**Officer Recommendation/Committee Decision**

MOVED Cr T Dewan SECONDED Cr P Corke  
That Council:

- (1) Receives the report.

**CARRIED 3/0**

### Background

Section 6.12 (1)(c) of the *Local Government Act 1995* allows local governments to write off any amount of money owing to it (other than rates and service charges).

This action is necessary where delinquent debts become uncollectible.

The City's administrative policy for debtor management states that bad debt write-offs should only be proposed when all avenues for recovery have been exhausted or pursuing the debt becomes unviable.

Council has provided delegated authority under its DA "Debt Write Off, Concession or Waiver" for the purpose of writing off bad debts, other than rates and service charges, up to an individual debt value of \$5,000.

This delegation sits with the CEO and Chief Financial Officer and requires a summary of transactions utilising the delegation to be reported to the Audit, Risk and Compliance Committee on an annual basis.

### Submission

N/A

### Report

The City has an excellent track record in managing and collecting its outstanding debts, having very few write-offs each year.

Most of the City's write-offs relate to infringements previously referred to the Fines Enforcement Registry (FER) and advised as uncollectible.

Other bad debts sometimes arise for failed businesses, untraceable debtors, or insolvent community groups, and low value ones are not worth pursuing when factoring legal recovery costs.

The City's debtor profile comprises commercial debtors (mainly landfill trade debtors), regulatory debtors (applications, licences, infringements) and community debtors (hall and reserve hire and provision of community related services).

The City's revenue team actively manage outstanding debts and conduct regular reviews of those falling overdue.

Only after using all reasonable endeavours to seek payment and following confirmation by the relevant business unit (debt owner) are bad debts proposed for write-off, either under delegation or by Council.

The City currently has no bad debts greater than \$5,000 needing to be referred to Council for write off.

The following summary of debts written off under delegation is provided in accordance with the requirements of Council's "Debt Write Off, Concession or Waiver" Delegated Authority:

Debt Type	Date Approved	No. of Debts	Write-Off Amount (ex-GST)	Write-Off Amount (inc GST)
Rates small balance write-offs (interest)	19/10/2022	225	1,656.08	1,656.08
Venue hire/ firebreak	19/10/2022	4	1,923.06	2,115.36
Infringements	14/7/2022	28	5,012.35	5,012.35
Rates small balance write-offs (interest)	16/8/2022	9	4.82	4.82
Infringements	17/8/2022	26	4,087.95	4,087.95
Infringements	28/2/2022	78	11,844.55	11,844.55
<b>Total</b>			<b>24,528.81</b>	<b>24,721.11</b>

The commercial activities at the Henderson Waste Recovery Park represent the biggest risk to the City's debt collection activities, with over \$13 million invoiced on the City's standard credit terms in FY 22.

There are no write-offs this year relating to this debt, providing reassurance that the City's credit control practices are effective.

By far the City's largest revenue and debt source is property rates and service charges.

Being secured against the property, these are rarely required to be written off by Council. However, some small balances within rates accounts (mostly relating to residual interest) are written off under delegation.

The percentage of infringements written off under delegation against the outstanding balance was under 5% in FY 22.

### **Strategic Plans/Policy Implications**

#### Listening & Leading

A community focused, sustainable, accountable, and progressive organisation.

- Best practice Governance, partnerships and value for money.

### **Budget/Financial Implications**

Amounts written off under delegation are offset against the original revenue source. The financial impact on the City from write-offs over the past year was \$24,528.81.

### **Legal Implications**

Uncollectable debts require Council authorisation to be written off under the provisions of the *Local Government Act 1995* Section 6.12 (1)(c), unless Council has delegated this power.

Council has approved a Delegated Authority for writing off bad debts up to \$5,000, other than for rates and service charges.

### **Community Consultation**

N/A

### **Risk Management Implications**

It is considered good financial and risk management to regularly assess overdue debts to determine likelihood of collection.

Those debts assessed as uncollectible should be written off to improve the accuracy of the receivables value recorded in the balance sheet (as is expected by financial audit).

This also helps to ensure debt collection efforts and resources are better focused on collectible debts.

**Attachments** N/A

**Officer Recommendation/Committee Decision**

MOVED Cr P Corke SECONDED Cr T Dewan  
That Council:

(1) NOTES the report.

**CARRIED 3/0**

**Background**

Policy 'Investments of Funds' Clause 5.2 requires: *An Annual Report on the performance of the investment portfolio will be submitted to Council outlining the performance of the portfolio for the financial year.*"

**Submission**

N/A

**Report**

As per the Policy Investment of Funds, the following report is divided into two parts.

The first part is a report on cash investments held by the City and the second is for non-cash investments.

**Cash Investments**

The City earned the following interest income during 2021-22 (LY2020-21):

- Municipal/Reserve Funds (MFR) \$1.503m (\$1.775m)
- Rates – Administration Interest \$0.474m (\$Nil)
- Rates – Penalty Interest \$0.229 (\$Nil)
- Deferred Pension Rates \$0.012m (\$0.011m)
- ESL Interest \$0.028 (\$Nil)
- Total Interest Income \$2.248m (\$1.786m).

Interest income from the surplus cash in the Municipal Fund and Reserves (MFR) totalled \$1.503m (\$1.775m).

Interest from rates (administration, \$0.474m and penalty interest, \$0.229m) and Emergency Services Levy (ESL \$0.028m) noting there was no interest in 2020-21 as Council, in response to the State Government's COVID-19 Action Plan, resolved not to charge interest for 2020-21.

The interest rates earned by the MFR over the twelve months varied from 0.59% (1.47%) in July 2021 to 1.24% (0.59%) in June 2022.

The *Local Government Act 1995* provides the heads of power for a Council to impose interest on outstanding rates.

- Rates – Administration Interest and ESL Interest are charged at 3%,
- Rates – Penalty Interest is charged at 6%.

The *Local Government Act 1995* has a maximum interest rate of 11%. Council has always elected to impose a lower interest rate.

The rate for Deferred Pension Rates for 2021-22 was 2.15% (1.18%).

All surplus funds are invested in accordance with the *Local Government Act 1995*, associated regulations and Council's Investment Policy.

All cash investments/term deposits were and are compliant with Council's Investment Policy.

The surplus funds are invested in term deposits with APRA regulated financial institutions, apart from one investment.

The amendment to the regulations requiring Council's only invest in term deposits with a maturity now less than three years was gazetted with an over-rider allowing existing investments with a maturity term greater than three years and in non-term deposits to go to maturity (grandfathering).

The remaining grandfathered investments are three tranches of reverse mortgage-backed securities (Emerald).

The original investment of \$3m comprised three \$1m tranches. The City is currently receiving interest at the rates of 2.77%, 2.80% and 3.17% on the respective tranches.

Additional 'step-up' interest is also accruing on these three tranches at 0.9%, 1.5% and 1.9% respectively, which is required to be paid to the City upon maturity.

The current balance of 'step-up' interest on all tranches owed to the City is \$438,853.04 (30 June 2022).

The outstanding balance for the Emerald investment is \$2.47m as \$0.53m in capital has been returned to the City from one of the tranches.

#### Non-Cash Investments

The City has substantial freehold land on its balance sheet.

As at the 30 June 2022, that total was \$84.959m (LY \$85.94m).

The makeup of the land comprises sumps, reserves, land available for sale, freehold parks, and land which Council buildings and facilities occupy.

The Council's Land Management Strategy 2017-2022 had identified a range of land assets that are surplus to requirement, or land that could be made saleable with investment from Council.

The concept is to monetise freehold land (wherever possible) and re-invest in income producing property to generate rental income streams.

The Land Management Strategy provides for a reconciliation of the freehold land and that which is surplus to requirements.

Land sales (settled and outstanding) in 2021-22:

- 1 Semple Court, South Lake – sale for \$2.59m (\$2.43m ex GST) settled in December 2021
- Lots 9004 and 805 Merevale Gardens, Beeliar – sale for \$6.21m (ex GST) has fallen through due to the purchaser withdrawing their offer in line with terms of the contract.
- Lot 1003 Bundeli Grove and Lot 1001 Tindal Avenue, Yangebup – sale for \$5.23m is still awaiting settlement and remains conditional.

Funds received from the sale of surplus land are placed into the Council's Land Development and Investment Fund Reserve to provide a funding source for Council's land development strategies and other qualifying key projects (i.e. providing commercial returns).

### Rental Income

The City generated lease and rental income in 2021-22 of \$4.73m (LY \$4.58m) on its commercial property and land portfolio. This included the Cockburn Health and Community Centre, the Cockburn Youth Centre (office and commercial), commercial tenancies within the Cockburn ARC and the Port Coogee Marina. This revenue was exclusive of GST and variable outgoings.

Also included in the amount is lease revenue received from the Naval Base Shacks (quarantined in reserves to meet future capital and maintenance costs), as well as the Coogee caravan park (providing a funding source for the Coogee Beach Master Plan).

The net rental revenue from the Cockburn Health and Community Centre is also quarantined for the purpose of future maintenance requirements for the facility.

This is to ensure no future demand for Municipal funding to meet capital renewal or maintenance costs on the commercial parts of the building.

**Strategic Plans/Policy Implications**Local Economy

A sustainable and diverse local economy that attracts increased investment and provides local employment.

- Increased Investment, economic growth and local employment.

MOVED Cr T Dewan SECONDED Cr P Corke

That Council:

(1) NOTES the report.

**CARRIED 3/0**

**Background**

To ensure that all audit reports, including the Annual Financial Audit and other project or service delivery audits required by grant funding bodies, come before the Audit, Risk and Compliance Committee (ARC).

**Submission**

N/A

**Report**

The City received funding under both phases 1 and 2 of the Local Roads and Community Infrastructure Program (LRCIP) for the year ended 30 June 2022.

The acquittal of this funding is required to be audited by the City's auditor (Office of the Auditor General) and signed off by one of the City's executives (CFO has signed for Cockburn).

Nominal funding of \$1.077 million under Phase 1 provided funding for several Council projects across FY21 & FY22.

Nominal funding of \$3.723 million under Phase 2 helped fund Jandakot Road construction costs in FY22.

The unmodified audit opinion states the reports prepared were in accordance with reporting requirements under the program, and the expended amounts reported are based on proper accounts and records and used solely for the approved purposes.

**Strategic Plans/Policy Implications**Listening & Leading

A community focused, sustainable, accountable and progressive organisation.

- Best practice Governance, partnerships and value for money.

**Budget/Financial Implications**

Audit confirmed grant monies were appropriately expended on approved projects and there are no budget or financial implications resulting from the audit.

**Legal Implications**

N/A

**Community Consultation**

N/A

**Risk Management Implications**

Bringing this report to the ARC ensures all audit reports received by the City, including those addressing the City's compliance with grant funding requirements, are appropriately reviewed by the ARC.

**Advice to Proponent(s)/Submitters**

## Auditor General

### INDEPENDENT AUDITOR'S REPORT 2022 City of Cockburn

#### 2021-22 Annual Report for the Local Roads and Community Infrastructure Program

##### Opinion

I have audited the accompanying special purpose annual reports for Phases 1 and 2 prepared for the Australian Government Department of Infrastructure, Transport, Regional Development, Communications and the Arts (the Department) for the Local Roads and Community Infrastructure Program (the Program) for the year ended 30 June 2022, which comprises:

- the Chief Executive Officer's Financial Statement for Phases 1 and 2
- Annual Report Tables financial information limited to the *Total Approved LRCI Funding Contribution* and *LRCI Funding Actual Expenditure* for Phases 1 and 2.

