

Easy English

Disability Access and Inclusion Plan.

2023 to 2028

Our plan to include you

The words **we**, **us** and **our** in this book mean

City of Cockburn.

We say the **City.**

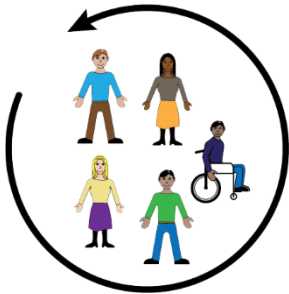

We are all different

You may have a disability.

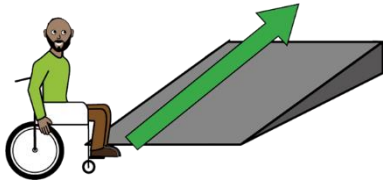

You may have no disability.

We are all different.

It is ok to be different in the City of Cockburn.

Access means

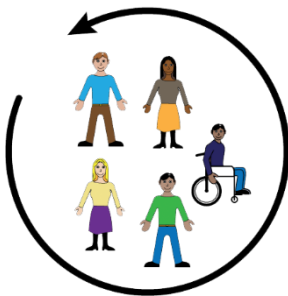

- you are safe when you move around

and

- you can get the information you want.

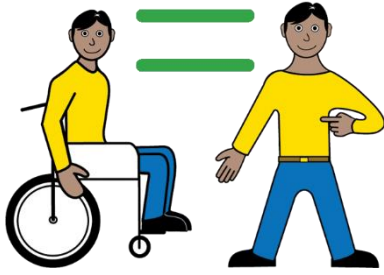

When access is good we say it is **accessible**.

Inclusion means you feel like you are part of the community.

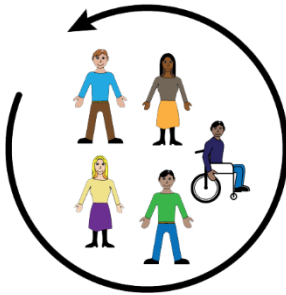

When inclusion is good we say it is **inclusive**.

We say you are **included**.

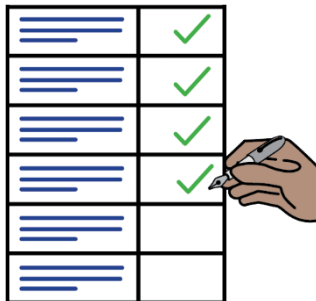

Our plan

We want people with disability to have the same chance as people with no disability.

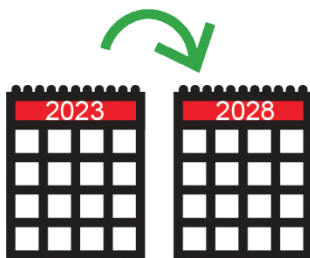

We want everyone to be included.

We have a plan to make sure we include you.

We say our **Disability Access and Inclusion Plan** or **DAIP**.

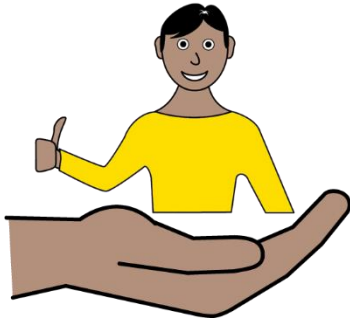

This book is about our plan.

This plan starts in 2023.

It ends in 2028.

We write a new plan in 2029.

Goal 1. Access to services and events

You must be able to use our services.

You must be able to go to our events.

We will help our people run accessible services and events in the City.

We also run events that do **not** cost a lot of money.

We want everyone to be able to take part.

Goal 2. Access to places

You must be able to go to our places.

You must be able to use them.

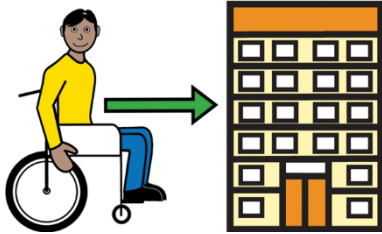

Like

- you can park your car

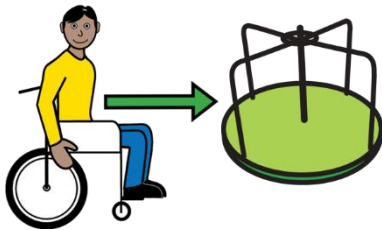

- you are safe on our roads **and** paths.

We will build things that are good for people with disability.

