

Title	Residential Design Codes Alternative Deemed to Comply Provisions
Policy Number (Governance Purpose)	LPP 1.1

Policy Type

Local Planning Policy

Policy Purpose

The Residential Design Codes (R-Codes) is a Western Australian Planning Commission State Planning Policy, which was previously gazetted on 4 October 2002 and has recently been updated on 23 October 2015. The R-Codes provide a comprehensive basis for the control of residential development throughout Western Australia.

(1) Application

This policy applies to all development to which the R-Codes apply and does not exempt compliance with other requirements of the R-Codes, the City of Cockburn Town Planning Scheme No. 3 (TPS 3), and other Council policies, Local Development Plans (LDP's) and / or the Building Code of Australia.

The purpose of this policy is to supplement the existing 'deemed to comply' and 'design principles' of the R-Codes with alternative standards that the City believes either meet the general objectives of the R-Codes or are warranted to address specific local objectives.

It is not the intention of this policy to replace or provide more onerous requirements than the existing R-Codes provisions. Therefore a development may be deemed compliant if it conforms to either the 'deemed to comply' provisions of the R-Codes, the 'design principles' of the R-Codes or the provisions of this Policy.

(2) Implementation

1. Where a proposal meets the provisions of this policy, advertising to adjoining owners in relation to these provisions is not required.
2. Where a proposal for a single house or two grouped dwellings (including any outbuildings) meets the provisions of this policy whilst still compliant with all other deemed to comply requirements, the proposal will be exempt from requiring planning approval.
3. Notwithstanding (2) above, where a proposal for a single house or two grouped dwellings is subject to an LDP, compliance with this policy will not result in the application being exempt from planning approval.
4. Where a proposal does not meet the provisions of this policy, the City will consider the proposal on its merits in accordance with the relevant 'design principles' of the R-Codes and having due regard to Clause 2.5 (Part 2) of the R-Codes.