The annual reports have been prepared by the City of Cockburn (the City) in accordance with the requirements of the COVID-19 Local Roads and Community Infrastructure Program Guidelines (the Guidelines) for Phases 1 and 2 of the Program to meet the reporting requirements of the Australian Government Department of Infrastructure, Transport, Regional Development, Communications and the Arts.

In my opinion, in all material respects:

- the Chief Executive Officer's Financial Statements and Annual Report Tables financial information limited to the *Total Approved LRCI Funding Contribution* and *LRCI Funding Actual Expenditure* for Phases 1 and 2 are based on, and in agreement with, proper accounts and records
- the amount reported as expended during the year was used solely for expenditure on approved Local Roads and Community Infrastructure Projects
- the amount certified by the Chief Executive Officer in the Chief Executive Officer's Financial Statement as the City own source expenditure on the Program during the year is based on, and in agreement with, proper accounts and records.

##### Basis for opinion

I conducted my audit in accordance with the Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the annual report* section of my report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

**Emphasis of matter**

I draw attention to the matter below. My opinion is not modified in respect of this matter.

**Basis of accounting**

The annual reports have been prepared for the purpose of fulfilling the City's reporting obligations to the Australian Government Department of Infrastructure, Transport, Regional Development, Communications and the Arts under the Guidelines. As a result, the annual report may not be suitable for another purpose.

**Other matter**

I draw attention to the matter below. My opinion is not modified in respect of this matter.

**Restriction on Distribution and Use**

As a result of the basis of accounting, my report is intended solely for the City and the Australian Government Department of Infrastructure, Transport, Regional Development, Communications and the Arts and should not be distributed to or used by parties other than the City or the Australian Government Department of Infrastructure, Transport, Regional Development, Communications and the Arts.

**Other information**

The Chief Executive Officer is responsible for the other information. The other information is the information in the annual reports for the year ended 30 June 2022, but not the information of the annual reports as described in the Opinion section of my report and my auditor's report.

My opinion on the annual reports do not cover the other information and, accordingly, I do not express any form of assurance conclusion thereon.

**Responsibilities of the Chief Executive Officer for the annual report**

The Chief Executive Officer is responsible for the preparation of the annual reports in accordance with the requirements of the Guidelines, and for such internal control as the Chief Executive Officer determines is necessary to enable the preparation of the annual reports that are free from material misstatement, whether due to fraud or error.

In preparing the annual reports, the Chief Executive Officer is responsible for assessing the City's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the City.

**Auditor's responsibilities for the audit of the annual report**

The objectives of my audit are to obtain reasonable assurance about whether the annual reports as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the annual reports. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

A further description of my responsibilities for the audit of the annual reports is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at [https://www.auasb.gov.au/auditors\\_responsibilities/ar4.pdf](https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf).

**My independence and quality control relating to the report on the annual report**

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQC 1 *Quality Control for Firms that Perform Audits and Reviews of Financial Reports and Other Financial Information, and Other Assurance Engagements*, the Office of the Auditor General maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

(1) NOTES the report.

**CARRIED 3/0**

**Background**

To ensure that all audit reports, including annual financial audit and other project or service delivery audits required by grant funding bodies, come before the Audit, Risk and Compliance Committee (ARC).

**Submission**

N/A

**Report**

The City received funding of \$616,403 during FY22 under the Roads to Recovery Program.

This funding was applied to the Hammond Road duplication project.

The City is required to prepare an audited statement in accordance with the requirements of section 90 of the *National Land Transport Act 2014* and the Roads to Recovery Funding Conditions 2019.

The unmodified audit opinion attached states the reports prepared were in accordance with the reporting requirements, and the reported expenditure is based on proper accounts and records and used solely for the approved purposes.

**Strategic Plans/Policy Implications****Listening & Leading**

A community focused, sustainable, accountable and progressive organisation.

## Auditor General

### INDEPENDENT AUDITOR'S REPORT

2022

City of Cockburn

To the Chief Executive Officer of the City of Cockburn

#### **Part 1 – Chief Executive Officer's Financial Statement for the Roads to Recovery Program under Part 8 of the *National Land Transport Act 2014***

#### **Opinion**

I have audited the accompanying special purpose financial statement presented in Part 1 – Chief Executive Officer's Financial Statement for the Roads to Recovery Program (the Program), which comprises a Statement of Receipts and Expenditure (the Statement) for the year ended 30 June 2022.

The Statement has been prepared by the City of Cockburn (the City) in accordance with the requirements of section 90 of the *National Land Transport Act 2014* (the Act) and the *Roads to Recovery Funding Conditions 2019* (the Conditions) to meet the reporting requirements of the Australian Government Department of Infrastructure, Transport, Regional Development, Communications and the Arts.

In my opinion, in all material respects:

- the Statement is based on, and in agreement with proper accounts and records
- the amount reported in the Statement as expended during the year was used solely for expenditure on the construction and/or maintenance of roads
- the amount certified by the Chief Executive Officer of the City in the Statement as its own source expenditure on roads during the year is based on, and in agreement with proper accounts and records.

#### **Basis for opinion**

I conducted my audit in accordance with the Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the Statement section of my report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### **Emphasis of matter**

I draw attention to the matter below. My opinion is not modified in respect of this matter.

#### **Basis of accounting**

The Statement has been prepared for the purpose of fulfilling the City's reporting obligations to the Australian Government Department of Infrastructure, Transport, Regional Development, Communications and the Arts under the Act and the Conditions. As a result, the Statement may not be suitable for another purpose.

**Other matter**

I draw attention to the matter below. My opinion is not modified in respect of this matter.

**Restriction on distribution and use**

As a result of the basis of accounting, my report is intended solely for the City and the Australian Government Department of Infrastructure, Transport, Regional Development, Communications and the Arts and should not be distributed to or used by parties other than the City or the Australian Government Department of Infrastructure, Transport, Regional Development, Communications and the Arts.

**Other information**

The Chief Executive Officer is responsible for the other information. The other information comprises the information accompanying the Statement, such as Parts 2, 3 and 4 for the year ended 30 June 2022, but not the Statement and my auditor's report.

My opinion on the Statement does not cover the other information and, accordingly, I do not express any form of assurance conclusion thereon.

**Responsibility of the Chief Executive Officer for the Statement**

The Chief Executive Officer is responsible for the preparation of the Statement in accordance with the requirements of the Act and Conditions, and for such internal control as the Chief Executive Officer determines is necessary to enable the preparation of the Statement that is free from material misstatement, whether due to fraud or error.

In preparing the Statement, the Chief Executive Officer is responsible for assessing the City's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the City.

**Auditor's responsibilities for the audit of the Statement**

The objectives of my audit are to obtain reasonable assurance about whether the Statement is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

A further description of my responsibilities for the audit of the Statement is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at [https://www.auasb.gov.au/auditors\\_responsibilities/ar4.pdf](https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf).

**My independence and quality control relating to the report on the Statement**

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQC 1 *Quality Control for Firms that Perform Audits and Reviews of Financial Reports and Other Financial Information, and Other Assurance Engagements*, the Office of the Auditor General maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Victoria Green

(name of Chief Executive Officer/General Manager)

#### Auditor's report

(Conditions clause 2(b))

In my opinion

Please see attached audit report

Australian Government

Department of Infrastructure, Transport,  
Regional Development, Communications and the Arts

- (i) the financial statement above is based on proper accounts and records;
- (ii) the financial statement above is in agreement with proper accounts and records;
- (iii) the amount expended during the year was used for the purpose of expenditure on maintenance and/or construction of roads;
- (iv) the amount certified by the Executive Officer of the funding recipient's own source expenditure during the year was in agreement with proper accounts and records.

I am an "appropriate auditor" as defined in section 4 of the *National Land Transport ACT 2014*.

(name of auditor)

/ / 2022

(name of auditor)

(name of auditor)

Section 4 of the Act, "appropriate auditor" means:

- (a) in relation to a funding recipient whose accounts are required by law to be audited by the Auditor-General of a State — the Auditor-General of the State; or
- (b) in relation to a person or body whose accounts are required by law to be audited by the Auditor-General of the Commonwealth — the Auditor-General of the Commonwealth; or
- (c) in relation to any other funding recipient — a person (other than an officer or employee of the person or body) who is:
  - (i) registered as a company auditor or a public accountant under a law in force in a State; or
  - (ii) a member of the Institute of Chartered Accountants in Australia or of the Australian Society of Accountants.

Regional Development, Communications and the Arts**PART 2 - STATEMENT OF ACCOUNTABILITY BY CHIEF EXECUTIVE OFFICER**

(see subclauses 6.3(a), (c) and (d) of the funding conditions)

I, Victoria Green, Chief Executive Officer or General Manager, of  
City of Cockburn, hereby certify, in accordance with the conditions  
determined under section 90 of the *National Land Transport ACT 2014* (the Funding Conditions),  
that:

- ☒ (a) Roads to Recovery funds received by City of Cockburn during the year 2021-22  
which have been spent on the construction and/or maintenance of roads;
- ☒ (b) City of Cockburn has fulfilled the signage and other public information  
conditions in Part 3 of the Funding Conditions; and
- ☒ (c) during the financial year City of Cockburn has otherwise fulfilled all of the  
Funding Conditions.

(signature of Chief Executive Officer/General Manager)

31/10/2022

Australian Government

Department of Infrastructure, Transport,  
Regional Development, Communications and the Arts**PART 3 – STATEMENT ON EXPENDITURE MAINTENANCE BY CHIEF EXECUTIVE OFFICER**

(see subclause 6.3(b) of the funding conditions)

I, **Victoria Green**, Chief Executive Officer/General Manager, of  
**City of Cockburn**, state that, in accordance with the funding  
conditions determined under section 90 of the *National Land Transport ACT 2014* :

- 1(a) expenditure on the construction and/or maintenance of roads by City of Cockburn using its own sources funds in the year to which this report refers was \$7,637,429.
- 1(b) the reference amount for City of Cockburn is \$3,212,001.

The following information need only be provided if the expenditure shown in 1(a) is less than the reference amount as shown in 1(b) above:

- 2(a) expenditure on the construction and/or maintenance of roads by City of Cockburn using its own sources funds for the year prior to the year to which this report refers was \$4,771,494.
- 2(b) the average of expenditure on the construction and/or maintenance of roads by City of Cockburn using its own source funds for the year to which this report refers and the previous year was \$6,204,462.

The following information need only be provided if the expenditure shown in 1(a) is less than the reference amount as shown in 1(b) above:

- 3(a) expenditure on the construction and/or maintenance of roads by City of Cockburn using its own sources funds in the year two years before the year to which this report refers was \$8,889,653.
- 3(b) the average of expenditure on the construction and/or maintenance of roads by City of Cockburn using its own source funds for the year to which this report refers and the previous two years was \$7,099,525.

# 11.1.5 (2022/MINUTE NO 0031) Financial Report and Audit Results for City of Cockburn Year Ending 30 June 2022

**Responsible Executive** Acting Chief Financial Officer

**Author** Acting Chief Financial Officer

**Attachments**

1. Annual Financial Report 2022
2. Auditor's Report 2022
3. Draft Audit Opinion for the year ended 30 June 2022  
(Confidential)
4. Management Letter (Confidential)

## Officer Recommendation/Committee Decision

MOVED Cr P Corke SECONDED Cr T Dewan

That Council:

- (1) ADOPTS the Annual Financial Report for the year ended 30 June 2022;
- (2) RECEIVES the Auditor's Report for the year ended 30 June 2022;
- (3) RECEIVES the draft Audit Opinion for the year ended 30 June 2022, as issued by the Office of the Auditor General; and
- (4) RECEIVES the Management Letter for the year ended 30 June 2022.

as attached to the Agenda.

