, penalties id administration fees. Local governments may wish to disclose ore detail such as rubbish collection fees, rental of property, les and penalties, other fees and charges.

RVICE CHARGES

rvice charges imposed under Division 6 of Part 6 of the Local overnment Act 1995. Regulation 54 of the Local Government inancial Management) Regulations 1996 identifies these as levision and radio broadcasting, underground electricity and eighbourhood surveillance services. Exclude rubbish removal arges. Interest and other items of a similar nature received om bank and investment accounts, interest on rate instalments, terest on rate arrears and interest on debtors.

TEREST EARNINGS

terest and other items of a similar nature received from bank id investment accounts, interest on rate instalments, interest is rate arrears and interest on debtors.

THER REVENUE / INCOME

ther revenue, which can not be classified under the above adings, includes dividends, discounts, rebates etc.

ROFIT ON ASSET DISPOSAL

cess of assets received over the net book value for assets on their sposal.

EXPENSES

EMPLOYEE COSTS

All costs associate with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

MATERIALS AND CONTRACTS

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc. Local governments may wish to disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

UTILITIES (GAS, ELECTRICITY, WATER, ETC.)

Expenditures made to the respective agencies for the provision of power, gas or water. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

INSURANCE

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

LOSS ON ASSET DISPOSAL

Shortfall between the value of assets received over the net book value for assets on their disposal.

DEPRECIATION ON NON-CURRENT ASSETS

Depreciation expense raised on all classes of assets.

INTEREST EXPENSES

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

OTHER EXPENDITURE

Statutory fees, taxes, allowance for impairment of assets, member's fees or State taxes. Donations and subsidies made to community groups.

EY INFORMATION

▶▼ Indicates a variance between Year to Date (YTD) Actual and YTD Actual data as per the adopted materiality threshold. Refer to hreshold. Refer to Note 9 for an explanation of the reasons for the variance.

he material variance adopted by Council for the 2023-24 year is \$300,000 or 0.00% whichever is the greater.

his statement is to be read in conjunction with the accompanying Financial Statements and notes. $\label{eq:final_state}$

MONTHLY FINANCIAL REPORT FOR THE PERIOD ENDED 31 MARCH 2024

BASIS OF PREPARATION

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996*, *Regulation 34*. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions peing processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the Local Government Act 1995 and accompanying regulations.

The Local Government (Financial Management) Regulations 1996 take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as and under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of AASB 1051 Land Under Roads paragraph 15 and AASB 116 Property, Plant and Equipment paragraph 7.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 31 March 2024

SIGNIFICANT ACCOUNTING POLICES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 31 MARCH 2024

NOTE 1 STATEMENT OF FINANCIAL ACTIVITY INFORMATION

(a) Non-cash items excluded from operating activities

The following non-cash revenue and expenditure has been excluded from operating activities within the Statement of Financial Activity in accordance with Financial Management Regulation 32.

| Non-cash and non-current items excluded from operating activities | Notes | Amended Budget | YTD Budget (a) | YTD Actual (b) |

| | | 9,786,927 | | |

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

EY INFORMATION

ash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments highly liquid investments vith original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank verdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

he local government classifies financial assets at amortised cost if both of the following criteria are met: the asset is held within a business model whose objective is to collect the contractual cashflows, and the contractual terms give rise to cash flows that are solely payments of principal and interest.

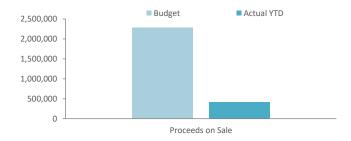

inancial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

GNIFICANT ACCOUNTING POLICIES

I assets are initially recognised at cost. Cost is determined as the ir value of the assets given as consideration plus costs incidental to e acquisition. For assets acquired at no cost or for nominal insideration, cost is determined as fair value at the date of equisition. The cost of non-current assets constructed by the local exernment includes the cost of all materials used in the construction, rect labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular sis such that the carrying values are not materially different from ir value. Assets carried at fair value are to be revalued with ifficient regularity to ensure the carrying amount does not differ aterially from that determined using fair value at reporting date.

Il debenture repayments were financed by general purpose revenue.

EY INFORMATION

Il loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing ans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are cluded as part of the carrying amount of the loans and borrowings.

KEY INFORMATION

Provisions

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee benefits

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the City are recognised as a liability until such time as the City satisfies its obligations under the agreement.

4. Credit Card Transactions Report February 2024 &

Council Decision

MOVED Cr T Widenbar SECONDED Cr T Dewan That Council:

- (1) RECEIVES the list of payments from the Municipal Fund during the month of March 2024, as attached to the Agenda; and
- (2) RECEIVES the list of transactions made from purchase cards during the month of March 2024, as attached to the Agenda.

CARRIED 10/0

Background

Council has delegated its power to make payments from the Municipal or Trust Fund to the Chief Executive Officer and other sub-delegates under Delegated Authority 'Local Government Act 1995 - Payment from Municipal and Trust Funds'.

Regulation 13 (1) of the Local Government (Financial Management) Regulations 1996 requires a list of accounts paid under this delegation to be prepared and presented to Council each month.

A new Regulation 13A under the Local Government (Financial Management) Regulations has come into effect on 1 September 2023, requiring a list of payments to be prepared and presented to Council each month for those made by employees using credit, debit, or other purchasing cards.

It should be noted the City has already been reporting in this format since July 2022, following a Council decision at that time to introduce detailed credit card expenditure reporting.

Submission

N/A

Item 14.2.2 OCM 14/05/2024

Report

Payments made under delegation during the month of March totalled \$21.11 million, and a listing of these is attached to the agenda for review by Council.

These comprise:

- EFT payments (suppliers, sundry creditors) \$17.17 million (924 payments)
- Cancelled EFT payments \$613
- Payroll payments \$3.81 million (2 fortnights)
- Corporate credit cards total of \$112k (73 cards used)
- Bank transactional fees (BPay and merchant fees) \$11,969.

The City has several payment runs each month to ensure its trade suppliers are paid on a timely basis, particularly local and small businesses.

Also attached is the monthly credit card payments report, showing February transactions (paid in March) grouped by cardholder position. There were 5 transactions made on the CEO's credit card for \$752.18.

The following table summarises all purchases made by corporate credit cards for the month of February (settled in March), representing 0.60% of the City's monthly expenditure spend:

OCM 14/05/2024 Item 14.2.2

| Description | Amount | Major items |
|---------------|------------|---------------------------------|
| Development | | presiding members training |
| Travel and | 7,573.10 | NGA conference, UDIA conference |
| Accommodation | | |
| Grand Total | 111,510.57 | |

The Department of Local Government, Sport and Cultural Industries has provided guidance on the types of purchase cards to be included in monthly reporting to Council, being those using an approved line of credit. These include the following:

- business or corporate credit cards
- debit cards
- store cards
- fuel cards
- taxi cards.

The City has reviewed its purchase cards held across the City and identified the following usage for March 2024:

- Woolworths Group 6 cards totalling \$3,301
- Bunnings PowerPass 16 cards totalling \$7,458
- BP Plus fuel card 91 cards totalling \$31,966.

Local Procurement

Monthly statistics on local and regional procurement spend are summarised below, showing the spend amounts and percentages against total spend:

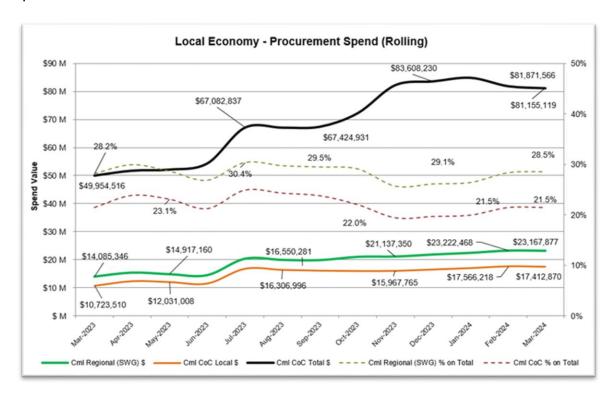

| Procurement Report - Local Buy Summary & Trends March | | | | | | 2024 |
|---|----------------------|-----------|---------------|-------|---------------------|-----------|
| Monthly Statistics | Local/Regional Spend | \$920,932 | CoC Local \$ | 16.3% | Local/Regional \$ | 23.9% |
| | CoC Local Spend | \$627,810 | CoC Local % | 31.3% | Local/Regional % | 38.2% |
| Aboriginal Engagement | Suppliers used YTD | 16 | Orders raised | 69 | Committed spend YTD | \$109,784 |

In March, local spending within Cockburn made up 16.3 percent of the City's monthly spend, comprising 31.3 percent of all procurement transactions made for the month.

Within the Perth South West Metropolitan Alliance (PSWMA) region, this increased to 23.9 percent of monthly spend from 38.2 percent of transactions.

Item 14.2.2 OCM 14/05/2024

The following one year rolling chart to March 2024 tracks the City's procurement spend with businesses located within Cockburn and the PSWMA.

The 12-month rolling local Cockburn spend was \$17.41 million, representing 21.5 percent of the City's total spend, with \$23.17 million or 28.5 percent of total spend within the PSWMA.

These results track the City's performance in achieving Council's "local and regional economy" and the "social" principle contained within its Procurement Policy (i.e. a buy local procurement preference).

Social Procurement

To the end of March, the City had engaged sixteen (16) aboriginal businesses, with a total YTD spend of \$109,784 (11 businesses and \$94,077 in February).

Strategic Plans/Policy Implications

Local Economy

A sustainable and diverse local economy that attracts increased investment and provides local employment.

• Thriving local commercial centres, local businesses and tourism industry.

Listening & Leading

A community focused, sustainable, accountable and progressive organisation.

- Best practice Governance, partnerships and value for money.
- High quality and effective community engagement and customer service experiences.

OCM 14/05/2024 Item 14.2.2

Budget/Financial Implications

All payments made have been provided for within the City's Annual Budget, as adopted and amended by Council.

Legal Implications

This item ensures compliance with s6.10(d) of the Local Government Act 1995 and Regulations 12, 13, and 13A of the *Local Government (Financial Management)* Regulations 1996.

Community Consultation

N/A

Risk Management Implications

Council is receiving the list of payments already made by the City under delegation in meeting its contractual obligations.

This is a statutory requirement and allows Council to review and clarify any payment that has been made.

Advice to Proponent(s)/Submitters

OCM 14/05/2024 Item 14.2.3

14.2.3 (2024/MINUTE NO 0084) Proposal for Levying Differential Rates 2024/25

Executive A/Director Corporate and System Services

Author Rates and Revenue Manager

Attachments N/A

Council Decision

MOVED Cr T Widenbar SECONDED Cr T Dewan That Council:

(1) APPROVES the application of differential general rates and minimum payments for the Draft Budget for the 2024/25 Financial Year; and

(2) APPROVES advertising in accordance with Section 6.36 of the *Local Government Act 1995* for public submissions on the proposed differential general rates as set out in the table below:

| Rate Category Proposed for 2024-25 | Rate in \$ | Min payment \$ |
|--|------------|----------------|
| Differential rates | | |
| Residential Improved (GRV) | 8.103c | 1,537 |
| Vacant Land (GRV) | 9.960c | 815 |
| Commercial & Industrial Improved (GRV) | 9.231c | 910 |
| Commercial Caravan Park (GRV) | 8.764c | 910 |
| Rural General Improved (UV) | 0.307c | 1,098 |
| Rural Vacant Land (UV) | 0.473c | 1,098 |

CARRIED 10/0

Background

The City imposes differential rates based on the purpose for which land is zoned or for which the land is held or used.

In accordance with section 6.36 of the *Local Government Act 1995*, the City is required to give local public notice of its intention to impose differential general rates prior to adopting its 2024/25 budget.

Submission

N/A

| 250 of 393 | |
|------------|--|
| | |

Item 14.2.3 OCM 14/05/2024

Report

The City proposes the following differential rates be advertised for public comment:

| Rate Category Proposed for 2024-25 | Rate in \$ | Min payment \$ |
|--|------------|-------------------|
| Differential rates | | |
| Residential Improved (GRV) | 8.103c | 1,537 |
| Vacant Land (GRV) | 9.960c | 815 |
| Commercial & Industrial Improved (GRV) | 9.231c | 910 |
| Commercial Caravan Park (GRV) | 8.764c | 910 |
| Rural General Improved (UV) | 0.307c | 1,098 |
| Rural Vacant Land (UV) | 0.473c | 1,098 |

In preparing the above differential rates and minimum payments for 2024/25, the City has used following rates modelling assumptions:

- Residential Improved properties 4.0% increase in the rate-in-the-dollar and minimum payment
- Vacant 4.5% increase in the rate-in-the-dollar and minimum payment.
- UV rated properties 4.5% increase in the rate-in-the-dollar and minimum payment
- Commercial & Industrial properties (including caravan parks) 5.5% increase in the rate-in-the-dollar and minimum payment.

Objects and Reasons for Differential Rates 2024/25

The objective of the proposed differential rates is to provide for the net funding shortfall in Council's draft operational and capital budget for 2024/25.

Residential Improved (GRV)

The objective of this proposed rate is to apply a base differential general rate to land zoned and used for residential purposes and to act as the City's benchmark differential rate by which all other GRV rated properties are assessed.

This rate ensures that all ratepayers make a reasonable contribution towards the ongoing maintenance and provision of works, services, and facilities throughout Cockburn. It is lower than the vacant land differential rate as the City is encouraging landowners to develop land rather than land banking.

Vacant Land (GRV)

This rate category imposes a differential general rate on land valued on a gross rental value basis, which is zoned under the Town Planning Scheme No.3 for the purpose of residential, commercial, or industrial purposes and being vacant land.

OCM 14/05/2024 Item 14.2.3

The objective of this rate is to promote the development of vacant land within Cockburn.

Vacant land has a higher differential general rate which provides a disincentive to owners for land banking and not developing their vacant land.

Commercial & Industrial Improved (GRV)

This rate category imposes a differential general rate on land valued on a gross rental value basis, which is zoned under the Town Planning Scheme No.3 for non-residential, commercial, or industrial purposes and having improvements erected on it.

The objective of this differential rate category is to raise sufficient revenue to offset the costs associated with increased maintenance of infrastructure, particularly transport related infrastructure, and higher levels of services associated with properties in this category.

Commercial Caravan Park (GRV)

This rate category imposes a differential general rate on land valued on a gross rental value basis, which is zoned under the Town Planning Scheme No.3 for the purpose of a commercial caravan park and catering for permanent trailer homes and non-permanent caravans.

The objective of this rate is to ensure that the City's caravan parks, predominantly permanent trailer homes, make an equitable contribution to the City's services and facilities like any other residential landowner. It is also to maintain rating equity with other small unit dwellings in the City.

Rural General Improved (UV)

This rate category imposes a differential general rate on land valued on an unimproved value basis, which is zoned under the Town Planning Scheme No.3 for rural general or rural general urban farmland purposes and having relevant buildings erected on it including those being used for commercial or industrial purposes.

The objective of the rate is to impose a differential rate commensurate with the rural use of the land and to ensure that all ratepayers make a reasonable contribution towards the provision of works, services and facilities throughout the City and their ongoing maintenance.

It is also the City's benchmark differential UV rate and the base rate by which all other UV rated properties are assessed.

Rural Vacant Land (UV)

This rate category imposes a differential general rate on land valued on an unimproved value basis, which is zoned under the Town Planning Scheme No.3 for rural purposes and being vacant land.

| 252 of 393 | |
|------------|--|
| | |

Item 14.2.3 OCM 14/05/2024

The objective of this rate is to promote the development of vacant land within Cockburn, effectively providing a disincentive to owners for land banking and not actively developing their vacant rural land for its intended purpose.

Strategic Plans/Policy Implications

Listening and Leading

A community focused, sustainable, accountable, and progressive organisation.

- Best practice Governance, partnerships and value for money.
- High quality and effective community engagement and customer service experiences.

Budget/Financial Implications

Advertising the proposed differential rates and minimum payments is pivotal during the annual budgeting process. The revenue generated from rates directly influences service delivery, funding for capital projects and the allocation of reserve funds.

Legal Implications

In accordance with section 6.36 of the *Local Government Act 1995*, Council is required to give local public notice of its intention to levy differential general rates.

"S6.36. Local government to give notice of certain rates

- (1) Before imposing any differential general rates or a minimum payment applying to a differential rate category under section 6.35(6)(c) a local government is to give local public notice of its intention to do so.
- (2) A local government is required to ensure that a notice referred to in subsection (1) is published in sufficient time to allow compliance with the requirements specified in this section and section 6.2(1).
- (3) A notice referred to in subsection (1)
 - (a) may be published within the period of 2 months preceding the commencement of the financial year to which the proposed rates are to apply on the basis of the local government's estimate of the budget deficiency;
 - (b) is to contain
 - (i) details of each rate or minimum payment the local government intends to impose;
 - (ii) an invitation for submissions to be made by an elector or a ratepayer in respect of the proposed rate or minimum payment and any related matters within 21 days (or such longer period as is specified in the notice) of the notice; and
 - (iii) any further information in relation to the matters specified in subparagraphs (i) and (ii) which may be prescribed; and

OCM 14/05/2024 Item 14.2.3

- (c) is to advise electors and ratepayers of the time and place where a document describing the objects of, and reasons for, each proposed rate and minimum payment may be inspected.
- (4) The local government is required to consider any submissions received before imposing the proposed rate or minimum payment with or without modification.
- (5) Where a local government
 - (a) in an emergency, proposes to impose a supplementary general rate or specified area rate under section 6.32(3)(a); or
 - (b) proposes to modify the proposed rates or minimum payments after considering any submissions under subsection (4),

it is not required to give local public notice of that proposed supplementary general rate, specified area rate, modified rate or minimum payment."

Community Consultation

The proposed differential rates and minimum payments have been calculated based on the directions received from elected members during the series of budget workshops held in preparing the 2024/25 Annual Budget.

In accordance with Section 6.36 of the *Local Government Act 1995*, the proposed differential rates and minimum payments will be advertised for public submissions.

Any submissions received are to be considered as part of the 2024/25 Annual Budget adoption.

Risk Management Implications

Reputational risk if the City does not advertise its intention to levy differential rates and minimum payments.

Council Decision

 ${\sf MOVED}\;{\sf Cr}\;{\sf T}\;{\sf Widenbar}\;{\sf SECONDED}\;{\sf Cr}\;{\sf T}\;{\sf Dewan}$

That Council:

(1) APPROVES the Multiple Dog Application dated 23 January 2024, for Property Number 55318370 to keep three dogs at the property.

CARRIED 10/0

Background

The City has received an application for retrospective approval to keep three (3) dogs at Property Number 55318370.

Pursuant to the City's Consolidated Local Law 2000, Division 3, part 2.9, owners or occupants within the City of Cockburn require approval to keep more than two dogs over the age of three months.

Applicants must be able to demonstrate there are no bona fide objections prior to an approval being granted.

According to the Council's Delegated Authority, Application to Keep More Than Two Dogs at a residential property, if any bona fide objections are received, an applicant may not keep more than two dogs without the approval of Council.

As a result of the application's mandatory public consultation, two submissions were received, two which were objecting to the application.

The application to keep more than two dogs at Property Number 55318370, is presented to Council for consideration.

Submission

N/A

OCM 14/05/2024 Item 14.3.1

Report

The applicant sought retrospective approval after Rangers were alerted to three dogs residing at the address after conducting an inspection for her Cat Breeding Licence.

During the investigation by the City's Rangers, three Papillion breed dogs were confirmed to be residing at the applicant's address.

| Dog | Breed | Age | Gender | De-sexed Status |
|-----|-----------|-------------------|--------|-----------------|
| 1 | Papillion | 9 Years 5 Months | Male | Not De-sexed |
| 2 | Papillion | 11 Years 6 Months | Female | De-Sexed |
| 3 | Papillion | 7 years 6 Months | Female | Not-Desexed |

Historically, the applicant's address has no recorded complaints in relation to dogs at the property.

It should be noted that the application has had a cat breeder application renewal approved, and there are currently nine (9) cats at the property. Being a cat breeder does not prohibit the applicant from owning further animals.

As part of the process outlined within the City's Consolidated Local Laws 2000, neighbouring properties within a 50-metre radius of the applicant's property were notified of the application.

During the public consultation phase, the City received two submissions (refer Attachment 1), two of which objected to the multiple-dog application.

Rangers completed further investigation, and additional consultation occurred with other bordering properties that had not submitted a response in the initial consultation. One property was vacant, and the other expressed no concerns about the applicant having more than two (2) dogs.

The applicant conducted her own consultation and provided written feedback from three (3) properties that did not submit feedback during the initial consultation (Attachment 2), all of which support the application.

Given the bona-fide objection received, the City's delegated officers do not have the authority to approve this application.

The applicant has also provided two letters of support from other residents within the 50m radius of her home.

Based upon the following grounds, it is recommended that this application be approved:

- 1. Objections received and concerns raised by two nearby residents. Only one objection was bona fide and related directly to the applicant.
- 2. Majority of the community within the 50m radius are in support of the application.

If the application is refused, the applicant may refer the matter to the State Administrative Tribunal.

|------------|--|
| | |

Item 14.3.1 OCM 14/05/2024

Strategic Plans/Policy Implications

Community, Lifestyle & Security

A vibrant healthy, safe, inclusive and connected community.

• A safe and healthy community that is socially connected.

Listening & Leading

A community focused, sustainable, accountable and progressive organisation.

• High quality and effective community engagement and customer service experiences.

Budget/Financial Implications

N/A

Legal Implications

City of Cockburn Consolidated Local Law 2000, Division 3, part 2.9.

Community Consultation

As part of the application process, the City wrote to neighbouring homes within 50 metres of the applicant's address.

The City received two submissions, two objections, in relation to the application to keep three dogs at the subject property.

The City conducted further investigation, and identified three properties that were in support of the application. Two of which have provided a written submission of support.

Risk Management Implications

If approval is given, there may be an isolated adverse community reaction for all instances of nuisance dog behaviour from the property.

Accordingly, this item has a "low" level of localised possible "Brand/Reputation" risk.

Advice to Proponent(s)/Submitters

The Proponent(s) and those who lodged a submission on the proposal have been advised that this matter is to be considered at the 14 May 2024 Ordinary Council Meeting.