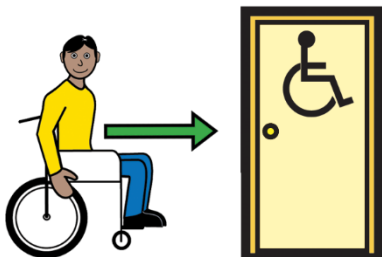

Like

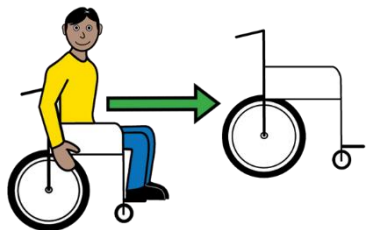

- new buildings

- accessible play areas

- accessible change rooms

- places to put your mobility aid.

Goal 3. Access to information

You must be able to get information that you can read **and** understand.

We will make our websites easier to use for people with disability.

Sometimes we buy new computer programs or technology for the City.

We will make sure they are accessible.

Goal 4. Good service

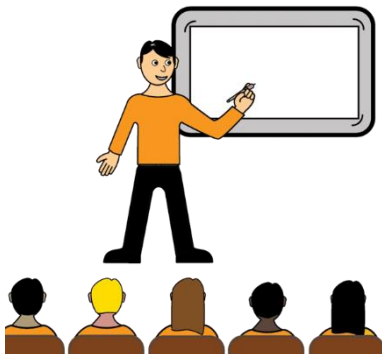

Our workers must treat you well

- when you have a disability

and

- when you do **not** have a disability.

We will teach them about accessibility
and inclusion.

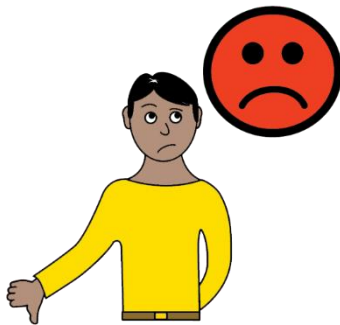

We will make sure they know how to help
people with disability.

Goal 5. Tell us what you think

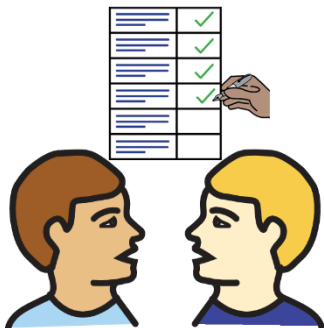

You can tell us when we are good **or** bad.

We say you give **feedback**.

You can tell us when you are **not** happy about something we do.

We say you make a **complaint**.

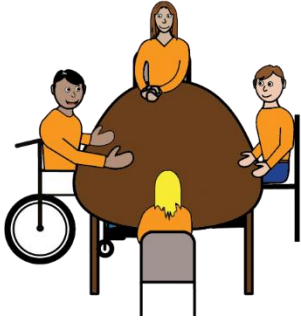

You can tell us what you think about our plans.

We say you take part in **public consultation**.

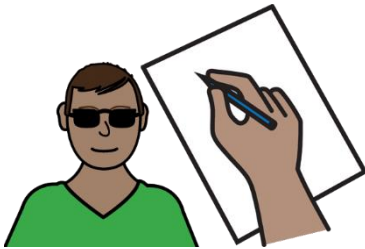

We will make it easier to tell us what you think.

We will listen to what you say so we can get better.

Goal 6. You can get a job

We want you to be able to work for us.

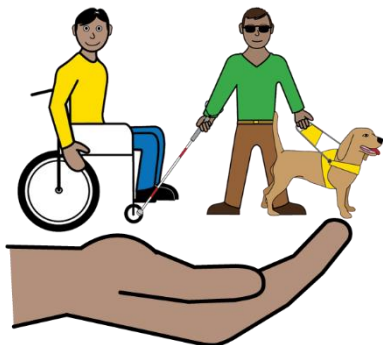

We will make sure people with disability can

- apply for our jobs

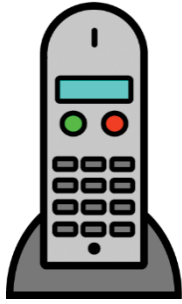

and

- take part in a job interview.

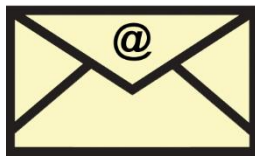

We will help people with disability get a job
when they want to work for us.

Talk to us

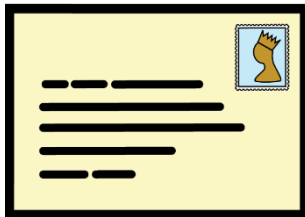

You can phone us.

08 9411 3444

You can email us.

customer@cockburn.wa.gov.au

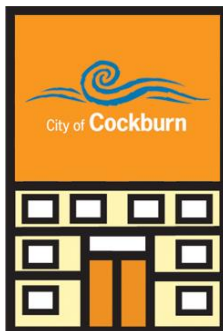

You can post a letter to us.