**CARRIED 3/0**

## Background

Section 5.54 of the *Local Government Act 1995* requires Council to accept the Annual Report for a financial year no later than 31 December after that financial year.

Section 5.53 requires that the Annual Report contains the Financial Report (prepared under Section 6.4) and the Auditor's Report (prepared under Section 7.9) for that financial year.

Regulation 9 (2) of the *Local Government (Audit) Regulations 1996* states that the principal objective of the external audit is for the auditor to carry out such work as is necessary to form an opinion as to whether: the accounts are properly kept; and that the Annual Financial Report:

- is prepared in accordance with financial records
- represents fairly the results of the operations of the Local Government at 30 June in accordance with Australian Accounting Standards and the *Local Government Act 1995*.

Section 7.12A of the *Local Government Act 1995* requires Local Governments to meet with the auditor at least once in every year and to:

- examine an Audit Report received by the Local Government
- determine if any matters raised by the audit report require action to be taken by the Local Government
- ensure that appropriate action is taken in respect of those matters.

The Terms of Reference for the Audit, Risk & Compliance Committee (ARC) requires it to examine the City's audited annual financial report and follow up any matters raised by audit to ensure appropriate action is taken in respect of those matters.

The Office of the Auditor General (OAG) has tendered out the performance of the City's audit, with KPMG having been the audit contractor since completing the 2019 audit.

The audit plan for 2022 was presented at the 28 July meeting of this Committee, and the Auditor's Report has been prepared on that basis.

Key aspects of the audit included assessing the effectiveness of management internal controls, and the appropriateness of the City's accounting policies, disclosures, and accounting estimates.

This audit work enables the OAG to express an opinion regarding the City's 2022 financial statements. The auditor is attending the meeting to present their audit report and discuss any issues raised in the report.

## Submission

N/A

## Report

### 2022 Annual Financial Report

The Annual Financial Report being presented to the ARC contains a detailed set of financial statements and supporting notes, prepared in accordance with legislation and Australian Accounting Standards. These are discussed and analysed below.

### Statement of Comprehensive Income

The City's net result (before other comprehensive income) was \$51.82 million, \$36.20 million higher than the year before. Other comprehensive income from asset revaluations of \$169.21 million increases total comprehensive income to \$221.03 million for the year (+\$183.15 million).

Operating revenue of \$170.62 million was up \$14.88 million (+9.6%) on last year.

The main contributors to this result were:

- Fees and Charges up \$9.90 million (+32.7%) to \$40.18 million, primarily due to landfill revenue up by \$8.69 million (+233.9%) to \$15.18 million.
- Rates revenue was up \$4.58 million (+4.2%) to \$112.88 million, including the annual rates increase of 1.5% and growth in number of rateable properties.

Operating expenditure for the year of \$160.06 million was up \$5.06 million (+3.3%) on the previous year. The main contributors were:

- Employee costs, the City's biggest operational expense, were up \$1.39 million (+2.2%) to \$64.23 million. This reflected annual salary increases (including enterprise agreement increase of 2.0%), as well as growth in the City's workforce (less any savings from vacant positions).
- Materials and contract costs were up by \$0.75 million (+2.1%) to \$36.75 million, representing contract price increases offset by lower costs in some areas (childcare, environmental management).
- Insurance expenses were up \$1.32 million (+78.4%) to \$3.0 million, mostly due to an extra \$1.19 million for prior year workers compensation adjustments relating to outstanding claims.
- Other Expenses were up \$5.01 million on last year to \$13.74 million (+\$57.3%), mainly due to landfill levy payments increasing by \$4.48 million to \$10.08 million (+79.9%) in line with higher tonnage volumes.
- Combined Depreciation & Amortisation expenses (non-cash) of \$35.10 million were down a net \$3.46 million (-9.0%) on the previous year:
  - Depreciation on fixed assets of \$33.24 million was lower by \$2.34 million (-6.6%) on last year, driven by asset revaluations completed at 30 June 2021.
  - Amortisation of landfill related assets was \$1.12 million lower at \$1.86 million, reflecting an adjustment of \$1.23 million to the landfill rehabilitation asset for cell 6 (fully capped and closed off).

Non-operating grants, subsidies, and contributions of \$39.52 million were up \$18.27 million (+85.9%) from last year:

- included an additional \$10.55 million in capital grant funding
- \$5.71 million from a change in treatment for the recognition of POS cash in lieu contributions
- \$4.21 million saving from no ceded land payments, less a \$3.42 million reduction in gifted development assets.

Net profit from asset sales was up \$1.58 million on last year, due to higher profit realised from the sale of land (+\$1.34 million).

Statement of Financial Position

The City's net assets and total equity increased year on year by \$221.03 million to \$1,578 million (+16.3%).

This reflects total assets of \$1,677 million (+\$211.27 million) and total liabilities of \$98.32 million (-\$9.76 million).

Current assets decreased year on year by \$88.03 million to \$126.29 million, primarily due to a reduction in term deposits being placed for periods under one year.

The increase in non-current assets by \$299.30 million to \$1,550.85 million was mostly attributable to:

- \$208.37 million increase in the value of infrastructure assets (mostly due to the revaluation of roads and parks infrastructure).
- an increase in non-current term deposits held (+\$100.96 million).
- Intangible assets of \$19.01 million in last year (landfill rehabilitation asset) were reclassified to infrastructure this year based on audit advice.

Current liabilities of \$37.71 million were little changed from last year (\$37.49 million):

- Trade and other payables were up by \$2.28 million to \$19.48 million, mostly from increased sundry creditors at year end.
- Employee related provisions of \$9.19 million decreased by \$0.31 million on last year (-\$3.3%), reflecting successful leave management strategies.
- Contract liabilities were down \$1.56 million year on year.

Non-current liabilities of \$60.61 million fell by \$9.98 million from last year.

- Other liabilities reduced by \$9.78 million, comprising the change in accounting treatment for Public Open Space cash in lieu contributions of \$5.42 million (now recognised as capital revenue in statement of income), and liabilities associated with unspent development contribution plans reducing by \$4.36 million to \$13.70 million.
- Non-current borrowings were down \$3.94 million to \$7.50 million, reflecting no new loans and the ongoing repayment of existing debt (for the Cockburn ARC facility).
- Other provisions (rehabilitation of landfill site) were up \$4.35 million to \$36.42 million, due to a review of the financial model reflecting updated cost and other assumptions.
- Non-current employee related provisions (LSL) were little changed at \$1.46 million.
- Trade and other payables of \$1.53 million decreased by \$0.47 million (these mostly relating to bonds and deposits held for land developments).

### Changes in Equity

The City's retained surplus increased by \$42.17 million over the year to \$597.99 million.

This comprised the net result of \$51.82 million less net transfers to financial reserves of \$9.65 million.

Financial reserves increased from \$171.41 million to \$181.06 million, with a total \$51.92 million transferred into reserves during the year less drawdowns of \$42.26 million needed to fund budgeted capital and operating items.

The Asset Revaluation Surplus increased by a net \$169.21 million to \$799.75 million from the revaluation of road related and parks infrastructure.

Total equity for the City is \$1.578 billion (+\$221.03 million)

### Statement of Cash Flows

The City's net cash inflows from operating activities of \$50.84 million were \$4.12 million higher than last year, due to an increase in receipts of \$11.79 million, less an increase in payments of \$7.67 million.

Net cash outflows for investing activities of \$29.0 million were down \$15.6 million for the year.

- Cash outflows for property, plant & equipment (PPE) and infrastructure assets were up by \$21.85 million,
- Net cash outflows reduced by \$31.83 million on term deposit investments.
- Cash inflows from non-operating grants and contributions (including POS contributions) were up \$3.96 million.

Net cash outflows from financing activities of \$5.67 million included the repayment of \$4.03 million in borrowings for the Cockburn ARC and SMRC.

Cash and cash equivalents increased by \$16.17 million to \$20.78 million during the reporting year. This represents the funds held at call and in short-term (less than three months) cash deposits as at 30 June 2022.

### Rate Setting Statement

This statement provides the most insightful view of the City's financial performance for 2022 and demonstrates the municipal budget surplus calculation.

The City's closing surplus at 30 June 2022 was \$11.93 million, up \$3.34 million compared to last year's result.

This result includes the \$2.50 million surplus built into the FY23 annual budget and another \$5.56 million for uncompleted capital projects carried forward.

This leaves \$3.87 million of additional surplus to be directed in accordance with Council's budget management policy.

The total amount raised from general rates (i.e. not including specified area rates) was up \$4.55 million (+4.2%) to \$112.30 million.

A unique aspect of the rate setting statement is the inclusion of capital works and projects. Capital spending on PPE and infrastructure assets totalled \$65.62 million for the year (+\$18.44 million on last year).

### Financial Ratios

The *WA Local Government (Financial Management) Regulations 1996* were amended in June 2022, removing the requirement for local governments to include financial ratios in their annual financial report, and reducing the scope of audit reports, from 1 July 2022.

As a result, the previously prescribed seven financial ratios are no longer included in the Annual Financial Report, removing the need for audit attestation of the ratios.

These ratios were previously used by the Department of Local Government, Sport and Cultural Industries (DLGSC) as a measurement of a Local Government's overall financial health, forming the basis of calculations used for the Financial Health Indicator (FHI) displayed on the MyCouncil website.

The DLGSC planned to engage the Western Australian Treasury Corporation to review methodology for the FHI and consult with the sector. This will be a clean slate approach with the removal of the prescribed ratios.

Proposed 2nd tranche amendments to *Local Government (Administration) Regulations 1996* aim to prescribe new ratio reporting requirements in the unaudited section of the Annual Report. These are for the following three asset ratios from the superseded Financial Management Regulations – 50 (1) (b), (c) & (d):

- asset consumption ratio
- asset renewal funding ratio
- asset sustainability ratio.

### Auditor's Report to the Committee & Management Letter

*The Local Government Act 1995* requires the City to meet with the auditor at least once in every year and representatives from the OAG and KPMG will attend the meeting.

Attached to the agenda is the auditor's report to the Audit Risk & Compliance Committee, prepared by KPMG.

This communicates matters of interest required by Australian Accounting Standards and any other matters considered to be of interest, arising during the completion of the audit.

These will be presented and discussed at the meeting by the auditors.

The audit management letter contains two issues the auditors identified during audit, together with their findings, implications, and audit recommendations. One has a 'moderate' rating while the other is rated 'minor'.

Management comments have also been provided for these two issues.

The management letter contains sensitive information and is a confidential attachment at the request of the OAG.

#### Draft Audit Opinion (OAG)

The OAG has issued a draft Independent Auditor's Report showing a clear (unqualified) audit opinion on the City's 2022 financial report (second year in a row).

A clear audit opinion indicates satisfactory financial controls and that the financial report is based on proper accounts, presented fairly, complies with relevant legislation and applicable accounting standards, and fairly represents performance during the year and the financial position at year end.

The independent auditor's report will be signed off and issued by the OAG following this meeting and after receipt of the signed statement by the CEO for the financial report.

The draft independent auditor's report is also attached to the agenda as a confidential item at the request of the OAG.

#### **Strategic Plans/Policy Implications**

##### Listening & Leading

A community focused, sustainable, accountable and progressive organisation.

- Best practice Governance, partnerships and value for money.