Implications of Section 3.18(3) Local Government Act 1995

OCM 14/05/2024 Item 15.1.1

15. Reports-Standing Committee

15.1 Governance Committee Meeting – 16/04/2024

15.1.1 (2024/MINUTE NO 0086) Permission to Advertise - Draft Local Planning Policy 5.21 Temporary Events

Executive Director Planning and Sustainability **Author** Manager Development Services

Attachments 1. Draft Local Planning Policy 5.21 - Temporary Events

Û

Officer Recommendation/Committee Recommendation/Council Decision MOVED Cr T Widenbar SECONDED Cr T Dewan That Council:

- (1) ADOPTS the *Draft Local Planning Policy 5.21 Temporary Events* for the purposes of advertising, as shown in Attachment 1 of the Agenda; and
- (2) ADVERTISES the *Draft Local Planning Policy 5.21 Temporary Events*, as per Recommendation 1 above, in accordance with Clause 4 of the *Planning and Development (Local Planning Schemes) Regulations 2015; Procedure for making local planning policy*; and
- (3) NOTES the City will request to rescind Council Policy 'Establishment of Markets on Land Owned and Controlled by the City' following approval of the new Local Planning Policy at a future meeting.

CARRIED 10/0

Background

At the Ordinary Council Meeting held on the 12 March 2024, the Council resolved to request the City review the 'Establishment of Markets on Land Owned and Controlled by the City' and present the findings of this review to the next Governance Committee meeting scheduled for 16 April 2024.

The review was triggered by a notice of motion to improve the ability of market operators to establish regular market events efficiently, reducing 'red tape'. Further, the Council resolved to support preparation of a Local Planning Policy (in lieu of maintaining the existing Council Policy).

The City has concluded its review of the policy, and provides recommendations as detailed in the Report section below.

| Su | | | |
|----|--|--|--|

| | | | |

N/A

| 258 of 393 | | | |
|------------|--|--|--|

Item 15.1.1 OCM 14/05/2024

Report

Findings

The City undertook a comprehensive review of Council Policy 'Establishment of Markets on Land Owned and Controlled by the City', which resulted in the following findings:

- 1. The policy is out of date with the latest version dated 16 December 2020 and therefore may not reflect current best practice.
- 2. Local Planning Policies are preferred as they are managed by Development Services and subject to review every two years.
- 3. The policy is too specific, relating solely to a single land use (markets) rather than taking a holistic approach to the matter of temporary events and their regulation by the City.
- 4. The policy is not clear with regard to the differences between <u>low</u> and <u>high</u> <u>frequency</u> events, and what information would be required by the City for each class of frequency.
- 5. The policy content can be improved to avoid confusion relating to policy requirements and improve communication to the wider public, which would ideally lead to reduced assessment timeframes / reduction of 'red tape'.

The following general feedback was received from internal stakeholders in relation to the operation of events on Council owned land:

- Events often result in the degradation of City managed reserves, such as damage
 to turf surfaces. This damage impacts use of a reserve for other purposes,
 including leasing arrangements for various sporting clubs or general use of the
 reserve by residents.
- 2. The rectification of damages should be borne by the event holder, and provisions around bonding of damages should be considered as a policy provision.
- 3. Should provisions relating to bonding not be preferred, implications to the City's budget will occur, particularly where damages are significant and require the City's intervention.
- 4. Events can trigger amenity considerations relating to traffic, noise and waste. Appropriate provisions should be included in a policy to manage these issues.
- 5. Events often conflict with sporting clubs where undertaken on an active reserve. Provisions should be included to guide this issue.

OCM 14/05/2024 Item 15.1.1

In light of the above, the City recommends the following steps are undertaken, subject to endorsement by Governance Committee:

- Adopt a Draft Local Planning Policy 5.21 Temporary Events under the Planning and Development Act, which provides general guidance on temporary events (not solely markets) and stipulates a suitable level of detail dependent on the nature and frequency of the event.
- Permit the advertising of the draft policy in accordance with the requirements of the Planning and Development (Local Planning Scheme) Regulations 2015, to ensure a robust consultation process occurs, which considers any required modifications.
- 3. That Governance Committee acknowledge that the existing policy 'Establishment of Markets on Land Owned and Controlled by the City' is insufficient in its current form but will be rescinded at a future date (following approval of a new local planning policy).

Strategic Plans/Policy Implications

Local Economy

A sustainable and diverse local economy that attracts increased investment and provides local employment.

- Increased Investment, economic growth and local employment.
- A City that is 'easy to do business with'.

Community, Lifestyle & Security

A vibrant healthy, safe, inclusive and connected community.

- A safe and healthy community that is socially connected.
- Accessible and inclusive community, recreation and cultural services and facilities that enrich our community.

Budget/Financial Implications

Costs involved with advertising the proposed LPP will be met by the Development Services advertising budget.

Legal Implications

Events undertaken on City managed land presents a potential low risk of personal injury to visitors of these events. The LPP has acknowledged this risk by including provisions around public liability insurance of event operators.

Community Consultation

Consultation will be undertaken in accordance with the requirements of the *Planning and Development (Local Planning Schemes) Regulations 2015.*

| 260 of 393 | |
|------------|--|
| | |

Item 15.1.1 OCM 14/05/2024

Risk Management Implications

The risk of not adopting the Draft LPP for the purpose of advertising will result in a continued uncertain framework around the operation of privately run events within the City of Cockburn.

Implications of Section 3.18(3) Local Government Act 1995

Nil

| Title | Temporary Events | City of Cockbury |
|---------------------------------------|------------------|------------------|
| Policy Number (Governance Purpose) | LPP 5.21 | |
| | | |

Policy Type

Local Planning Policy

Policy Purpose

The purpose of this policy is to:

- 1. Provide development standards for proponents seeking to establish temporary events on both public and private land.
- 2. Provide guidance to event operators and not for profit entities on the requirements of the City in issuing approvals for events.
- 3. Ensure that events held within the City do not adversely impact on local businesses, are successful, sustainable and appropriately accessible to the public.

Policy Statement

Low frequency Events

- (1) Events of between one (1) and five (5) occasions per calendar year are classed as low frequency events and are subject to the following provisions:
 - 1. Low Frequency Events are exempt from requiring Development Approval under the Town Planning Scheme No. 3.
 - 2. Low Frequency Events will require a public building approval in accordance with the Health Act 1911 from the City's Public Health Services.
 - 3. Low Frequency Events held on City-owned reserves will require a booking to be made with the City's Recreation Services, to ensure the event space is available.

High Frequency Events

- Events of six (6) or more occasions per calendar year are classed as High (2) **Frequency Events** and are subject to the following provisions:
 - 1. High Frequency Events require Development Approval under the Town Planning Scheme No. 3.
 - 2. High Frequency Events are solely permitted to operate for a maximum term of twelve (12) months. Following expiry, additional Development Approval will be required.
 - 3. A public building approval from the City's Public Health Services is also required and may be undertaken concurrently to the Development Approval process.

| Title | Temporary Events | City of Cockburn |
|---------------------------------------|------------------|-------------------|
| Policy Number (Governance Purpose) | LPP 5.21 | |
| | | wetlands to waves |

- 4. Notwithstanding Clause 2.1 above, a development approval will not be required if the proposed event is held on privately owned zoned land and that is otherwise exempt pursuant within the planning framework.
- 5. High Frequency Events will generally only be supported on passive reserves, with priority given to community sporting clubs over private commercial ventures.
- 6. High Frequency Events on City-owned reserves will require a booking to be made with the City's Recreation Services, to ensure the event space is available.
- 7. High Frequency Events will be advertised in accordance with the Planning and Development (Local Planning Schemes) Regulations 2015 as part of assessment of the development application.
- 8. The granting of a development approval does not exempt the proponent from any other planning, building or health requirement.
- (3) The following General Provisions apply to both High and Low Frequency Events:
 - 1. The City may require the proponent to submit additional information in support of the event. This may include the following:
 - a. A traffic management plan/parking management plan that demonstrates access to the site and sufficient parking to meet anticipated demands.
 - b. A waste management plan to demonstrate that waste generated on site shall be disposed of appropriately.
 - c. Details of sufficient ablution, power and water facilities.
 - d. A noise management plan demonstrating that the potential impacts on neighbouring sensitive land uses can be appropriately managed.
 - e. An operation management plan that governs the operations, behaviours and actions of vendors and operators.
 - f. Any other information as deemed necessary by the City.
 - 2. The City encourages event organisers to seek the use of more 'passive reserves', wherever possible, to limit impacts to existing activities scheduled on highly active City managed reserves.
 - 3. In relation to Markets, the City will require the event operator to notify residents within 100m and compatible businesses within 1km of the event details as per the City's notification template.

| Title | Temporary Events | City of Cockburn |
|---------------------------------------|------------------|-------------------------|
| Policy Number (Governance Purpose) | LPP 5.21 | |
| | | wetlands to waves |

- 4. Events proposed on City managed reserves may attract a bond to cover the costs of land degradation as a result of privately operated events. The bond shall be charged at a rate determined by the City and shall be calculated on a case-by-case basis in consultation with the applicant.
- 5. The City will require event organisers to hold and maintain for the duration of the event valid public liability insurance (including product) to the value of 20 million dollars, imposed as a condition of development approval or licence.
- 6. In making a determination on a low or high frequency event proposal, the City shall have regard to the following factors:
 - a. Community expectations and amenity impacts.
 - b. Economic competition with existing nearby 'brick and mortar' businesses and the viability of established commercial centres.
 - c. Environmental Impacts.
 - d. Financial implications for the City.
 - e. Size and scale of the event and impacts to the broader locality.
 - f. Any other matter as outlined in Clause 67 of the *Planning and Development (Local Planning Scheme) Regulations 2015.*

(4) Definitions

<u>Active Reserve</u>: public open space that is used for organised sports, generally hired by sporting clubs.

Booking: single date of an event or series of events.

<u>Compatible Businesses</u>: Businesses which are similar in function to a market or market stall holder (e.g. shop).

<u>Event:</u> is a gathering of people brought together for a common purpose by a prearrangement and includes but is not limited to, sporting events, fairs, festivals, craft shows, open days, celebrations, cultural performances, concerts, exhibitions, street parties and car boot sales.

<u>Event Space</u>: a local or regional reserve managed by the City or public authority, or zoned land privately owned by the City or a private entity. Does not include events held within Community Halls, City Facilities or Recreation Centres where the building is already approved for event hire.

High Frequency Event: Events of six (6) or more occasions per calendar year.

<u>Low Frequency Event:</u> Events of between one (1) and five (5) occasions per calendar year.

<u>Market</u>: premises used for the display and sale of goods or provisions of services from stalls by independent vendors.

| Title | Temporary Events |
|---------------------------------------|------------------|
| Policy Number (Governance Purpose) | LPP 5.21 |

<u>Passive Reserve</u>: public open space not used for organised sports.

Officer Recommendation/Committee Recommendation/Council Decision MOVED Cr T Widenbar SECONDED Cr T Dewan

That Council:

(1) NOTES the feedback received by the Office of Bushfire Risk Management dated 23 February 2024;

(2) ADOPTS the Cockburn Bushfire Risk Management Plan 2023-2028 (as amended).

CARRIED 10/0

Background

Under the State Hazard Plan – Fire, local governments identified as having high or extreme bushfire risk are required to develop an integrated Bushfire Risk Management Plan (BRMP) outlining a strategy to treat or reduce bushfire risk across all land tenures.

The City of Cockburn is identified in the State Emergency Management Procedure as a local government required to have a BRMP.

Over the past three years, the City's officers and consultants have completed numerous on-ground assessments to validate the new risk profiles and required treatment works. The draft BRMP prepared was then released for six weeks for community consultation in July and August of 2023.

The final drafted BRMP was presented to the Audit, Risk and Compliance Committee at their 7 December meeting. The BRMP was subsequently adopted by Council at its 14 December 2023 Ordinary Council Meeting.

| 266 of 393 | |
|------------|--|
| | |

Item 15.1.2 OCM 14/05/2024

Subsequent to the above adoption of the plan by Council, the Department of Fire and Emergency Services (DFES) requested some additional minor changes that were not provided in their initial round of feedback.

Submission

N/A

Report

Following Council's approval of the draft BRMP, the State Hazard Plan - Fire requires plans to be peer-reviewed for quality assurance and endorsed by the Office of Bushfire Risk Management (OBRM) in the Department of Fire and Emergency Services.

As part of the final external review of the BRMP, the City's officers received advice that the document was consistent with their guidelines, however the following recommendations were requested:

- Include more information on vegetation structure and distribution in proximity to assets
- Show the vegetation structure and distribution of vegetation fuels and fire behaviour
- Minor changes to Table 4 Asset Categories and Subcategories to align with the Guidelines.

Given that the OBRM is the State's leading expert in bushfire management, the City believes it is appropriate to formally amend the BRMP to include all recommendations presented by OBRM.

Attached to this report is an amended version of the BRMP. The yellow highlights show the text that has been changed and inserted.

The adoption of the BRMP makes the City eligible for the Mitigation Activity Fund Grant Program and City officers are currently preparing an application for the first round of the Grant Program for FY 2024/25.

Strategic Plans/Policy Implications

Environmental Responsibility

A leader in environmental management that enhances and sustainably manages our local natural areas and resources.

• Protection and enhancement of our natural areas, bushland, parks and open spaces.

Community, Lifestyle & Security

A vibrant healthy, safe, inclusive and connected community.

• A safe and healthy community that is socially connected.

OCM 14/05/2024 Item 15.1.2

Budget/Financial Implications

N/A

Legal Implications

N/A

Community Consultation

Community consultation was undertaken as part of the BRMP's development. The material changes presented within the amended BRMP are at the request of the Office of Bushfire Risk Management and have no community impact.

Risk Management Implications

Failure to adopt the officer's recommendation will increase the risk of the City being deemed ineligible for State government bushfire mitigation funding by the Department of Fire and Emergency Services.

The City's officers understand that the State government funding will be released shortly, and the timeframe between Governance Committee meetings will result in the City missing the upcoming round of funding if this item is delayed.

Daniel Simms
Chief Executive Officer
City of Cockburn
PO Box 1215
Bibra Lake WA 6965

Dear Mr Simms

ENDORSEMENT OF BUSHFIRE RISK MANAGEMENT PLAN

Thank you for providing the City of Cockburn Bushfire Risk Management (BRM) Plan, received by the Office of Bushfire Risk Management (OBRM) on 20 February 2023.

I am pleased to inform you that the City of Cockburn BRM Plan has been endorsed by OBRM. This signifies the BRM Plan meets the standard required by the Guidelines for Preparing a Bushfire Risk Management Plan (the Guidelines).

The BRM Plan should now be presented to Council for approval. It would be appreciated if you would advise OBRM when this occurs.

As described in the Guidelines, the City of Cockburn will be required to submit a report to OBRM detailing progress against the BRM Plan at the end of each financial year. The annual report is generated within the Bushfire Risk Management System, but comments may be added should you wish to provide further context. You will receive a reminder and further instructions for the submission of the report nearer to its due date.

I thank you for your City's commitment to managing bushfire risk and wish you well in implementing the Plan.

Yours sincerely

Glen Daniel
DIRECTOR OBRM

| BRM PLAN - CONTENT | | | |
|---------------------------------|--|-----------------|--|
| 1. | INTRODUCTION | SELECT RESPONSE | |
| Has th | e Introduction section been filled in correctly and following the BRM Plan template? (1.1 to 1.3.2) | Yes | |
| Has th | e local government added appropriate local documents (1.3.2)? | Yes | |
| 2. | RISK MANAGEMENT PROCESS | SELECT RESPONSE | |
| Has th | e Risk Management Process been filled in correctly and following template?? (2.1 to 2.2) | Yes | |
| 3. | ESTABLISHING THE CONTEXT | SELECT RESPONSE | |
| | he BRM Plan describe the context in which the BRM plan is being developed within the LG? Does it describe the local factors and ons influencing bushfire risk and impacting on risk treatments? | Yes | |
| 3.1 De | 3.1 Description of the Local Government and Community Context SELECT RESPONSE | | |
| Strate | gic and Corporate Framework | | |
| | Has the LG referred to their documents and provided an outline of the relationship between their LG corporate, strategic or planning framework to the BRM Plan? | Yes | |
| 0.4.4 | Does the BRM Plan address the key points in the LG's strategic and corporate framework? | Yes | |
| 3.1.1 | Has information been provided on how the BRM Plan will be embedded into current local government functions, including which areas of the local government will be responsible for each element of the BRM Plan? | Yes | |
| | Has the LG provided and described information on the roles, functions and responsibilities of various agencies/stakeholders? These details can be added into the Introduction or Establishing the context section (see 2.5.1 of the Guidelines). | Yes | |
| Location, Boundaries and Tenure | | | |
| | Has a brief description of the local government location and boundaries been provided? | Yes | |
| 3.1.2 | Have the key points been addressed? | Yes | |
| | Has a breakdown of land tenure (by percentage) been provided in table format or described in text? (must equal 100%) | Yes | |
| | Have key land owner groups been identified and does the BRM Plan state their involvement in the development and implementation of the BRM Plan? | Yes | |

Item 15.1.2 Attachment 1 OCM 14/05/2024

| | | 1 |
|--------|--|-----------------|
| | Is the impact and challenges of land tenure on bushfire risk and management identified? | Yes |
| | Has a map of the location and boundaries been provided (optional)? | Yes |
| Popula | ation and Demographics | |
| | Has a brief description of the population and demographics been provided? (including where and how people live, the location of communities and general trends with implications for bushfire risk management). | Yes |
| | Does the plan identify areas undergoing significant change or that is planned for development? | Yes |
| 3.1.3 | Does the plan provide an outline of the general population of demographics? | Yes |
| | From the population demographics have the vulnerable groups been identified? | Yes |
| | Have activities been identified where LG are supporting community and vulnerable groups? | Yes |
| | Does the BRM Plan address the community engagement in bushfire preparedness and the general perceptions? | Yes |
| Econo | mic Activities and Industry | |
| | Has an overview of any significant economic and industrial activities based within the local government been provided? | Yes |
| | Have any industries of regional or state significance been identified in an economic capacity? | Yes |
| 3.1.4 | Have major industries been identified which are at bushfire risk or impacted by bushfire and mitigation activities? | Yes |
| | Have major transport routes been identified and discussed in relation to their impacts from bushfire? | Yes |
| | Have key tourism features and risks been identified and discussed in relation to their impacts from bushfire? | Yes |
| OBRM | Comments: | |
| • | 3.1.1. Strong links to Cockburn strategic framework. Areas of LG that will be responsible for implementing different elements of the BRM (3.1.4 Resourcing the Bushfire Risk Management Plan). 3.1.2. Indication of community communications plan. | |
| 3.2 De | scription of the Environment and Bushfire Context | SELECT RESPONSE |
| Topog | raphy and Landscape Features | |

RRM Plan

OCM 14/05/2024 Item 15.1.2 Attachment 1

| | Has an overview of the topography of the local government area been provided? | Yes |
|--------|--|-----------------|
| 3.2.1 | Are the major landscape features highlighted and does the BRM plan state how they influence fire behaviour? | Yes |
| | Does the LG provide information of the landscape features being close to any high-risk locations or towns? | Yes |
| Climat | te and Bushfire Season | |
| | Does the BRM Plan provide an overview of the climate in the area? | Yes |
| 3.2.2 | Is there a general description of the seasonal conditions provided for the full year? (e.g. length & period of all seasons, annual temperature etc). | Yes |
| | Does the BRM plan provide FDI, GDI and FDR information within the LG? (e.g. average days per year, is the FDR above severe). | Yes |
| | Are the local seasonal conditions identified with the influence of fire behaviour? (E.g. coastal breeze or winds off the scarp). | Yes |
| Vegeta | ation | |
| | Has a broad overview of the vegetation categories been provided in the BRM Plan? | Choose an item. |
| 3.2.3 | Have vegetation types, vegetation distribution and closeness to townships and assets been addressed? | Yes |
| 3.2.3 | Does the BRM Plan show the vegetation structure and the distribution of vegetation fuels their influences with fire behaviour? | Yes |
| | Has a list of vegetation categories been provided in the appendices? (optional) | No |
| Threat | tened Species and Communities | |
| | Does the BRM Plan provide an overview of threatened flora, fauna and threatened ecological communities (TEC) been identified and how bushfires or BRM will impact them? | Yes |
| | Have fire sensitivities or the negative impacts of unplanned fire regimes been identified in the TEC's or other ecological communities? | Yes |
| 3.2.4 | Have any TEC's been identified that are likely to be impacted by bushfire mitigation activities? (e.g. planned burning in spring impact on small animals and breeding season). | Yes |
| | Has any highly restricted species been identified, area of where they occur (not specific location) and how are they considered in fire management. | Yes |
| | Does the BRM Plan identify the processes in place with the impact of mitigation activities on TEC's and communities? | Yes |
| | Does the BRM Plan state how the environmental approval processes are managed and recorded within the LG? | Yes |

Item 15.1.2 Attachment 1 OCM 14/05/2024

| Bushfire Frequency and Causes of Ignition | | |
|--|---|-------------------------|
| | Has an overview of the frequency of bushfires in the local government area been provided? | Yes |
| | Has a history of fire in the local area been provided and if any significant landscape fires occurred? Does the BRM Plan state how they were started, where the path was and what the impacts were. | Yes |
| 3.2.5 | Have the areas of frequent ignition been identified, with the known sources or activities and a map of the ignitions. If possible patterns and how the ignitions are managed should be discussed in the BRM Plan. | Yes |
| | If natural events have been the cause of ignitions are they discussed and their impact on the LG area? | Yes |
| | Have potential fire paths been identified on the landscape and what is the worst-case scenario of bushfire for this landscape? | Yes |
| Curre | nt Bushfire Risk Management Activities | |
| | Does the BRM Plan address what the local government areas are doing to address bushfire risk? | Yes |
| | Map of Bushfire Prone Areas? | No |
| | Volunteer Fire Brigades? | Yes |
| 3.2.6 | Burning Restrictions? | Yes |
| | Bush Fires Act 1954 section 33 Fire Management Notices? | Yes |
| | Community engagement activities? | Yes |
| | Other Current Local Government Wide Controls? | Yes |
| OBRM Comments: | | |
| 3.: | 2.5 Areas susceptible to bushfire (i.e potential fire paths) identified in section "People and the Economy". | |
| 3.2.4 Meets criteria supported by Cockburn Natural Area Management Strategy. | | |
| 3.2.6 Burn restriction identified in section titled "Climate and Bushfire season". Volunteer brigades, Section 33, Community engagement mentioned in Appendix 2. | | |
| 4. | ASSET IDENTIFICATION AND RISK ASSESSMENT | SELECT RESPONSE |
| 4.1 Planning Areas | | |
| Does | the local government have a single planning area or is the LG divided into a number of planning areas? | Multiple planning areas |

RRM Plan ._

OCM 14/05/2024 Item 15.1.2 Attachment 1

| If more than on | e planning area, have these areas been summarised and highlighted, with a map providing boundaries of the planning area? | Yes |
|------------------|--|-----------------|
| 4.2 Asset Iden | tification | |
| Is the asset cat | egory and sub category table included in the BRM Plan? | Yes |
| 4.3 Assessme | nt of Bushfire Risk | |
| 4.3 | Location of Asset Risk Register Identified? | BRMS |
| 4.3 | Is the asset category table updated with the percentage of assets proportioned for the LG? (must equal 100%) | Yes |
| 4.3.1 to 4.3.3 | Depending on the risk assessment methodology provided, does the BRM Plan provide the information required (4.3.1 to 4.3.3)? | Yes |
| | Has a local government asset risk summary table been provided? (must equal 100%) | Yes |
| | Has the BRM Plan been locked in BRMS? | Choose an item. |
| 4.3.4 | Were the following key points addressed in the BRM Plan? Have assets been appropriately identified in the map (use of polygon, marker, line). Have assets been grouped appropriately (where necessary). Have assets been named appropriately (unique name assigned). Have P&W assisted with the identification and assessment of environmental assets? (Evidence of P & W consultation for asset identification in Communication Strategy). Have risk assessments been completed and recorded for all assets identified (including cost information). | Yes |

OBRM Comments:

Asset category and asset risk summary tables combined. Reads succinctly and provides required content. 4.3.1 - 4.3.3. Has changed prescribed text, content and intent of Guidelines has been retained.

| 5. RISK EVALUATION | SELECT RESPONSE | |
|---|-----------------|--|
| 5.2 Risk Acceptability | | |
| Does the BRM Plan identify the risks with a rating and a completed course of action table? (refer to section 4.2 of the Guidelines) | Yes | |
| 5.3 Treatment priorities | | |
| Does the BRM Plan have a treatment priority table? | Yes | |

RRM Plan ._

Item 15.1.2 Attachment 1 OCM 14/05/2024

OBRM Comments

5.2 Addition of text "City's approach with this element of the BRMP has been supported by DFES and the Guidelines" noted.