#### **Budget/Financial Implications**

The cost of the quoted external audit is sufficiently covered within the City's annual budget.

#### **Legal Implications**

- *Local Government Act 1995* Sections 5.53, 5.54, 6.4, and Part 7 - *Audit*
- *Local Government (Audit) Regulations 1996* Regulations 9, 9A and 10
- *Local Government (Financial Management) Regulations 1996* Part 4 - *Financial Reports*

**Community Consultation**

N/A

**Risk Management Implications**

It is a requirement under the *Local Government Act 1995* for Council to accept the City's Annual Report (including the Financial Report and Auditor's Report) by no later than 31 December each year.

**Advice to Proponent(s)/Submitters**

N/A

**Implications of Section 3.18(3) *Local Government Act 1995***

Nil

**CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30 JUNE 2022**

**1. BASIS OF PREPARATION**

The financial report comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995 and accompanying regulations.

Local Government Act 1995 requirements

Section 6 4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996 prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**The local government reporting entity**

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

**Judgements and estimates**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- estimation uncertainties made in relation to lease accounting
- estimation of useful lives of non-current assets

**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2022**

**2. REVENUE AND EXPENSES**

**(a) Revenue**

**Contracts with customers**

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Timing of revenue recognition
Rates	General Rates	Over time	Payment dates adopted by Council during the year	None	When taxable event occurs
Specified area rates	Rates charge for specific defined purpose	Over time	Payment dates adopted by Council during the year	Refund in event monies are unspent	When taxable event occurs
Service charges	Charge for specific service	Over time	Payment dates adopted by Council during the year	Refund in event monies are unspent	When taxable event occurs
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Based on the progress of works to match performance obligations
Grants, subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Based on the progress of works to match performance obligations
Grants with no contractual commitments	General appropriations and contributions with no specific contractual commitments	No obligations	Not applicable	Not applicable	On receipt of funds
Licences/ Registrations/ Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming	Single point in time	Full payment prior to issue	None	Based on timing of issue of the associated rights
Pool inspections	Compliance safety check	Single point in time	Equal proportion based on an equal annually fee	None	Apportioned equally across the inspection cycle
Other inspections	Regulatory Food, Health and Safety	Single point in time	Full payment prior to inspection	None	Applied fully on timing of inspection
Waste management collections	Kerbside collection service	Over time	Payment on an annual basis in advance	None	Apportioned equally across the collection period
Waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	Based on timing of entry to facility
Property hire and entry	Use of halls and facilities	Single point in time	In full in advance	Refund if event cancelled within 7 days	Based on timing of entry to facility
Memberships	Gym and pool membership	Over time	Payment in full in advance	Refund for unused portion on application	Apportioned equally across the access period
Fees and charges for other goods and services	Cemetery services, library fees, reinstatements and private works	Single point in time	Payment in full in advance	None	Applied fully based on timing of provision
Sale of stock	Kiosk and visitor centre stock	Single point in time	In full in advance, on 15 day credit	Refund for faulty goods	Applied fully based on timing of provision
Commissions	Commissions on licencing and ticket sales	Over time	Payment in full on sale	None	On receipt of funds
Reimbursements	Insurance claims	Single point in time	Payment in arrears for claimable event	None	When claim is agreed

Consideration from contracts with customers is included in the transaction price.

19(a)	2,767,889	3,709,844
	20,777,520	4,606,858

**SIGNIFICANT ACCOUNTING POLICIES**

**Cash and cash equivalents**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Term deposits are presented as cash equivalents if they have a maturity of three months or less from the date of acquisition and are repayable with 24 hours notice with no loss of interest.

**Restricted financial assets**

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

Details of restrictions on financial assets can be found at Note 19.

**4. OTHER FINANCIAL ASSETS**

**(a) Current assets**

Financial assets at amortised cost

**Other financial assets at amortised cost**

Term deposits

Held as

- Unrestricted other financial assets at amortised cost  
- Restricted other financial assets at amortised cost

	2022	2021
	\$	\$
	92,800,000	197,500,000
	92,800,000	197,500,000
	92,800,000	197,500,000
	92,800,000	197,500,000
	8,640,942	19,536,690
19(a)	84,159,058	177,963,310
	92,800,000	197,500,000

	155,607	147,614
	155,607	147,614

**(b) Non-current assets**

Financial assets at amortised cost

Financial assets at fair value through profit and loss

**Financial assets at amortised cost**

Term deposits

**Financial assets at fair value through profit and loss**

Units in Local Government House Trust

**SIGNIFICANT ACCOUNTING POLICIES**

**Other financial assets at amortised cost**

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarchy (see Note 25 (i)) due to the observable market rates.

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

**Financial assets at fair value through profit and loss**

The City classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income
- equity investments which the City has not elected to recognise fair value gains and losses through other comprehensive income

**Impairment and risk**

Information regarding impairment and exposure to risk can be found at Note 23.

**CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30 JUNE 2022**

**5. TRADE AND OTHER RECEIVABLES**

Note	2022 \$	2021 \$
<b>Current</b>		
Rates receivable	2,204,257	2,153,253
Trade and other receivables	5,948,590	4,538,533
GST (payable)/receivable	(217,225)	78,901
	<u>7,935,622</u>	<u>6,770,687</u>
<b>Non-current</b>		
Pensioner's rates and ESL deferred	1,069,553	1,056,416
Accrued debtors	267,663	267,663
	<u>1,337,216</u>	<u>1,324,079</u>

**SIGNIFICANT ACCOUNTING POLICIES**

**Trade and other receivables**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed in the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

**Impairment and risk exposure**

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 23.

**Classification and subsequent measurement**

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the City measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to value is considered immaterial.

**6. INVENTORIES**

Note	2022 \$	2021 \$
<b>Current</b>		
Fuel and materials	49,805	39,896
	<u>49,805</u>	<u>39,896</u>

The following movements in inventories occurred during the year:

<b>Balance at beginning of year</b>	39,896	31,107
<b>Additions to inventory</b>	9,909	8,789
<b>Balance at end of year</b>	<u>49,805</u>	<u>39,896</u>

**SIGNIFICANT ACCOUNTING POLICIES**

**General**

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30 JUNE 2022**

**7. OTHER ASSETS**

**Other assets - current**

Prepayments  
Accrued income

2022	2021
\$	\$
437,162	605,421
4,286,995	4,791,505
4,724,157	5,396,926

**SIGNIFICANT ACCOUNTING POLICIES**

**Other current assets**

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

**FOR THE YEAR ENDED 30 JUNE 2022**

**8. PROPERTY, PLANT AND EQUIPMENT (Continued)**

**(b) Carrying Value Measurements**

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
<b>(i) Fair Value</b>					
<b>Land and buildings</b>					
Land	Level 2 and 3	Market Approach, Cost Approach using Current Replacement Cost	Independent Registered Valuer	June 2021	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Unobservable inputs for the asset or liability. Unobservable inputs shall be used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.
Buildings - non-specialised	Level 2 and 3	Market Approach, Cost Approach using Current Replacement Cost	Independent Registered Valuer	June 2021	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Unobservable inputs for the asset or liability. Unobservable inputs shall be used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

<b>Asset Class</b>	<b>Fair Value Hierarchy</b>	<b>Valuation Technique</b>	<b>Basis of Valuation</b>	<b>Date of Last Valuation</b>	<b>Inputs Used</b>
<b>(i) Fair Value</b>					
<b>Infrastructure - roads</b>	3	Cost Approach Using Current Replacement Cost	Management Valuation	June 2022	Estimates of residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount
<b>Other infrastructure - drainage</b>	3	Cost Approach Using Current Replacement Cost	Management Valuation	June 2022	Estimates of residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount
<b>Other infrastructure - footpaths</b>	3	Cost Approach Using Current Replacement Cost	Management Valuation	June 2022	Estimates of residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount
<b>Other infrastructure - parks equipment</b>	3	Cost Approach Using Current Replacement Cost	Management Valuation	June 2022	Estimates of residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount
<b>Other infrastructure - landfill</b>	3	Cost Approach Using Current Replacement Cost	Independent Registered Valuer	June 2021	Estimates of residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount

Other infrastructure - marina	3	Cost Approach Using Current Replacement Cost	Independent Registered Valuer	June 2021	Estimates of residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount
Other infrastructure - coastal	3	Market Approach Cost Approach Using Current Replacement Cost	Independent Registered Valuer	June 2021	Estimates of residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2022**

**10. FIXED ASSETS (Continued)**

**SIGNIFICANT ACCOUNTING POLICIES**

**Fixed assets**

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

**Initial recognition and measurement for assets held at cost**

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognised at fair value. Assets held at cost are depreciated and assessed for indicators of impairment annually.

**Initial recognition and measurement between mandatory revaluation dates for assets held at fair value**

Assets for which the fair value as at the date of acquisition is under \$5 000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, infrastructure and investment properties acquired between scheduled revaluation dates of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next revaluation date in accordance with the mandatory measurement framework.

**Revaluation**

The fair value of land, buildings, infrastructure and investment properties is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the City.

At the end of each period the carrying amount for each asset class is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires land, buildings, infrastructure, investment properties and vested improvements to be shown at fair value.

**Revaluation (continued)**

For property, plant and equipment and infrastructure, increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss. Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

**Depreciation**

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

**Depreciation on revaluation**

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

**Amortisation**

All intangible assets with a finite useful life, are amortised on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use.

The residual value of intangible assets is considered to be zero and the useful life and amortisation method are reviewed at the end of each financial year.

Amortisation is included within depreciation in the Statement of Comprehensive Income and in Note 10(a).

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2022**

**11. LEASES**

**(a) Right-of-Use Assets**

Movement in the balance of each class of right-of-use asset between the beginning and the end of the current financial year.

Note	Right-of-use assets - plant and equipment	Right-of-use assets Total
	\$	\$
Balance at 1 July 2020	708,987	708,987
Remeasurement	(18,681)	(18,681)
Depreciation	(379,943)	(379,943)
Balance at 30 June 2021	310,363	310,363
Depreciation	(204,823)	(204,823)
Balance at 30 June 2022	105,540	105,540

The following amounts were recognised in the statement of comprehensive income during the period in respect of leases where the entity is the lessee:

	2022 Actual	2021 Actual
	\$	\$
Depreciation on right-of-use assets	(204,823)	(379,943)
Interest expense on lease liabilities	(3,378)	(7,321)
Short-term lease payments recognised as expense	(219,271)	(413,420)
<b>Total amount recognised in the statement of comprehensive income</b>	<b>(427,472)</b>	<b>(800,684)</b>
Total cash outflow from leases	(222,649)	(420,741)

**(b) Lease Liabilities**

Current	114,651	218,182
Non-current	0	115,739
29(b)	114,651	333,921

**Secured liabilities and assets pledged as security**

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

**SIGNIFICANT ACCOUNTING POLICIES**

**Leases**

At inception of a contract, the City assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 29(b).

**Right-of-use assets - valuation measurement**

Right-of-use assets are measured at cost. This means that all right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not included in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the significant accounting policies applying to vested improvements.

**Right-of-use assets - depreciation**

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the City anticipates to exercise a purchase option, the specific asset is amortised over the useful life of the underlying asset.

The City leases houses to staff and aged persons with rentals payable monthly. These leases are classified as operating leases as they do not transfer substantially all of the risks and rewards incidental to the ownership of the assets. The staff houses are not considered investment property as they are leased for use in the supply of services to the community. The aged persons housing are considered a joint operation and are not considered investment property as the primary purpose is provision of community housing.

Lease payments for some contracts include CPI increases, but there are no other variable lease payments that depend on an index or rate. Although the City is exposed to changes in the residual value at the end of the current leases, the City typically enters into new operating leases and therefore will not immediately realise any reduction in residual value at the end of these leases. Expectations about the future residual values are reflected in the fair value of the properties.

#### SIGNIFICANT ACCOUNTING POLICIES

##### The City as Lessor

Upon entering into each contract as a lessor, the City assesses if the lease is a finance or operating lease.

The contract is classified as a finance lease when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases not within this definition are classified as operating leases. Rental income received from operating leases is recognised on a straight-line basis over the term of the specific lease.

Initial direct costs incurred in entering into an operating lease (eg legal cost, cost to setup) are included in the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

When a contract is determined to include lease and non-lease components, the City applies AASB 15 to allocate the consideration under the contract to each component.

**CITY OF COCKBURN

<b>TOTAL INTANGIBLE ASSETS</b>		0	19,010,399

**SIGNIFICANT ACCOUNTING POLICIES**

**Rehabilitation asset**

The City complies with the full provision method for accounting provisions in respect of restoration, rehabilitation and site monitoring costs. Charges are made to expenses based on the estimated costs of restoring, rehabilitating and monitoring the landfill site. The rate charge is reviewed annually and is based on an estimated cost per tonne. The cost per tonne is arrived at after taking into account a standard engineering cost per cubic metre of landfill, the density of the waste and the most recent aerial surveys. Engineering rates differ according to the nature of the obligation to provide the service. The provision is recorded at the net present value of expected future costs discounted using the applicable government bond rates.

The liability for estimated future capping expenditure is provided for through a rehabilitation provision on a phase-by-phase basis and is discounted to its present value, with the unwinding of the discount being charged to the statement of comprehensive income within the amortisation charge. The discounted present value of the future capping expenditure is also capitalised as part of the rehabilitation asset and is amortised on a straight-line basis. Changes in estimates are recognised prospectively with corresponding adjustments to the provision and associated costs.

Rehabilitation asset has now been transferred to infrastructure and are disclosed under note 9 - Infrastructure

**(b) Non-Current**

Non-Current Sundry Deposits & Bonds

**SIGNIFICANT ACCOUNTING POLICIES**

**Financial liabilities**

Financial liabilities are initially recognised at fair value when the City becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

**Trade and other payables**

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services.

The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

**Prepaid rates**

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises revenue for the prepaid rates that have not been refunded.

**Non-current**

Liabilities under transfers to acquire or construct non-financial assets to be controlled by the entity

Public Open Space payments

**Reconciliation of changes in contract liabilities**

Opening balance

Additions

Public Open Space payment transferred to comprehensive income

Revenue from contracts with customers included as a contract liability at the start of the period

The City expects to satisfy the performance obligations from contracts with customers unsatisfied at the end of the reporting period to be satisfied within the next 12 months.

**Expected satisfaction of capital grant/contribution/contract liabilities**

Less than 1 year

1 to 2 years

2 to 3 years

3 to 4 years

4 to 5 years

> 5 years

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

**SIGNIFICANT ACCOUNTING POLICIES**

**Contract liabilities**

Contract liabilities represent the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

	2022 \$	2021 \$
Contract liabilities	4,994,711	6,552,672

> 5 years	998,875	3,447,328
	18,693,588	30,031,120

**Capital grant/contribution liabilities**

Capital grant/contribution liabilities represent the City's obligations to construct recognisable non-financial assets to identified specifications to be controlled the City which are yet to be satisfied. Capital grant/contribution liabilities are recognised as revenue when the obligations in the contract are satisfied.

Non-current capital grant/contribution liabilities fair values are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 25(i)) due to the unobservable inputs, including own credit risk.

**CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30 JUNE 2022**

**15. BORROWINGS**

	Note	2022			2021

**Secured liabilities and assets pledged as security**

Bank loans are secured by a floating charge over the assets of the City of Cockburn.  
Other loans relate to transferred receivables. Refer to Note 5.

The City of Cockburn has complied with the financial covenants of its borrowing facilities during the 2022 and 2021 years.

**SIGNIFICANT ACCOUNTING POLICIES**

**Borrowing costs**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 25(i)) due to the unobservable inputs, including own credit risk.

**Risk**

Information regarding exposure to risk can be found at Note 23.

Details of individual borrowings required by regulations are provided at Note 29(a).

**CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30 JUNE 2022**

**16. EMPLOYEE RELATED PROVISIONS**

**Employee Related Provisions**

**Current provisions**

**Employee benefit provisions**

Annual Leave

Long Service Leave

**Non-current provisions**

Long Service Leave

	2022	2021
	\$	\$
Annual Leave	4,812,649	5,078,573
Long Service Leave	4,373,784	4,421,100
	9,186,433	9,499,673
Long Service Leave	1,462,504	1,481,992
	1,462,504	1,481,992
	10,648,937	10,981,665

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period. Assessments indicate that actual settlement of the liabilities is expected to occur as follows:

**Amounts are expected to be settled on the following basis:**

Less than 12 months after the reporting date

More than 12 months from reporting date

Note	2022	2021
	\$	\$
Less than 12 months after the reporting date	9,186,433	9,499,673
More than 12 months from reporting date	1,462,504	1,481,992
	10,648,937	10,981,665

**SIGNIFICANT ACCOUNTING POLICIES**

**Employee benefits**

The City's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

**Short-term employee benefits**

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

**Other long-term employee benefits**

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2022**

**17. OTHER PROVISIONS**

	Note	Provision for remediation costs \$	Total \$
<b>Opening balance at 1 July 2021</b>			
Non-current provisions		32,062,428	32,062,428
		32,062,428	32,062,428
Additional provision		8,094,843	8,094,843
Amounts used		(4,489,071)	(4,489,071)
Charged to profit or loss			
- unwinding of discount	2(b)	750,261	750,261
<b>Balance at 30 June 2022</b>		36,418,461	36,418,461
<b>Comprises</b>			
Non-current		36,418,461	36,418,461
		36,418,461	36,418,461

**Other provisions**

Amounts which are reliably expected to be paid out within 12 months of the reporting date are classified as current. Exact timing of payment of non-current obligations is unable to be reliably estimated as it is dependent on factors beyond the control of the local government.

**Provision for remediation costs**

Under the licence for the operation of the City of Cockburn waste landfill site, the City has a legal obligation to restore the site.

The estimated future obligations include the costs of restoring the affected areas and continued monitoring of the site.

The provision for future remediation costs is the best estimate of the present value of the expenditure required to settle the remediation obligation at the reporting date. Future remediation costs are reviewed annually and any changes in the estimate are reflected in the present value of the remediation provision at each reporting date.

**Provisions**

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT

**CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30 JUNE 2022**

**20. CONTINGENT LIABILITIES**

Council resolved to acquire land from landowners abutting Jandakot Road to widen Jandakot Road. Eight of the landowners objected to the acquisition of the land and have progressed a claim for compensation against the City which totals an estimated \$20.5 million more than the compensation determined in accordance with the City's Valuer advice. The land was compulsorily acquired by 30 June 2021 and the compensation determined by the City was paid subsequent to year end. It is likely the claim will be resolved via a court case, but this has not progressed as yet.

**21. CAPITAL COMMITMENTS**

Contracted for:

- Capital expenditure projects
- Smart LED street lighting
- Hammond Road branch to Bartram
- Land acquisition - Cockburn Coast Oval
- Plant & equipment purchases

Payable:

- not later than one year
- later than one year but not later than five years

22(a)	2,927,150	2,820,752

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2022**

*Short-term employee benefits*

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

*Post-employment benefits*

These amounts are the current-year's cost of the City's superannuation contributions made during the year.

*Other long-term benefits*

These amounts represent annual leave and long service leave entitlements accruing during the year.

*Termination benefits*

These amounts represent termination benefits paid to KMP (Note: may or may not be applicable in any given year).

*Council member costs*

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

**(c) Related Parties**

**The City's main related parties are as follows:**

*i. Key management personnel*

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any council member, are considered key management personnel.

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2022**

**23. FINANCIAL RISK MANAGEMENT**

This note explains the City's exposure to financial risks and how these risks could affect the City's future financial performance.

<b>Risk</b>	<b>Exposure arising from</b>	<b>Measurement</b>	<b>Management</b>
<b>Market risk - interest rates</b>	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
<b>Credit risk</b>	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
<b>Liquidity risk</b>	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

**(a) Interest rate risk**

**Cash and cash equivalents**

The City's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the City to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the City to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents, term deposits, and Treasury bonds held disclosed as financial assets at amortised cost are reflected in the table below.

	<b>Weighted Average Interest Rate</b>	<b>Carrying Amounts</b>	<b>Fixed Interest Rate</b>	<b>Variable Interest Rate</b>	<b>Non Interest Bearing</b>
	<b>%</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>
<b>2022</b>					
Cash and cash equivalents	0.0056%	20,777,520	18,000,000	2,777,520	0
Financial assets at amortised cost - term deposits	0.0076%	194,700,141	194,700,141	0	0
<b>2021</b>					
Cash and cash equivalents	0.001%	4,606,858	0	4,606,858	0
Financial assets at amortised cost - term deposits	0.0062%	198,441,521	198,441,521	0	0

**Sensitivity**

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	<b>2022</b>	<b>2021</b>
	<b>\$</b>	<b>\$</b>
Impact of a 1% movement in interest rates on profit and loss and equity*	27,775	46,069

\* Holding all other variables constant

**Borrowings**

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The City does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 29(a).

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2022**

**23. FINANCIAL RISK MANAGEMENT (Continued)**

**(b) Credit risk**

**Trade and Other Receivables**

The City's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the City to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. The City is able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2021 or 1 July 2022 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors.

The loss allowance as at 30 June 2022 and 30 June 2021 for rates receivable was determined as follows:

	Less than 1 year past due	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total	Note
<b>30 June 2022</b>						
Rates receivable						
Expected credit loss	0.00%	0.00%	0.00%	0.00%		
Gross carrying amount	2,204,257	165,557	78,580	825,416	3,273,810	
Loss allowance					0	5
<b>30 June 2021</b>						
Rates receivable						
Expected credit loss	0.00%	0.00%	0.00%	0.00%		
Gross carrying amount	2,153,253	206,878	101,475	748,063	3,209,669	
Loss allowance					0	5

The loss allowance as at 30 June 2022 and 30 June 2021 was determined as follows for trade receivables.

	Less than 1 year past due	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total	
<b>30 June 2022</b>						
Trade and other receivables						
Expected credit loss	0.00%	0.00%	0.00%	0.00%

**CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30 JUNE 2022**

**23. FINANCIAL RISK MANAGEMENT (Continued)**

**(b) Credit risk**

The loss allowances for trade receivables and contract assets as at 30 June reconcile to the opening loss allowances as follows:

	Rates receivable		Trade and other receivables		Contract Assets	
	2022 Actual	2021 Actual	2022 Actual	2021 Actual	2022 Actual	2021 Actual
	\$	\$	\$	\$	\$	\$
Opening loss allowance as at 1 July	0	0	0	0	0	0
Closing loss allowance at 30 June	0	0	0	0	0	0

Trade receivables and contract assets are written off where there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the City, and a failure to make contractual payments for a period of greater than 120 days past due.

Impairment losses on trade receivables and contract assets are presented as net impairment losses within operating profit. Subsequent recoveries of amounts previously written off are credited against the same line item.