Course of action table discussed, omitted areas have been addressed verbally. Consideration for content provided in a public facing BRM Plan discussed.

| 6. RISK TREATMENT | SELECT RESPONSE | |
|---|------------------|--|
| 6.1 Local Government Wide Controls | | |
| Have wide controls been identified for bushfire risk management planning and are they attached in the Appendix? | Yes | |
| Has the BRM planning process helped to identify any improvements for bushfire risk management? | Yes | |
| 6.3 Development of the Treatment Schedule | | |
| Has the first year of treatment schedule developed and provided? | Yes | |

Foreword

Fire has been inherently a part of Australia's natural landscape for thousands of years through Aboriginal people caring for Country and maintaining cultural and spiritual connections. Fire continues to play a role in land management and managing bushfire risk with coordinated multi-agency treatments conducted to address identified bushfire risks and enhancing community resilience.

Ensuring the City of Cockburn (City) is **The Best Place to Be** includes enshrining the safety of our communities and natural environment by taking action to prevent and prepare for bushfires.

Under the State Hazard Plan - Fire, an integrated Bushfire Risk Management Plan (BRMP) is to be developed for local government areas with significant bushfire risk. This BRMP is a strategic document that facilitates a coordinated approach towards the identification, assessment and treatment of assets exposed to bushfire risk to reduce the impact of severe bushfires on the community. The BRMP supports and underpins the Strategic Community Plan 2020–2030 (SCP) and forms part of the City's Local Emergency Management Arrangements.

1. Introduction

Bushfires cannot be eliminated from the landscape, and there are circumstances when fire cannot be controlled. However, planning and preparedness activities can reduce bushfire events' frequency, spread, and impact.

1.1 Background

Under the State Hazard Plan - Fire, an integrated BRMP is to be developed for local government areas with significant bushfire risk. This BRMP has been prepared for the City in accordance with the requirements of the Guidelines for Preparing a Bushfire Risk Management Plan (the Guidelines) (Office of Bushfire Risk Management 2020) from the Office of Bushfire Risk Management (OBRM) within the Department of Fire and Emergency Services (DFES). The risk management processes used to develop this BRMP are aligned to the key principles of *ISO 31000:2018 Risk Management* and those described in the *National Emergency Risk Assessment Guidelines*. This approach is consistent with State Emergency Management (SEM) Policy and SEM Prevention and Mitigation Procedure 1.

Government agencies and other land managers responsible for implementing treatments participate in developing the BRMP and Treatment Schedule to ensure treatment strategies are collaborative and efficient, regardless of land tenure.

1.2 Aim & Objective

For the purpose of protecting people, the environment and infrastructure, the BRMP aims to document a shared coordinated and efficient approach towards identifying, assessing, and treating assets exposed to bushfire risk within the City.

The objectives of this BRMP are to:

- Guide and coordinate a tenure-blind, multi-agency bushfire risk management program over five years
- Document the process used to identify, analyse and evaluate risk, determine priorities and develop a plan to systematically treat risk
- Facilitate the effective use of the financial and physical resources available for bushfire risk management activities
- Integrate bushfire risk management into the business processes of local government, landowners and other agencies
- Ensure there is integration between landowners and bushfire risk management programs and activities
- Document processes used to monitor and review the implementation of treatments to ensure treatment plans are adaptable and risk is managed at an acceptable level.

Bushfire Risk Management Plan 2023 - 2028

1.3 Legislation, Policy and Standards

This BRMP has been prepared by the City in accordance with the requirements of the Guidelines. The risk management processes used to develop this BRMP are aligned to the key principles of ISO 31000:2018 Risk Management, as described in the Second Edition of the National Emergency Risk Assessment Guidelines (NERAG). This approach is consistent with State Emergency Management Policy (State EM Policy) 3.2 - Emergency Risk Management Planning.

The following legislation, policy and standards were considered to be applicable in the development and implementation of the BRMP.

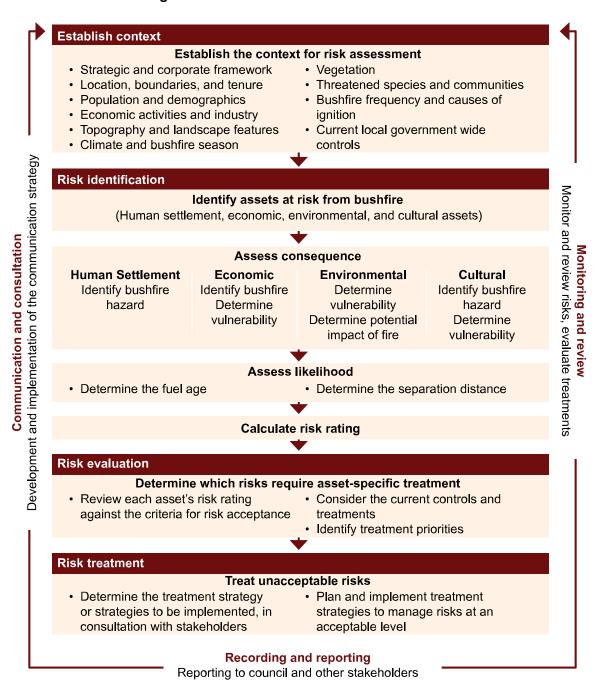

- Aboriginal Heritage Act 1972
- Biodiversity Conservation Act 2016
- Building Act 2011
- Bush Fires Act 1954
- Conservation and Land Management Act
 1984
- Country Areas Water Supply Act 1947
- Emergency Management Act 2005
- Environmental Protection Act 1986
- Environmental Protection and
 Biodiversity Conservation Act 1999 (Cth)
- Fire Brigades Act 1942
- Fire and Emergency Service Act 1998
- Metropolitan Water Supply, Sewerage and Drainage Act 1909
- Rottnest Island Authority Act 1987
- Bush Fires Regulations 1954
- Emergency Management Regulations 2006

- Planning and Development (Local Planning Scheme) Regulations 2015
- City (Local Government Act) Local Laws 2000
 - SEM Policy (SEMC 2019)
- SEM Plan (State Emergency Management Committee (SEMC 2019))
- SEM Prevention and Mitigation Procedure 1 (SEMC 2019)
- State Hazard Plan Fire (SEMC 2019)
- State Planning Policy 3.4: Natural Hazards and Disasters (Western Australian Planning Commission (WAPC) 2006) (SPP 3.4)
- State Planning Policy 3.7: Planning in Bushfire Prone Areas (WAPC 2015, as amended) (SPP 3.7)

2. The Risk Management Process

The risk management processes used to identify and address risk in this BRMP are aligned with the international standard for risk management, *ISO 31000:2018 Risk Management*, as described in NERAG. This process is outlined in Figure 1.

Figure 1 – An overview of the risk management process adapted from *ISO* 31000:2018 Risk Management.

Bushfire Risk Management Plan 2023 - 2028

2.1 Roles and Responsibilities

The roles and responsibilities of the key stakeholders involved in the development of the BRMP are outlined in Table 1.

Table 1 - Roles and Responsibilities

| Stakeholder Name | Roles and Responsibilities |
|--|---|
| All Landowners (State and Local Govt, Private etc) | Implement treatment strategies.Comply with the City's Fire Control Order if applicable. |
| City of Cockburn | As custodian of the BRMP, coordinate the development and ongoing review of the integrated BRMP Negotiate a commitment from landowners to treat risks identified in the BRMP, with the appropriate compliance requirements and protecting environmental assets As treatment manager, implementation of treatment strategies, in consultation with land managers and environmental policy and planning staff and groups, and appropriate compliance requirements and protecting environmental assets Submit the draft BRMP to OBRM for review and endorsement Enforce compliance with the City's Fire Control Order as per the <i>Bush Fires Act 1954</i>. |
| Department of Fire and Emergency Services (DFES) | Participation in and contribution to the development and implementation of BRMPs, as per their agency responsibilities as the Hazard Management Agency for bushfire Support to local government through expert knowledge and advice in relation to the identification, prevention and treatment of bushfire risk Undertake treatment strategies, including prescribed burning on behalf of the Department of Planning, Lands and Heritage (DPLH) for Unmanaged Reserves and Unallocated Crown Land within gazetted town site boundaries In accordance with Memorandums of Understanding and other agreements, implementation of treatment strategies for other landholders |

| Stakeholder Name | Roles and Responsibilities |
|--|--|
| | Administer and coordinate the Mitigation Activity Fund Grants Program. |
| Office of Bushfire Risk Management (OBRM) | Ensure bushfire risk is managed in accordance with ISO 31000 and reporting on the state of bushfire risk across Western Australia. Review BRMP's for consistency with the Guidelines prior to final approval by Council. |
| Public Utilities | Assist the local government by providing information about their assets and current risk treatment programs. Participation in and contribution to the development and implementation of BRMP's. Implementation of treatment strategies. |
| Department of Biodiversity, Conservation and Attractions (DBCA) - Parks and Wildlife Service | Participation in and contribute to the development and implementation of BRMP. Providing advice for the identification of environmental assets that are vulnerable to fire and planning appropriate treatment strategies for their protection. Implementation of treatment strategies on Department managed land and for Unmanaged Reserves and Unallocated Crown Land outside gazetted town site boundaries. In accordance with Memorandums of Understanding and other agreements, implementation of treatment strategies for other landholders. |
| Other State and Federal Government Agencies | Assist the local government by providing information about their assets and current risk treatment programs. Participation in and contribution to the development and implementation of BRMP. As treatment manager, implementation of treatment strategies. |
| Bushfire Advisory Reference Group (BFARG) and Local Emergency Management Committee (LEMC) | Provide advice and feedback. Monitor the effectiveness of the currency and implementation of BRMP. |
| Corporations and Private Landowners | Implementation of treatment strategies.Comply with the City's Fire Control order. |

Bushfire Risk Management Plan 2023 – 2028

2.2 Communication and Consultation

Communication and consultation throughout the risk management process are fundamental to preparing an effective BRMP.

As part of the development of the BRMP the City engaged an external consultant to assess the City's bushfire risk according to State methodology before commencing community consultation. Once a draft BRMP was prepared with an indicative treatment schedule, the City invited community feedback and targeted key local stakeholders to provide input.

A **Communication Strategy (appendix one)** has been prepared to ensure appropriate and effective communication occurs with relevant stakeholders in the development, implementation and evaluation of this BRMP.

3. Establishing the Context

This section outlines the context in which the BRMP is developed and local factors that should be considered throughout the risk management process.

3.1 Local Government and Community Context

3.1.1 Related Plans and Strategies

All superseded version of related plans and strategies should be adopted into practices and considered in the context of the BRMP.

Strategic Community Plan 2020-2030

The City's SCP is a roadmap to ensure we focus on achieving the highest desirable outcome and maintain the City's vision of being The Best Place To Be. It reflects the priorities of our community and builds on our history and the previous plans we have to shape our community. The SCP provides a brief description and projections of the population and demographics of the local government area

The BRMP supports the SCP by facilitating and advocating for increased community safety and resilience by outlining the framework by which the City will identify, analyse and evaluate bushfire risks and integrating these practices into business processes. The objectives of the BRMP align with the City's objective to promote a vibrant, healthy, safe, inclusive and connected community (Outcome 3: Community, Lifestyle and Security).

Local Emergency Management Arrangements

The BRMP forms part of the City's Local Emergency Management Arrangements (LEMA) which aim to enhance the community's resilience and preparedness for emergencies through strategies that apply prevention/mitigation, preparedness, response and recovery measures.

Climate Change Strategy 2020-2030

The City's Climate Change Strategy 2020-2030 (CCS) is a roadmap with 14 objectives to mitigate and adapt to the impacts of climate change. Damage to or loss of biodiversity, natural habitat, infrastructure, and public health caused by the impacts of climate change is identified in the CCS as having the potential to impact the City's service delivery, natural environmental, local community and infrastructure.

The BRMP facilitates outcomes for objective's 10 Conserve Biodiversity, 13 Protect Community Infrastructure, and 14 Enhance Health and Wellbeing in reducing the impact of bushfires.

Natural Area Management Strategy 2012-2022

The City's Natural Area Management Strategy 2012-2022 (NAMS) outlines the City's approach to managing its vested natural areas and builds its capacity to maintain them for the conservation of biodiversity. The purpose of the NAMS is to protect and enhance the City's natural environment by monitoring environmental changes and managing key threats.

The BRMP supports the NAMS by embedding the objectives of the Strategy into the risk assessment process by understanding the values of the natural environment to be considered in bushfire risk management planning.

The NAMS also outlines the City's approach to limiting unauthorised access into reserves and undertaking fuel load reduction.

Other related City plans and strategies

- Community Safety and Crime Prevention Plan 2022-2027
- Urban Forest Plan 2018-2028
- Local Government Inventory Heritage List Significant Tree List
- Economic Development Framework

3.1.2 Location, Boundaries and Tenure

The City is located just south of Perth, approximately 15 kilometres from the Perth CBD. The Cities of Fremantle and Melville bound the City to the north. The Cities of Canning and Armadale to the east, the City of Kwinana to the south. Figure 2 shows the locations of the City within Perth, WA.

Figure 2 - Map of the City

The City of Cockburn local government boundaries include Rottnest Island and Carnac Island, located 18 and 10 kilometres respectively, offshore to the west.

The Rottnest Island Authority is a statutory non-Government agency established by the Western Australian State Government to maintain the day-to-day operation of Rottnest Island. As Rottnest Island falls under the control of DBCA, the Island has not been assessed as part of the BRMP.

Carnac Island is an uninhabited island and is principally managed by the Department of Biodiversity, Conservation and Attractions (DBCA).

Table 2 provides an overview of the land tenure within the City and thus the land managers the City works with to prepare and implement the BRMP.

Table 2 – Overview of Land Tenure and Management within the City.

| Land Manager/Agency | Local Government Area (approximate) % |
|--|---|
| Private | 21 |
| City | 45 |
| State of WA (Mgt order: DBCA) | 10 |
| WA Land Authority | 9 |
| Department of Planning, Lands and Heritage | 3 |
| Other (State Government, Federal Government) | 12 |
| Total | 100 |

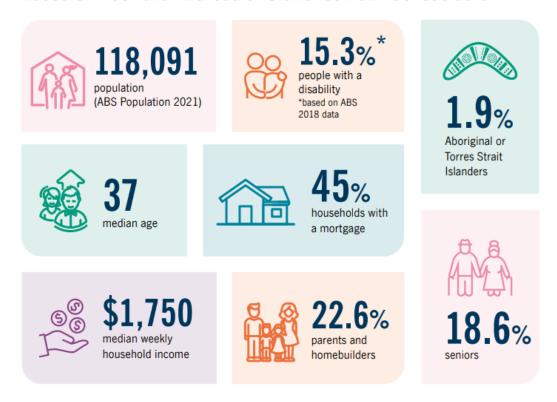

3.1.3 People and the Economy

The City has a diverse community with a mix of residential, light and heavy industry. The City is home to 125,123 people and has a median age of 37 years (City REMPLAN, 2023). Figure 3 provides a snapshot of the population in City

Figure 3: Overview of the City Population from the City Annual Report 2021-2022.

A Snapshot of our City

Based on Australian Bureau of Statistics 2021 Census data

The City LEMA has provisions to ensure identified vulnerable communities have been considered in how the City prepares, prevents, responds and recovers from emergencies.

The eastern side of Cockburn is characterised by rural zoned blocks in Jandakot, Banjup and Treeby. Many of these blocks contain remnant bushland. Wattleup, and parts of Munster and Beeliar also contain remnant bushland and are characterised as market gardens and private businesses. These areas are more susceptible to the impacts of a bushfire.

The manufacturing industry sector makes the greatest contribution to economic output in the region, which at \$8 Billion accounts for 28.87% of total output. With 7,766 jobs representing 14.95% of total employment, it is the construction industry sector that is the region's largest employer (City REMPLAN, 2023). The City is home to the <u>Australian Marine Complex</u>, Western Australia's leading shipbuilding and sustainment industrial precinct, and <u>Jandakot Airport</u>, Western Australia's busiest general aviation airport and home to a large range of businesses and tenants. Jandakot Airport supports statewide emergency services and bushfire activities, including the Department of Biodiversity and

Conservation Aviation Operations for aerial fire surveillance and suppression, DFES emergency rescue helicopter service, and the Royal Flying Doctor Service of Australia.

These sectors could be impacted should a significant bushfire occur as the City has several major traffic routes connecting industry to Fremantle port (City of Fremantle), the largest and busiest general cargo port in Western Australia and Western Trade Coast (partially in the City).

A comprehensive breakdown of information, trends and forecasts about the City population and economy can be viewed on the City's <u>online interactive demographic</u>, <u>economic and community tools</u>.

3.1.4 Resourcing the Bushfire Risk Management Plan

Bushfire risk management is currently managed through several areas within the City, including the:

- Environment, Parks and Streetscapes Team (responsible for maintenance of reserve firebreaks, fuel load reduction activities on City land, fire response plans)
- Environment Management, Planning and Policy (provide advice and technical expertise on natural area management and advise on impact of fuel management treatment strategies)
- Fire and Emergency Management team (enforcement of bushfire legislation, issuing of burning approval and section 33 notices and provide advice on bushfire risk management, owner of the Bush Fire Risk Management Plan)
- Planning and Development Services (responsible for enforcement of State Planning Strategy 3.7).

The City does not have a role dedicated to bushfire risk management or implementing asset-specific treatments.

3.2 Environment and Bushfire Context

3.2.1 Climate and Bushfire Season

The City is characterised as having a Mediterranean climate as it experiences warm, dry summers and cool, wet winters. The bushfire season is typically from late spring through to early autumn, peaking in summer, when the moisture content in vegetation is low. These characteristics, as well as evidence indicating an increase in extreme fire weather days (State of Climate Report 2022, Bureau of Meteorology; Sixth Assessment Report of the Intergovernmental Panel on Climate Change 2022) will mean that treatment strategies to bushfire risk management are required to be dynamic and timely, and multiple treatments applied to comprehensively mitigate risks.

Weather conditions, including humidity, wind, rainfall, lightning and temperature, influence fire weather behaviour such as the size, intensity, and speed of bushfires. The State of Climate 2022 report indicates anthropogenic (human-caused) climate change is increasing weather and climate extremes resulting in an increase in the number of dangerous fire weather days and a longer fire season for southern and eastern Australia. Adverse weather and climate change also have large impacts on vegetation and therefore their capacity as fuel for fire.

Summer days with high temperatures, low humidity and strong winds are especially conducive to the spread of fires. This risk of bushfires is enhanced if thunderstorms develop, accompanied by lightning with little or no rain.

As part of the development of the CCS, the City engaged Ernst and Young to undertake a risk assessment and update the climate change risk register. The final report concluded that the loss or damage to properties, buildings and infrastructure, and community safety, health and wellbeing due to bushfire are extreme risks.

The Bureau of Meteorology (BoM) states that extreme fire weather conditions in the Perth region typically occur with strong easterly or north easterly winds associated with a strong high to the south of the state and a trough offshore. Easterly winds represent about 60% of extreme fire weather days compared to less than 5% associated with southerly winds.

The City, along with the majority of the Metropolitan local governments, follows the seasonal patterns detailed above when implementing their prohibited and restricted burning times, the City on average will maintain the following seasonal restrictions:

Prohibited burning is declared during the periods from December 1 through until March 31, restricted burning period April 1 through till May 31 and October 1 through until November 30, and the City maintains an unrestricted period of June 1 through till September 30 where the conditions support a decreased risk to the spread of fire. These are subject to change on seasonal conditions.

3.2.2 Vegetation and Biodiversity

The City is located within the South West Botanical Province of Western Australia, which is recognised as one of the world's top 25 biodiversity hotspots (Natural Heritage Trust, 2003). Biodiversity hotspots are recognised as globally significant due to a high diversity and endemism (occur nowhere else) of species. These hotspots are also under threat as a result of significant habitat loss through clearing and urban development (NAMS, 2012-22).

There is a range of vegetation types and floristics communities within the City's boundaries as depicted in Figure 4. Within the City, six different vegetation complexes are represented. The most western section supports coastal vegetation and coastal heath underlain by limestone outcrops.

Across the City, vegetation condition has been subject to degradation due to past land uses causing invasion by non-native species. The majority of the non-native species are grasses which significantly increases bushfire risk. These grasses increase the risk of fast-moving and intense bushfires that threaten life, property and the environment.

In managing bushfire risks, treatments should aim to protect natural areas and biodiversity, and any impacts of fuel management treatments should thoroughly be considered. The City's NAMS objectives to consider in undertaking the bushfire risk management include;

- Threatened Ecological Communities (TEC)
- threatened fauna species habitat, such as Black Cockatoo species
- maintaining ecological corridors
- weed and disease management
- · minimise illegal access and dumping
- · reducing the likelihood of unplanned fires
- rehabilitation of degraded natural areas.