**Contract Assets**

The City's contract assets represent work completed, which have not been invoiced at year end. This is due to the City not having met all the performance obligations in the contract which give an unconditional right to receive consideration. The City applies the simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all contract assets. To measure the expected credit losses, contract assets have been grouped based on shared credit risk characteristics and the days past due. Contract assets have substantially the same risk characteristics as the trade receivables for the same types of contracts. The City has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

**FOR THE YEAR ENDED 30 JUNE 2022**

**23. FINANCIAL RISK MANAGEMENT (Continued)**

**(c) Liquidity risk**

**Payables and borrowings**

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer.

The contractual undiscounted cash flows of the City's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
	\$	\$	\$	\$	\$
<b>2022</b>					
Trade and other payables	22,012,696	17,935,989	0	39,948,685	19,478,364
Borrowings	3,934,065	7,500,000	0	11,434,065	11,434,065
Lease liabilities	114,651	0	0	114,651	114,651
	26,061,412	25,435,989	0	51,497,401	31,027,080
<b>2021</b>					
Trade and other payables	17,618,051	28,530,170	0	46,148,221	17,194,160
Borrowings	4,020,624	11,408,598	0	15,429,222	15,465,905
Lease liabilities	218,182	115,739	0	333,921	333,921

**CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30 JUNE 2022**

**24. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD**

There are no subsequent events after the reporting period.

**CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30 JUNE 2022**

**25. OTHER SIGNIFICANT ACCOUNTING POLICIES**

**a) Goods and services tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**b) Current and non-current classification**

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

**c) Rounding off figures**

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

**d) Comparative figures**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

**e) Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

**f) Superannuation**

The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

**g) Fair value of assets and liabilities**

Fair value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability), or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

**h) Interest earnings**

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

**i) Fair value hierarchy**

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

**Level 1**

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

**Level 2**

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

**Level 3**

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

**Valuation techniques**

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

**Market approach**

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

**Income approach**

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

**Cost approach**

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

**j) Impairment of assets**

In accordance with Australian Accounting Standards the City's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regularity to ensure the carrying value does not differ materially from that which would be determined using fair value at the end of the reporting period.

**k) Initial application of accounting standards**

During the current year, no new or revised Australian Accounting Standards and Interpretations were compiled, became mandatory and were applicable to its operations.

**New accounting standards for application in future years**

The following new accounting standards will have application to local government in future years:

- AASB 2020-1 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current
- AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments
- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates
- AASB 2021-7 Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections

It is not expected these standards will have an impact on the financial report.

**CITY OF COCKBURN  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30 JUNE 2022**

**26. FUNCTION AND ACTIVITY**

**(a) Service objectives and descriptions**

City operations as disclosed in this financial report encompass the following service orientated functions and activities.

<b>Objective</b>	<b>Description</b>
<b>Governance</b> To provide a decision making process for the efficient allocation of scarce resources.	The administration and operation of facilities and services to the elected members of Council. Also includes other corporate type costs that are not related to the specific service areas covered under the other programs.
<b>General purpose funding</b> To collect revenue to allow for the provision of services.	The collection of general-purpose revenue including rates and penalties, general-purpose grants and interest on investments. This provides the funding for much of the City's programs/activities.
<b>Law, order, public safety</b> To provide services to help ensure a safer and environmentally conscious community.	Provision of community safety services including supervision of various by-laws, animal and dog control, as security patrol service, fire prevention and voluntary emergency services.
<b>Health</b> To provide an operational framework for environmental and community health.	The provision of community health services including the regulation and monitoring of food premises, pollution and noise complaints, pest control and managing contaminated sites.
<b>Education and welfare</b> To provide services to disadvantaged person, the elderly, children and youth.	The provision of support services to families and children, the aged and disabled and senior citizens. The provision of pre-schools and services and facilities for the youth.
<b>Community amenities</b> To provide services required by the community.	The provision of a waste and recyclables collection service and disposal and waste recovery services at the Waste Recovery Park. Providing services for the protection and management of the natural environment. The administration of the Town Planning Scheme and all associated land use planning issues.
<b>Recreation and culture</b> To establish and effectively manage infrastructure and resources which will help the social well being of the community.	The provision and operation of community halls and recreation centres, parks and ovals, beach reserves and swimming areas and library facilities. The development and provision of arts and cultural events.
<b>Transport</b> To provide safe, effective and efficient transport services to the community.	All activities relating to road, drainage and footpath construction and maintenance. The creation and maintenance of streetscapes. Provision of and operating the council works depot.
<b>Economic services</b> To help promote the local government and its economic wellbeing.	Activities associated with the control of building activity within the city and the provision of facilities and services that encourage tourism.
<b>Other property and services</b> To monitor and control operating accounts.	Includes private works and engineering overheads and plant operating costs (both of which are allocated to the City's works program). Includes all other unclassified activities.

Waivers or Concessions

Rate or Fee and Charge to which the Waiver or Concession is Granted	Type	Waiver/Concession	Discount %	Discount \$	2022 Actual \$	2022 Budget \$	2021 Actual \$
Improved Residential	Rate	Concession			844,114	821,582	1,706,005
Improved Residential	Rate	Concession			450,537	457,756	0
Improved Commercial / Industrial	Rate	Concession			0	0	709,267
Vacant	Rate	Concession			0	0	106,688
					1,294,651	1,279,338	2,521,960
Total discounts/concessions					1,294,651	1,279,338	2,521,960

Rate or Fee and Charge to which the Waiver or Concession is Granted	Circumstances in which the Waiver or Concession is Granted and to whom it was available	Objects of the Waiver or Concession	Reasons for the Waiver or Concession
Improved Residential	High GRV residential property concession	To ensure year on year rates increases for all GRV residential improved properties do not exceed council's adopted annual increase	This concession is necessary as fixed waste and security charges were previously incorporated into general rates adversely impacting high GRV properties.
Improved Residential	COVID Concession - for ratepayers that would have paid more because of the GRV revaluation.	To ensure year on year rates increases for all GRV residential improved properties do not exceed council's adopted annual increase	The concession for eligible properties effectively reduces the rates payable to the same level as 2019-20. The concession does not apply to properties that will pay the same or lower rates as a result of the GRV revaluation.
Improved Commercial / Industrial	COVID Concession - for ratepayers that would have paid more because of the GRV revaluation.	To ensure year on year rates increases for all GRV residential improved properties do not exceed council's adopted annual increase	The concession for eligible properties effectively reduces the rates payable to the same level as 2019-20. The concession does not apply to properties that will pay the same or lower rates as a result of the GRV revaluation.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserves - cash/financial assets backed.

In accordance with Council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of Reserve	Anticipated date of use	Purpose of the reserve
(a) Staff Payments & Entitlements	ongoing	This Reserve provides for payment of various staff entitlements including separation, bonus, awards and other payments made to Staff either through contractual or statutory entitlement, other than leave liabilities already provided for within the City's net asset position.
(b) Plant & Vehicle Replacement	ongoing	This Reserve provides for the orderly replacement of plant and vehicles. Annual transfers into this Reserve are based on the estimated depreciation charge for plant each year.
(c) Information Technology	ongoing	Funds are drawn as required to meet annual plant replacement costs.
(d) Major Building Refurbishment	ongoing	This Reserve is used to provide for the capital cost of upgrading/replacement of Council's computer hardware and software.
(e) Waste & Recycling	majority by 2040	This Reserve provides funding for future major refurbishment of Council buildings as they become necessary. Annual transfers are usually made to this Reserve from any end of year surplus.
(f) Land Development and Investment Fund	ongoing	This Reserve provides funding for capital costs associated with the development and management of a waste disposal site. Transfers to this Reserve are made based on planned future capital funding requirements for waste management.
(g) Roads & Drainage Infrastructure	ongoing	This Reserve is to accommodate and facilitate the purchase, development and disposal of land under the Council's land development strategies with the ability to loan funds on an interest payable basis to other reserve accounts of the City.
(h) Naval Base Shacks	ongoing	The purpose of this Reserve is to provide for the renewal and refurbishment of roads and drainage infrastructure and for the provision of matching funds for Federal & State Government road grants.
(i) Community Infrastructure	ongoing	This Reserve provides funds for the development & refurbishment of the Naval Base shacks site. It will also fund rehabilitation costs when the Park reverts back to the State Government. Annual transfers to this Reserve are fully funded by part of the lease income derived from the shacks.
(j) Insurance	ongoing	This Reserve funds the provision of community and recreation facilities within the City as the need arises. The requirement for these facilities over the next five to ten years is significant due to the rapid rate of development within the city and the associated population growth.
(k) Greenhouse Action Fund	ongoing	This Reserve is used to minimise and smooth annual budgetary impacts from the City's performance based insurance schemes, including deductibility levels.
(l) Aged and Disabled Asset Replacement	ongoing	This Reserve will be used to purchase carbon offsets and fund projects to support energy efficiency, waste management and renewable energy installations.
(m) Welfare Projects Employee Entitlements	ongoing	This Reserve is fully funded from the operating government grants received by the services and has no budgetary impact on Municipal funds.
(n) HWRP Post Closure Management & Contaminated Sites	ongoing	This Reserve is fully funded from the operating government grants received by the services and has no budgetary impact on Municipal funds.
(o) Municipal Elections	ongoing	This Reserve is required to cover any costs associated with clean-up & remediation works at contaminated sites within the district as enforced by the Contaminated Sites Act.
(p) Port Coogee Special Maintenance - SAR	ongoing	This Reserve provides funding to cover election expenses during election years to smooth out annual budgetary impacts.
(q) Port Coogee Waterways - SAR	ongoing	This Reserve is used to manage funds raised through the specified area rate (SAR) for the Port Coogee development. These funds are required for the specialised maintenance requirements of the development.
(r) Community Surveillance	ongoing	This Reserve is used to manage funds raised through the specified area rate (SAR) for the Port Coogee development on land directly adjacent to the waterways. These funds are required for the maintenance of the waterways surrounding Port Coogee marina and associated infrastructure.
(s) Waste Collection	ongoing	This Reserve funds activities in relation to Community Surveillance.
(t) Family Day Care Accumulation Fund	ongoing	This reserve provides funding for future capital requirements related to the Waste Collection service.
(u) Community Infrastructure (DCA 13)	ongoing	This Reserve is fully funded from the operating government grants received by the services and has no budgetary impact on Municipal funds.
(v) Naval Base Shack Removal	uncertain	This reserve is used to account for funds generated from the Community Infrastructure Development Contributions Scheme (DCP13) established under the City's Town Planning Scheme No. 3.
(w) Environmental Offset	ongoing	Established for the purposes of the future removal of leasehold dwellings at Reserve 24308, Naval Base. All funds raised are to be accounted for on a property lease by lease basis, and not on who paid the actual payment at the time of the payment. Funds raised will be reimbursed to leaseholders when dwelling is removed and the site rehabilitated to its prior state.
(x) Bibra Lake Management Plan	ongoing	This Reserve is used to manage funds required to undertake environmental rehabilitation of land associated with road construction as approved by the relevant government agency.
(y) Restricted Grants & Contributions	ongoing	This Reserve is used to manage funding to implement the Bibra Lake Management Plan as adopted by Council.
(z) CHCF Building Maintenance	ongoing	This Reserve is used to quarantine monies received for restricted purposes across financial years.
(l) Cockburn ARC Building Maintenance	ongoing	This Reserve is used to manage funding for major building maintenance of the Cockburn Integrated Health and Community Facility (CHCF).
(j) Carry Forward Projects	ongoing	This Reserve is used to manage funding for the major building maintenance of the Cockburn ARC recreation facility.
(j) Port Coogee Marina Assets Replacement	ongoing	This reserve is used to manage municipal funding for incomplete projects carried forward to the following financial year.
(-) Port Coogee Waterways - WEMP	ongoing	This Reserve provides for the replacement of marina infrastructure assets. Funding is provided from pen fees to reflect estimated depreciation costs.
(j) Cockburn Coast SAR	ongoing	This Reserve is used to manage the funds paid by the developer of the Port Coogee marina development in accordance with the Waterways Environmental Management Plan (WEMP). The funds will be used to maintain and manage the marina waterways.
(e) Developer Contribution Plans	ongoing	This Reserve is used to manage funds raised through the specified area rate (SAR) providing funding to ensure that the parks and public areas (including custom street lighting) within the Cockburn Coast Development are maintained in accordance with the higher standards agreed to between the City and the Developer.
(i) POS Reserve	ongoing	This Reserve is used for the management of contributions and costs with respect to Development Contribution Areas as established by and in accordance with Town Planning Scheme 3.

City of Cockburn  
Report to the Audit, Risk & Compliance Committee  
For the year ended 30 June 2022

# Introduction

## To the Audit, Risk & Compliance Committee of the City of Cockburn

We are pleased to have the opportunity to meet with you on 7 December 2022 to discuss the results of our audit of the City of Cockburn ("the City"), as at and for the year ended 30 June 2022.

We are providing this report in advance of our meeting to enable you to consider our findings and hence enhance the quality of our discussions. This report should be read in conjunction with our audit plan for the year ended 30 June 2022. We will be pleased to elaborate on the matters covered in this report when we meet.

Our audit is substantially complete. Subject to the Committee's approval, the OAG expects to be in a position to recommend an unmodified audit opinion on the City's financial report, provided that the outstanding matters noted on page 3 of this report are satisfactorily resolved.

We draw your attention to the important notice on page 16 of this report, which explains:

- the purpose of this report; and
- limitations on work performed;
- restrictions on distribution of this report.

We would like to thank management for their assistance during the audit process.

CITY OF COCKBURN | ARCC REPORT

# Executive summary

## Key focus areas

	Page ref.
Existence and valuation of Infrastructure Assets	<a href="#">4</a>
Existence and valuation of Fixed Assets	<a href="#">5</a>
Revenue – rates, fees, charges, operating grants and subsidies, developer contributions plan	<a href="#">6</a>
Landfill site – Rehabilitation Provision	<a href="#">7</a>
Contracts and procurement	<a href="#">8</a>
Personnel costs and related liabilities	<a href="#">9</a>
Cash and cash equivalents and term deposits	<a href="#">10</a>

## Audit misstatements

Please refer to page [11](#) for details on the corrected and uncorrected audit misstatements identified.

## Outstanding matters

In order to finalise our work, we require the following:

- Final review of the updated financial statements
- Receipt of signed financial statements declaration and certification
- Receipt of signed management representation letters
- Subsequent events procedures
- Final clearance comments of the Audit, Risk & Compliance Committee of matters contained in this report.

## Fraud

We have not identified any instances of material fraud through our audit procedures.

CITY OF COCKBURN | ARCC REPORT

# Audit Focus Areas

## 01 Existence and valuation of Infrastructure Assets

### Summary

Our audit response to the existence and valuation of infrastructure assets comprises primarily of fully substantive approach.

We consider this an audit focus area due to:

- Valuation methodology and assumptions can be complex and judgmental
- Significant volume of individual assets
- ASA 540 (Revised) Auditing Accounting Estimates and Related Disclosures is now effective

Balance	FY22	FY21
Infrastructure	\$1,098,860,378	\$890,486,978

### Our substantive approach

- Considered the internally prepared valuations for the City's infrastructure assets (Roads & Footpaths, Drainage and Parks & Equipment Infrastructure Assets).
- Assessed the competence and capabilities of the City's Asset Services Team who performed the valuation, as well as the valuation methods and assumptions used.
- Performed an infrastructure asset roll forward from 1 July 2021 to 30 June 2022.
- On a sample basis, selected and tested asset additions to confirm existence and accuracy thereof.
- Performed substantive analytical procedures over depreciation expense to assess reasonableness thereof.
- Recalculated any revaluation gain/loss arising from the revaluation and ensured this has been appropriately recorded.
- Considered management's impairment assessment for reasonableness and compliance with the Accounting Standards.
- Assessed the completeness and accuracy of capital WIP at year end, and for a sample selected, ensured the asset was capitalized at the correct date.
- A significant finding relating to the absence of a robust review to assess the fair value of the City's infrastructure assets in a non-revaluation year was included in the management letter.

### Conclusion

During the audit, management brought to our attention the omission of depreciation of drainage assets in the revaluation process. Noting that two years of depreciation has not been factored into the initial revaluation when calculating the depreciated replacement cost of drainage assets, this resulted in an incorrect revaluation surplus. Management corrected the error during the audit.

Based on the audit procedures performed, there were no reportable misstatements noted.

CITY OF COCKBURN | ARCC REPORT

# Audit Focus Areas

## 02 Existence of Fixed Assets

### Summary

Our audit response to the existence of fixed assets comprises a fully substantive approach.

We consider this an audit focus area due to:

- Significant volume of individual assets
- ASA 540 (Revised) Auditing Accounting Estimates and Related Disclosures is now effective

Balance	FY22	FY21
Fixed assets	\$348,489,480	\$339,326,772

### Our substantive approach

- Performed a fixed asset roll forward from 1 July 2021 to 30 June 2022.
- On a sample basis, selected and tested fixed asset additions to confirm existence and accuracy thereof.
- Assessed management's impairment assessment for fixed assets carried at cost for reasonableness.
- Perform substantive analytical procedures over depreciation expense to assess reasonableness thereof.
- Assessed the appropriateness of the assets' fair value recorded as at 30 June 2022.
- Assessed the completeness and accuracy of capital WIP at year end, and for a sample selected, ensured the asset was capitalized at the correct date.

### Conclusion

Based on the audit procedures performed, no reportable misstatements are noted.

CITY OF COCKBURN | ARCC REPORT

# Audit Focus Areas

## 03 Revenue - rates, fees, charges, operating grants and subsidies

### Summary

Our audit response to the revenue – rates, fees, charges, operating grants and subsidies comprises controls and substantive testing.

We consider this an audit focus area due to:

- High volume of transactions that management are required to process accurately
- Heightened area of focus for stakeholders

Balance	FY22	FY21
Rates	\$112,884,886	\$108,305,167
Operating grants and subsidies	\$15,305,806	\$15,363,201
Fees and charges	\$40,182,411	\$30,280,412
Non-operating grants and subsidies	\$39,525,700	\$21,254,356

### Our controls approach

- Approval of rates, fees & charges by the Council for the 2022 financial year

### Our substantive approach

- For a statistical sample selected, recalculated the rates revenue for the year ensuring the correct rates were used and verified the accuracy thereof.
- Focused testing around financial year ends to ensure revenue was recorded in the correct period.
- For a statistical sample selected, verified a sample of fees and charges to invoices, bank statements and other relevant supporting information.
- Vouched grants received to relevant grant agreement and bank statement.
- Tested the completeness and accuracy of contract liabilities relating to developer contributions.
- Reviewed management's disclosures in relation to the relevant Accounting Standards (AASB 15 Revenue from Contracts with Customers and AASB 1058 Income for Not-For-Profit entities).
- Reviewed and assessed the accounting for Public Open Space contributions is appropriate.

### Conclusion

Based on the audit procedures performed, no reportable misstatements noted.

© 2022 KPMG, an Australian partnership and a member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity. Document Classification: KPMG Confidential

CITY OF COCKBURN | ARCC REPORT

# Audit Focus Areas

## 04 Landfill site - Rehabilitation provision

### Summary

Our audit response to Landfill site - Rehabilitation provision comprises a fully substantive approach.

We consider this an audit focus area due to:

- Accounting for rehabilitation provisions is complex
- Accounting treatment can involve high levels of judgement and estimation uncertainty
- ASA 540 (Revised) Auditing Accounting Estimates and Related Disclosures is now effective

Balance	FY22	FY21
Rehabilitation asset	\$22,218,259	\$19,010,399
Provision for rehabilitation liability	\$36,418,461	\$32,062,428

### Our substantive approach

- Tested management's landfill site rehabilitation provision and asset calculations.
- Verified the mathematical accuracy of the calculations received.
- Assessed the competence and capabilities of the experts engaged by the City, including valuation method and assumptions used.
- Tested and critically assessed the assumptions and inputs (such as discount rate, inflation rate) used in the model by management.
- Assessed the accuracy of component accounting for the rehabilitation asset, including related amortisation.
- Assessed the accuracy of the change in classification of the landfill asset transferred from Intangible Assets to Infrastructure assets in FY22 in line with the OAG's technical guidance.

### Conclusion

Based on the audit procedures performed, other than the error which has been corrected (refer to page 11) in relation to the change in assumptions used in the provision for Cell 6, no reportable misstatements are noted.

Document Classification: KPMG Confidential

CITY OF COCKBURN | ARCC REPORT

# Audit Focus Areas

## 05 Contracts and Procurement

### Summary

Our audit response to the contracts and procurement comprises controls and substantive testing.

We consider this an audit focus area due to:

- High volume of transactions that management are required to process accurately
- Heightened area of focus for stakeholders

Balance	FY22	FY21
Total operating expenditure (excluding employee costs)	\$95,828,197	\$92,158,046

### Our controls approach

- Testing of authorisation of purchases orders in line with the City's Delegation of Authority
- Testing of authorisation of purchases orders in line with the City's Procurement Policy

### Our substantive approach

- On a statistical sample basis for expenditure, agreed payments made to supporting documentation and confirmed authorisation of such payments was in line with the City's Delegation of Authority and Procurement Policy.
- For a sample of new contracts awarded during the year, reviewed the procurement process to ensure the City's Procurement Policy was adhered to.
- Performed a search for unrecorded liabilities at year end.
- Assessed the completeness and accuracy of leases disclosed by the City.

### Conclusion

Based on the audit procedures performed, no reportable misstatements are noted.

© 2022 KPMG, an Australian partnership and a member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity. All rights reserved. The KPMG name and logo are registered trademarks or trademarks of KPMG International. Liability limited by a scheme approved under Professional Standards Legislation.

Document Classification: KPMG Confidential

CITY OF COCKBURN | ARCC REPORT

# Audit Focus Areas

## 06 Personnel costs and related liabilities

### Summary

Our audit response to the personnel costs and related liabilities comprises a largely substantive approach.

We consider this an audit focus area due to:

- High volume of transactions that management are required to process accurately
- Existence and accuracy of payroll related costs

Balance	FY22	FY21
Employee costs	\$64,234,698	\$62,845,278

### Our controls approach

- Authorisation and approval of pay run payments.

### Our substantive approach

- Reconciled the payroll report transactions and trial balance as at 30 June 2022, including related payroll liabilities.
- Vouched a sample of employees included in the payroll report at 30 June 2022 to employment contracts
- Substantive analytical procedures were performed over payroll expenses.
- Substantive analytical procedures were performed over annual leave and long service leave provisions as at 30 June 2022.

### Conclusion

Based on the audit procedures performed, no reportable misstatements are noted.

© 2022 KPMG, an Australian partnership and a member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity. All rights reserved. The KPMG name and logo are registered trademarks or trademarks of KPMG International. Liability limited by a scheme approved under Professional Standards Legislation.