Bushland reserves contain large amounts and continuous vegetation in large areas. They are at risk of damage by bushfire and provide risks to nearby property if a large and out of control bushfire occurs. They are the largest fuel loads that occur and can aggravate any bushfire situation. All reserves within the City of Cockburn are listed in the Asset Risk Register and risk ratings have been assigned in accordance with the risk assessment process. Courses of action and the hierarchy of treatments are found at Table 7 and Figure 8 of this Plan.

Bushfire Risk Management Plan 2023 – 2028

18

3.2.3 Threatened Species and Communities

The City contains a variety of native vegetation types as depicted in Figure 4. Much of which is representative of the Banksia Woodlands of the Swan Coastal Plain, a TEC.

Banksia woodlands was listed as endangered under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act), on 16 September 2016. The threatened community predominantly occur within on the Bassendean soil complex, which is widespread on the eastern half of the City of Cockburn. Banksia woodlands are a firemanaged eco-system and low intensity burning can be used to stimulate regeneration with appropriate planning and post-fire weed control. Intervals between fire is recommended to be a minimum of 8 to 16 years and a maximum of 40 years (DBCA, Fire Information Note -Banksia Woodlands of the Swan Coastal Plain).

Tuart woodlands and forests of the Swan Coastal Plain are listed as critically endangered under the EPBC Act and are predominantly found on the Quindalup and Spearwood dunes. There are parcels of Tuart woodlands present in Manning Park, Woodman Point Regional Park and reserves in Henderson, as well as reserves along the Beeliar wetlands chain. Extensive weed management post-fire and fauna conservation for should be planned for when conducting prescribed burns as Tuart woodlands are vulnerable to invasive weeds and fauna sensitivity in mature trees (EPBC Act, Approved Conservation Advice, 2019). Intervals between burning may be required to be more than 10 years to allow regeneration and maturity of seedlings (EPBC Act, Approved Conservation Advice, 2019, C.5).

Some areas of the City contain a population of *Caledenia Huegelii* (a rare orchid), in addition of nine species considered to be 'conservation significant flora' by DBCA. Significant flora is defined as species at varying risks of extinction, depending on their classification.

Numerous wetlands are found throughout the City which support *Melaleuca* (Paperbark) and native sedge vegetation communities. The eastern parts of the City support the abovementioned Banksia Woodland TEC which is highly diverse in the floristic makeup. Vegetation which supports several threatened flora and fauna species, such as Black Cockatoos and Quendas, is also located within most of the City's reserves.

Dieback (*Phytophthora cinnamomi*) has been listed as a key threatened process and is one of the major threats to Banksia Woodland TEC. Whilst Banksia Woodland is fire dependent (over long time intervals), it is highly susceptible to dieback. Dieback has been identified in a number of bushland reserves and can be easily spread through the movement of infected soil on car tyres, boots and equipment (City 2018). Wash down of vehicles, including those involved in fire suppression and prescribed burns, is recommended where operating in dieback infested reserves to limit the spread (Department of the Environment and Energy 2018).

The presence of weeds and invasive grasses within bushland areas, road reserves and public open spaces also adds to the likelihood of fires being started by accidental, deliberate or natural causes. There is an ongoing need to effectively manage grass fuels to help minimise fire risk (Attorney-General's Department, 2014).

The City undertakes fuel load reduction works in City managed reserves including:

- Control of illegal vehicle access to reduce instances of arson
- Control of environmental weeds, particularly Perennial Veldt Grass
- Fire retardant species selection for revegetation projects in proximity to dwellings
- Asset specific treatments in selected reserves, such as
 - Mechanical works
 - Removal of vegetation
 - Hazard reduction burns

More information on threatened species and communities is available in the City's NAMS.

3.2.4 Bushfire Frequency and Causes of Ignition

Ignition frequency of unplanned fires can vary on seasonal conditions and location. Table 3 demonstrates that human causes, such as arson, have contributed to most bushfires within the City. Most occurrences of arson within the City are believed to be carried out within or close to residential areas. However, the frequency of arson in rural areas may be higher than expected due to the difficulty in identifying fire ignition causes within these areas.

The City's Community Safety and Crime Prevention Plan 2022-2027 (CSCP Plan) outlines initiatives the City will implement to deter criminal activity and ensure the community feel safe. The CSCP Plan aims to reduce the opportunity for crime through technology, namely CCTV, and facilitate early intervention initiatives to improve the wellbeing of our community.

Table 3 - Summary of Ignition Causes 2018-2023 By Highest Average Ignition Cause (as of *July 2023 Department of Fire and Emergency Services, City of Cockburn Local Government Report Package*)

| Year | 2018-19 | 2019-20 | 2020-21 | 2021-22 | 2022-23 |
|------------------------|---------|---------|---------|---------|---------|
| Total no. of bushfires | 133 | 150 | 133 | 159 | 184 |
| Suspicious/Deliberate | 86 | 89 | 71 | 107 | 89 |
| Cigarette | 23 | 22 | 25 | 23 | 36 |

| Year | 2018-19 | 2019-20 | 2020-21 | 2021-22 | 2022-23 |
|---|---------|---------|---------|---------|---------|
| Reignition of previous fire | 5 | 4 | 6 | 8 | 24 |
| Burn off fires | 3 | 8 | 5 | 4 | 3 |
| Power lines | 6 | 4 | 4 | 5 | 4 |
| Hot works (grinding, cutting, drilling etc) | 1 | 5 | 3 | 2 | 3 |
| Other open flames or fire | 1 | 2 | 5 | 2 | 3 |
| Improper Fuelling/Cleaning/Storage /Use of material ignited | 2 | 1 | 5 | 2 | 1 |
| Campfires/bonfires/outdo or cooking | 2 | 4 | 1 | 1 | 2 |
| Unreported (incomplete report) | - | 0 | 0 | 0 | 8 |
| Vehicles (incl. Farming Equipment/Activities) | 1 | 2 | 3 | 1 | 1 |
| Weather Conditions (High winds, natural combustion etc. Excludes Lightning) | - | 1 | 2 | 1 | 2 |
| Electrical distribution (excl. power lines) | - | 2 | 1 | 1 | 1 |
| Undetermined | 1 | 2 | 0 | 2 | 0 |
| Weather Conditions - Lightning | 1 | 1 | 0 | 0 | 3 |
| Children misadventure | 1 | 2 | 0 | 0 | 0 |
| Fireworks/flares | 0 | 0 | 0 | 0 | 2 |
| Construction, installation, design deficiency | - | 0 | 0 | 0 | 1 |
| Equipment - Mechanical or electrical fault | - | 0 | 1 | 0 | 0 |
| Human Error (Left on, knock over, unattended etc.) | - | 0 | 1 | 0 | 0 |
| Sleeping/Alcohol/Drugs/P hysical-Mental impairment | 0 | 1 | 0 | 0 | 0 |
| Yard maintenance, hand held equipment | - | 0 | 0 | 0 | 1 |

Planned fires, utilising the City's Fire Control Order and permit system, account for most planned/controlled burning activities undertaken within the City's rural landholdings. The permit system is heavily utilised by many residents, with 686 permits being issued between 2017-2022.

Historical evidence indicates the City has experienced multiple fires that required a significant multi-agency response, including the 2014 Banjup bushfire, which burnt through several reserves and rural residential properties before impacting urban areas in Atwell. This fire resulted in community evacuations, minor damage to several homes and the loss of outbuildings, sheds and fencing. The 2020/21 bushfire season saw an increase in multiagency incidents compared to previous years of note Aubin Grove bushfires which resulted in the community being impacted by severe ember attacks and sheltering in place.

3.2.5 Topography and Landscape

The City is relatively flat and low lying. Ground elevation across the City varies between 0.09 m and 78.9 m above sea level. Some areas with the highest elevation in bushfire prone areas include Manning Park, areas of Munster, and parks and businesses immediately west of Bibra Lake. Steep slopes and prevailing winds can increase fire intensity.

The Beeliar wetlands chain pass through the centre of the City, creating a series of wetlands and seasonal damplands. Controlled burns should not be undertaken in wetland areas because the organic-rich soils have the potential to smoulder underground for weeks or months (Fire Facts DBCA, 2023). Peatlands store more carbon than any other ecosystem and burning would result in large carbon emissions (Pemberton 2005) as well as potentially trigger the presence of acid sulphates that could pollute groundwater and waterways, killing flora and fauna (Fire Facts DBCA, 2023). Figure 5 depicts acid sulphate soil risks within the City of Cockburn which is taken into consideration when planning controlled burns.

4. Asset Identification and Risk Assessment

Risk assessment uses a combination of consequence and likelihood to determine the level of bushfire risk. Once the City has identified, mapped and categorised an asset, a risk assessment can be conducted to determine an asset's exposure to bushfire risk. The level of exposure to bushfire risk is called the risk rating.

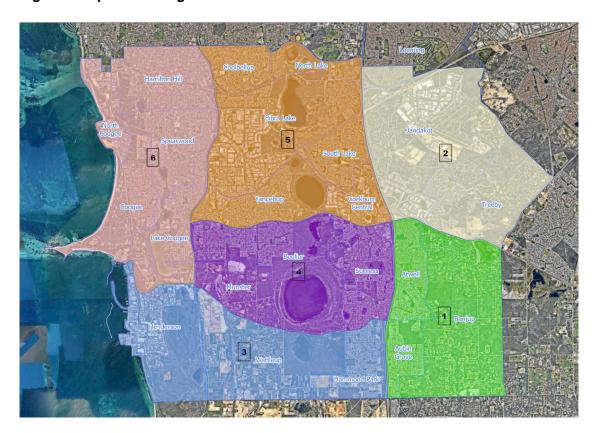

Detailed information about asset identification and risk assessments are available for viewing and recorded in the City's on-line Cockburn Mapping Hub, within the "Fire Management" web maps under the "BRMS Assets" layer. Cockburn Mapping Hub can be viewed here: https://maps-cockburn.hub.arcgis.com/

4.1 Planning Areas

The City is divided into six bushfire risk planning areas. The planning areas were determined using existing geographical features.

- 1. Banjup / Atwell /Aubin Grove
- 2. Jandakot / Treeby
- 3. Southern Coast to Hammond Park
- 4. Beeliar Regional Park
- 5. North Lake / Yangebup Lake
- 6. Northern Coastal Strip

Figure 6 Map of Planning Areas

4.2 Asset Identification

Asset identification and risk assessment have been conducted at the local level using the methodology described in the Guidelines using Bushfire Risk Management System (BRMS). In reviewing the BRMP, all previously identified assets have been reviewed. New assets identified during the review have been mapped, recorded and assessed in the (DFES provided) BRMS. Identified assets are categorised into the following categories and subcategories provided in Table 4.

Table 4 – Asset Categories and Subcategories

| Asset Category | Asset Subcategories |
|---------------------|---|
| Human Settlement | Residential areas Dwellings including rural urban interface areas and rural properties. Places of temporary occupation Commercial, mining and industrial areas located away from towns and population centres. Special risk and critical facilities Locations and facilities where occupants may be especially vulnerable to bushfire for one or more of the following reasons: |
| Economic | Agricultural Pasture, grazing, livestock, crops, viticulture, horticulture and other farming infrastructure. Commercial and industrial Major industry, waste treatment plants, mines, mills and processing and manufacturing facilities and cottage industry. Critical infrastructure Power lines and substations, water and gas pipelines, telecommunications infrastructure, railways, bridges, port facilities and waste water treatments plants. Tourist and recreational Tourist and recreational sites that generate significant tourism and/or employment within the local area. Commercial forests and plantations Drinking water catchments |

| Asset Category | Asset Subcategories |
|----------------|---|
| Environmental | Protected Rare, protected and threatened flora and fauna, ecological communities and wetlands as listed in the aforementioned environmental legislation. Priority Priority Flora and Priority Fauna Lists held by DBCA (Priorities 1-3), PEC and wetlands. Locally important Nature conservation and research sites, habitats, species and communities, areas of visual amenity and local value, and Priority Flora and Priority Fauna Lists held by DBCA (Priorities 4-5). |
| Cultural | Aboriginal heritage Places of indigenous significance identified by DPLH or the local community. Recognised heritage Assets afforded legislative protection through identification by the National Trust, State Heritage List or Local Planning Scheme Heritage List. Local heritage Assets identified in a Municipal Heritage Inventory or by the community. Other Other assets of cultural value, for example community centres and recreation facilities. |

4.3 Assessment of Bushfire Risk

Risk assessments have been undertaken for each asset or group of assets identified using the methodology described in the Guidelines. The Asset Risk Register will be maintained in BRMS and will be updated as new assets are identified.

4.3.1 Likelihood Assessment

Likelihood is described as the chance of a bushfire igniting, spreading and reaching an asset. The approach used to determine the likelihood rating is **the same for each asset category:** Human Settlement, Economic, Environmental and Cultural.

There are four possible likelihood ratings:

Almost certain, likely, possible, and unlikely.

4.3.2 Consequence Assessment

Consequence is described as the outcome or impact of a bushfire event on the local community, infrastructure, natural environment and local economy. The approach used to determine the consequence rating is **different for each asset category**: Human Settlement, Economic, Environmental and Cultural.

There are four possible consequence ratings:

Minor, moderate, major and catastrophic.

The methodology used to determine the consequence rating for each asset category is based on the following:

Human Settlement, Economic and Cultural Assets

The outcome or impact of a bushfire event on the asset, or a group of assets, measured by the hazard posed by the classified vegetation and the vulnerability of the asset.

Environmental Assets

The outcome or impact of a bushfire event on the asset, or a group of assets, measured by the vulnerability of the asset and the potential impact of a bushfire or fire regime.

5. Evaluating Bushfire Risk

The risk rating for each asset has been assessed against the likelihood and consequence descriptions to ensure:

- The rating for each asset reflects the relative seriousness of the bushfire risk to the asset
- Likelihood and consequence ratings assigned to each asset are appropriate
- · Local issues have been considered.

5.1 Treatment Priorities

The treatment priority for each asset has been automatically assigned by BRMS, based on the asset's risk rating. Table 6 shows how likelihood rating (4.3.1) and consequence assessment (4.3.2) combine to give the risk rating and subsequent treatment priority for an asset.

Table 6 – Treatment Priorities based on likelihood rating and consequence assessment.

| Bushfire Risk | Management | Plan | 2023 – | 2028 |
|---------------|------------|------|--------|------|
|---------------|------------|------|--------|------|

| | | Consequence | | | | |
|------------|----------------|----------------|-------------------|-------------------|-------------------|--|
| | | Minor | Moderate | Major | Catastrophic | |
| | Almost certain | 3D (High) | 2C (Very High) | 1C (Extreme) | 1A (Extreme) | |
| poor | Likely | 4C (Medium) | 3A (High) | 2A (Very High) | 1B (Extreme) | |
| Likelihood | Possible | 5A (Low) | 4A (Medium) | 3B (High) | 2B (Very High) | |
| | Unlikely | 5C (Low) | 5B (Low) | 4B (Medium) | 3C (High) | |

5.2 Risk Acceptability

Risks of 'high' and below were not considered to require specific treatment during the life of this BRMP. They will be managed by local government-wide controls and monitored for any significant change in risk. The City's approach with this element of the BRMP has been supported by DFES and the Guidelines.

In most circumstances, the landowner will determine risk acceptability and treatment in collaboration with the City and other relevant authorities. However, the following courses of action, as illustrated in Table 7, have been adopted for each risk rating as a general rule.

Table 7 - Criteria for Acceptance of Risk and Course of Action

| Risk Rating | Criteria for Acceptance of Risk | Course of Action |
|---------------------------------------|---|--|
| Extreme (Priorities 1A, 1B, 1C) | Only acceptable with excellent controls. Urgent treatment action is required. | Routine controls are not enough to adequately manage the risk. Immediate attention required as a priority. Specific action is required in first year of BRMP. Annual monitoring is required, or more frequently if required in the treatment schedule. Treatments will be approached by: Treatments will be prioritised where maximum benefits are achieved for multiple assets and or critical infrastructure. |

| | | Treatments that benefit vulnerable communities will be given priority. Tenure blind strategic mitigation with multiple stakeholders/partnerships. Communication with asset owners will be in line with the City Communications Plan. |
|---|---|---|
| Very High (Priorities 2A, 2B, 2C) | Only acceptable with excellent controls. Treatment action is required. | Routine controls are not enough to adequately manage the risk. Specific action will be required during the period covered by the BRMP. Quarterly monitoring is required. |
| High (Priorities 3A, 3B, 3C, 3D) | Only acceptable with adequate controls. Treatment action may be required. | Risk may be managed with routine controls and monitored annually. |
| Medium (Priorities 4A, 4B, 4C) | Acceptable with adequate controls. Treatment action is not required but risk must be monitored regularly. | Risk may be managed with routine controls and monitored periodically throughout the life of the BRMP. |
| Low (Priorities 5A, 5B, 5C) | Acceptable with adequate controls. Treatment action is not required but risk must be monitored. | Risk will be managed with routine controls and monitored as required. |

6. Risk Treatment

The purpose of risk treatment is to reduce the likelihood of a bushfire occurring and the potential impact of a bushfire on the community, economy and environment. This is achieved by implementing treatments that modify the characteristics of the hazard, the community or the environment.

There are many strategies available to treat bushfire risk. The treatment strategy (or combination of treatment strategies) selected will depend on the level of risk and the type of asset being treated. Not all treatment strategies will be suitable in every circumstance.

6.1 Local Government-Wide Controls

Local government-wide controls are activities already being undertaken by the City, State agencies and other stakeholders that reduce the overall bushfire risk. These treatments are not linked to specific assets and are applied across the City:

- Enforcement of the *Bush Fires Act 1954*, including applicable fuel management requirements, firebreak standards and annual enforcement programs
- · Distribution and capability of local fire and emergency services
- Public education campaigns and the use of PWS and DFES state-wide programs, tailored to suit local needs
- State-wide arson prevention programs developed in conjunction with WA Police and DFES
- State planning framework and local planning schemes, implementation of appropriate land subdivision and building standards in line with DFES, Western Australian Planning Commission and Building Commission policies and standards, such as State Planning Policy 3.7 Planning in Bushfire Prone Areas; and
- Monitoring performance against the BRMP and reporting annually to the Council and OBRM.

Further information about the local government-Wide Controls and how they will support the treatment of bushfire risk can be found in **Appendix Two – Local Government-Wide Controls.**

6.2 Asset-Specific Treatment Strategies

Asset-specific treatments are implemented to protect an individual asset or group of assets, identified and assessed in the BRMP as being at risk from bushfire. There are six asset specific treatment strategies:

Fuel management – Treatment reduces or modifies the bushfire fuel through manual, chemical and prescribed burning methods

Ignition management – Treatment aims to reduce potential human and infrastructure sources of ignition in the landscape

Preparedness – Treatments aim to improve access and water supply arrangements to assist firefighting operations

Planning – Treatments focus on developing plans to improve the ability of firefighters and the community to respond to bushfire

Bushfire Risk Management Plan 2023 - 2028

29

Community Engagement – Treatments seek to build relationships, raise awareness and change the behaviour of people exposed to bushfire risk

Other – Local government-wide controls, such as enforcement of the *Bush Fires Act 1954* and planning policies, will be used to manage the risk. Assetspecific treatment is not required or not possible in these circumstances

As part of the treatment hierarchy, the BRMP proposed a tiered treatment solution as depicted in Figure 7. This depicts the City of Cockburn's approach to applying asset-specific treatments, ensuring that community engagement and planning and preparedness activities are the first priority to reduce bushfire risks. When they do not adequately reduce risks to an acceptable standard, tier 2 treatments are required and so on.

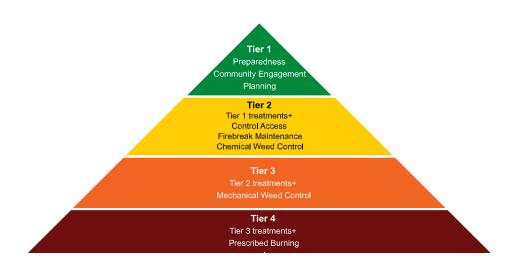

Figure 7: City Treatment Hierarchy for Asset-Specific Treatment Strategies

6.3 Determining the Treatment Schedule

The Treatment Schedule list bushfire risk treatments recorded within the BRMS. The City will develop a program of works that covers activities to be undertaken over the life of the BRMP. The Treatment Schedule will evolve and develop through successful mitigation works or changing climate and resources.

Landowners are ultimately responsible for treatments implemented on their land. This includes any costs associated with the treatment and obtaining the relevant approvals, permits or licences to undertake an activity. Where agreed, another agency may manage treatments on behalf of a landowner. However, the onus is still on the landowner to ensure treatments detailed in this BRMP's Treatment Schedule are completed.

The City works closely with land owners to ensure adequate treatments are put in place to address bushfire risk. The City's recommended treatments will be communicated with stakeholders according to the Communication Strategy (appendix one) with land owners during the implementation of this Plan and will report on these activities to Council. However, it is ultimately the responsibility of land owners to implement treatments.

7. Review and Reporting

Review and reporting processes are in place to ensure that the BRMP remains current and valid. These processes are detailed below to ensure outcomes of the BRMP are achieved.

The LEMC will be encouraged to be actively involved during the life cycle of the BRMP. The LEMC has many stakeholder group leaders that will be able to provide important advice and feedback to assist in guiding the BRMP process. The advice received in

relation to implementing appropriate land treatments and during the review stages will be highly valued.

7.1 Review

A comprehensive review of this BRMP will be undertaken at least once every five years, from the date of adoption by the City. Significant circumstances that may warrant an earlier review of the BRMP include:

- Changes to the BRMP area, organisational responsibilities, or legislation
- · Changes to the bushfire risk profile of the area
- · Following a major fire event.

BRMS will be used to monitor the risk ratings for each asset identified in the BRMP and record the treatments implemented. Risk ratings are reviewed on a regular basis.

7.2 Reporting

Regular reporting on the activities undertaken to implement the BRMP will ensure transparency with key stakeholders to the BRMP, including private landowners.

Progress and review of the BRMP will be reported by utilising the ongoing information input into BRMS. Progress against the BRMP will be continuously monitored and reported to the City's Executive monthly and then to Council via the LEMC and BFARG.

At any time, landowners may request from the City a copy of the treatment plans for their locality.

The City will provide an annual report to Council and a bi-annual pre and post bushfire season report to community groups. The reports will outline extreme and very high-risk assets, describe the objective of their risk treatment, the works to be undertaken and their timings, the progress towards their completion, and the outcome.