Document Classification: KPMG Confidential

CITY OF COCKBURN | ARCC REPORT

# Audit Focus Areas

## 07 Cash and cash equivalents and term deposits

### Summary

Our audit response to cash and cash equivalents comprises a fully substantive approach.

We consider this an audit focus area due to:

- High volume of transactions of significant value
- Significant value of term deposits

Balance	FY22	FY21
Cash and cash equivalents	\$20,777,520	\$4,606,858
Term deposits	\$92,800,000	\$197,500,000

### Our substantive approach

- Obtained independent bank confirmations at year end.
- Reviewed the year end bank reconciliations and agreed to bank confirmations received.
- On a sample basis, vouched term deposits to confirmations and consider appropriateness of classification.
- Verified that movements of restricted cash to and from reserves were appropriately approved.

### Conclusion

Based on the audit procedures performed, no reportable misstatements are noted.

CITY OF COCKBURN | ARCC REPORT

# Audit Misstatements

We assess audit misstatements under the income statement method.

The income statement method considers the effect of uncorrected prior-period misstatements from an income statement perspective and uncorrected misstatements are quantified as the amount by which the current period income statement is misstated, after considering the reversing and correcting effects of uncorrected prior-period misstatements.

## Corrected misstatements

We noted and corrected the following errors, including the current year impact:

Accounts	SOFP adjustment Debit/ (Credit) (\$)	SOCI adjustment Debit/ (Credit) (\$)	Comment
<b>1. Correction of erroneous recognition of changes in assumptions used for provision</b>			
Rehabilitation assets	1,228,376		Management's assessment in current year, on the provision to rehabilitate Cell 6 resulted in a reduction of the provision amount by \$1,228,376 which has been recognized against the provision and the asset. As Cell 6 had been capped in the prior period, the carrying value of the asset was nil (having been fully amortized). This recognition has resulted in Cell 6 having a negative written down value (WDV) and hence the adjustment required to correct this.
Other expenditure		(1,228,376)

## Audit Misstatements (continued)

### Corrected misstatements continued

Accounts	SOPF adjustment Debit/ (Credit) (\$)	SOCI adjustment Debit/ (Credit) (\$)	Comment
<b>2. Overstatement of unspent liability relating to developer's contribution</b>			
Non-operating grants – developer contributions		(348,916)	Overstatement of the DCP liability noted from the reconciliation of movement in the DCP liability as at 30 June 2022.
Other liabilities – liabilities under transfer	348,916		
<b>Total aggregate effect (corrected and uncorrected)</b>	<b>1,577,292</b>	<b>(1,577,292)</b>	

### Uncorrected misstatements

There were no uncorrected audit misstatements.

### Omissions and Errors in Presentation and Disclosures

We have not identified any material omissions or errors in presentation and disclosures in the financial report.

In the course of our review of the financial statements we made a number of recommendations in relation to presentation matters, including the disclosure of the corrected adjustments as detailed above.

CITY OF COCKBURN | ARCC REPORT

# Auditor's Independence

We have strict rules and protocols to maintain our independence from City of Cockburn, including annual training and an annual staff declaration.

## Safeguard

Non-audit services did not involve partners or staff acting in a managerial or decision making capacity, or involve the processing or originating of transactions.

Non-audit services were only provided where we were satisfied that they did not impact on our auditor independence.

Partners and staff involved in the provision of non-audit services obtained approval from the lead engagement partner to deliver the service.

## Breaches

The APESB Code of Ethics for Professional Accountants ("the Code") requires us to communicate to you any breaches of the independence requirements of the Code.

On the rare instance of a significant breach of the Code, we will report our conclusions to you on the actions to be taken, or already taken within three working days. We will report less significant breaches in the Year-end Report to the Audit, Risk & Compliance Committee.

We confirm that as at the date of this report, no such breaches have been identified.

## Non audit services

No non-audit services have been performed during or subsequent to the year ended 30 June 2022, other than approved Grant Acquittals in our capacity as external auditor.

## Conclusion

We confirm that, as at the date of this report, we have complied with the ethical requirements regarding independence.

CITY OF COCKBURN | ARCC REPORT

## Required communications with the Committee

Type	Response
<b>Our draft management representation letter</b>	<b>OK</b> We have not requested any specific representations in addition to those areas normally covered by our standard representation letter for the year ended 30 June 2022.
<b>Related parties</b>	<b>OK</b> There were no significant matters that arose during the audit in connection with the entity's related parties.
<b>Other matters warranting attention by those charged with governance</b>	<b>OK</b> There were no matters to report arising from the audit that, in our professional judgement, are significant to the oversight of the financial reporting process.
<b>Control deficiencies</b>	<b>OK</b> Refer to management letter issued for control deficiencies noted.
<b>Modifications to auditor's report</b>	<b>OK</b> None.
<b>Actual or suspected fraud, non-compliance with laws or regulations or illegal acts</b>	<b>OK</b> No actual or suspected fraud management, employees with significant roles in internal control, or where fraud results in a material misstatement in the financial statements was identified during the audit.

Type	Response
<b>Significant difficulties</b>	<b>OK</b> No significant difficulties were encountered during the audit.
<b>Disagreements with management or scope limitations</b>	<b>OK</b> The engagement team had no disagreements with management and no scope limitations were imposed by management during the audit.
<b>Other information</b>	<b>OK</b> This is to be completed once the preparation of the annual report is completed.
<b>Breaches of independence</b>	<b>OK</b> No matters to report. The engagement team and the firm have complied with relevant ethical requirements regarding independence.
<b>Accounting practices</b>	<b>OK</b> Over the course of our audit, we have evaluated the appropriateness of City of Cockburn's accounting policies, accounting estimates and financial statement disclosures. In general, we believe that these are appropriate.
<b>Significant matters discussed or subject to correspondence with management</b>	<b>OK</b> The significant matters arising from the audit were discussed with management and included within this Report.

CITY OF COCKBURN | ARCC REPORT

## Important notice

This report is presented under the terms of our audit contract with the OAG.

- Circulation of this report is restricted.
- The content of this report is based solely on the procedures necessary for our audit.

### Purpose of this report

This Report has been prepared in connection of our audit of the financial statements of the City of Cockburn (the "City"), prepared in accordance with the Australian Accounting Standards ('AASBs') as at and for the year ended 30 June 2022.

This Report has been prepared for those charged with governance, whom we consider to be the Audit, Risk & Compliance Committee, in order to communicate matters of interest as required by ASAs (including ASA 260 Communication with Those Charged with Governance), and other matters coming to our attention during our audit work that we consider might be of interest, and for no other purpose. The Audit, Risk & Compliance Committee should not assume that reports from us indicate that there are no additional matters they should be aware of in meeting their responsibilities.

This report summarizes the key issues identified during our audit but does not repeat matters previously communicated to you.

### Limitations on work performed

This Report is separate from our audit report and does not provide an additional opinion on the City's financial statements, nor does it add to or extend or alter our duties and responsibilities as auditors.

We have not designed or performed procedures outside those required of us as auditors for the purpose of identifying or communicating any of the matters covered by this Report.

The matters reported are based on the knowledge gained as a result of being your auditors. We have not verified the accuracy or completeness of any such information other than in connection with and to the extent required for the purposes of our audit.

### Restrictions on distribution

The report is provided on the basis that it is only for the information of those charged with governance of the City's; that it will not be quoted or referred to, in whole or in part, without our prior written consent; and that we accept no responsibility to any third party in relation to it.

## 11.2 Governance and Strategy

### 11.2.1 (2022/MINUTE NO 0032) Legal and Other Expert Advice and Proceedings Between City of Cockburn and Other Parties

<b>Responsible Executive</b>	Executive Governance and Strategy
<b>Author</b>	Risk and Governance Advisor
<b>Attachments</b>	1. Legal Register (Costs ≥ \$2,000) 01.07.2021 - 30.06.2022 Financial Year [Confidential] (Confidential)

#### Officer Recommendation/Committee Decision

MOVED Cr T Dewan SECONDED Cr P Corke

That Council:

- (1) RECEIVES the report on legal proceedings and other expert advice commenced or responded to by the City during the 2021-2022 Financial Year as noted in the Confidential Attachment.

**CARRIED 3/0**

#### Background

At its meeting on 13 December 2018, Council adopted the policy "Obtaining Legal and Other Expert Advice and Legal Proceedings Between City of Cockburn and Other Parties" (the Policy) and associated Delegated Authority "Obtaining Legal or Other Expert Advice and Legal Proceedings Between City of Cockburn and Other Parties", to clarify the methodology by which legal or other expert advice is provided to Elected Members, to enable them to perform their civic function.

As a result, the Legal Advice Register provided annually to the Audit, Risk and Compliance Committee is now limited to the notification of those issues which are in relation to or because of a Council resolution, or where the amount related to administrative advice is of such an amount to warrant Council's attention, which is capped at \$2,000 or above.

#### Submission

N/A

#### Report

Clause 1 *Application* of the Policy states:

'This Policy applies to legal and other expert advice sought by the City of Cockburn, and legal proceedings commenced or responded to by the City, or any person acting in their capacity as a representative of the City and for whom the City is vicariously liable.'

Clause 3 *Commencing Legal Proceedings* of the Policy states:

'(7) The CEO shall establish and maintain a procedure which enables those matters which are subject to the terms of this section to be centrally recorded and updated.

(8) A record of the procedure mentioned in (7) above shall be presented to the Audit and Strategic Finance Committee at least annually, or as often as considered appropriate by the CEO or as requested by the Audit and Strategic Finance Committee.'

A summary of the legal proceedings and other expert advice commenced or responded to by the City during the 2021-2022 Financial Year, as a result of a Council resolution, or of a significant amount that warrants Council's attention, has been circulated under separate Confidential cover (refer Confidential Attachment 1).

### Strategic Plans/Policy Implications

#### Listening & Leading

A community focused, sustainable, accountable and progressive organisation.

- Best practice Governance, partnerships and value for money.

### Budget/Financial Implications

The table below highlights the legal fees expensed during 2021-2022 with commensurate, where relevant, reimbursements, fines and penalties arising from the incurring of the legal expenditure.

The table lists the legal services cost incurred for legal advice  $\geq$  \$2,000, per subject matter.

Costs $\geq$ \$2,000 incurred for legal services during 2021–2022 financial year	
Name of Firm	Fees Paid
CS Legal (rates and debt recovery, and court representation)	\$242,744.57
Cygnnet Workplace Investigations	\$2,850.00
Galt Geotechnics Pty Ltd	\$3,500.00
Jackson McDonald	\$130,030.00
Kott Gunning	\$8,826.40
Lavan Legal Service	\$30,636.00
McGees Property	\$3,250.00
McLeod Solicitors and Barristers	\$193,785.94
Minter Ellison	\$4,446.00
Moray & Agnew Lawyers	\$49,996.00
SPC Conservation	\$2,409.17
<b>Total firms' fees</b>	<b>\$672,474.08</b>
Fines, penalties and recoveries income	(\$310,890.19)
<b>Net fees (after fines, penalties and recoveries)</b>	<b>\$361,583.89</b>

This year's net legal fees (after fines, penalties and recoveries) were \$361,583.89. For comparison, last year's net legal fees were \$211,035.50.

Engaging CS Legal for rates and debt recovery, and associated court representation cost the City \$242,744.57, while leading to \$241,190.19 in cost recovery.

The above includes industrial relation issues, legal advice following authorised enquiries, unauthorised developments, untidy properties, litter, environmental health, debt recoveries for unpaid rates, and dog licence infringements.