The City will on request of DFES submit an annual report to OBRM each year summarising progress made towards implementation of the BRMP.

| Bushfire Risk Management | Plan | 2023 - | - 2028 |
|--------------------------|------|--------|--------|
|--------------------------|------|--------|--------|

8. Glossary

Asset A term used to describe anything of value that may be adversely impacted by

bushfire. This may include residential houses, infrastructure, commercial,

agriculture, industry, environmental, cultural and heritage sites.

Asset Category There are four categories that classify the type of asset – Human Settlement,

Economic, Environmental and Cultural.

Asset Owner

The owner, occupier or custodian of the asset itself. Note: this may differ from

the owner of the land the asset is located on, for example a communication

tower located on leased land or private property.

Asset Register A component within BRMS used to record the details of assets identified in the

BRMP.

Asset Risk Register A report produced within the BRMS that details the consequence, likelihood, risk

rating and treatment priority for each asset identified in the BRMP.

Bushfire Unplanned vegetation fire. A generic term which includes grass fires, forest fires

and scrub fires both with and without a suppression objective.

Bushfire Hazard The hazard posed by the classified vegetation, based on the vegetation

category, slope and separation distance.

Bushfire Risk Management Plan A development related document that sets out short, medium and long term

bushfire risk management strategies for the life of a development.

Bushfire Risk The chance of a bushfire igniting, spreading and causing damage to the

community or the assets they value.

Bushfire Risk

Management

A systematic process to coordinate, direct and control activities relating to bushfire risk with the aim of limiting the adverse effects of bushfire on the

community.

Bushfire Risk The chance of a bushfire igniting, spreading and causing damage to the

community or the assets they value.

Consequence The outcome or impact of a bushfire event.

Draft Bushfire Risk Management Plan The finalised draft BRMP is submitted to the Office of Bushfire Risk Management (OBRM) for review. Once the OBRM review is complete, the BRMP is called the

'Final BRMP' and can be progressed to local government Council for approval.

Geographic Information System

(GIS)

A data base technology, linking any aspect of land-related information to its

precise geographic location.

Landowner The owner of the land, as listed on the Certificate of Title; or leaser under a

registered lease agreement; or other entity that has a vested responsibility to

manage the land.

Likelihood The chance of something occurring. In this instance, it is the potential of a

bushfire igniting, spreading and impacting on an asset.

Locality The officially recognised boundaries of suburbs (in cities and larger towns) and

localities (outside cities and larger towns).

Map The mapping component of the BRMS. Assets, treatments and other associated

information is spatially identified, displayed and recorded within the Map.

Planning Area A geographic area determine by the local government which is used to provide a

suitable scale for risk assessment and stakeholder engagement.

Priority See Treatment Priority.

Risk Acceptance The informed decision to accept a risk, based on the knowledge gained during

the risk assessment process.

Risk Analysis The application of consequence and likelihood to an event in order to determine

the level of risk.

Risk Assessment The systematic process of identifying, analysing and evaluating risk.

Risk Evaluation The process of comparing the outcomes of risk analysis to the risk criteria in

order to determine whether a risk is acceptable or tolerable.

Risk Identification The process of recognising, identifying and describing risks.

Risk Register A component within the BRMS used to record, review and monitor risk assessmen

and treatments associated with assets recorded in the BRMP.

Risk treatment A process to select and implement appropriate measures undertaken to modify

risk.

Rural Any area where in residences and other developments are scattered and

intermingled with forest, range, or farm land and native vegetation or cultivated

crops.

overlap with undeveloped bushland.

Slope The angle of the ground's surface measured from the horizontal.

Tenure Blind An approach where multiple land parcels are consider as a whole, regardless of

individual ownership or management arrangements.

Treatment An activity undertaken to modify risk, for example a planned burn.

Treatment Objective The specific aim to be achieved or action to be undertaken, in order to complete

the treatment. Treatment objectives should be specific and measurable.

Treatment Manager The organisation, or individual, responsible for all aspects of a treatment listed in

the Treatment Schedule of the BRMP, including coordinating or undertaking

work, monitoring, reviewing and reporting.

Treatment Planning

Stage

The status or stage of a treatment as it progresses from proposal to

implementation.

Treatment Priority The order, importance or urgency for allocation of funding, resources and

opportunity to treatments associated with a particular asset. The treatment

priority is based on an asset's risk rating.

Bushfire Risk Management Plan 2023 - 2028

34

Treatment Schedule A report produced within the BRMS that details the treatment priority of each

asset identified in the BRMP and the treatments scheduled.

Treatment Strategy The broad approach that will be used to modify risk, for example fuel

management.

Treatment Type The specific treatment activity that will be implemented to modify risk, for

example a planned burn.

Vulnerability The susceptibility of an asset to the impacts of bushfire.

10. Appendices

- 1 Communication Strategy
- 2 Local Government Wide Controls Table

Appendix 1 – Communications Strategy

1. Introduction

This Communication Strategy accompanies the BRMP and documents the following;

- · communication objectives
- roles and responsibilities for communication
- key stakeholders
- stakeholders engaged in the development of the BRMP and Treatment Schedule, and
- Communication Plan for the implementation and review of the BRMP including: target audiences and key messages at each project stage; communication risks and strategies for their management; and communication monitoring and evaluation procedures.

2 Communications Overview

2.1 Communication Objectives

The communication objectives for the development, implementation and review of the BRMP are as follows:

- 1. key stakeholders understand the purpose of the BRMP and their role in the planning process
- stakeholders who are essential to the bushfire risk management planning process, or can supply required information, are identified and engaged in a timely and effective manner
- relevant stakeholders are involved in decisions regarding risk acceptability and treatment
- 4. key stakeholders engage in the review of the BRMP as per the schedule in place for the local government, and
- 5. the community and other stakeholders engage with the bushfire risk management planning process and as a result are better informed about bushfire risk and understand their responsibilities to address bushfire risk on their own land.

2.2 Roles and Responsibilities

The City is responsible for the development, implementation and review of the Communication Strategy. Key stakeholders support local government by participating in the development and implementation of the Communications Strategy as appropriate. An overview of communication roles and responsibilities follows:

- Communications and Marketing team, City of Cockburn, responsible for external communication with the local government area.
- Fire and Emergency Management team, City of Cockburn, responsible for operational-level communication between the City and DFES.

OCM 14/05/2024 Item 15.1.2 Attachment 2

2.3 Key Stakeholders

The following table identifies key stakeholders in bushfire risk management planning process, its implementation and review. These are stakeholders that are identified as having a significant role or interest in the planning process or are likely to be significantly impacted by the outcomes.

| Stakeholder | Role or interest | Level of Impact | Level of Engagement |
|---|--|---|---|
| Who is the stakeholder? Consider government agencies, interest groups and service providers. | What is their role or interest that makes them a stakeholder? Consider if they are an asset owner, landowner or manager, treatment manager or interested party. | Consider how the implementation of the BRMP will impact each stakeholder and then assign them a rating of High, Medium or Low. | What level of engagement is necessary for the stakeholder? Inform, consult, involve, collaborate or empower? |
| Bushland Friends of Groups (including Roe 8 Rehabilitation) | Interested Party | Medium | Consult |
| Community Residents Groups | Interested Party | Medium | Consult |
| City | Asset/Landowner and Treatment Manager | High | Consult |
| City Bushfire Advisory Reference Group (includes local Bush Fire Brigades) | Interested Party | High | Consult |
| City Local Emergency Management Committee | Interested Party | Medium | Inform |
| DFES (BRM Branch, OBRM) | Treatment Manager and Bushfire Risk management Program Coordinator | High | Collaborate |
| DBCA (including Regional Park Community Advisory Committees) | Asset/Landowner and Treatment Manager | Medium | Consult |

Item 15.1.2 Attachment 2 OCM 14/05/2024

| Department of Education/other private schools | Asset/Landowner and Treatment Manager | Low | Consult |
|---|---------------------------------------|--------|---------|
| DPLH | Asset/Landowner | Low | Consult |
| Land Leases on City reserves and properties | Interested party | Medium | Consult |
| Main Roads | Asset/Landowner and Treatment Manager | Low | Consult |
| Private landowners | Asset/Landowner and Treatment Manager | High | Consult |
| Water Corporation | Asset/Landowner and Treatment Manager | Low | Consult |
| Western Power | Asset/Landowner and Treatment Manager | Low | Consult |
| Other Local Governments | Interested Party | Low | Inform |

3. Communications Log

The City will maintain a communications log that captures the communications with key internal and external stakeholders that occurred during the development of the BRMP, associated Treatment Schedule, implementation and review of the BRMP. The Log will be a record of any significant conversations, community engagement events, emails, meetings, presentations, workshops and other communication initiatives. The Communications Log will be provided to City BFARG and LEMC each year as part of the reporting on the progress of the BRMP, and to OBRM as requested.

OCM 14/05/2024 Item 15.1.2 Attachment 2

Appendix 2 – Local Government Wide Controls Table

Local government-wide controls are activities already being undertaken by the City, State agencies and other stakeholders that reduce the overall bushfire risk. The table below also lists controls that are desirable or should be implemented in the future.

| Control | | Action or activity description | Lead agency | Other stakeholder(s) | Notes and comments |
|-----------|--|--|--|--|---|
| Ref No | What is the control in place? | What is the name of the specific action or activity? | Who is the agency responsible for implementation of the control? | Are there any other key stakeholders who contribute to the success of the control? | Provide a brief description of the action or activity, its contribution to bushfire risk management in the local government, target areas, key timeframes and any work being undertaken to improve the control. |
| 1 | | City Fire Control Order (Section 33) | City | Landowners | The City's Fire Control Order is distributed annually with the City's Rates Notices and the City undertakes a proactive inspections program of properties to ensure compliance with the Fire Control Order. |
| 2 | Enforcement of the Bush Fires Act 1954 | Declaration of Total Fire Bans | DFES | City | A Total Fire Ban (TFB) is declared because of extreme fire weather conditions or when current operational commitments have reduced state-wide resources/capabilities. A TFB is declared by DFES following consultation with the LG. |
| 3 | | Declaration of Harvest Vehicle Movement Bans | City, Chief Bushfire Control Officer | DFES, Fire Control Officers | Bans imposed when the CBFCO and FCOs are of the opinion that the use of engines, vehicles, plant or machinery is likely to cause/contribute to the spread of a bushfire. |

Item 15.1.2 Attachment 2 OCM 14/05/2024

| 4 | | Restricted and prohibited burning times and issuing of permits to set fire to the bush | City | Chief Bushfire Control Officer, Fire Control Officers, DFES | Regulate burning requirements in the City during the restricted and prohibited burning times. |
|---|--|--|---|---|---|
| 5 | | Distribution and capability of local fire and emergency services, including Cockburn Career Fire and Rescue Service (DFES), South Coogee and Jandakot Volunteer Bush Fire Brigades (City). | DFES/City | Chief Bushfire Control Officer, DBCA | Ensure local emergency services are appropriately capable and equipped to respond effectively to bushfires within the City. |
| 6 | State Planning Policy 3.7 – Planning in Bushfire Prone Areas | Enforcement of SPP 3.7 in declared bushfire prone areas | City | DFES, DPLH | Implement the Guidelines for Planning in Bushfire Prone Areas to ensure bushfire risk is addressed when planning, designing or assessing a planning proposal within a designated bushfire prone area. Bushfire prone areas mapping can be viewed here: https://www.dfes.wa.gov.au/hazard-information/bushfire/bushfire-prone-areas#map-of-bpa |
| 7 | Local Emergency Management Arrangements | Local emergency management plan is maintained. | Local Emergency Management Committee membership, hazard management agencies, and support organisations. | - | Local plan including Local Recovery Plan, resource register and is regularly reviewed, exercised, and updated. |

| 8 | Bushfire Advisory Reference Group | 3 3 | Membership, includes local bushfire brigades | - | Advise and advocate on effective bushfire risk management. |
|----|---|---|--|---|---|
| 9 | Local Community Education Campaigns | Implement local emergency and bushfire education and preparedness campaigns. | City | DFES | Public education campaigns and the use of PWS and DFES state-wide programs, tailored to suit local needs to ensure the community is actively undertaking bushfire risk management activities and prepared should a bushfire occur in their local area. Examples of community education include; • Maintaining Australian Fire Danger Rating Signs • Providing resources and advice to the community • Providing community events/workshops on bushfire safety and readiness |
| 10 | State-wide Education Campaigns | Implement State-wide emergency and bushfire education and preparedness campaigns. | DFES, WA Police | City, DBCA | State-wide messaging and information to raise community awareness and resilience, including arson prevention programs developed by WA Police and DFES. |
| 11 | South Metro Bushfire Risk Management Working Group | Coordinate and advise on local bushfire risk management. | DFES | Membership, including Local Governments, public utilities and State agencies | Advise and advocate on effective bushfire risk management. The Group is a formal avenue for the City to advocate with public utilities and State agencies about priority risks. |

Item 15.1.2 Attachment 2 OCM 14/05/2024

| 12 | Annual weed and maintenance works in City managed road and bushland reserves | Implement an annual program of works to maintain road and bushland reserves to an acceptable level of risk. | City | Private landowners | The City's Environment, Parks and Streetscapes coordinate regular works to be completed throughout the City, including verge mowing, weed control, and maintaining existing firebreaks and asset protection zones. |
|----|---|---|------|--------------------------------|--|
| 13 | Residential Bulk Garden Organics Verge Collections | Provide bulk garden organics verge collection service to residential landowners. | City | Private residential landowners | The City's Waste Services provide bulk garden organic services to the community and assists in removing dead vegetation and assisting the community in maintaining their properties. |
| 14 | Illegal access to conservation areas | Implement measures to limit unauthorised access to conservation reserves in accordance with the Natural Area Management Strategy. | City | DBCA | Preventing access to vegetated areas reduces the spread of weeds and the likelihood of arson. |
| 15 | Weed control for Cockburn residents living in the rural, rural living and resource zones | Landowner Biodiversity Conservations Grant | City | Private landowners | The City's Sustainability and Environment Team coordinate a grant program for residents to apply for up to \$3,000 per property to conserve and enhance the natural bushland, including weed control services. |

OCM 14/05/2024 Item 15.1.2 Attachment 2

Desirable/proposed Local Government wide controls

The following is a list of proposed local government wide controls to adopt during the life of the BRMP that were identified through the development and consultation of the BRMP.

| Con | trol | Action or activity description | Lead agency | Other stakeholder(s) | Estimated cost | Notes and comments |
|-----|--|---|--------------------------|---|------------------------|--|
| 1 | Bushfire Risk Management Officer | Dedicated Bushfire Risk Management position in the City to implement Bushfire Risk Management Plan | City | Landowners (private, State agencies and others) | \$100,000 per annum | The City to employ a dedicated resource to oversee the coordination of bushfire risk management, including regular review of Asset Risk Register and Treatment Schedule maintained in BRMS, report on progress of BRMP, and oversee the implementation of asset-specific treatments, such as tailored community education programs and working with all land owners and managers to refine and implement the Treatment Schedule. The position is estimated to result in a net increase in expenditure by \$40,000, as the City currently outsources part of this work to a consultant for \$60,000. Due to the volume of work required by this position, the current consultancy arrangement is only used for significant mitigation programs and periodically. |
| 2 | Capture FDR data to inform future controls | Report on Fire Danger Rating Days over the life of the BRMP under the new Australian Fire | Bureau of Meteorology | City | n/a | Feedback received during the consultation of the BRMP expressed that the City should report on any trends on Fire Danger Rating day, particularly any increases. As the new |

Item 15.1.2 Attachment 2 OCM 14/05/2024

| | | Danger Rating System (AFDRS). | | | | AFDRS was adopted from September 2022, there is limited contemporary data to inform any further controls required. |
|---|--|--|-------------------------|--------------------|---|--|
| 3 | Local bushfire risk management funding for private properties | Investigate the feasibility of a coordinated or co-funded program for bushfire risk management activities on private properties | City/DFES (ESL 1 areas) | Private landowners | Business as usual | The City to investigate implementing a program to support private landowners to implement bushfire risk management strategies on their properties, including but not limited to, maintaining water supply (including a power supply) for firefighting purposes and private property burning subsidy. This will be achieved by liaising with local Bushfire Brigades and reviewing State and National reviews into significant bushfires. Feedback received during consultation on the BRMP, noted that the City could co-fund the supply of resources. |
| 4 | Fire and smoke detection technology | Investigate the market for fire and smoke detection technology to enhance local firefighting capabilities and opportunities to invest in technology to increase bushfire resilience. | City | - | Indicative costs if deemed feasible to implement = \$120,000 over two years | The City to investigate emerging technologies for early fire and smoke detection to enhance firefighting capabilities and opportunities to partner with education institutions for learning and knowledge development. |

OCM 14/05/2024 Item 15.1.3

15.1.3 (2024/MINUTE NO 0088) Review of the Sponsorship and Naming Rights on City Controlled Land and/or Buildings Policy

Executive A/Chief of Community Services **Author** Club Development Officer

Attachments 1. Proposed Amendments - Sponsorship and Naming Rights on City Controlled Land & Buildings Policy v2 U

2. NEW Sponsorship and Naming Rights on City

Controlled Land & Buildings Policy J

Officer Recommendation/Committee Recommendation/Council Decision MOVED Cr T Widenbar SECONDED Cr T Dewan That Council:

(1) ENDORSES the proposed amendments to the Sponsorship and Naming Rights on City Controlled Land and/or Buildings Policy as presented in Attachment 1.

CARRIED 10/0

Background

Cr Corke submitted the following Notice of Motion on 16 November 2022:

That Council requests a report that investigates options for:

- Controlling or restricting advertising of fossil fuels on any City of Cockburn owned or managed property. This should include consideration of any implications this may have for sporting and community organisations who currently use Council managed property or sporting venues.
- 2. Restricting the acceptance of sponsorships from companies or organisations whose main business is the extraction or sale of coal, oil, or gas.

At the 8 December 2022 Ordinary Council Meeting, the Council decision was that Council:

1. INCORPORATES the Notice of Motion into the review of the Sponsorship and Naming Rights on City Controlled Land and/or Buildings Policy, which is scheduled for March 2023.

The policy was then reviewed in conjunction with City Officers engaging with stakeholders and investigating the impact a decision to restrict fossil fuel advertising might have on existing users. The report was presented to the Ordinary Council Meeting on 9 November 2023.

At this meeting, the decision was that Council:

 REJECTS the amendments to the Sponsorship and Naming Rights on City Controlled Land and/or Buildings Policy; and

| 326 of 393 | |
|------------|--|
| | |

Item 15.1.3 OCM 14/05/2024

2. REQUESTS that the Policy is brought back to the Governance Committee with the removal of references of fossil fuel companies.

Reason

There has been quite a few changes to the Policy and I think there is some streamlining of the governance of the Policy which I think is worth consideration and to simply remove reference to fossil fuels is going to be a tricky one, so if we maintain current policy for now, bring the Policy back with the removal of fossil fuels, then we can have a clear picture.

Accordingly, the policy review has removed references to fossil fuels so that other policy amendments can be evaluated independently.

Submission

N/A

Report

The Sponsorship and Naming Rights on City Controlled Land and/or Buildings Policy was developed in response to several enquiries from sporting and community groups.

These groups are under increasing pressure to increase or replace infrastructure and equipment, while being careful not to overburden participants with higher costs which might limit participation.

Acquiring funds from sources other than membership fees, such as sponsorship, is one means of addressing the financial impact on these organisations.

The policy was initially developed to provide the City's community and sporting groups with parameters to deal with requests for sponsorship signage and naming rights on City controlled land and/or buildings.

In reviewing the policy, amendments made centre primarily on:

- Simplifying the document for better readability,
- Condensing duplicate clauses, and
- Removing references to superseded documents.

The proposed amendments seek to:

- provide clearer direction to sporting and community organisations seeking to enter into sponsorship agreements that may include City-controlled land and/or buildings, and
- (2) simplify the administration of the Sponsorship and Naming Rights on City Controlled Land and/or Buildings Policy by reducing the need for clubs to seek City approval in every instance.

OCM 14/05/2024 Item 15.1.3

The Policy now sets out the minimum standards that clubs must adhere to when wishing to display signage promoting their sponsors.

The minimum standards are outlined as a set of General Provisions, with further specifications for temporary signage, permanent signage, Naming Rights Sponsorships, and the occasions when City approval is required.

It is important to note that the policy in no way dictates or restricts which entities clubs can seek or accept sponsorship from. The policy's only function is to regulate the signage that can be installed on City controlled land and/or buildings.

Strategic Plans/Policy Implications

Community, Lifestyle and Security

A vibrant healthy, safe, inclusive, and connected community.

Policy Type

Council

Policy Purpose

Sporting and community groups are under increasing pressure to increase or replace infrastructure and equipment, while being careful not to overburden members with higher costs which may limit participation. As a result, best practice groups are able to diversify their income sources, which may include sponsorship, to remain affordable and sustainable.

The purpose of this policy is to provide direction to groups who are seeking to enter into sponsorship agreements that may include City-controlled land and/or buildings.

Policy Statement

- (1) General Provisions
 - 1. Where sporting and community groups are seeking to incorporate City recreational controlled land and/or buildings into sponsorship agreements using signage, they must ensure the following conditions are met:
 - (a) The agreement aligns with relevant land use and land planning legislation.
 - (b) All relevant statutory approvals and/or permits are obtained.
 - (c) Repair to, or maintenance or replacement of signage is addressed within the agreement provisions between the group and the sponsoring organisation.
 - (d) An appropriate proportion of revenue generated is allocated toward developing new or maintaining infrastructure or equipment for sporting and community purposes.
 - (e) The agreement complies with any agreement already in place with the City including, but not limited to, Lease, User Management (Licence) Agreement, Seasonal Usage Agreement, or Facility User Agreement.
 - (f) Any agreement should align to the City of Cockburn's <u>values</u>.
 - 2. All signage must comply with the City's <u>Local Planning Policy 3.7 Signs and Advertising</u>.
 - 3. Sponsorship signage must be considered in conjunction with preserving the amenity of the City's (public) controlled land area and buildings.
 - 4. The City bears no responsibility for maintenance, repairs, or rectifying damage of signage installed on City controlled land and/or buildings at any time.

- The City reserves the right to require removal of any previously approved signage at any time.
- 6. Sponsorship signage that advertises the following organisation types will not be permitted on City controlled land and/or buildings:
 - (a) Tobacco companies
 - (b) Alcohol companies
 - (c) Gambling companies except for Lotterywest
 - (d) Fossil fuel companies^a except for existing agreements predating 9
 November 2023
 - (e)(d) Political parties
 - (f)(e) Religious groups
 - (g)(f) Organisations that do not align with the City's objectives or conflict with any relevant legislation and/or City policies, plans or strategies.
 - (h)(g) Organisations that are in any legal dispute with the City
- *Fossil fuel companies are defined as those involved with the extraction and/or sale of coal, oil, or gas.
- 7. Sponsorship signage can be classified into two categories for the purposes of this policy:
 - (a) Temporary sponsorship signage: typically placed on a reserve adjacent to a playing field or building for the duration of a particular game, activity, or event only.
 - (b) Permanent sponsorship signage: signs affixed securely to either a building or perimeter fence or like feature and which remain in place on a permanent or semi-permanent basis, such as sporting club seasonal hire.
- (2) Temporary Sponsorship Signage
 - 1. Unless otherwise specified in a lease or other licence/user agreement with the City, temporary sponsorship signage does not require approval from the City if, in addition to the General Provisions, it meets the following criteria:
 - (a) Displays the name of the sporting or community group or event in a prominent manner and is readily removable.
 - (b) Is displayed for the duration of the particular game, activity, or event involving the sponsored organisation and is removed thereafter.
 - (c) Is not constructed or located in a manner to constitute a hazard or cause an obstruction to other facility users or the public.
 - (d) Is contained within the facility being used by the sponsored organisation and not is not placed or affixed in a public street or thoroughfare.

- (3) Permanent Sponsorship Signage
 - Must comply with General Provisions.
 - 2. Formal consent of the City as Lessor/Licensor/Landowner must be obtained for proposed permanent sponsorship signage. Where the signage is not located within an existing lease or licence area, then a variation to any existing lease or licence may be required to incorporate the site on which the signage is located, together with any related statutory approvals (such as approval from the Minister of Lands where applicable).
 - 3. Planning approval and/or a building permit must be obtained, unless confirmed by the City to be exempt from such requirements.
 - 4. Should a sign be permanently attached inside a building, approvals will need to be obtained by the relevant business unit of the City.
 - Signage must be contained within the facility (internally facing to the activities) being used by the sponsored organisation and should not in any case be visible from a public street.
 - 6. Support for the signage must be given by other regular user groups
 - 7. All fixed signs should be removed at the expiration of the sponsorship agreement and walls/posts be made good.
 - 8. All permanent signage is to be adequately maintained to the satisfaction of the City by the organisation who sought approval for the signage.
 - 9. The club or group is responsible for the installation, maintenance, replacement, and any other items deemed necessary by City Officers as outlined in the written approvals provided by the City.
 - 10. The club or group must maintain, and provide evidence of, adequate Public Liability Insurance.
- (4) Naming Rights Sponsorships
 - 1. Must comply with General Provisions.
 - 2. Any sponsorship agreement that includes naming rights of a land area or building must have a formal agreement developed and the agreement is to be approved by the City under the City's *Execution of Documents* policy.
 - 3. The official public name or title of the land area or building will not change.
 - The City is not supportive of any land area or building being named after a person(s)

- 5. The sponsorship agreement may only be used as an alternate name of the land area or building for the purposes of the organisation and events or competition they may be involved in and/or coordinate. Public representations that the alternate name is the official designation, such as through online mapping services, is not permitted.
- 6. The organisation negotiating the sponsorship proposal for naming rights of a land area or building must be able to demonstrate how revenue generated is allocated toward maintaining infrastructure or equipment for sporting and community purposes.

Policy Type

Council

Policy Purpose

The purpose of this policy is to:

- (1) Provide City officers with parameters to dealing with naming rights and signage requests for City sporting facilities as part of sponsorship arrangements negotiated by sporting and community organisations.
- (2) Provide direction to sporting and community organisations on the parameters of negotiating sponsorship packages that include City controlled recreation land area and buildings.
- (3) Provide guidance to sporting and community organisations regarding sponsorship signage on City recreation controlled land area and buildings.

Policy Statement

- (1) General
 - 1. Sporting and community groups are under increasing pressure to limit costs on participants and as a result are required to generate income from other sources including sponsorship to remain affordable and sustainable.
 - 2. Where sporting and community groups are seeking to incorporate City recreational controlled land and/or buildings into sponsorship packages, they are required to consult with City Officers and seek approval to ensure:
 - (a) Their proposal aligns with relevant land use and land planning legislation.
 - (b) Relevant statutory approvals and/or permits are obtained.
 - (c) Consent of the City as Lessor/Licensor/Landowner is obtained to the proposed sponsorship package.
 - (d) Repair, maintenance and replacement to signage within agreements is addressed in agreement provisions.
 - (e) An appropriate proportion of revenue generated is allocated toward developing new or maintaining infrastructure for sporting and community purposes. The exact amount to be allocated is to be determined through the approval process.
 - (f) Their proposal complies with any agreement already in place including but not limited to Lease, User Management (Licence) Agreement and Seasonal Usage Agreement.

- (g) Any proposal should align to the City of Cockburn's values and the City's *Incoming Sponsorship Policy.*
- (2) Naming Rights Sponsorships
 - 1. Any sponsorship package that includes naming rights of a land area or building must have a formal agreement developed and the agreement is to be approved by the City.
 - 2. The official public name or title of the land area or building will not change.
 - 3. The sponsorship agreement may use an alternate name of the land area or building for the purposes of the organisation and events or competition they may be involved in and/or coordinate only.
 - 4. The organisation negotiating the sponsorship proposal for naming rights of a land area or building must be able to demonstrate how revenue generated is allocated toward maintaining infrastructure or equipment for sporting and community purposes.
 - 5. A formal agreement must include the details of any signage and will need to adhere to this policy and *Local Planning Policy 3.7 Signs and Advertising.*
 - 6. The City is not supportive of any land area or building being named after a person(s)
 - 7. Sponsorship naming rights arrangements from the following organisations will not be accepted:
 - (a) Tobacco companies
 - (b) Alcohol companies
 - (c) Gambling companies with the exception of Lotterywest
 - (d) Political parties
 - (e) Religious groups
 - (f) Organisations that do not align with the <u>City's values</u> or objectives nor conflict with any relevant legislation and or City policies, plans or strategies.
 - (g) Organisations that are in any legal dispute with the City
- (3) Sponsorship Signage
 - 1. Sponsorship signage needs to be considered in conjunction with preserving the amenity of the City's (public) controlled land area and building.
 - 2. Proposals for sponsorship signage that include the following organisations will not be accepted:
 - (a) Tobacco companies

- (b) Alcohol companies
- (c) Gambling companies with the exception of Lotterywest
- (d) Political parties
- (e) Religious groups
- (f) Organisations that do not align with the City's objectives nor conflict with any relevant legislation and or City policies, plans or strategies.
- (g) Organisations that are in any legal dispute with the City
- 3. Sponsorship signage can be classified into two categories:
 - 1. Temporary Sponsorship Signage: typically placed on a reserve adjacent to a playing field or building for the duration of a particular game, activity or event.
 - 2. Permanent Sponsorship Signage: signs affixed securely to either a building or perimeter fence or like feature and which remain in place on a semi-permanent basis.
- 4. Unless otherwise specified in a lease or licence agreement with the City, Temporary Sponsorship Signage does not require approval from the City if it meets the following criteria:
 - 1. Displays the name of the sponsored organisation or event in a prominent manner.
 - 2. Is displayed for the duration of the particular game, activity or event involving the sponsored organisation and is removed thereafter.
 - 3. Is made of steel, timber or plastic or supports, and is readily removable.
 - 4. Is not constructed or located in a manner so as to constitute a hazard or cause an obstruction to other facility users or the general public.
 - 5. Is contained within the facility being used by the sponsored organisation and not is not placed or affixed in a public street or thoroughfare.
 - 6. Meets the requirements of *Local Planning Policy 3.7 Signs and Advertising.*
- 5. To provide general direction, Permanent Sponsorship Signage will be required to meet the following criteria:
 - 1. Planning approval and/or building permit to be obtained, unless confirmed by the City to be exempt from such requirements.
 - 2. Formal consent of the City as Lessor/Licensor/Landowner be obtained to the proposed Permanent Sponsorship Signage. Where the Signage is not located within an existing lease or licence area, then a variation to any

existing lease or licence may be required to incorporate the site on which the signage is located, together with any related statutory approvals (such as approval from the Minister of Lands where applicable).

- 3. Meet the requirements of Local Planning Policy 3.7 Signs and Advertising.
- 4. Should a sign be located inside a building, approvals will need to be obtained by the relevant business unit of the City.
- 5. Be contained within the facility (internally facing to the activities) being used by the sponsored organisation and should not in any case be visible from a public street.
- 6. Support for the signage is given by other regular user groups
- 7. All fixed signs should be removed at the expiration of the sponsorship agreement and walls/posts be made good.
- 8. All permanent signage is to be adequately maintained by the organisation who sought approval to the satisfaction of the City.
- 9. The City reserves the right to require removal of any approved signage at any time.
- 10. The Club is responsible for the installation, maintenance, replacement and any other items deemed necessary by City Officers as outlined in the written approvals provided by the City.

15.1.4 (2024/MINUTE NO 0089) Committees of Council

Executive Chief Executive Officer

Author Manager Legal and Compliance

Attachments N/A

Officer Recommendation/Committee Recommendation/Council Decision

MOVED Cr T Widenbar SECONDED Cr T Dewan

That Council:

(1) DEFERS review of the Committees of Council until completion of the Governance Improvement Plan.

CARRIED 10/0

Background

The City commenced a simple review of the Committee structure to address some limitations and inefficiencies with the current structure in May 2023, after which Council indicated an appetite to complete a more thorough review.

On 22 June 2023 Council participated in a workshop review of the matters which are referred to Council through Committee.

Currently there are four committees of Council, the Governance Committee (GovCo), the Organisational Performance Committee (OpCo), the Expenditure Review Committee (ERC) and the Audit Risk and Compliance Committee (ARC).

Each Committee has an annual calendar, which while not prescriptive, is an indicator of which items are to be referred to a Committee, and when.

The Council were seeking to review both the City's Committee Structure, as well as Council meetings and related processes such as Agenda Briefings.

It was recommended the review process conclude with the involvement of the City's new Chief Executive Officer (CEO), Daniel Simms, who commenced on 2 October 2023.

Submission

N/A

Report

Mr Simms, commenced in October 2023 and with Council endorsement, the City has engaged, Learning Horizons, to support the CEO in undertaking an organisational review using the Australian Business Excellence Framework (ABEF) and a review of the organisation's governance performance with Roksteady GRC.

The ABEF is an integrated leadership and management system used to assess and improve aspects of an organisation, including leadership, strategy and planning,

| 337 of 393 |
|------------|
| |

OCM 14/05/2024 Item 15.1.4

people, information and knowledge, safety, service delivery, product quality and bottom-line results.

The purpose of the ABEF is to create an environment for aligned continuous improvement at all levels of the organisation, a leadership focus on sustainable performance and the organisation's improved capability to deliver outcomes.

A report on the outcomes was presented to Council at a Special Council Meeting on 21 March 2024.

The Roksteady GRC Survey to measure the organisation's Governance performance has been completed and the City is awaiting a draft report.

The outcome will be a report enabling the City to highlight and build on its strengths, identify gaps and areas for development or improvement via a simple Governance Improvement Plan.

In the current environment of review the CEO continues to work closely with Council to deliver their strategic outcomes, including an in-depth review of the Long Term Financial Plan, a program of workshops on Strategic Priority Setting and Budget refinement and Risk Awareness

At this early stage of organisational change and improvement, it is recommended that the review of the Committees of Council be deferred and instead be considered as part of the Governance Improvement Plan.

The benefit of this approach is that it will provide Council with an opportunity to consider a variety of governance aspects including strategy, policy, information and reporting and different methods of Council involvement in decision making.

Strategic Plans/Policy Implications

Listening and Leading

A community focused, sustainable, accountable, and progressive organisation.

• Best practice Governance, partnerships and value for money.

Budget/Financial Implications

There are no budget implications in the current financial year.

An allocation in the 2024/25 Operating Budget under Office of the CEO is proposed to support a review of Council Committees as part of the Governance Improvement Plan.

Legal Implications

There are no legal implications from the recommendations in this report.

Officer Recommendation/Committee Recommendation/Council Decision MOVED Cr T Widenbar SECONDED Cr T Dewan

That Council:

(1) DEFER the review of the Council Meeting Procedures Policy until after the Department of Local Government, Sport and Cultural Industries has released the Standardised Meeting Procedures.

CARRIED 10/0

Background

At the 14 September 2023 Ordinary Council Meeting, Council made the following recommendation:

That Council:

(1) REVIEWS the Council Meetings policy within six (6) months of the commencement of the new Chief Executive Officer.

Submission

N/A

Report

Council resolved to review the Council Meetings Procedure Policy (the Policy) within six (6) months of the commencement of the new Chief Executive Officer (CEO).

This Policy has been the subject of review at the following:

- 10 November 2022
- 14 December 2023

The State Government is implementing a number of reforms to the *Local Government Act 1995* (the Act) to improve transparency and accountability in local government in Western Australia and deliver benefits to ratepayers and residents.

Standardising council and committee procedures is part of these reforms.

Establishing a consistent approach to all local government council and committee meetings will make it easier and simpler for people to participate in and observe council meetings, wherever they are held.

Establishing one standard is expected to simplify and improve training for council members and local government staff.

| 340 of 393 | |
|------------|--|
| | |

Item 15.1.5 OCM 14/05/2024

Currently, it is usual practice for local governments to have local laws and policies in place to govern the conduct of council meetings. However, this approach means that there can be variation in how members of the public can engage with council meetings.

As part of the ongoing *Local Government Act 1995* reforms, the Department of Local Government, Sport and Cultural Industries has released a consultation paper regarding Standardised Meeting Procedures.

The paper broadly sets out the proposed standardised procedures, and requests feedback from the sector.

Standardised meeting procedures consultation is now open, and an additional report is presented at this Governance Committee (GovCo) meeting to make a recommendation to Council.

The proposed state-wide regulations would replace individual council procedures, standing orders and local laws, and are part of the first tranche of local government reforms which were passed by WA Parliament in May 2023.

The consultation closes on Wednesday 29 May 2024.

It is recommended this policy review be deferred until after the Standardised Meeting Procedures are released by the Department of Local Government, Sport and Cultural Industries.

Strategic Plans/Policy Implications

Listening and Leading

A community focused, sustainable, accountable, and progressive organisation.

Best practice Governance, partnerships and value for money.

Budget/Financial Implications

There are no budget implications from the recommendation in this report.

Legal Implications

There are no legal implications from the recommendations in this report.

Community Consultation

N/A

Risk Management Implications

There are no risk management implications for the recommendation in this report. The Council Meetings Procedures Policy has been reviewed twice in the last two years, and is not due for a review, however it is recognised there are opportunities to consider the objective and purpose of this policy, and it is recommended Council participate in a workshop to review this policy.

Council

Policy Purpose

This policy is to provide direction for Councillors and employees for Council and Committee Meetings.

Policy Statement

This policy applies to Council and Committee Meetings.

All Committee Meetings will be held in accordance with the adopted Terms of Reference of the particular Committee, or as otherwise determined by Council resolution.

(1) Meeting Times

- 1.1 Ordinary Council Meetings will be conducted on the second Tuesday of each month at 7.00pm in the Council Chamber and are open to the public.
- 1.2 The Council meeting will consider matters as listed on the Council Agenda paper.
- 1.3 An Ordinary Council Meeting is not conducted during January of each year and any required business will be conducted as a Special Council Meeting during this specific period.
- 1.4 Any further variation to the date, place and/or time of Council Meetings will be subject to the resolution of Council.

(2) Seating Arrangements

The seating arrangements in the Council Chamber will be allocated on the following basis:

- 2.1 The Mayor will be seated at the head of the table, facing the public gallery.
- 2.2 The CEO be seated at the head of the table, immediately to the left of the Mayor.
- 2.3 The elected Deputy Mayor be seated immediately to the right of the Mayor.
- 2.4 The Mayor will allocate the seating for remaining Councillors (with Ward members grouped together, wherever possible) in the Council Chamber.

Title | Council Meetings Procedures

(3) Reports

It is critical that reports prepared by staff for Council contain adequate information on which the Council can make an informed decision.

3.1 Principles

Reports prepared by officers for the Council's consideration are to:

- 3.1.1 be according to law;
- 3.1.2 take account of any State or Council Policy;
- 3.1.3 have regard for the Council's Strategic Community Plan;
- 3.1.4 be balanced and objective;
- 3.1.5 be technically correct;
- 3.1.6 be properly researched using relevant information and data;
- 3.1.7 ensure procedural fairness;
- 3.1.8 include options, consequences and associated impacts where appropriate; and
- 3.1.9 include expert opinion or advice where necessary.

3.2 Recommendations

Recommendations prepared by officers for the Council's consideration are to:

- 3.2.1 be clear and unambiguous;
- 3.2.2 be implementable;
- 3.2.3 be professional and ethical;
- 3.3.4 not expose the Council to unreasonable risk or liability;
- 3.3.5 have regard for the interests of the applicant/submitter as well as the wider community; and
- 3.3.6 include the administrative actions to enable implementation of the Council's decision

(4) Alternate motions by Elected Members to recommendations

- 4.1 Any proposed amendments to officer recommendations contained in the Council Agenda Paper are to be made personally by the Elected Member either with or without input from the relevant staff member.
- 4.2 Alternate motions may be forwarded to the Minute Clerk following the distribution of the Agenda Paper to Elected Members, no earlier than 9am on the day following release of the Agenda Papers, and by no later than 10am on the day of the Council Meeting. A copy of the proposed motion will be circulated to all other Elected Members.
- 4.3 Elected Members proposing motions of a similar nature on the same item(s) are encouraged to consult with each other in order to reduce the number of motions on any item, and can agree to withdraw any motion, or part thereof, or to agree to provide an alternative of similar meaning and/or wording.

Title | Council Meetings Procedures

- 4.4 Officer comments may be attached to alternate motions to identify financial or legal implications of the motions. Officer comments are not to enter into debate on the motion and are to be kept appropriately brief.
- 4.5 An alternate motion received will be included in the Agenda Run Sheet in the order in which received.
- 4.6 At the relevant point of the Council Meeting, the Presiding Member shall invite the Elected Member proposing the alternate motion(s) to move the alternate motion accordingly. In the case where more than one proposal has been received, the Presiding Member shall call for the motion to be put in order of their receipt and thereafter dealt with in accordance with Council's Standing Orders.
- (5) Voting at Council and Standing Committees
 - 5.1 Once the votes have been cast, the Presiding Member shall ensure that the names of all elected members voting for and against a motion are recorded in the Minutes of the Meeting, unless there is a unanimous decision on a motion, which shall be recorded in the Minutes as such.

Item 15.1.6 OCM 14/05/2024

Report

As part of the ongoing *Local Government Act 1995* reforms, the Department of Local Government, Sport and Cultural Industries has released a consultation paper regarding Standardised Meeting Procedures (refer Attachment 1).

The paper broadly sets out the proposed standardised procedures, and requests feedback from the sector.

Standardised meeting procedures consultation is now open and the paper is presented to the Governance Committee (GovCo) to make a recommendation to Council.

The proposed state-wide regulations would replace individual council procedures, standing orders and local laws, and are part of the first tranche of local government reforms which were passed by WA Parliament in May 2023.

The Department of Local Government, Sport and Cultural Industries (DLGSC) invites local governments, councillors and community members to have their say by:

- reading the consultation paper, and
- completing the online survey

The consultation closes on Wednesday 29 May 2024.

Elected Member responses will be gathered through a Microsoft Forms process and provided to Committee members in advance of the meeting to consider.

A high-level summary of the responses from the administration is attached (refer Attachment 2 – Standardised Meeting Procedures Consultation Administration Response).

The Council are not required to provide a response to every question.

Elected Members are able to make their own submissions, the recommendation presented in this report will be a response on behalf of the local government of the City of Cockburn. Officers will attend to the online submission of the response endorsed by Council.

Strategic Plans/Policy Implications

Listening & Leading

A community focused, sustainable, accountable and progressive organisation.

- Best practice Governance, partnerships and value for money.
- Employer of choice focusing on equity, innovation and technology.

Budget/Financial Implications

There are no financial implications from the recommendation in this report.

OCM 14/05/2024 Item 15.1.6

Legal Implications

There are no legal implications from the recommendations in this report.

Community Consultation

The Department of Local Government, Sport and Cultural Industries (DLGSC) is undertaking a consultation process and community members are able to submit their responses directly to the DLGSC by accessing the online feedback form on the DLGSC website: <u>Standardised Meeting Procedures (dlgsc.wa.gov.au)</u>

Risk Management Implications

If Council does not endorse a response, there will be no submission made on behalf of the City of Cockburn. This consultation presents an opportunity for feedback on a number of topics which will be considered in the development of the standardised meeting procedures.

Page 2 of 14

Introduction

The State Government is implementing a number of reforms to the <u>Local Government Act 1995</u> (the Act) to improve transparency and accountability in local government in Western Australia and deliver benefits to ratepayers and residents.

Standardising council and committee procedures is part of these reforms. Establishing a consistent approach to all local government council and committee meetings will make it easier and simpler for people to participate in and observe council meetings, wherever they are held.

Establishing one standard is expected to simplify and improve training for council members and local government staff. It can also strengthen the enforcement of breaches of meeting procedures (for instance, if a person repeatedly and unreasonably disrupts a meeting).

Currently, it is usual practice for local governments to have local laws and policies in place to govern the conduct of council meetings. However, this approach means that there can be variation in how members of the public can engage with council meetings.

The <u>Local Government Amendment Act 2023</u> inserts section 5.33A, to allow standardised meeting procedures for all local governments to be made in the form of Regulations or model provisions.

The State Government intends under section 5.33A to make Regulations that apply to all local governments and an order of the Governor under section 3.17 of the Act to repeal all existing local government meetings procedures, standing orders or council meeting local laws.

It is intended that the new standard meeting procedures (also known as "standing orders") apply to all council and committee meetings held by local governments. It is also intended that Regulations will contain consistent rules for how meetings are held.

It is envisaged that relevant elements of Parts 2 and 3 of the <u>Local Government (Administration)</u>
Regulations 1996 (the Regulations) would be incorporated into the new standardised meeting procedures.

The Department of Local Government, Sport and Cultural Industries (DLGSC) will also develop reference materials for council members, local government staff and communities to assist in ensuring consistency throughout the sector.

Note: Unless otherwise specified in this paper, the word **meeting** refers to both a council or a committee meeting and the word **member** refers to both a council and a committee member.

Consultation process

You may choose to answer all or some of the questions in the consultation paper, and/or provide a submission that raises related matters not included in this consultation paper.

The DLGSC invites local governments, council members, Chief Executive Officers (CEOs), local government employees, groups and associations, and members of the community to consider the proposals and provide feedback.

Our preferred method for providing a submission is our online feedback form.

Specific questions have been targeted to certain meeting procedure topics to better understand the variety of existing approaches currently used by the sector. The DLGSC is interested in learning more about how existing approaches work well in practice; and how reforms can be structured to improve transparency and public involvement, simplify the way meetings are conducted, and promote uniformity throughout the sector.

Although it is preferred that the feedback form is used to guide responses, general submissions and suggestions on any relevant topic can be provided via email to actreview@dlgsc.wa.gov.au

Page 3 of 14

Part 1: General meeting process

1. Calling meetings

The calling of council meetings is outlined in sections 5.5 to 5.7 of the Act, and in existing regulations 12 to 14. Amendments are proposed to add new requirements for the oversight of special council meetings that are held at short notice and prevent any meeting from being held at an unreasonable time of day. It is important that special meetings are only convened in appropriate circumstances. Regulations are proposed to require:

- a minimum of 24 hours' notice to convene a special council meeting
- that notice to convene a special council meeting may be done with less than 24 hours' notice if an
 absolute majority of council members call the meeting
- that a meeting cannot commence any earlier than 8 am or later than 8 pm.
- Is it suitable to allow for a special council meeting to be convened with less than 24 hours' notice if an absolute majority of council members call the meeting? Yes / No
 - (a) If no, please provide a suggested alternative.
- 2. Are there any circumstances where meetings must start earlier than 8 am or later than 8 pm? Yes / No
 - (a) If yes, please provide examples and the suggested alternative.

2. Agendas and order of business

It is proposed to broadly retain existing requirements for local governments to publish meeting agendas.

It is proposed that the general order of meetings be outlined in the Regulations for consistency across the local government sector. However, a council or committee may decide to consider business in a different order, provided that the other requirements of the Regulations (such as public question time being held before any decisions are made) are still met.

Regulations are proposed to outline the following order of business:

- opening (local governments will still be able to continue their own practices for opening meetings, such as making acknowledgements, prayers, opening statements, etc.)
- recording attendance
- public question time (see section 6)
- public presentations and petitions (see sections 7 and 8)
- · members' question time (see section 12)
- confirmation of previous minutes (see section 15)
- · reports from committees and the CEO
- motions from members
- urgent business
- matters for which the meeting may be closed
- closure.
- 3. Is the proposed order of business suitable? Yes / No
 - (a) If no, please provide a suggested alternative.

Page 4 of 14

3. Urgent business

Currently, individual local governments' meeting local laws and policies may vary in how urgent business is raised at a meeting. Existing local laws and policies provide various procedures for urgent business to be considered at a council meeting. Broadly, these procedures seek to limit the use of urgent business to only the most exceptional circumstances.

Regulations are proposed to allow the CEO to introduce an item without notice in cases of urgency if:

- an absolute majority of the council resolve to hear the matter at the meeting, and
- the item is clearly marked as urgent business.

It is proposed that DLGSC must be notified each time this occurs, within 7 calendar days, to ensure this process is only used in exceptional circumstances.

Urgent business may only be heard after public question time (see section 6).

- 4. Are the proposed requirements for urgent business suitable? Yes / No
 - (a) If no, please provide a suggested alternative.

4. Quorum

Existing regulation 8 addresses the process for when there isn't a quorum at a meeting.

Amendments are proposed to provide for the following where a quorum is lost or not present:

- if no quorum is present within 30 minutes of the time set for the meeting, the meeting lapses
- where quorum is lost during a meeting:
 - the meeting proceeds to the next item of business if it is due to members leaving because of a financial or proximity interest
 - the meeting is adjourned for 15 minutes for any other reason and if quorum cannot be reformed, the meeting is closed
- where quorum is lost, the names of the members then present are to be recorded in the minutes.
- 5. Are the proposed requirements for when a quorum is not present or lost suitable? Yes / No(a) If no, please explain why and the suggested alternative, if any.

5. Adjourning a meeting

Currently, individual local governments' meeting local laws or policies may contain processes for adjourning a meeting. It is intended to adopt similar rules, while also addressing concerns regarding meetings of council that run late. Regulations are proposed to provide that:

- council may decide to adjourn a meeting to another day, time and place to resume from the point it adjourned
- a presiding member may adjourn a meeting for 15 minutes to regain order of a meeting that has been disrupted
- if a meeting is adjourned for a second time due to disruption, a presiding member must adjourn the
 meeting to another day, time or place (not on the same day), with notice being published on the local
 government's website.

It is also proposed that if a meeting is continuing and it reaches 10:45 pm:

 the council or committee may decide to either extend the meeting for a further 15 minutes to allow for any remaining business to be concluded or determine to adjourn the meeting

Page 5 of 14

- if any business remains at 11 pm, the meeting must adjourn to a day and time which is at least 10 hours later to deal with any outstanding agenda items and a notice must be published on the local government's website listing when the meeting will resume.
- 6. Is 11 pm an appropriate time for when a meeting must be adjourned? Yes / No
 - (a) If no, what is the suggested alternative?

Part 2: Public participation

Public question time

Currently, the Act and Regulations require that public question time is to be made available at every council meeting and certain committee meetings.

Regulation 6 requires that at least 15 minutes is to be made available for public questions at those meetings. However, question time may be extended if there are further questions; the time may also be used for other business if there are no further questions.

Regulation 7 also provides that question time must be held before substantive decisions are made at that meeting.

Currently, the practice at many local governments is that a person who wishes to ask a question attends the meeting (either physically in-person or by electronic means) to ask their question. However, it is proposed that regulations allow for a personal representative of a person to ask a question. This provides an alternative avenue for someone who may be unable to attend a meeting to have their question raised.

Currently, individual local governments meeting local laws and policies may contain processes for members of the public to raise questions. Some requirements, such as rules requiring a person to lodge a question in writing before a meeting, may prevent a person who is not familiar with those requirements from being able to ask a question.

New standardised requirements are proposed to expand the existing Regulations to require that:

- a member of the public only needs to provide their name and suburb/locality (and not any other information) before asking a question
- a person is not required to lodge a question in writing in advance of a meeting (although a person may choose to do so, for instance if they have a very specific or technical question)
- a local government may still require a person, or their personal representative, to attend a meeting to ask a question lodged in writing in advance of the meeting for it to be addressed at that meeting
- questions must not take more than 2 minutes to ask, including a relevant preamble, unless the presiding member grants an extension of time
- if other people are waiting to ask questions, the presiding member will seek to provide equal opportunity for people to ask questions (for instance, by moving to the next person waiting after someone has asked 3 questions, and returning to the first person if time allows)
- any questions are to be answered by the presiding member, or a relevant member (nominated by the presiding member), the CEO, or an employee nominated by the CEO
- if a question, or a question of a similar nature, was asked and answered in the previous 6 months, the presiding member may direct the member of the public to the minutes of the meeting that contains the question and answer
- no debate of a question or answer is to take place
- questions may be taken on notice by the person who is answering the question
- when a question is taken on notice, a response is to be given to the member of the public in writing and a copy of the answer is to be included in the agenda of the next ordinary meeting
- the presiding member may reject questions that contain offensive language or reflect adversely on others but must provide opportunities for the question to be rephrased.

Page 6 of 14

- 7. Is the existing minimum allocation of 15 minutes for public question time sufficient? Yes / No
 - (a) If no, what minimum time limit do you suggest?
- 8. Is 2 minutes enough time for a member of the public to ask a question? Yes / No
 - (a) If no, what time limit or other method of allocating questions do you suggest?
- 9. Should any other standard requirements for public question time be established? Yes / No
 - (a) If yes, please provide details.
- 10. Should a personal representative be able to ask a question on behalf of another person? Yes / No
 - (a) If no, please provide your reasons.

7. Presentations at council

Local governments commonly allow for presentations (also known as deputations) to be made to inform council decisions. Councils may set a policy for whether they hear presentations at council meetings and/or committee meetings, or at other meetings, and the circumstances in which a presentation may be heard.

It is proposed that local governments will continue to have discretion to choose whether and when to hear presentations.

To allow for a decision to be made in advance of the meeting, it is proposed that either the presiding member or CEO will make the decision on whether a presentation is heard at a meeting, based on any policy established by the council.

Accordingly, it is proposed that a council may establish a policy that determines:

- · the types of meetings at which presentations may be heard
- whether the responsibility for making decisions on presentation requests sits with either the presiding member or CEO
- any other matters to guide the presiding member or CEO's decision making towards requests.

New Regulations are also proposed to:

- allow a person, or group of people, to lodge a request in accordance with the council's policy to provide a presentation at least 48 hours before the meeting
- require the presiding member or CEO to decide and provide a response to the person requesting the presentation by 12 noon the day of the meeting
- provide that if the presiding member or CEO refuses an application, they are to provide their reasons to the applicant and advise of the refusal at the meeting
- limit presentations to 5 minutes (not including questions) unless there is a resolution to extend the time limit
- allow council and committee members to ask questions of presenters.
- 11. Should the Regulations specify that a request to make a presentation must relate to an item on the agenda for the relevant meeting? Yes / No
 - (a) If no, please provide reasons.
- 12. Is 48 hours of notice sufficient to administer an application from a member of the public to present to a meeting? Yes / No
 - (a) If no, please provide reasons and suggest an alternative.

Page 7 of 14

- 13. Should a standard time limit be set for public presentations? Yes / No
 - (a) If no, please provide reasons.
- 14. Would 5 minutes be a suitable time limit for public presentations? Yes / No
 - (a) If no, please provide reasons and suggest an alternative.

8. Petitions

Many local governments have a tradition of accepting petitions, mirroring the practice of Parliament.

Regulations are proposed to:

- enable any person to petition a local government by lodging a petition to the council on any matter, including petitions which may be critical of actions or decisions of the local government
- require the lead petitioner to provide their contact details
- require any person signing a petition to state their suburb/town, and declare whether they are residents and/or electors of the district
- require the petitioner to tally the number of signatories
- limit rejection of a petition to only when it is not in the prescribed form
- require that the council is to consider each petition and must determine how it is to respond, such as by seeking a report from the CEO
- allow local governments to establish an electronic petitioning system if they wish
- require all petitions received and outcomes from petitions to be summarised in a report to the annual meeting of electors.
- 15. Do the proposed regulations provide an effective system for managing petitions? Yes / No
 - (a) If no, please provide reasons and suggested alternatives.

Part 3: Conduct of debate

Orderly conduct of meetings

New Regulations are proposed to create a duty for all people present at a meeting to:

- ensure that the business of the meeting is attended to efficiently and without delay
- conduct themselves courteously at all times
- allow opinions to be heard within the requirements of the meetings procedures.

It is also proposed that the Regulations:

- allow members to raise points of order to bring the presiding member's attention to a departure from procedure
- provide that it is a minor breach for a presiding member to preside in a manner which is unreasonable or contravenes the requirements of the Act or Regulations
- empower the presiding member to call a person to order and:
 - should a member not comply with a third call to order, the presiding member may direct them to speak no further (but they may continue to cast their vote) for the remainder of the meeting, with failure to adhere to the direction being a minor breach

Page 8 of 14

- if any other person does not comply with one call to order, the presiding member may direct them to leave the meeting, with failure to do so being an offence
- provide that a council may vote to rescind a direction made by a presiding member for a member to not speak further during a meeting
- provide that a member who has had a direction made against them to not speak further cannot move or second a motion that attempts to rescind the decision.
- 16. Do these measures provide a suitable framework to maintain order in meetings? Yes / No
 - (a) If no, what are the suggested changes?

10. Motions and amendments

Existing meeting procedures address many matters relating to the processes of decision making. This includes motions and amendments (including foreshadowed and alternate motions), notices of motion by members, reasons for changes to the CEO's recommended motion, passing motions "en bloc", and how voting occurs. The existing system of motions (including foreshadowed, amendment, alternate and revocation motions) are proposed to be broadly maintained.

Council members may raise motions that are not part of the agenda of a meeting to recommend a proposal for consideration. For instance, a motion might propose a new policy or decision.

Local governments commonly require notice of a motion to be provided in advance of a council meeting. This is to allow council members time to review the motion and for the CEO and administration to provide advice needed to assist council members with making a decision on a motion.

Providing notice to other council members, the CEO and administration can support a more fulsome consideration of the motion.

Regulations are proposed to require council members to provide written notice of motions at least 1 calendar week before the council meeting commences. This would generally allow those motions to be included in the meeting agenda, which must be published 72 hours before the commencement of the meeting.

It is proposed that council members will still be able to move amendments and alternative motions during debate on agenda items without providing written notice in advance of the meeting. This provides for members to be able to consider all options and suggestions for an item included in the agenda of a meeting.

It is proposed that reasons for notices of motion, amendments and other decisions that are changed at a meeting would still be required.

- 17. Is a period of 1 calendar week an appropriate notice period for motions? Yes / No
 - (a) If no, what is your suggested alternative?
- 18. Are these proposals for motions suitable? Yes / No
 - (a) If no, please provide reasons.

11. Debate on a motion

The practice of motions being moved and seconded and debate alternating between speakers for and against the motion is used in meeting procedures statewide.

Some local governments have a further requirement where if a motion is not opposed, no debate occurs, and the motion is recorded as passing unanimously.

Regulations are proposed to provide for the following rules for formal debate on a motion or amendment:

- any motion must be seconded before it may be debated (or carried without debate)
- a motion is carried without debate if no member is opposed to the motion

Page 9 of 14

- if a member is opposed, the mover and seconder may speak and are followed by alternating speakers against and for the motion, with a final right of reply for the mover
- speeches must be relevant to the motion under debate and no member must speak twice except for the mover's right of reply, or if the council decides to allow further debate
- no member can speak for longer than 5 minutes without the approval of the meeting.
- 19. Do you support these rules for formal debate on a motion or amendment? Yes / No
 - (a) If no, what is your suggested alternative?
- 20. Is 5 minutes a suitable maximum speaking time during debate? Yes / No
 - (a) If no, what should be the default maximum speaking time?
- 21. Is a general principle against speaking twice on the same motion suitable? Yes / No
 - (a) If no, please provide reasons.

12. Questions by members

The current practices for members asking formal questions at meetings varies throughout the sector. Some local governments have a "questions from council members" period; other local governments allow members to place questions on notice for future meetings.

Regulations are proposed to provide that:

- council members can ask the CEO questions related to any item on an agenda by providing the question in writing by 12 noon the day before the meeting
- council member questions are to be answered during the "questions from council members" agenda item
- council members must seek permission from the presiding member to ask the CEO clarifying questions during debate.
 - 22. Should the new standardised provisions include a maximum time limit for the "questions from council members" agenda item? Yes / No
 - (a) If no, please provide details.
- 23. Is 1 day of notice for a question from a council member sufficient? Yes / No
 - (a) If no, what is your suggested alternative and why?
- 24. Is it appropriate for the presiding member to consider whether to allow a member to ask clarifying questions during debate? Yes / No
 - (a) If no, what is your suggested alternative and why?

13. Procedural motions

Various procedural motions are provided for in each local governments' meeting procedures. They help with managing a meeting effectively and democratically.

Regulations are proposed to provide for the following procedural motions to be put without debate:

- a motion to vary the order of business (e.g. to move a report in the order of business so it is considered earlier)
- a motion to adjourn debate to another time
- · a motion to adjourn the meeting
- a motion to put the question (close debate)

Page 10 of 14

- a motion to extend a member's speaking time
- a motion to extend public question time
- a motion to extend the time for a public presentation
- a motion to refer a motion to a committee or for the CEO to provide a new or updated report to a future meeting
- a motion of dissent in the presiding member's ruling (for example, to overturn the presiding member's direction that a member does not speak further)
- a motion to close a meeting to the public in accordance with the Act.

25. Should any of these procedural motions not be included? Yes / No

- (a) If yes, please identify which motions and why they should not be included.
- 26. Are any additional procedural motions needed? Yes / No
 - (a) If yes, please provide suggestions and explain why.

14. Adverse reflection

In addition to aspects of the model code of conduct, existing meeting procedures seek to prevent inappropriate language and adverse reflections from occurring at meetings.

Regulations are proposed to provide that:

- a person, including a member, cannot reflect adversely on the character of members, employees or other persons – if they do so they must withdraw their remark
- members cannot adversely reflect on the decisions of the council, except in making a motion to revoke or change a decision
- failure to withdraw adverse reflection is to be dealt with as disorderly conduct (including as a potential minor breach)
- a member who is concerned about a remark that may be an adverse reflection may raise a point of order with the presiding member.
- 27. Are there any circumstances where a person should be able to adversely reflect on another council member, an employee or a decision of the local government? Yes / No
 - (a) If yes, please provide more information to explain the circumstances.

Part 4: Other matters

15. Meeting minutes and confirmation

Existing meeting procedures provide for the method of confirmation of the minutes. It is proposed to amend the Regulations to provide a clear process for correcting minutes by:

- allowing a member who identifies errors with unconfirmed minutes to provide a CEO with any proposed corrections by 12 noon the day before a meeting at which the minutes are to be confirmed
- requiring any proposed corrections to the minutes to be presented to council for a decision with a recommendation from the CEO
- Requiring DLGSC to be notified if a local government fails to adopt or defers confirmation of the minutes of a meeting.

Page 11 of 14

- 28. Is 1 day sufficient notice for a proposed correction to the minutes? Yes / No
 - (a) If no, how much notice should be required and why?

16. Electronic meetings and attendance

In 2020, Regulations were introduced in response to the COVID-19 pandemic to enable councils to hold meetings electronically and for council members to attend using electronic means. This allowed councils to continue making critical decisions during the pandemic. The use of videoconferencing and the adoption of livestreaming has also encouraged public access and participation in local government.

On 9 November 2022, the <u>Local Government (Administration) Amendment Regulations 2022</u> took effect, meaning local governments could conduct council and committee meetings electronically outside of emergency situations and that council and committee members could attend in-person meetings using electronic means, such as videoconferencing.

The State Government committed to a public consultation process to gain feedback on the effect of these changes following 12 months of operation.

- 29. Has the change to enable electronic meetings to occur outside of emergency situations been helpful? Yes / No / Unsure or unable to comment
 - (a) If no, please explain why.
- 30. Has the ability for individual members to attend meetings electronically been beneficial? Yes / No / Unsure or unable to comment
 - (a) If no, please explain why.
- 31. Do you think any changes to electronic meetings or electronic attendance are required? Yes / No / Unsure or unable to comment
 - (a) If yes, please provide details of the changes and explain why they are needed.

17. Council committees

Sections 5.8 to 5.18 of the Act provide for the establishment of committees that may assist with decision-making. Section 7.1A provides for the establishment of an audit committee. The standardised meeting procedures will only apply to those committees established under sections 5.8 and 7.1A.

It is proposed that provisions for committees be similar to requirements for council meetings. Committees may need to provide a more flexible meeting environment, in terms of time limitations and procedure, to facilitate the consideration of issues in detail. This is reflected in meeting procedures across the State.

Regulations are proposed to provide that:

- a committee meeting is to be called when requested by the presiding member of the committee, the mayor or president, or a third of the committee's members
- certain meeting procedures such as the order of debate, speaking twice and time limits do not apply to a committee
- a committee is answerable to the council and must provide at least 1 report to council on its activities each year.
- 32. Are any other modifications needed for committee meetings? Yes / No
 - (a) If yes, please provide details of the modifications and explain why.

Page 12 of 14

18. Meetings of electors

The Act establishes that the mayor or president is to preside at electors' meetings, and any resolutions passed by an electors' meeting are considered at a following council meeting.

As electors' meetings are quite different to council meetings, comment is sought about whether parts of the proposed standard should apply for electors' meetings.

- 33. Should parts of the proposed standard apply at electors' meetings? Yes / No
 - (a) If yes, please explain what may be required.

19. Any other matters

Feedback is welcome on any other element of local government meetings for consideration in the further development of the new Regulations.

- 34. Do you have any other comments or suggestions for the proposed new Regulations?
 - (a) If yes, please explain what may be required.

Page 13 of 14

Appendix: Example timeline for an ordinary council meeting

For this example, the local government holds its ordinary council meetings on the second Tuesday of every month. March 2024 has been used as an example.

| Day/time | Task | Requirements |
|-------------------------|---|--|
| Tue 5 March 6 pm | Deadline for council members to provide written notice of motions. | Council members must provide written notice of motions at least 1 calendar week before the day of an ordinary council meeting. |
| Sat 9 March 6 pm | Deadline for publishing ordinary council meeting agenda. In practice, the local government publishes the agenda prior to close of business Friday. | An ordinary council meeting agenda must be published at least 72 hours before the commencement of a meeting. |
| Sun 10 March 6 pm | Deadline for member of the public to lodge a request to present on an agenda item. | A person or group of people can lodge a request with the CEO to provide a presentation on an agenda item but must do so at least 48 hours before the meeting. |
| Mon 11 March 12 noon | Deadline for council members to provide written notice of questions that will be asked about agenda items at the ordinary council meeting. | Council members must submit questions about agenda items to the CEO in writing by 12 noon the day before the meeting. |
| Tue 12 March 12 noon | Presiding member or CEO (in accordance with policy) to decide whether members of the public can present on agenda items and provide a response to people making requests. | The presiding member or CEO must decide and provide a response to a person requesting to make a presentation on an agenda item by 12 noon the day of the meeting. If an application is refused, the presiding member or CEO must provide their reasons and advise of the refusal at the meeting. |
| Tue 12 March 6 pm | Ordinary council meeting. | Meeting must finish by 11 pm. |
| Wed 13 March 9 am | Adjourned meeting can begin if scheduled meeting was adjourned due to reaching 11 pm. | If a meeting needs to be adjourned because it reaches 11 pm, the meeting to deal with outstanding items must be at least 10 hours after the original meeting was adjourned. |
| Tue 19 March 6 pm | Deadline for notifying DLGSC of any urgent business considered at the ordinary council meeting. | The DLGSC must be notified within 7 calendar days each time urgent business is considered at an ordinary council meeting. |
| Sat 6 April 6 pm | Responses to questions on notice included in agenda for next ordinary council meeting. | When a question is taken on notice, a response is to be given to members of the public in writing and the answer is to be included in the agenda of the next ordinary council meeting. An ordinary council meeting agenda must be published at least 72 hours before the commencement of a meeting. |
| Mon 8 April 12 noon | Deadline for council members dissatisfied with unconfirmed minutes to provide the CEO with corrected wording. | A council member dissatisfied with unconfirmed minutes can provide a CEO with corrected wording by 12 noon the day before a meeting at which the minutes are to be confirmed. |
| Tue 9 April 6 pm | Ordinary council meeting | Meeting must finish by 11 pm. |

Page 14 of 14

OCM 14/05/2024 Item 15.1.6 Attachment 2

Local Government Reform – Consultation Paper

Standardised Meeting Procedures

| Part | Section | Question | City Response | Comments |
|------------------------------------|-------------------------------|---|---|---|
| Part 1: General meeting process | 1. Calling meetings | Is it suitable to allow for a special council meeting to be convened with less than 24 hours' notice if an absolute majority of council members call the meeting. | Yes - if an absolute majority of council members call the meeting. | If no, please provide a suggested alternative. |
| Part 1: General meeting process | 1. Calling meetings | 2. Are there any circumstances where meetings must start earlier than 8 am or later than 8 pm | Yes. | If yes, please provide examples and the suggested alternative. There may be occasions in terms of Special Council Meetings when an early start time may be required to achieve a quorum. Suggest that a start time earlier than this must be supported by an absolute majority of council members. |
| Part 1: General meeting process | Agendas and order of business | 3. Is the proposed order of business suitable? | Yes, with the exception of member's question time. | If no, please provide a suggested alternative. Members should be able to ask their questions on agenda items as they are listed on the agenda. |
| | 3. Urgent business | 4. Are the proposed requirements for urgent business suitable? | Yes, except Urgent Business should be heard as per the proposed order of business and not as proposed after public question time. | If no, please provide a suggested alternative. |

1

Item 15.1.6 Attachment 2 OCM 14/05/2024

Local Government Reform – Consultation Paper

| Part | Section | Question | City Response | Comments |
|---------------------------------|-------------------------|--|---|--|
| | 4. Quorum | 5. Are the proposed requirements for when a quorum is not present or lost suitable? | Yes, with the following exceptions: 1. A minimum notice period is to be provided when a meeting needs to adjourn to another date and time so council members, the public, and staff have sufficient time to provide notice and deal with the associated administrative requirements. 2. The maximum meeting time should be prescribed as a maximum duration as different meetings are scheduled at different times, and the duration should ensure that attendees are not fatigued during prolonged meetings. Recommend a maximum of 3 hours with a 15-minute extension to deal with remaining business before adjourning. | If no, please explain why and the suggested alternative, if any. |
| | 5. Adjourning a meeting | 6. Is 11 pm an appropriate time for when a meeting must be adjourned? | Yes. At this point, staff and some Elected Members may have been working for 15 hours, and this is not a sound basis for good decision-making and is a WHS concern. | If no, what is the suggested alternative? |
| Part 2: Public Participation | 6. Public question time | n 7. Is the existing minimum allocation of 15 minutes for public question time sufficient? | Yes. | If no, what minimum time limit do you suggest? |

Local Government Reform – Consultation Paper

| Part | Section | Question | City Response | Comments |
|------|-------------------------|---|---|--|
| | 6. Public question time | 8. Is 2 minutes enough time for a member of the public to ask a question? | Yes. The regulations need to clarify the maximum time a member of the public can ask questions to provide for multiple questions, with each taking two minutes. Questions Taken on Notice should be included in the next available OCM once the answer is ready. The current proposal seeks to present them to the next OCM, but this is not always possible depending on the complexity of the question. | If no, what time limit or other method of allocating questions do you suggest? |
| | 6. Public question time | 9. Should any other standard requirements for public question time be established? | No | If yes, please provide details. |
| | 6. Public question time | 10. Should a personal representative be able to ask a question on behalf of another person? | Yes. It supports the community's diversity and those who cannot physically attend and/or join electronically. The person must provide written proof that they are authorised to ask the question to the Presiding Member. | If no, please provide your answers. |

Item 15.1.6 Attachment 2 OCM 14/05/2024

Local Government Reform – Consultation Paper

| Part | Section | Question | City Response | Comments |
|------|-----------------------------|---|---|--|
| | 7. Presentations at Council | 11. Should the Regulations specify that a request to make a presentation must relate to an item on the agenda for the relevant meeting? | Yes. The purpose of Council Meetings is to make decisions on items presented. Allowing nonagenda item presentations is misaligned with this intent. Due to time constraints, non-agenda item presentations could prevent them from occurring. | If no, please provide reasons. There may be an issue that has surfaced in the Community that should not be constrained by regulations for presentation. |
| | 7. Presentations at Council | 12. Is 48 hours of notice sufficient to administer an application from a member of the public to present to a meeting? | No | If no, please provide reasons and suggest an alternative. Quantity should be expressed as business days, and three business days are recommended to account for weekends. |
| | 7. Presentations at Council | 13. Should a standard time limit be set for public presentations? | Yes | If no, please provide reasons. |
| | 7. Presentations at Council | 14. Would 5 minutes be a suitable time limit for public presentations? | Yes, for public presentation, but the Presiding Member could then allow additional time for Council Members to ask questions. | If no, please provide reasons and suggest an alternative. |
| | 8. Petitions | 15. Do the proposed regulations provide an effective system | No, the CEO should be required to validate the number of electors on a petition before it is presented to the Council. | If no, please provide reasons and suggested alternatives. |

Local Government Reform – Consultation Paper

| Part | Section | Question | City Response | Comments |
|---------------------------|-----------------------------|---|---|--|
| | | for managing petitions? | | |
| Part 3: Conduct of debate | Orderly conduct of meetings | 16. Do these measures provide a suitable framework to maintain order in meetings? | Unsure further details are required to understand what a minor breach means and how the regulations will deal with a member who has been directed by the Presiding Member not to speak but was the mover of the motion? | If no, what are the suggested changes? |
| | 10. Motions and amendments | 17. Is a period of 1 calendar week an appropriate notice period for motions? | No. | If no, what is your suggested alternative? As local governments operate a Council Agenda/ Briefing Session 7 days before the Council Meeting; it is recommended that Motions require a 10-day notice to allow them to be considered by the Council at the time of the Agenda/ Briefing Session. |
| | 10. Motions and amendments | 18. Are these proposals for motions suitable? | Yes | If no, please provide reasons. |
| | 11. Debate on a motion | 19. Do you support these rules for formal debate on a motion or amendment? | Yes | If no, what is your suggested alternative? |

Item 15.1.6 Attachment 2 OCM 14/05/2024

Local Government Reform – Consultation Paper

| Part | Section | Question | City Response | Comments |
|------|--------------------------|---|---|--|
| | 11. Debate on a motion | 20. Is 5 minutes a suitable maximum speaking time during debate? | Yes | If no, what should be the default maximum speaking time? |
| | 11. Debate on a motion | 21. Is a general principle against speaking twice on the same motion suitable? | Yes | If no, please provide reasons. |
| | 12. Questions by members | 22. Should the new standardised provisions include a maximum time limit for the "questions from council members" agenda item? | Support for maintaining the current practice that Questions from Members can only relate to agenda items as this aligns with the decision-making purpose of Council Meeting. It is unclear whether listing this as a separate order of business is logical or will assist in the orderly running of the meeting. Instead, it is recommended to be listed under the orderly conduct of meetings as an ability for members to ask questions about agenda items as they are dealt with at the meeting. The regulations should include some rules about questions, time, duration, etc. | If no, please provide details. |
| | 12. Questions by members | 23. Is 1 day of notice for a question from a council member sufficient? | Yes, but it should be one clear business day, although some questions may only come to light due to the debate on the item from the floor. | If no, what is your suggested alternative and why? |

Local Government Reform – Consultation Paper

OCM 14/05/2024 Item 15.1.7

15.1.7 (2024/MINUTE NO 0092) Council and Executive Strategy Days

Executive Chief Executive Officer

Author Executive Governance and Strategy

Attachments 1. Chief Executive Officer Performance Management

Framework !

Officer Recommendation/Committee Recommendation/Council Decision MOVED Cr T Widenbar SECONDED Cr T Dewan That Council:

(1) AGREES to a Strategic Planning Day with Council and the City's Executive Leadership Team in 2024/25 with a focus on the review of the City's Strategic Community Plan and Corporate Business Plan.

CARRIED 10/0

Background

At the 11 August 2022 Ordinary Council Meeting, Council resolved:

That Council:

- DEFERS the proposed Council and Executive Strategy Days until a new Chief Executive Officer has been appointed; and
- 2. REQUESTS a report to Council following the appointment of a new Chief Executive Officer or within 12 months, whichever is the earlier, to determine the location, format, and specifics of the strategy days.

In response to the recommendations from the independent governance review, undertaken as part of the City's obligations from the Department of Local Government Sport and Cultural Industries Inquiry, the Council resolved to undertake an annual strategic planning event for Elected Members and Executive staff at an off-site venue, facilitated by an external consultant, covering the following topics:

- 1. Team Development
- 2. Strategy and Alignment
- 3. Priority District Developments
- 4. Council Governance and Performance Evaluation

While the outcome of the resolution from April 2022 intended for Council and the Executive to partake in an annual strategic planning event, which covered the above topics, it was resolved that these events would be most effective if they were to include the new Chief Executive Officer (CEO).

N/A

Item 15.1.7 OCM 14/05/2024

Report

Under S5.56 (1) of the *Local Government Act 1995*, the Council and Administration work closely with unique roles and responsibilities for the development of effective and sustainable integrated plans for the City to deliver a:

- Strategic Community Plan that clearly links the community's aspirations with the council's vision and long-term strategy
- Corporate Business Plan that integrates resourcing plans and specific council plans with the strategic community plan
- Clearly stated vision for the future viability of the City.

Since Mr Simms (CEO) has commenced in October 2023, the Council has been involved in several key strategic forums, including Organisational Review Workshops and Long-Term Financial Planning Workshops.

In May this year Council will participate in a Risk Management Workshop to inform the development of Risk Appetite Statements and identify Strategic Risks for the organisation

These workshops are strategic in nature and assist Council in developing a shared understanding of the organisation and its strategic direction.

The City's Strategic Community Plan is due for a major review in 2024/25 and it is noted as an ideal opportunity for Council and the Executive to undertake a strategic planning day which could also incorporate team building opportunities with the support of an External Consultant.

The City has also experienced some movements within the Executive Leadership Team, so an opportunity to undertake a strategic planning day in the next twelve months as part of the Corporate Business Plan Review would also be timely.

It is recommended that subject to Elected Member availability, a strategic planning day be held for Council and the Executive Leadership Team in 2024/25 with a focus on the review of the Strategic Community Plan and Corporate Business Plan.

Strategic Plans/Policy Implications

Listening and Leading

A community focused, sustainable, accountable, and progressive organisation.

• Best practice Governance, partnerships and value for money.

Budget/Financial Implications

There are no budget implications in the current financial year.

Legal Implications

Under section.5.38 and section.5.39 of the *Local Government Act 1995*, the performance of the CEO must be reviewed at least once each year of their employment by Council Community Consultation.

OCM 14/05/2024 Item 15.1.7

Risk Management Implications

Brand Reputation in low with the current recommendation however, any Council and Executive Strategy Day planning should consider potential impact to reputational risk in the current economic environment.

| | (3) | Finalisation | 2 |
| 4. | Facilita | tor/Independent Consultant | 2 |
| 5. | Perform | nance Measurement | 3 |
| | | | |

1. Background

Efficient and effective local government requires efficient and effective leadership. Therefore under S.5.38 and S.5.39 of the Local Government Act, the performance of the CEO must be reviewed at least once each year of their employment by Council. Their employment contract must specify the performance criteria for the purpose of reviewing the CEO's performance.

Specifically, this performance management framework establishes the process by which Council measures and manages the CEO performance review annually and must be agreed upon by the CEO and Council. A 6 monthly Performance Review Report will be required from the CEO.

2. CEO Performance Review

(1) Key Principles

Performance review process to:

- be objective, based on facts and evidence;
- ensure assessment is conducted in a fair and reasonable manner, based on agreed performance criteria;
- · support and facilitate CEO development; and
- · recognise achievement and support performance improvement.

3. Performance Review Process

(1) Establishment

- The Chief Executive Officer Performance Review and Key Projects Appraisal Committee (CEOPRKPA Committee) mutually agree with the CEO on the planned and structured review process.
- An independent facilitator is appointed by the City and selected from a Preferred Supplier Panel with specialist expertise in Local Government Executive level employment performance reviews. This process will be undertaken by the City's most senior Governance Officer (Executive Governance and Strategy) and will exclude any input from the CEO.
- Prior to formalising this appointment, relevant information will be provided to all Elected Members for assessment and feedback.
- The CEO performance review is a confidential governance process and as such the agenda should only reflect the review. Council staff members will not be involved in the review process.
- The Council's Corporate Business Plan (CBP), as aligned to the Strategic Community Plan and the Key Result Areas (KRAs) within, to be used as the performance framework to drive Council priorities each year and is the basis for clear, achievable and measurable objectives.

1

 Key Performance Indicators (KPIs) are linked to the Council's priorities through the CBP and budget, and are by mutual agreement with the CEO as the performance criteria following the consideration and adoption by the Council on recommendation from the CEOPRKPA Committee.

(2) Review Process

- The CEO is given adequate advance notice by the Mayor that a review will be initiated and asked to provide a report on evidence against the agreed performance criteria.
- The CEO submits a report to the appointed independent facilitator outlining the evidence and achievements against KPIs.
- The facilitator will provide a confidential, independent assessment of the evidence provided by the CEO which will be summarised in the survey form before being submitting to the Elected Members.
- Following receipt of the report, all Elected Members will be individually interviewed and surveyed by the facilitator to gain their feedback, rate CEO performance and provide additional comments as necessary.

(3) Finalisation

- A confidential Performance Review Report is generated by the facilitator which includes the Elected Members' consolidated feedback, performance recommendations suggested KPIs for the following year.
- Performance Report is discussed at Committee, (single purpose confidential meeting only), to determine performance level, and any other contract considerations required to be recommended to the Council.
- The Committee Meeting recommends agreed KPIs and deliverables for the following twelve months with the CEO.
- Report provided to the CEO by the facilitator for feedback prior to Council approval of mutually agreed new KPIs.
- · Recommendations to be approved and adopted by Council.

4. Facilitator/Independent Consultant

The City will engage an independent facilitator to assist with the performance management process. The role of the facilitator in the review process can include the following:

- · Prepare the performance agreement and assessment plan;
- · Set performance goals and criteria;
- Collect, collate and report performance evidence;
- · Survey and interview Elected Members;

2

- Assist with provision of feed-back to the CEO, providing an objective view regarding any performance management-related issues;
- Formulate plans to support improvement (if necessary);
- · Assist Council and CEO in determination of KPIs and deliverables.

5. Performance Measurement

An important step in the process is setting the performance measurement criteria.

One of the key responsibilities of the CEO is to oversee the implementation of the Council's strategic direction. Aligning the CEO's performance criteria to the goals contained in the City's Strategic Community Plan and Corporate Business Plan is an important requisite.

Goals are to be specific, measurable, achievable and time-based, defining clear deliverables.

Key results areas focus on the Council's priorities each year. Council and the CEO will set KPIs to target priorities for the CEO within the KRAs.

Consideration may also be given to Financial Governance, Stakeholder Relations, Leadership and Organisational Improvement.

Key Performance Indicators (KPIs) will be measured yearly with defined deliverables and progress being reported every 6 months.

In addition to the achievement of KPIs by the CEO, Council will consider:

- that the CEO's methods of achieving outcomes are acceptable and sustainable:
- that the CEO has demonstrated change management and risk management skills when circumstances change and impact on performance outcomes;
- that Council, staff and community have been inspired to maintain trust in local government.

For a new CEO, the KPIs will initially relate to CBP priorities and any key issues from the recruitment process of the CEO. These will be in place for the first six month period of probation before annual targets are set at the ongoing six month performance review cycle.

15.2 Organisational Performance Committee Meeting - 16/04/2024

Officer Recommendation/Committee Recommendation/Council Decision

MOVED Cr T Widenbar SECONDED Cr T Dewan

That Council:

(1) RECEIVES the FY24 Quarter Three status report on the progress of the Corporate Business Plan Key Performance Indicators.

CARRIED 10/0

Background

Council adopted the Corporate Business Plan (CBP) Key Performance Indicators (KPIs) at the 29 June 2023 Special Council meeting.

CBP KPI progress is reported quarterly through the Organisational Performance Committee.

This report presents the FY24 Quarter 3 (Q3) CBP KPI progress.

Submission

N/A

Report

The CBP KPIs track delivery of the CBP items.

Accountability for the CBP KPIs is allocated to the Executive of the City responsible for delivering the item.

In addition, responsibility then cascades to a Senior Leadership Team (SLT) member, being a direct report to an Executive officer.

The Q3 status report on the progress of the KPIs for FY24 (1 January 2024 to 31 March 2024) has been provided (refer to Attachment 1).

The Q3 progress is presented for the annual KPIs (Table 1) and the Q3 milestones (Table 2).

| 381 | of | 393 |
|-----|----|-----|

OCM 14/05/2024 Item 15.2.1

Table 1: CBP KPI Progress Summary

| CBP KPIs | CBP KPIs COMPLETE | | | | NOT O | TOTAL | |
|------------------|-------------------|-----|----|-----|-------|-------|----|
| Overall Progress | 5 | 13% | 26 | 65% | 9 | 22% | 40 |

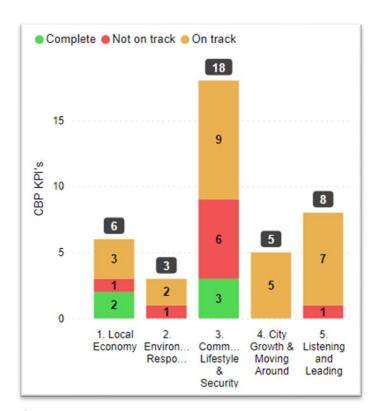

Figure 1: CBP Annual KPI Progress by Strategic Community Plan Outcome

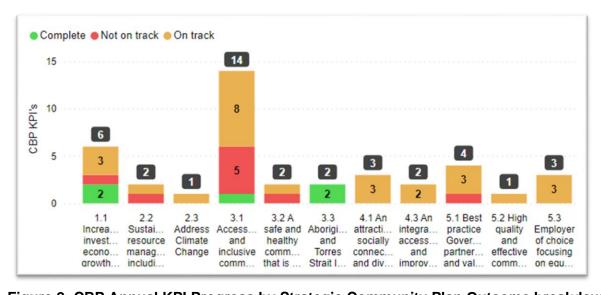

Figure 2: CBP Annual KPI Progress by Strategic Community Plan Outcome breakdown

In summary:

- The majority (65%) of KPIs are on track
- 22% of KPIs are not on track
- 13% of the KPIs are already complete for this financial year.

Key Takeaways

As we approach the end of the financial year Q3 reporting offers valuable insights into overall progress of FY24 CBP initiatives. With one quarter remaining, annual progress is coming into focus.

Adjustments made during the mid-year review have improved Q3 performance in relation to Q2 performance. 'Not On Track' items have reduced from 29% in Q2 to 22% in the Q3 update.

Most CBP KPIs are currently 'On Track', with an additional three (7%) KPIs completed since the last update. At Q3 the total completed KPIs is six (13%).

The Local Economy and Community Lifestyle and Security outcomes show the highest number of completed CBP KPIs.

Overall, the progress status of CBP KPIs in Q3 is more evenly distributed across all outcomes, with no major concerns identified. Due to the volume of projects within the community lifestyle and security outcome, it will require additional focus to ensure a strong finish for the financial year.

A more targeted approach to strategic corporate planning for FY25 is proposed to align projects with the five key strategic community outcomes.

Most mid-year amendments related to capital initiatives.

It is important to build the capital program at an appropriate scale to enable the City to fulfil its commitments.

Work is progressing to ensure more detailed and achievable commitments are recommended to Council for FY25.

Quarter 3 CBP KPI Milestone summary

This report section offers a detailed account of the status of Q3 milestones, including their current status categorised by the strategic community outcome. For a more granular breakdown, refer to Attachment 1.

Table 2: CBP Q3 Milestone Summary

| CBP KPI's | сом | PLETE | ON T | RACK | INCON | TOTAL | |
|---------------|-----|-------|------|------|-------|-------|----|
| Q3 Milestones | 27 | 68% | 5 | 13% | 8 | 20% | 40 |

OCM 14/05/2024 Item 15.2.1

In summary:

- 68% of Q3 milestones are complete.
- 13% of CBP KPIs are on track or did not have a Q3 milestone
- 20% of Q3 milestones are incomplete.

Q3 progress is presented by Strategic Community Plan (SCP) outcome in Figure 2.

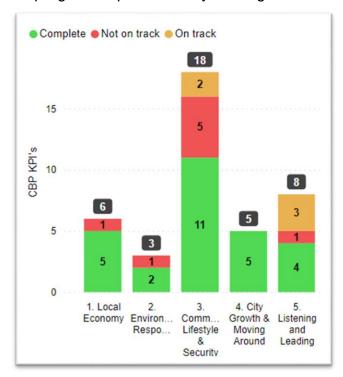

Figure 3: KPI Q3 Milestone progress by Strategic Community Outcome

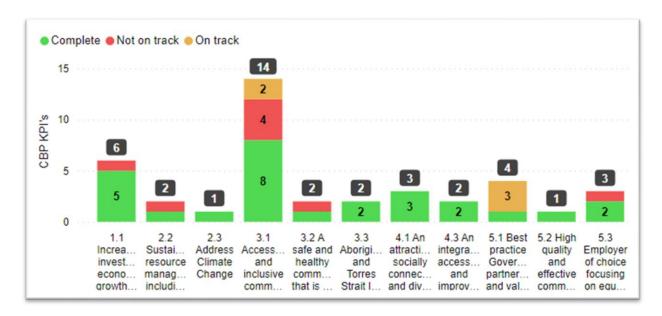

Figure 4: KPI Q3 Milestone progress by Strategic Community Outcome breakdown

Key Takeaways:

Q3 milestones have achieved the highest completion rate for this financial year. This success can be attributed in part to the adjustments made during the mid-year review.

City Growth and Moving Around outcome saw the completion of all its Q3 milestones. Local Economy, Environmental Responsibility, and Listening and Leading outcomes each completed all milestones bar one.

Community Lifestyle and Security outcome faced the highest number of incomplete milestones (5 or 28%), due to shifts in project delivery timeframes, construction delays, or adjustments in consultation schedules.

Overall, Q3 milestones paint a positive picture for the City's CBP KPI's. There is optimism that this momentum can be sustained into Q4, ensuring a strong finish to the financial year.

Complete detail of KPI and milestone progress is presented in Attachment 1 which is colour-coded to indicate the progress and status of the CBP KPIs:

- Green indicates the KPI is complete
- Orange indicates the KPI is on track
- Red indicates the KPI is not on track or incomplete.
- **Grey** indicates the KPI has been removed at the mid-year review.

Strategic Plans/Policy Implications
